COMPLIANCE

Affirmative Action Plan

The Board of Trustees of Mississippi Delta Community College has adopted a policy that assures that no person in the United States shall, on the basis of race, color, national origin, sex, religion, disability, or age be excluded from participation in, be denied the benefits of, or be subject to discrimination under any education program or activity of the College. Further, this applies to any educational or employment opportunity associated with Mississippi Delta Community College. This policy is extended to qualified persons with disabilities and to all program and activities of the College

The above described policy was adopted in response to the regulations of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and the Rehabilitation Act of 1973.

Privacy Rights of Parents and Students

Mississippi Delta Community College protects the privacy rights of parents and students as dictated by the 1974 General Education Provisions Act and all subsequent revisions.

The Office of Admissions and Records prepares and maintains a permanent scholastic record for each student. These records are treated with due regard to the personal nature of the information they contain. The records are the property of the College.

The Director of Admissions and Records will honor a student's written request that his/her official academic record will not be released or information contained in his/her record not be disclosed. Unless there is a written request to the contrary, the following information will be made available to parents, spouses, prospective employers, government security agencies, previous schools attended, campus organizations which require minimum scholastic averages for memberships and organizations awarding financial assistance (grants, scholarships and loans): name, date, place of birth, address, dates of attendance and major field of study.

Transcripts are released only at the written request of the student.

Americans with Disabilities Act

Mississippi Delta Community College abides by the regulations outlined in the Americans with Disabilities Act of 1990 (ADA). The College does not discriminate against any qualified individual with a disability in regard to employment, transportation, accommodations or telecommunications. This policy incorporates the provisions of the Title VI of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991,

Section 505 of the Rehabilitation Act of 1973; Title 11 of the Civil Rights Act of 1964, as amended, and the Communications Act of 1934.

Veterans In-State Tuition Policy

In accordance with Mississippi code §37-103-25, MDCC shall charge tuition at the in-state tuition rate for a student who is a veteran as defined by Title 38 of the United States Code, or a person entitled to education benefits under Title 38 of the United State Code. The effective date of this policy is July 1, 2015.

Non-Discrimination and Anti-Harassment Policy and Contact

The Board of Trustees of Mississippi Delta Community College has adopted a policy that assures that no person in the United States shall, on the basis of age, sex, race, color, religion, disability, or national origin be excluded from participation in, be denied the benefits of, or be subject to discrimination under any education program or activity of the College.

Harassment is also a form of unlawful discrimination as well as disrespectful behavior, which will not be tolerated. Any discrimination or harassment of a member of the college community by another member of the college community is a violation of this policy. Members of the college community are expected to treat each other with mutual respect.

Further, this applies to any educational or employment opportunity associated with Mississippi Delta Community College. This policy is extended to qualified persons with disabilities and to all programs and activities of the College.

The above described policy was adopted in response to the regulations of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and the Rehabilitation Act of 1973.

The following office has been designated to handle inquiries regarding the non-discrimination policies: Office of Institutional Effectiveness; Stauffer-Wood Administration Building, P. O. Box 668, Moorhead, MS 38761, 662-246-6558.

HISTORY

Sunflower Junior College was founded in connection with the Sunflower Agricultural High School early in 1926 and the first freshman class was enrolled in September, 1926. The College was fully accredited as a two-year junior college in April, 1928, by the Accrediting Commission of the Senior Colleges of Mississippi. It was admitted to full membership in the Southern Association of Colleges and Schools in December, 1930, and is now a member of the American Association of Community Colleges. The name of the school was officially changed from Sunflower Junior College to Mississippi Delta Junior College at the beginning of the 1960-61 legislative session. On July 1, 1989, the name was once again changed to Mississippi Delta Community College.

Until July 1, 1995, Mississippi Delta Community College was supported by Sunflower, Leflore, Humphreys, Washington, Issaquena, Sharkey, Bolivar, and Coahoma counties. Coahoma County was excluded from the MDCC District during the 1995 session of the Mississippi Legislature. The College's students come not only from these counties, but from many areas, including other states and foreign countries. During the history of the institution, the two superintendents and eight presidents include: B. A. Brady (1911-1913), J. H. Sargent (1913-1918), J. S. Vandiver (1918-1935), P. M. West (1935-1944), W. B. Horton (1944-1966), J.T. Hall (1966-1989), David L. Powe (1989-1992), Bobby Garvin (1992-2001), Larry G. Bailey (2001-2012), Lynda A. Steele, (Interim, 2012 – 2013), Larry J. Nabors (2013 – present).

From its beginning in 1926, the College has achieved distinction among the junior/community colleges of the state. Further, in 2011, MDCC was named by the Aspen Institute, headquartered in Washington, D.C., as being among the top 10 percent of community colleges in the United States. MDCC's alumni are scattered throughout the United States in positions of trust and leadership.

MISSION

Mississippi Delta Community College provides quality education through academic, career, technical, health sciences, and workforce training programs. MDCC is dedicated to improving the community through intellectual, social, cultural, and recreational opportunities.

GOALS

MDCC is committed to fulfilling this mission by providing:

- I. Academic programs of study which lead to the Associate of Arts Degree and/or meet requirements for students who plan to transfer to a senior college or university
- II. Career and technical programs of study which lead to the Associate of Applied Science Degree and/or a certificate, which will qualify students for entry-level employment
- III. Health Science programs of study which lead to the Associate of Applied Science Degree and/or a certificate, which will qualify students for entry-level employment
- IV. Activities and/or facilities which foster productive citizenship, enhance personal growth, enrich quality of life, and promote economic development and partnerships in the communities served by the College
- V. Workforce training for business and industry to enhance knowledge and skills
- VI. Continuing and adult basic education for personal growth
- VII. College infrastructure in support of student services, instructional programs, administrative processes, and community services

LOCATIONS

MOORHEAD

Mississippi Delta Community College is located at Moorhead, Mississippi, near the geographical center of the Mississippi Delta. The city is served by two highways and one railroad; State Highway 3, north and south; U.S. Highway 82, east and west, and the Columbus and Greenville Railway. The Delta Lines operates bus lines through the city affording convenient accessibility to nearby cities of Cleveland, Greenwood, Greenville, Jackson, and Memphis. The campus is located six blocks south of the business district of the city of Moorhead on State Highway 3, at the intersection of Cherry and Olive Streets.

The Moorhead campus of Mississippi Delta Community College covers two hundred and twenty acres on the eastern edge of Moorhead, Mississippi, in Sunflower County and it encompasses 19 principal buildings. State agencies and college authorities, including the local Board of Trustees, continuously strive to provide for the needed physical facilities.

GREENVILLE

The Greenville Higher Education Center (GHEC) opened in January 2001 as a collaborative effort of three state-supported higher education institutions: Delta State University (DSU), Mississippi Valley State University (MVSU), and Mississippi Delta Community College (MDCC). MDCC assumed ownership of the facility in March, 2007 and continues to foster the collaborative environment with GHEC's university partners.

Located south of Greenville, Mississippi, on Highway 1, the three-story facility provides over 75,000 square feet of assignable space. The GHEC houses (18) eighteen classrooms, (2) two distance learning classrooms, (2) two media centers, a multi-purpose room, an instructional resource center, five computer labs, (2) two art classrooms, science labs (nursing, A&P, chemistry, physics, and biology), as well as (35) thirty-five offices.

The College received approval to offer the Associates Degree at the GHEC in 2003 from the Commission on Colleges of the Southern Association of Colleges and Schools (SACS).

INDIANOLA

The MDCC Charles W. Capps Jr. Technology Center, a division of Mississippi Delta Community College, provides customized training, education, and skills improvement to new and existing businesses and industries within the MDCC service area. The Capps Center's 30,000 square feet physical plant houses an office wing, a seminar room, food preparation area, and four high bay areas that occupy a total of 8,000 square feet of training space for mechanical, electrical, process and assembly skills. Classroom space, three computer labs, and a distance learning lab complete the accommodations available in the Capps Center.

The Capps Center, opened in 2001, is located in Indianola, Mississippi, on U. S. Highway 82, seven miles west of the Moorhead campus. This location strategically places the Capps

Center at the geographical center of the seven-county service area of Mississippi Delta Community College. A Cleveland native and long-time appropriations chairman of the House of Representatives is honored in the naming of the Charles W. Capps Jr. Technology Center.

GREENWOOD

As a result of the continued increase in demand for classes in Greenwood, 20 miles east of the College's main campus, the College entered into a lease agreement for 5,000 square feet of space in downtown Greenwood during the spring 2003 semester to offer classes in academic, technical, work force training, and GED.

Demand for classes increased in Greenwood during the summer of 2005; therefore, the College leased a 10,000 square foot facility at 207 West Park Avenue and began offering classes in the new facility that fall. **The Greenwood Center** offers academic, technical, and GED classes, as well as workforce training sessions.

The College received approval to offer the Associates Degree at the Greenwood Center in 2008 from the Commission on Colleges of the Southern Association of Colleges and Schools (SACS).

BUILDINGS AND FACILITIES MOORHEAD CAMPUS

INSTRUCTIONAL BUILDINGS

The Greer-Stafford Allied Health Building, named in honor of H. T. Greer, a former member of the Board of Trustees from Sharkey County, and Sam Stafford, a former Vice-President, was completed in 1993. The building houses classrooms and laboratories for Medical Laboratory Technology, Emergency Medical Technology, Medical Radiology Technology, and Licensed Practical Nursing. In 2001, the Dr. Arthur Richter Dental Hygiene Clinic, a 32,000 square feet addition named for the first Director of Dental Hygiene, Arthur Richter, was added to accommodate the Dental Hygiene Technology program.

The Horton Building accommodates classrooms, laboratory areas, and two computer labs for teaching Associate Degree Nursing, Business, English, Family & Consumer Sciences, Foreign Language, History, Psychology, Sociology, and College Prep as well as office space for faculty. The building, named in honor of W. B. Horton, a former president, was constructed in 1968.

The Horton Annex, constructed in 1955, is the oldest classroom building on campus.

The Jack E. Harper Jr. Science Building is a 26,700 square feet complex housing nine classrooms, eight laboratories, and office space. State-of-the-art technology and laboratories support the instruction of physical sciences, biological sciences, and mathematics classes. Completed in 1998, the building was named in honor of a long time member of the Board of Trustees from Sunflower County, Jack E. Harper, Jr.

The Yeates Fine Arts Building, named in honor of Mrs. Mildred Yeates, a former music instructor, was completed in 1973. The building houses classrooms and studios for teaching art, music, and speech. The Joe Abrams Band Hall, Jean Abrams Art Gallery, Merle Tolbert Piano Lab, and M. E. Tharp Auditorium provide space for practice, displays, and performances for the "Spirit of the Delta" Marching Band, the Ambassadors Show Choir, and other special events.

Tanner Hall, completed in 1963, has classroom and lab space for classes taught in College Prep, business programs, and Distance Learning. A computer lab was added in 1994. The building is named in honor of E. A. Tanner, former member of the Board of Trustees from Sunflower County. MDCC Campus Police and Bookstore were relocated in Tanner Hall while a new student union is being constructed.

The Allen-Foley Career-Technical Center provides classroom and laboratory space for the career and technical programs. The Center, completed in 1977, is named in honor of Otis W. Allen, a former member of the Board of Trustees from Leflore County and Charles Foley, former Dean of the Career-Technical Center. Classroom space was remodeled to house the ABE/GED program in the Center during 2005. The ABE/GED classroom is named the Dr. Farilyn Bell ABE/GED Classroom in honor of the first director of the ABE/GED program, Dr. Farilyn Bell.

The Stanny Sanders Library, a spacious structure featuring vaulted ceilings in the circulation and lobby areas, fulfills the academic needs of students, faculty, and community. The library's computer labs provide access to online databases and provide students with opportunities for researching and keying papers on the same computers through access to all

the Microsoft Office products. Copying machines, audio and video cassettes, interlibrary loans, records, a laser printer, and an automated library management system are all available for student use. Named in honor of a former member of the Board of Trustees from Leflore County, Stanny Sanders, the library was constructed in 1972. It has a seating capacity of 482, and also includes a large media center, the College Center of Learning, study rooms, a computer lab/classroom, and a Community College Network room.

BUILDINGS AND FACILITIES

Stauffer-Wood Administration Building located on the southern perimeter of the main campus was originally a National Guard armory. Renovation was completed in 1997, converting the structure into an 11,000 square feet office and multi-purpose building. In it are the offices of the President; Executive Vice President, Associate Vice President for College Advancement/Director of Foundation; Director of Special Events and Culinary Arts; Alumni; Human Resources; Institutional Research, Planning & Effectiveness; and the Board of Trustees conference room. The building is named in honor of Sherman Stauffer, former business manager and assistant to the president, and Pete Wood, an alumnus and former agriculture teacher.

The Herman A. Thigpin Cafeteria, built in 1986, provides 16,000 square feet of food service and dining area. The main dining area seats over 400 students, while a private dining room offers a smaller, quieter area for meetings and luncheons. The building is named in honor of a former long-time science instructor and Academic Dean, Herman A. Thigpin.

The Boggs-Scroggins Student Services Center houses the Office of Business Services, the Offices of Enrollment Management, the Office of Financial Aid, the Office of Instruction, and the Office of Computer & Information Technology Services. Harmon Boggs, a former Dean of Instruction and Miss Nannie P. Scroggins, a former business manager, are honored through the naming of this building.

The MDCC Law Enforcement Training Academy Range House and Firing Range, located on the eastern perimeter of the main campus, was completed in 1997. The 4,000 square feet facility provides classroom space and an outdoor firing range.

The J. T. Hall Coliseum, named in honor of former president Dr. James Terry Hall, was completed in 1976 and renovated in 2010. The coliseum is a multi-purpose facility which can seat approximately 1,000. Home of the Trojans and Lady Trojans basketball teams, the Coliseum also houses the office of the Athletic Director and offices for coaches. The Sports Hall of Fame Room is located in the J. T. Hall Coliseum and provides meeting space for activities held in the coliseum, as well as, displays for the MDCC Sports Hall of Fame inductees. The Helen Allen Dance Studio is located in the J. T. Hall Coliseum and provides practice and performance space, for the Delta Dancers. The studio is named in honor of a former Board of Trustee member from Sunflower County.

The James "Wooky" Gray Field House, completed in 1980, honors the former teacher and coach who led the Trojans to success as the 1993 National Championship football team. The Field House provides space for athletic department offices, dressing rooms, training rooms, equipment storage, and accommodations for visiting teams.

The Jim Randall Football Stadium, named after former head football coach, Jim Randall, was relocated to its present site in 1966. The well-sodden football field is flanked by a 4,000 capacity stadium. A new electronic score board was installed in 2010.

The Jimmy Bellipanni Baseball Complex was completed in 1974. Surrounded by a cypress fence, the complex accommodates a batting cage, dugouts, scoreboard, concession stand, rest rooms and bleachers behind home plate. Red sand added to the base lines and around home plate gives the field a professional look in keeping with the facilities. The baseball complex is named in honor of a former long-time coach and Athletic Director, Jimmy Bellipanni.

The Women's Softball Field, completed in 1980, features a well-drained, sand in-field with dugouts and scoreboard.

The Vandiver Student Union is a state of the art Student Activity Center that houses the Vice President of Student Services Office, Recreational Sports, Student Activities, and the Student Government Association. The building is equipped with conference space, a student lounge, a student grill, and a work out facility. The building, completed in 2016, is named after the college's third President J.S. Vandiver.

HOUSING FACILITIES

The Edwards-Stonestreet Men's Dormitory, located on the eastern boundary of the campus, is a motel-style structure which houses 258 men. The building is named in honor of Lum Edwards, a former county Superintendent of Education, and J. D. Stonestreet, a former mathematics instructor and football coach. The building has recently undergone renovation and reopened for occupancy in the fall of 2011.

The Stennis-Penrod Building, located on the northern edge of Trojan Lake, houses the sleeping quarters for the cadets attending the MDCC Law Enforcement Training Academy; two apartments for the staff of the LETA; and offices for the Director and staff of the LETA. A spacious lobby and an in-house laundry facility provide residents with comfort and convenience. The building is named in honor of Ms. Janie Stennis, a former science teacher, and Mrs. Noble O. Penrod, a former teacher of mathematics.

The Women's Residence Hall, completed in 2008, consists of 80 rooms that can accommodate 236 students. The facility has a lobby and recreation area both upstairs and down stairs. Wireless internet access is provided throughout the facility.

President's Home, built in 1973 and renovated in 2002, is located on the southeast edge of Trojan Lake and serves as the official residence of the institutional executive officer.

MDCC Houses and Apartments provide housing for faculty and staff in seven three-bedroom houses, four three-bedroom duplexes, and four two-bedroom duplexes. Six two-bedroom apartments and seven one-bedroom apartments are included in the Veterans' Building.

2016 – 2017 COLLEGE CALENDAR

2016 Fall Session

July 19	Tues.	10:00 a.m. – Registration at GHEC for 1 st time students
July 21	Thurs.	5:30 p.m. – 7:00 p.m. – Registration at Greenwood for 1 st time students
Aug. 8	Mon.	8:00 a.m. – pictures for yearbook 9:00 a.m. – Full Time Faculty/Staff meeting
Aug. 9	Tues.	6:00 p.m. – Adjunct Faculty meeting (Private Dining Room)
Aug. 9 – 12	Tues. – Fri.	Registration

July 26	Wed.	Exams for Summer 3

STUDENT COSTS

STUDENT FEES

Mississippi Delta Community College is a public tax-supported institution. The fees and costs in all departments of the college are set on a semester basis. Statements showing unpaid balances on student accounts are mailed to the student at least twice a semester. It shall be the responsibility of the student to see that all bills are paid promptly.

Each residential student must purchase a meal ticket. The student's ID will be activated for the cafeteria upon payment of board. For those students who plan to live in the residence hall at MDCC, you must have a valid Mississippi Delta Community College ID card.

Please remember that your ID card will be used as your meal ticket. Check the MDCC web-site for additional information. Students not holding an activated ID card for meals for the current boarding period will be required to pay the cafeteria cash for their meals until the ID is activated.

So far as possible, the expenses will not exceed the amounts listed below; however, MDCC reserves the right to make fee increases in the event it becomes necessary.

Students Costs – Full Time Students:

Tuition fee, per semester	\$1,295.00
Activity fee, per semester	\$ 15.00
Housing Fees per semester	\$ 510.00
Choice of Meal Plan:	
1. Regular Plan per semester (14 meals)	\$ 930.00
2. Weekend Plan per semester (18 meals)	\$1,230.00
Out-of-State fee per semester	\$ 804.00

Commuting Student --- in-state:

Total cost per semester	\$1,310.00
Total cost per year	\$2,620.00

Residential Student, regular meal plan, parent in-state resident:

Total cost per semester	\$2,750.00
Total cost per year	\$5,500.00

Residential Student, weekend meal plan, parent in-state resident:

Total cost per semester	\$3,050.00
Total cost per year	\$6,100.00

Commuting Student - out-of-state resident:

Total cost per semester	\$2,114.00
Total cost per year	\$4,228.00

Residential Student, regular meal plan, parent out-of-state resident:

Total cost per semester	\$3,554.00
Total cost per year	\$7,108.00

Residential Student, weekend meal plan, parent out-of-state resident:

Total cost per semester	\$3,854.00
Total cost per year	\$7,708.00

Law Enforcement Tuition & Fees:

Ten-Week Basic Course	\$3,600.00
Three-Week Basic Refresher Course	\$ 900.00

Other Costs:

Dual Enrollment Fee	\$25.00
Off Campus Fee per credit hour	\$25.00
VCC Fee per credit hour	\$25.00
Housing application fee – <u>Non Refundable</u>	\$75.00
Part-time tuition fee per credit hour	\$125.00

Per meal cost for holders of MDCC identification card (plus sales tax):

Breakfast	\$5.25
Lunch	\$6.00
Dinner	\$5.75

Per meal cost other than holders of MDCC identification card (plus sales tax):

Breakfast	\$5.50
Lunch	\$6.50
Dinner	\$6.00
Sunday Lunch	\$7.00

Non Resident Fee – For students whose parents or guardians are not legal residents of the State of Mississippi, there is a nonresident tuition fee of \$804 per semester. This fee is included in the fees above.

House Bill No. 524 which became effective July 1, 2005 provides the following:
The residence of a person less than twenty-one years of age is that of the father, the mother or a general guardian duly appointed by a proper court in Mississippi. If a court has granted custody of the minor to one (1) parent, the residence of the minor is that of the parent who was granted custody by the court. A student who has been a secondary

school student in Mississippi for not less than the final four (4) years of secondary school attendance shall not be required to pay out-of-state tuition.

Part-Time Tuition – A tuition charge of \$125 per semester hour will be made for all students enrolled for less than twelve semester hours. Part-time students are entitled to course privileges only.

Other Fees:

Return Check Fee	\$30.00
Transcript	\$10.00
Duplicate Student Activity Card (ID)	\$25.00
Vehicle Registration	\$20.00

To view the current fee payment schedule, go to the MDCC website, www.msdelta.edu, and click on Business Office.

POLICY FOR REDUCTION OF INSTITUTIONAL CHARGES

Reduction of institutional charges is based on total charges and not on the amount paid by the student. A student who officially withdraws from the college may obtain a reduction of college fees as follows:

1. Matriculation Fee:
 - 100% if official withdrawal is made within the first two weeks (full fall and spring semesters)
 - No refund if enrollment extends two weeks beyond the opening date
2. Club dues are non-refundable
3. Board: No deduction made for an absence of less than one week
 - Beginning the second week of the semester and continuing through the fourth week of the semester, board fees will be reduced based on a weekly proration.
 - After the fourth week of the semester no reduction of board fees will be made.
4. Residential Hall room rent is non-refundable.
5. Students with absences resulting in missing over 10% of a special session or a summer session will not receive a refund.

PELL GRANT REFUNDS

Pell grant refunds will be placed on debit cards around the 9th week of school.

STUDENT FINANCIAL AID

Mississippi Delta Community College (MDCC) offers a comprehensive program of financial aid to assist students in obtaining a college education. To be eligible for federal and/or state financial aid or an institutional scholarship, a student must be enrolled in courses that can be applied toward a college degree or certificate (A.A., A.A.S., or Career certificate.) The Free Application for Federal Student Aid (FAFSA) is the foundation for all financial aid at MDCC. Students applying for federal, state, and institutional aid (including Foundation Scholarships) at MDCC should first apply for federal financial aid.

AID TYPES

FEDERAL PROGRAMS

APPLY ON-LINE AT www.fafsa.ed.gov (MDCC school code – 002416)

Students applying for multiple types of financial aid should be aware that total financial aid award packages that include Title IV aid and/or state funded aid and/or institutional aid may not exceed the cost of education or the financial need of the individual student as determined by the needs analysis document (FAFSA).

The **Federal Pell Grant** is available to the student pursuing a first under-graduate degree or certificate who demonstrates exceptional financial need. A student who has earned a baccalaureate degree or first professional degree is not considered an undergraduate and cannot receive a Pell grant. You are eligible to receive a Pell Grant for up to 12 semesters or the equivalent. If you have exceeded the 12-semester maximum, you will lose eligibility for additional Pell Grants beginning July 1, 2012. Equivalency is calculated by adding together the percentage of your Pell eligibility that you received each year to determine whether the total amount exceeds 600%. The Student Aid Report (SAR) from the Free Application for Federal Student Aid (FAFSA) is used by the financial aid administrator to determine eligibility for this grant. The federal government establishes minimum awards and maximum awards. (Example: \$590 – \$5,815 per year for 2016-2017). The Federal Pell Grant is an entitlement program and once final eligibility is established, the award is the base for all other financial aid. The eligible student must maintain Satisfactory Academic Progress for continuation. The FAFSA is available online at www.fafsa.ed.gov. MDCC school code is 002416. Help is available for students online or by calling the Federal Student Aid Information Center (FSAIC) at 1-800-4-FED-AID (1-800-433-3243).

The **Federal Supplemental Educational Opportunity Grant (FSEOG)** is available to a limited number of undergraduate students who demonstrate substantial financial need. The SAR from the FAFSA is used by the financial aid administrator to determine eligibility for this grant that is typically \$100 – \$1,000 per year. Priority consideration is given to the full-time student with demonstrated need. The eligible student must maintain Satisfactory Academic Progress for continuation. An additional FSEOG application must be completed by August 1 to receive

priority consideration. The FSEOG application is available on the web at www.msdelta.edu under Financial Aid/Applications and Forms.

The **Federal Work-Study Program** provides part-time, on-campus employment to eligible students. The SAR from the FAFSA is used by the financial aid administrator to determine eligibility for this work-study program. Depending on need, an eligible student may earn from \$750-\$1,800 per year by working up to ten hours per week on campus. The eligible student must maintain Satisfactory Academic Progress for continuation.

OTHER FINANCIAL AID OPPORTUNITIES

Veterans Educational Services Mississippi Delta Community College is an approved institution for providing educational training for veterans. Designated members of the administrative staff serve as veterans' advisors and offer assistance in handling problems pertaining to their respective training programs.

Any change in status from the last certification to the Veterans Administration will be reported promptly to the VA. Reports of unsatisfactory progress, drops, or withdrawals will be made to the Veterans Administration within thirty days. Before a veteran can be certified for benefits, the veteran's advisor must have copies of transcripts on file from every college attended. A transfer student will be evaluated on previous credit earned under the guidelines listed below.

In order for a veteran to continue to receive benefits, he/she must maintain satisfactory standards of progress. A veteran is not making satisfactory progress when his/her quality-point average drops below a 2.00. When the quality-point average drops below a 2.00, he/she is automatically placed on probation for benefits and is allowed two additional semesters to pull his/her cumulative GPA up to a 2.00 or be placed on suspension for veterans' benefits. A part-time student receiving VA benefits must pass at least half of his/her course work and maintain a 2.00 cumulative quality-point average or higher. A part-time student receiving VA benefits will be allowed two additional semesters to pull his/her cumulative average up to a 2.00 or be placed on suspension for VA benefits.

It is the policy of MDCC to award two hours of HPR (Health, Physical Education, and Recreation) credit to the Veteran upon receipt of his/her DD-214 or a Certificate of Eligibility.

MDCC does not participate in any type of loan program including the Federal Family Education Loan Program.

STATE FINANCIAL AID

APPLY ON-LINE AT www.riseupms.com

Students applying for multiple types of financial aid should be aware that total financial aid award packages, which include Title IV aid and/or state funded aid and/or institutional aid, may

not exceed the cost of education or the financial need of the individual student as determined by the needs analysis document (FAFSA). State-funded financial aid may be available to first-time students who are enrolling at MDCC for the spring semester. For more information and applications for the following state programs, contact Mississippi Student Financial Aid, 3825 Ridgewood Road, Jackson, MS 39211-6453, call 1-800-327-2980, or visit www.riseupms.com.

The **Mississippi Resident Tuition Assistance Grant (MTAG)** offers up to \$500 per year for eligible students who are residents of Mississippi and do not qualify for a full Pell Grant. The SAR from the FAFSA is used by the Mississippi Office of Student Financial Aid to determine eligibility for this grant. Eligible students should have a high school grade point average of 2.5 and a minimum ACT score of 15. Students must maintain 15 credit hours and a 2.5 grade point average to remain eligible once they are awarded. Other eligibility criteria may apply. Interested students should apply on-line at www.riseupms.com. **DEADLINE - SEPTEMBER 15.**

The **Mississippi Eminent Scholars Grant (MESG)** offers up to \$2,500 per year (not to exceed the actual tuition) for students who are residents of Mississippi with a high school grade point average of 3.5 and a minimum ACT score of 29. Students must maintain 15 credit hours and a 2.5 grade point average to remain eligible once they are awarded. Other eligibility criteria may apply. The Free Application for Federal Student Aid (FAFSA) is not used to determine eligibility for this grant; however, MESG recipients may also be eligible for MTAG (see MTAG criteria). Interested students should apply on-line at www.riseupms.com. **DEADLINE - SEPTEMBER 15.**

The **Higher Education Legislative Plan (HELP)** provides full tuition to qualified, college-bound Mississippi residents who meet certain eligibility criteria. The SAR from the FAFSA is used by the Mississippi Office of Student Financial Aid to determine eligibility for this grant. Interested students should review the full criteria available at www.riseupms.com and apply on-line. **DEADLINE – MARCH 31.**

MDCC SCHOLARSHIPS

TO BE ELIGIBLE TO RECEIVE ANY SCHOLARSHIP FUNDS, YOU MUST COMPLETE THE FAFSA AND HAVE THE RESULTS SENT TO MDCC. You can do this by applying on-line at www.fafsa.ed.gov and entering MDCC's school code (002416).

Limited funds are available for institutional scholarships. MDCC strives to provide eligible scholars with funds to cover as much of the actual costs as possible. Students applying for multiple institutionally funded scholarships should be aware that certain institutional scholarships cannot be combined. In some cases, when combined with other aid (federal, state and other institutional), the actual amount of one or more scholarships may be reduced or rescinded. The individual scholarship descriptions will provide specific information regarding "stacking" institutional scholarships. Scholarship eligibility is established based on the published deadline. The student who achieves the academic criteria for an institutional scholarship after the beginning of an academic year may apply for institutional scholarships for the next academic year. The student who will be attending MDCC for the first time in the spring semester may

apply for institutional scholarships for the following academic year. **DISCIPLINARY FINES ARE NOT COVERED BY ANY INSTITUTIONAL SCHOLARSHIP.**

PRESIDENTIAL SCHOLARSHIP. **Must have an ACT score of 25 (minimum) and be a first-time entering freshman.** Limited scholarships are available for full-time students who meet these academic requirements and who have **not** completed the requirements for an associate degree or a bachelor's degree. **STUDENTS MUST BE MISSISSIPPI RESIDENTS.** The Presidential Scholarship for the on-campus student may be up to full tuition, room and board (a book allowance is not included). The Presidential Scholarship award for the off-campus student may be up to full tuition and a \$1,200 annual book allowance. This scholarship is renewable up to four consecutive fall/spring semesters. Off campus fees and VCC fees are not covered by this scholarship. To remain eligible, the student must be enrolled in and complete no less than 15 credit hours per semester with a minimum 3.0 GPA. Failure to do so will result in the loss of the scholarship. There is no appeal process for this scholarship. The Free Application for Federal Student Aid (FAFSA) is not used to determine eligibility for this scholarship; however, Presidential scholars may also be eligible for other types of financial aid. In some cases, when combined with other aid (federal and state and other institutional), the actual amount of the Presidential or other scholarship(s) may be reduced or rescinded. **Applicants are required to apply for federal and state financial aid.** Maximum Award - up to the published cost of tuition, room and board. Minimum Award - \$400.00/year. Maximums and minimums are subject to change based on availability of funds and other financial aid eligibility. Scholarships are subject to the availability of funds.

DEAN'S SCHOLARSHIP. **Must have an ACT score of 18-24 and be a first-time entering freshman.** Limited scholarships are available for full-time students who meet these academic requirements and who have **not** completed the requirements for an associate degree or a bachelor's degree. **STUDENTS MUST BE MISSISSIPPI RESIDENTS.** This scholarship provides full tuition and is renewable up to four consecutive fall/spring semesters. Off campus fees and VCC fees are not covered by this scholarship. To remain eligible, the student must complete 15 credit hours per semester with a minimum 3.0 GPA. Failure to do so will result in the loss of the scholarship. There is no appeal process for this scholarship. The Free Application for Federal Student Aid (FAFSA) is not used to determine eligibility for this scholarship; however, Dean's scholars may also be eligible for other types of financial aid. In some cases, when combined with other aid (federal, state and other institutional), the actual amount of the Dean's or other scholarship(s) may be reduced. **Applicants are required to apply for federal and state financial aid.** Maximum Award - up to the published cost of tuition. Minimum Award - \$200.00/year. Maximums and minimums are subject to change based on availability of funds and other financial aid eligibility. Scholarships are subject to the availability of funds.

ACTIVITY SCHOLARSHIP. Based on talent and need. Scholarship amounts vary depending on the activity. These scholarships are renewable up to four consecutive fall/spring semesters. Unless otherwise stated, the student must maintain a 2.0 or higher grade point average and complete full-time enrollment (minimum 15 earned credit hours) each semester to continue receiving an activity scholarship. Applicants are required to complete the Free Application for Federal

Student Aid (FAFSA) www.fafsa.ed.gov. In some cases, when combined with other aid (federal, state and other institutional), the actual amount of the Activity or other scholarship(s) may be reduced or rescinded. **STUDENTS MUST BE MISSISSIPPI RESIDENTS.** Maximum Award - up to the published cost of tuition, room and board. Minimum Award - \$400.00/year. Maximums and minimums are subject to change based on availability of funds and other financial aid eligibility. A limited number of Activity Scholarships are available for each sponsored activity (Band, Dance, Cheer, Ambassadors, etc.). Deadline - based on tryout date.

Students interested in applying for an Activity Scholarship should contact the sponsor or department for an application. More information about clubs, organizations, and activities is available in Section II - Student Life.

FOUNDATION SCHOLARSHIPS. Final Application deadline: April 1. The Online Scholarship Application is available on the MDCC website. All applicants for Foundation Scholarships must apply for federal financial aid by completing The Free Application for Federal Student Aid (FAFSA). Apply on-line at www.fafsa.ed.gov. Enter school code 002416.

ATHLETIC GRANT-IN-AID. Based on ability and need. Athletic grant-in-aid is available for baseball, basketball (men & women), football, and women's softball. This grant-in-aid is renewable up to four consecutive fall/spring semesters. To remain eligible, the student must maintain a 2.0 or higher grade point average and complete full-time enrollment (minimum 12 earned credit hours) each semester. Applicants are required to complete the Free Application for Federal Student Aid (FAFSA). Maximum and minimum awards are subject to guidelines established by the Mississippi Association of Community and Junior College (MACJC) and the National Junior College Athletic Association (NJCAA). Deadline - based on tryout date. Contact the MDCC Athletic Department for tryout information.

COLLEGE WORK -STUDY. Fully funded by the institution, the college work-study program provides part-time, on-campus employment to eligible students. Eligible students are required to complete the Free Application for Federal Student Aid (FAFSA). The SAR from the FAFSA is used by the financial aid administrator to determine eligibility for this institutional work-study program. An eligible student may earn from \$750-\$1,800 per year by working up to ten hours per week on campus. The eligible student should maintain a 2.0 or higher grade point average and complete full-time enrollment (minimum 12 earned credit hours) each semester.

DEADLINES

MDCC will accept and process financial aid applications throughout the school year; however, students planning to attend MDCC in the fall semester are encouraged to apply for financial aid early and provide the documents requested. This will allow the Financial Aid Office time to process your aid in a timely manner. The priority deadline is **August 1**.

IMPORTANT: Applying for financial aid is an annual process.

MID-YEAR TRANSFER STUDENTS

Transfer Students may go online to www.fafsa.ed.gov and add the MDCC college code (002416) or call 1-800-4FEDAID (433-3243) and ask to add the MDCC college code (002416).

Also, if you previously received state financial aid (including MTAG, MESG), you should go online to www.riseupms.com and change your school to MDCC (002416).

CHECK YOUR FINANCIAL AID STATUS*

NOTE: First-time students must be fully admitted before being able to access the Financial Aid Status module of the website. Contact the MDCC Admissions Office at 662-246-6306 for admissions requirements.

The link for checking Financial Aid Status is www.msdelta.edu

- ***Click on My Banner***
- ***Click on My Banner log-in***
- ***Click on Enter Secure Site***
- ***Enter User ID and Password***
- ***Click on Financial Aid***

Instructional Video on how to check your financial aid is available at www.msdelta.edu. Go to quick links – financial aid.

***IMPORTANT – All students should regularly check their MDCC Student email account. Most notifications will be sent via email.**

HOW TO APPLY FOR FINANCIAL AID AT MDCC

2016 – 2017 FINANCIAL AID CHECKLIST*

****The priority date to complete the FAFSA and submit all required paperwork is August 1, 2016.***

- **Apply for admission/readmission to MDCC.**
All applicants must meet admission requirements to receive financial assistance. All previously attended accredited college transcripts must be submitted for financial aid purposes. (*Students must be admitted and currently enrolled in a degree granting or certificate program.*)
- **Complete the 2016 – 2017 Free Application for Federal Student Aid (FAFSA).**

- Apply for an FSA ID at <https://fsaid.ed.gov/npas/index.htm>.

All students must obtain an FSA ID. In addition, if the student is dependent, one parent must also obtain an FSA ID. The FSA ID can be used for subsequent school years. You will use your FSA ID to sign the FAFSA electronically.

- Complete the online FAFSA application at www.fafsa.ed.gov.

Include MDCC's school code – **002416**. You must sign the FAFSA with your FSA ID and then submit. Dependent students must have their parents sign with their FSA ID also.

- **Waiting Period.**

The federal processor sends results to MDCC if the school code is listed on the FAFSA usually within 5 to 7 business days. A Student Aid Report (SAR) is also sent to the student. Review the SAR for accuracy and be sure MDCC is listed as a college to receive your information.

- **Respond promptly to the MDCC Financial Aid Office (FAO).**

If additional information is needed, the student will receive an email on his/her MDCC student email account from the FAO indicating there are item(s) needed. This information is posted on the student's My Banner account. Click on Unsatisfied Requirements. Submit the requested information as soon as possible. *(The priority date for Fall is August 1 and Spring is December 1. Paperwork received after the priority date may not be completed by the beginning of the Fall/Spring Semester.)*

- **To determine if a file is complete.**

If all requirements are satisfied and aid has been awarded, an award notification letter will be emailed to the student's MDCC email account indicating that he/she has been awarded. Award information is posted on the student's My Banner account. It is the responsibility of the student to check his/her financial aid status regularly on his/her My Banner account. Instructions can be found at www.msdelta.edu. Go to Quick Links – Financial Aid. Click on Status. There is also an instructional video on the main Financial Aid page.

- **Maintain Satisfactory Academic Progress (SAP).**

Students receiving any form of financial aid from MDCC will be expected to maintain satisfactory academic progress toward their degree objective. The

Satisfactory Academic Policy can be found on our website in our catalog and under Financial Aid Policies.

- **Need additional information.**

Please visit www.msdelta.edu, Quick Links, Financial Aid, or contact 662-246-6263.

POLICIES

MDCC SCHOLARSHIP POLICY

Institutional and Foundation scholarships are all subject to a maximum yearly amount. The amounts vary and are clearly stated in each scholarship description. Under no circumstances would a combination of all scholarships awarded (from all sources, excluding Pell) exceed the actual cost of tuition, room and board. Scholarships are subject to the availability of funds.

1. This scholarship policy will be the same for entering freshmen and transfer students.
2. Scholarship applicants will be required to complete the federal financial aid application (FAFSA). The FAFSA must be submitted and all requested documents submitted to the Financial Aid Office prior to the 1st day of class. The priority deadline for the FAFSA is August 1.
3. Meet all MDCC department application guidelines, deadlines, and defined criteria.
4. If the minimum academic (GPA) requirement of the academic and/or activity scholarship is not met, **institutional** scholarship recipients (excluding Athletic Scholarships) will no longer be eligible.
5. If the full-time enrollment requirement of the academic and/or activity scholarship is not met, scholarship recipients will forfeit their scholarship and will no longer be eligible.
6. The maximum institutional scholarship award will not exceed actual tuition, room and board. Not all scholars will be eligible for the maximum scholarship.
7. All available federal funds will be applied first; afterwards the institutional awarded funds will then be applied. Likewise, MDCC reserves the right to limit institutional scholarship awards to a minimum of \$200 per award year based upon FAFSA determined need. (Note: *All institutional awards are to be deemed non-refundable by their nature.*)
8. Institutional scholarships cannot be applied toward summer school tuition, fees, or textbooks.
9. This scholarship policy does not apply to athletes, as all athletes must comply with the academic and enrollment requirements established by the MACJC and NJCAA.
10. Disciplinary fines are not covered by any institutional scholarship.

FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS POLICY

Students receiving any form of Federal Student Aid from Mississippi Delta Community College will be expected to maintain satisfactory academic progress (SAP) toward their program objective. Failure to achieve satisfactory academic progress will result in the termination of

your Federal Financial Aid.

Federal Student Aid consists of:

- Pell Grant
- Federal Work-Study
- SEOG

Satisfactory progress will be measured according to the following criteria:

Students must pass a minimum percentage of all courses attempted and must maintain a minimum cumulative GPA (grade point average) as calculated by the Registrar's Office as shown below:

Hours Attempted - Cumulative	Minimum Required GPA-Cumulative	Percentage of Hours Passed-Cumulative
0 - 32	1. 50	50%
33 or more	2. 00	67%
96	Generally Not Eligible	Generally Not Eligible

Complete the educational program (major) within 150% of the published length (according to the MDCC Catalog). For example, a major or program requiring 64 hours for a degree allows a maximum of 96 attempted hours (64 hours x 150% = 96). Once a student exceeds 150% of hours needed to complete the degree, he or she will no longer be eligible for Federal Financial Aid.

Transfer hours from other colleges - A student's entire academic record will be evaluated to determine eligibility for financial aid, regardless of whether financial aid was received for all semesters. Official transcripts from all previous colleges must be forwarded to the admission office and evaluated for transfer credits. Transfer credits passed from other colleges that are placed on the MDCC academic transcript will be included as hours attempted, hours earned, and in the GPA calculation. Transfer credits will be subject to the same SAP standards as institutional credits. Banner will calculate SAP based on the transfer credits that have been entered into the system.

Effective date of this policy -This policy will be effective beginning with the Fall 2011 term. SAP for summer term 2011 and fall 2011 term will be checked at the end of the fall 2011 term using this policy. For terms beginning after the end of the fall 2011 term, SAP will be checked at the end of each term.

Exceeding the maximum hours that may be attempted - Students not meeting SAP requirements due to exceeding the maximum hours attempted, generally 96 credit hours, will be placed on Financial Aid Suspension and given a code of MAX and are not eligible for Federal Student Aid.

Financial Aid Warning - Students not meeting SAP due to not passing the percentage of hours attempted or earning the minimum GPA requirements at the end of the semester will be placed on Financial Aid Warning for the next semester. Students on Financial Warning may continue to receive Federal Student Aid for one more semester. If the student does not meet SAP at the end of the next semester, the student will be placed on Financial Aid Suspension and is no longer eligible for Federal Student Aid.

Financial Aid Suspension - Students on Financial Aid Suspension are no longer eligible for Federal Student Aid. The student may pay out of pocket and attempt to get back into compliance with the SAP requirement or the student may appeal the suspension if there were any extenuating circumstances that prevented them from meeting the SAP Requirements. See How to Appeal Financial Aid Suspension below for more information.

Financial Aid Probation – Students on Financial Aid Suspension and who have an appeal approved will be placed on Financial Aid Probation and will be eligible for Federal Student Aid for one semester. At the end of the semester, the student must be meeting SAP requirements. Students who fail to meet the conditions of their appeal will be placed on Financial Aid Suspension.

Below is a chart that demonstrates the pace of progression a student must maintain to ensure completion within the maximum time frame:

After Attempting This Many Hours-Cumulative	Percentage of Hours Attempted That Must Be Passed-Cumulative	At Least This Many Hours Must Be Passed-Cumulative	Minimum Cumulative GPA Must Be At Least
6	50%	3	1.50
12	50%	6	1.50
19	50%	9	1.50
24	50%	12	1.50
32	50%	16	1.50
33	67%	23	2.00
48	67%	33	2.00
63	67%	43	2.00
75	67%	51	2.00
84	67%	57	2.00
95	67%	63	2.00
96	Generally not eligible	Generally not eligible	Generally not eligible

If your program of study requires more than 64 credit hours earned for a degree to be conferred, according to the MDCC catalog, the maximum number of hours you may attempt will be the number of hours required by the MDCC Catalog multiplied by 150%. You will still need to pass at a minimum 67% of all work attempted and maintain a 2.00 minimum GPA to be eligible for Federal Student Aid.

Withdrawals: Withdrawals (W-Grade) for classes attempted at MDCC will count as hours attempted.

Remedial Classes: Developmental studies classes will be treated the same as regular classes.

Incomplete Courses: Grades of incomplete remain an I for a period of one year. At that point, if the course has not been completed and a grade recorded, then the I becomes an F.

Repeat Courses: Repeat courses will count as hours attempted but only once in hours earned, if the student passes the course, then only the highest grade on the repeated courses will be included in the GPA calculation.

NOTE: *If you have been academically dismissed or placed on academic suspension and wish to appeal that status, you should contact the Office of Admissions for instructions. Completing an appeal of Financial Aid Suspension will not correct your academic standing. Likewise, being readmitted through the Admissions Office will not automatically remedy your Financial Aid Suspension.*

Notification of Ineligibility: Attempts to notify all students by mail and/or email to their MDCC email account will be made; **However all students will be responsible for checking their “My Banner” account at www.msdelta.edu to see their official status.**

How to Appeal Financial Aid Suspension:

Any student being denied Federal Student Aid due to not meeting SAP requirements may appeal if some extenuating circumstance such as illness of student, severe injury of student, death of close relative of student or other extenuating hardship such as lack of transportation, incarceration of student, military service, or other circumstance determined by the Financial Aid Director or Appeals Committee as extenuating.

How to file an appeal:

Submit your appeal for suspension due to GPA and/or completion rate on the “Satisfactory Academic Progress Appeal” form. For those students who are on suspension due to exceeding 96 hours, you must complete the Exceeds Maximum Credits Appeal. The forms are available in the MDCC Financial Aid Office or at www.msdelta.edu under “Financial Aid”, “Applications/Forms”. The deadline to submit an appeal is on the form.

You must explain the reason why you failed to maintain SAP and explain what has changed in your situation that will allow you to demonstrate that you can make SAP at the end of the next term, if your appeal is approved. Attach any additional documentation such as accident reports, physician’s statements, third party affidavits, etc. you may have. An unofficial transcript must be submitted with the completed appeal for consideration.

Appeals and other documentation may be delivered in person, by mail, by email, or by fax to the MDCC Financial Aid Office. Include your Banner ID number, your social security number and your complete name on your appeal.

**Mississippi Delta Community College
Financial Aid Office
P. O. Box 668
Moorhead, MS 38761
Fax Number: 662-246-6328
financialaid@msdelta.edu**

Each appeal will be considered on its own merit. The Appeals Committee will review the appeal and the financial aid office will respond to the student within 30 working days. You may also check the status of your appeal on your “My Banner” account at www.msdelta.edu. Appeals are limited to one per student except in extreme extenuating circumstances. All appeals with the exception of the maximum credit appeal will be granted for one semester only and the student will be reviewed for satisfactory academic progress at the end of that semester before being granted financial aid for additional semesters. The maximum credit appeal, if granted, will allow the student to complete the program of study that they are enrolled in as long as they are making satisfactory academic progress.

Appeals that are granted:

You will be placed on Probation after the SAP appeal is granted. You will be required to take 12 or more hours toward your degree and pass at least 12 hours with a 2.0 GPA. SAP will be checked at the end of the semester and if you are making satisfactory academic progress, you will be in good standing and no longer on suspension or probation. If at the end of the semester you have not made SAP, your record will be reviewed for that semester and if 12 or more hours were passed with a 2.0 GPA, you will be placed on a PLAN and can continue to receive financial aid. Your SAP will be checked at the end of each semester and you must continue to pass 12 or more hours with a 2.0 GPA until you are in compliance with the SAP policy and/or you graduate.

RETURN OF TITLE IV POLICY

Special rules apply when students withdraw after receiving Title IV financial aid for the term from any of the following programs:

***Federal Pell Grant
Federal Supplemental Educational Opportunity Grant (SEOG)***

The Higher Education Amendments of 1998 define “withdrawal” as failure to complete the period of attendance on which federal aid eligibility was based. Therefore, this policy affects not only those individuals who complete the formal withdrawal notification process, but also

those students who simply stop attending class (unofficial withdrawal). The last date of attendance recorded will be used for unofficial withdrawals. In either case, when a recipient of Title IV funds ceases attendance during a term, the college must calculate how much was earned by the student.

These rules are federally mandated and the amount of aid a student has earned for the enrollment period is based on the length of time the student remains enrolled for that period. The Financial Aid Office determines the percentage of the term completed by dividing the number of calendar days completed as of the date of withdrawal by the total number of calendar days in the term. If withdrawal occurs on or before 60 percent of the term has elapsed, the percentage of federal aid earned is equal to the percentage of the term completed. However, 100 percent of federal aid is earned if the date of withdrawal occurs after 60 percent of the term has elapsed.

Mississippi Delta Community College will return all unearned Title IV Funds to the Department of Education and the business office will charge the student's account for the unearned amount.

VERIFICATION POLICY

Verification is the process established by the Department of Education to check the accuracy of aid applications. Students are selected randomly and based on certain criteria. The Department of Education randomly selects approximately 30 percent of applications each year. If you are selected for verification, you will need to complete the specific worksheet for the aid year requested and your dependency status; you may also be required to turn in certain tax information and financial documents. If selected for verification the verification process must be complete before professional judgment can be used to adjust the FAFSA. The Mississippi Delta Community College Financial Aid Office may require additional information.

Verification Process 2016 – 2017

Each year the Department of Education informs schools of the FAFSA data elements that must be verified. The department also lists the documentation the applicant must provide to the school to verify the accuracy of each required data element. The following segment reflects the items to be certified for tax filers and non-tax filers as well as acceptable documentation for each item. Items will vary based on the category of verification that the Department of Education assigns to the student. The tracking groups apply to both dependent and independent students. A complete list of tracking groups and requirements are listed after Acceptable Documentation.

Acceptable Documentation

For the 2016 – 2017 academic year the Department of Education requires that schools only accept IRS data retrieval or IRS tax return transcripts as the primary source of documentation when verifying federal income tax information. When submitting tax return transcripts, a dependent student must also submit the parent tax transcript. The IRS data retrieval process is

by far the simplest and most efficient method for a student to meet the income tax return segment of the verification process.

2016 – 2017 FAFSA Information Required to be Verified and Acceptable Documentation

Tax Filers:

- **Household Size**—Completed verification worksheet listing the name and age of each household member and the relationship to the applicant
- **Number in College**—Completed verification worksheet listing the name and age of each household member attending a Title IV-eligible school at least half time for the award year, and the name(s) of the applicable school(s)
- **Child Support Paid**—Completed verification worksheet listing: Name of the individual who paid support, name of the child support recipient, name(s) of the children for whom support was paid, amount of support paid during the calendar year
- **SNAP (Food Stamps)**—Completed verification worksheet certifying that they, or another member of the household, received SNAP in calendar year 2015
- **AGI (Adjusted Gross Income)**—IRS Data Retrieval Tool or IRS Tax Transcripts for the student (and the parent if the student is dependent)
- **U.S. Tax Paid**—IRS Data Retrieval Tool or IRS Tax Transcripts for the student (and the parent if the student is dependent)
- **Untaxed IRA Distributions**—IRS Data Retrieval Tool or IRS Tax Transcripts for the student (and the parent if the student is dependent)
- **Untaxed Pensions**—IRS Data Retrieval Tool or IRS Tax Transcripts for the student (and the parent if the student is dependent)
- **Education Credits**—IRS Data Retrieval Tool or IRS Tax Transcripts for the student (and the parent if the student is dependent)
- **IRA Deductions**—IRS Data Retrieval Tool or IRS Tax Transcripts for the student (and the parent if the student is dependent)
- **Tax-Exempt Interest**—IRS Data Retrieval Tool or IRS Tax Transcripts for the student (and the parent if the student is dependent)
- **High School Completion Status**—Copy of applicant’s high school diploma or final high school transcript that shows the date the applicant completed secondary school OR copy of one of the recognized equivalents of a high school diploma OR copy of homeschool documentation/state-issued homeschool certification credential
- **Identity & Statement of Educational Purpose**—Government-issued photo identification AND Signed Statement of Educational Purpose for the 2016 – 2017 award year (presented to the school in person) **OR** Copy of government-issued photo identification AND original notarized Statement of Educational Purpose signed by the applicant for the 2016 – 2017 award year (if the student is unable to appear in person at the school)

Non-Tax Filers:

- **Household Size**—Completed verification worksheet listing the name and age of each household member and the relationship to the applicant

- **Number in College**—Completed verification worksheet listing the name and age of each household member attending a Title IV-eligible school at least half time for the award year, and the name(s) of the applicable school(s)
- **Child Support Paid**—Completed verification worksheet listing: Name of the individual who paid support, name of the child support recipient, name(s) of the children for whom support was paid, amount of support paid during the calendar year
- **SNAP (Food Stamps)**—Completed verification worksheet certifying that they, or another member of the household, received SNAP in calendar year 2015
- **Income Earned from Work**—Copy of a W-2 Form from each source of employment from 2015, signed statement certifying the applicant has not filed and is not required to file taxes for 2015, signed statement indicating sources and amounts of income earned from work in 2015 not listed on a W-2 Form
- **High School Completion Status**—Copy of applicant’s high school diploma or final high school transcript that shows the date the applicant completed secondary school OR copy of one of the recognized equivalents of a high school diploma OR copy of homeschool documentation/state-issued homeschool certification credential
- **Identity & Statement of Educational Purpose**—Government-issued photo identification AND Signed Statement of Educational Purpose for the 2016 – 2017 award year (presented to the school in person) **OR** Copy of government-issued photo identification AND original notarized Statement of Educational Purpose signed by the applicant for the 2016 – 2017 award year (if the student is unable to appear in person at the school)

--	--	--

Verification of Students with Special Circumstances

Identity Theft—Victims of identity theft who are selected for verification must provide Form 14039 **OR** a signed copy of the filed tax return and a copy of a filed police report **OR** a signed copy of the filed tax return and a signed statement that the filer was the victim of identity theft that the Internal Revenue Service is investigating.

Amended Returns—Individuals must provide the school with a signed copy of the original filed tax return or tax transcript and a signed copy of the Form 1040X.

Foreign Tax Returns—Individuals who filed foreign tax returns and who cannot obtain a tax transcript must provide the school with signed copies of the foreign tax returns or other information listing similar income and tax information, converted to U.S. dollars. If the individual is not required to file taxes under that nation’s process, the student should provide a signed statement certifying income and taxes paid for the applicable period.

U.S. Territory or Commonwealth Tax Returns—If the student filed a tax return with Puerto Rico, Guam, American Samoa, or the Commonwealth of Northern Mariana Islands, the student should provide a signed copy of the applicable tax return. If taxes were filed with the Republic

of the Marshall Islands, the Republic of Palau or the Federated States of Micronesia (the Freely Associated States), the student should provide a signed copy of the individual's wage and tax statement for each employer in addition to a signed statement that lists all income and taxes for the tax year.

Documentation Deadlines

All FAFSA verification documentation should be received by August 1st of the award year to ensure eligible financial aid may be used to meet payment deadlines of the college.

Consequences

Failure to complete all verification by August 1st could result in the applicant being required to pay one third of all fees by the initial payment date listed on the fee payment schedule that is located on the college website. Failure to complete verification and failure to pay one third may result in the loss of any pre-registered classes.

ADMISSIONS

APPLICATION FOR ADMISSION

Applications for admission to Mississippi Delta Community College should be submitted to the Office of Admissions and Records. It is the responsibility of the student to arrange to have his/her record of high school or college credits and other documents required for admission submitted in advance of registration. MDCC does not discriminate in application of its admissions or other policies on grounds of race, color, sex, or national origin. If an admissions applicant indicates that he/she has been convicted of a felony, an admissions hearing will be required with the Admissions Committee. If an applicant provides false information on his/her application for admission, the applicant may forfeit his/her right to attend Mississippi Delta Community College.

PRE-ADMISSION INFORMATION

Students planning to enroll may obtain information concerning offerings and opportunities available by contacting the Office of Admissions and Records or other administrative personnel. Prospective students are encouraged to visit the campus and to observe some of the activities in progress.

SUMMER SCHOOL

Admission requirements are the same as those required of students enrolling for the regular session. Students admitted to the summer session who are on academic probation/suspension will be able to clear their academic standing as a result of obtaining satisfactory grade marks for summer work.

There is no refund for summer term classes once classes begin. Students who register for courses and do not plan to return for the registered semester must drop their classes from the campus computer system before the first day of class. Failure to drop classes from the campus computer system will result in charges to the student's account and those courses will appear on the student's transcript.

OPEN ADMISSIONS

MDCC ascribes to an "open admissions" policy consistent with all appertaining laws. MDCC embraces the philosophy that students be provided the opportunities for learning experiences, e.g., college prep courses, counseling, tutorial assistance, etc., that will help the individual students to succeed in achieving their educational goals. MDCC utilizes relevant diagnostic instruments to determine the strengths and needs of students in order to assist in the selection of the most appropriate program options to assure student success.

ADMISSION TO THE FRESHMAN CLASS

Candidates for enrollment in the freshman class must comply with the following:

1. Submit a completed Application for Admission form. This form may be obtained from the Office of Admissions and Records.
2. Submit an official transcript showing graduation by diploma from a high school accredited by the Mississippi Department of Education or by other recognized accrediting agencies. A student who has not graduated may submit a transcript showing 20 acceptable units of credit of which three units must be in English and twelve in the area of Mathematics, Science, Social Studies, Business Education, and Foreign Languages. This transcript must be sent directly to MDCC from the school which the student last attended.
3. Applicants who have not completed requirements for a high-school diploma may submit satisfactory General Education Development (GED) scores in lieu of a high-school transcript showing graduation.
4. Each applicant is requested to have copies of his/her ACT scores sent to the Office of Admissions and Records. The ACT code for MDCC is 022440. These scores are used for placement purposes in various academic classes.

Health Science Programs (Associate Degree Nursing, Dental Hygiene, Emergency Medical Technology, Healthcare Assistant, Medical Laboratory Technology, Phlebotomy, Radiologic Technology, and Practical Nursing) and career-technical programs have special admission requirements. ACT scores are required for admission to technical and health science programs. For specific requirements refer to program descriptions. ACT scores are not required for students enrolling in career programs.

Students scoring a 13 or less composite score on the ACT are required to take courses in the College Prep curriculum (see College Prep below).

Any applicant who does not have an ACT score submitted with his/her admissions application will be placed in the College Prep curriculum.

5. No applicant will be approved for admission until all required documents have been received and evaluated by the Office of Admissions and Records.

Academic and Technical students must meet one of the following criteria for admissions:

- a. The completion of at least one unit less than the minimum acceptable high school units as prescribed by law, i.e., if the state requires 21 high school units to graduate, a student can be admitted into a community/junior college with 20 high school units; or,
- b. A General Educational Development (GED) certificate; or
- c. A high school diploma; or
- d. A state-approved Career Certificate from a Mississippi Community or Junior College; or
- e. An official transcript from an accredited college or university.

Career students must meet one of the following criteria for admissions:

- a. The completion of at least one unit less than the minimum acceptable high school units as prescribed by law, i.e., if the state requires 21 high school units to graduate, a student can be admitted into a community/junior college with 20 high school units; or
- b. A General Educational Development (GED) certificate; or
- c. A high school diploma; or
- d. An official transcript from an accredited college or university.

A student not meeting the requirements stated above may be admitted as a non-degree seeking student under the following conditions:

- a. Meets the requirement to enroll in dual enrollment/dual credit Academic, Career or Technical Classes; or
- b. Meets the requirements to enroll in an approved career-pathway program that integrates Adult Basic Education (ABE) with skills training (Career or Technical).

ADMISSION IN THE DUAL ENROLLMENT PROGRAM

Mississippi Delta Community College has a dual enrollment program that will allow current high school students to be enrolled at their high school and with MDCC simultaneously. Requirements for dual enrollment are as follows:

1. Students must have completed a minimum of fourteen (14) core high school unit

2. Students must have a 3.0 grade point average on a 4.0 scale or better on all high school courses, as documented by an official high school transcript; a home schooled student must submit a transcript prepared by a parent, legal guardian, or custodian with a signed, sworn affidavit to meet the requirement of this paragraph.
3. Students must have an unconditional written recommendation from their high school principal and/or guidance counselor. A home-schooled student must submit a parent, legal guardian, or custodian's written recommendation to meet the requirement of this paragraph.

Special Condition:

Students who have not completed 14 score high school units may be considered for dual enrollment if they have a minimum ACT composite score of thirty (30) or the equivalent SAT score and have the required grade point average and recommendations prescribed above.

All composite ACT scores mentioned in this catalog refer to composite ACT scores earned on or after October 28, 1989.

ADMISSION OF TRANSFER STUDENTS

A transfer student is defined as one who satisfactorily completes twelve hours or more at another accredited college. Developmental or remedial hours are not considered acceptable. Those individuals should submit an application for admissions and an official transcript of the coursework from the previously attended institution(s). Applicants whose records show unsatisfactory scholastic standing may be accepted on probation if their individual cases indicate that they may deserve special consideration.

A student who is transferring less than twelve semester hours of credit must also meet freshman entrance requirements as outlined. Transfer of any technical credit hours (other than college transfer credit) is evaluated on an individual basis.

Students should go the Office of Admissions and Records concerning the evaluation and acceptability of transfer credit within the first semester of entrance.

Transfer Credits

Mississippi Delta Community College (MDCC) grants transfer credit based on the content comparability of the courses sought to be accepted to the course offered by MDCC. Credits earned at a degree granting, accredited institution may be considered for acceptance by the Associate Vice President of Enrollment Management.

MDCC uses the Uniformed Course Numbering System in Mississippi issued by the Mississippi Community College Board for transfer of academic credits from another institution of higher

learning. Academic courses eligible for transfer must be included or must be equivalent to the courses included in the Uniform Course Numbering System in Mississippi.

MDCC uses the Uniformed Course Numbering System in Mississippi issued by the Mississippi Community College Board for transfer of career or technical credits from another institution of higher learning. Academic courses eligible for transfer must be included or must be equivalent to the courses included in the Uniform Course Numbering System in Mississippi. Only courses from programs approved by the Mississippi Community College Board for MDCC are eligible for transfer.

Transfer credit is identified on an official college transcript and cannot exceed the institution's credit value assigned to the course. Credit is allowed only for those courses in which a grade of "D" or higher has been earned.

ADMISSION OF INTERNATIONAL STUDENTS

Mississippi Delta Community College is not an eligible college to complete the required I-20 Form of the Immigration and Naturalization Service for nonimmigrant students. Consequently, the College does not recruit or admit them. Any other student who is not a U.S. citizen must present proof that they are a permanent resident of the United States.

LIMITED ENGLISH PROFICIENCY POLICY (LEP)

Limited English Proficiency (LEP) means persons who are unable to communicate effectively in English because their primary language is not English and they have not developed fluency in the English language. A person with Limited English Proficiency may have difficulty speaking or reading English. An LEP person will benefit from an interpreter who will translate to and from the person's primary language. An LEP person may also need documents written in English translated into his or her primary language so that person can understand important documents related to health and human services. (hhs.gov)

All prospective Career-Technical students will be TABE tested in the areas of reading and language. Individuals who are determined to require additional assistance in these areas will be directed to the Coordinator of Disability Services. The Associate Vice President of Enrollment Management, who oversees the Office of Admissions, and the Director of Career-Technical Education will be responsible for making sure the TABE test is administered.

ADMISSION OF PERSONS WITH PRIOR FELONY CONVICTIONS OR DISCIPLINARY DISMISSALS

Summary

It is the policy of Mississippi Delta Community College to require applicants for admission to report whether they have been convicted of a felony or have been dismissed from an institution of higher education for disciplinary reasons. Applications from such candidates must be reviewed by a campus committee before admission is granted.

Policy

The application for admission to campuses of the College contains a question regarding whether the applicant has been previously convicted of a felony or dismissed from an institution of higher education for disciplinary reasons. It is the policy of the College that such a question be included in applications for college admissions, re-admission, full-time, online and/or part-time.

Campus Admission Review

It is the responsibility of the College to accept or deny admission to an applicant based on prior criminal convictions where such admission would involve an unreasonable risk to person or property, would pose a risk to the safety and welfare of faculty, staff, students and the public or be disruptive of the educational environment. Campus policy should include procuring appropriate information related to previous criminal and incarceration records and obtaining recommendations from corrections officials and, at times, current employment or educational supervisors. Campuses must utilize a standing committee to review applicants who affirm that they have either been convicted of a felony or been dismissed from a college for disciplinary reasons.

The purpose of the campus committee is to review appropriate information and decide whether an applicant with a felony conviction or disciplinary dismissal from an institution of higher education should be admitted. If admitted, the conditions of admissibility must also be decided, as to whether on-campus housing will be allowed. The committee may request the applicant to provide the following:

1. The specifics of the felony conviction or disciplinary dismissal such as background, charges filed, and date of occurrence. Appropriate releases may have to be executed by the applicant for receipt of criminal history information or educational disciplinary records; and

For applicants with felony convictions, references must be provided from the Department of Correctional Services, Division of Parole, including the name and addresses of parole officers. For those currently in parole status, the committee should obtain the conditions of parole and determine if the campus environment affords compliance. The committee should also review whether specific services will be needed for the prospective student. Parole officials should be questioned as to whether the applicant would pose a threat to the safety of the campus community; and

2. A personal interview to either clarify or verify information.

After review of all available information, the committee will decide whether to deny admission, admit the applicant or admit the applicant with certain conditions. To clarify the lines of communication, the President of the College will designate a campus official to act as the liaison person with the Division of Parole and the Department of Correctional Services and the local parole office.

REGISTRATION AND ORIENTATION

Students currently enrolled who plan to re-enroll at MDCC may pre-register for their classes for the coming semester during the period that is set by the College. These dates are usually announced approximately six weeks ahead of time. Orientation and pre-registration of freshman and transfer students will not be possible until all entrance requirements are completed. These students are notified by mail as to when they should come. Faculty advisors will be available during pre-registration to advise and assist students in arranging their courses of study.

LATE REGISTRATION

All students are expected to register during the days set aside for this purpose, as indicated by the Academic Calendar.

CRITERIA FOR THE PLACEMENT OF STUDENTS IN MAT1313, MAT1233, and MAT0123

ACT COMPOSITE SUB SCORE:

MATH ACT SUB SCORE	COURSE PLACEMENT
19 or higher.....	MAT 1313 College Algebra
16-18.....	MAT 1233 Intermediate Algebra**
15 or below.....	MAT 0123 Beginning Algebra

CRITERIA FOR THE PLACEMENT OF STUDENTS IN ENG1113, ENG1023, and ENG0113

ACT COMPOSITE SCORE:

ENGLISH ACT SUB SCORE	PREREQUISITE	COURSE PLACEMENT
17 or higher.....	None.....	ENG 1113 English Composition I
14-16	None.....	ENG 0123 Intermediate English**
13 or below	None.....	ENG 0113 Beginning English

**A student who wishes to challenge their ACT sub score in English or math, may take the Accuplacer test for a small charge which should be paid to the Business Office. The student should contact The Center of Learning Director at 246-6251 to schedule an appointment. The testing should be scheduled before the regular semester begins.

ADVANCED PLACEMENT PROGRAM

Advanced placement and three hours of credit are awarded in American History, Biology, Calculus, Chemistry (2), English (1), Western Civilization, Physics, Spanish, and French to students who participate in the College Entrance Examination Board (CEEB) Advanced Placement Program offered through their high school, and who earn scores of three or higher on the final examinations. A

student must earn twelve hours at MDCC before advanced placement credit may be recorded on the student's transcript. The total number of hours one may earn by the advanced placement program is fifteen.

1. Any student who receives a three or four on the examination will receive three hours of credit for English 1113. Any student who receives a five on the examination will receive six hours of credit for English 1113 and English 1123.
2. Chemistry laboratory is not included.
3. Credit can be awarded for Advanced Placement in BOT 1113 Document Formatting, BOT 1123 Word Processing, and/or BOT 1102 Keyboard Speed Building.

CHANGE OF SCHEDULE

A student is held responsible for attendance at all classes to which he/she is assigned. A change in schedule may be made with the permission of the appropriate Division Chair and without penalty, according to the date indicated by the College Calendar. Any subsequent changes will be made only at the request of the instructor.

WITHDRAWAL PROCEDURES

Class Withdrawals (Drops)

Students who would like to DROP a class should initiate the process with their Instructor during Drop/Withdrawal period which is after the 60% attendance date up to one week prior to the start of exams. The process of withdrawing from a class is maintained between the student and instructor only. The instructor should fill out a Withdrawal Form including the Last Date of Attendance (LDA) for the class. The student is required to sign the withdrawal form, and the instructor will provide the student with a copy of the form. The instructor will then record a "W" with the LDA in Banner and file the original form.

Classes which are dropped during the Drop/Add period (first week of classes) are considered schedule changes and should be initiated by the student using the "Add or Drop Classes" function in their Banner account.

Excessive Absences (Cut-outs)

If a student is dropped by the instructor due to EXCESSIVE ABSENCES prior to the 60% withdrawal date, a grade of "F" is automatically recorded in Banner with an LDA. It is the student's responsibility to return to the Instructor after the Drop period has begun to fill out the withdrawal form. Once the withdrawal form is complete, the instructor will record a "W" with the LDA in Banner.

Instructions for this can be obtained in the Office of Counseling, Recruiting, and Advising.

School Withdrawals

Students may withdraw from class beginning after the 60% attendance day of a semester until one week prior to the start of exams.

Students cutting out of a class prior to the 60% date will receive a grade of F. The student will have the opportunity to withdraw from the class after the 60% date. Short-term semester class withdrawals will begin after the 60% date.

Students officially withdrawing from Mississippi Delta Community College should initiate the process in the Office of Counseling, Recruiting, and Advising.

1. The student will visit with an academic counselor in the Office of Counseling, Recruiting, and Advising where he/she will be issued a School Withdrawal form.
2. The student should obtain signatures from:
 - (1) the **Library** (where staff will check for any materials the student may have checked out and not returned),
 - (2) the **Business Office** (where staff will check for any fines the student may have incurred), and
 - (3) **Financial Aid** (where staff will inform the student of the consequences resulting from a total withdrawal from MDCC).
3. The student will sign the completed form verifying his/her complete understanding of the consequences which may result from a total withdrawal from MDCC. The student should then bring the signed form and a copy of his/her current class schedule back to the Office of Counseling, Recruiting, and Advising for completion. Counseling staff will sign the form verifying that the withdrawal process is complete. An e-mail will be sent on Thursday of each week to the instructors informing them that the student has officially withdrawn from MDCC. Upon receipt of the e-mail, each instructor should enter the LDA for that student into Banner.

ATTENDANCE POLICY

Academic, Technical, and Health Science Programs

Regular class attendance is expected of all students. Instructors will keep an accurate class attendance record, and these records will become part of the student's official record. Absences are a serious deterrent to good scholarship; it is impossible to receive instruction, obtain knowledge, or gain skills when absent from class. When an absence occurs, it is the student's responsibility to contact his/her instructors for make-up assignments. The student will be allowed to make up assignments for absences resulting from personal illness, death in the immediate family, official school functions, and those excused by the Vice President of Instruction, the Director of Career-Technical Education, and the Division of Health Sciences Chairperson assuming proper documentation. The student must complete the assignment within the time specified by the

instructor. When a student's absences in a course exceed the following, the student will be dismissed from the course:

One class meeting, lecture, or laboratory, per week.....	2
Two class meetings, lecture, or laboratory, per week.....	4
Three class meetings, lecture, or laboratory, per week	6
Four class meetings, lecture, or laboratory, per week	8
Five class meetings, lecture, or laboratory, per week.....	10

Absences caused by change of schedule or late registration will be recorded as absences.

REINSTATEMENT FOR COURSES

If a student exceeds the allowable absences for each particular course, the instructor will inform the student that he/she has been cut from the class. If the student contacts the instructor within three school days from the cut-out date, the student may be reinstated into the class with the understanding that he/she cannot have additional absences. A reinstatement form may be filled out by the instructor which will be signed by both the student and instructor. A copy will be given to the student.

TARDY POLICY

Tardiness is a serious interruption of instruction and continuous infraction will not be permitted. Students are expected to be in class on time. A student may be considered absent after the completion of the roll call and/or directives included in the class syllabus.

STUDENT LOAD AND ACADEMIC STATUS

To be considered full-time, a student must be enrolled in 12 or more hours. A normal load is considered to be fifteen or sixteen hours each semester. A semester hour of credit represents one hour of class work or two hours of laboratory work a week, plus the necessary preparation for a semester. In some career and pre-professional courses, three laboratory hours are required for one hour of credit.

The maximum load for a student each semester is nineteen hours. Students whose previous academic record shows a 3.0 or higher may be allowed to register for a maximum of three additional credit hours with permission of the Vice President of Instruction or the Director of Career-Technical Education.

Sophomores who lack a maximum of nineteen semester hours to meet requirements for graduation may be granted a waiver of the 3.0 requirement, provided that the number of quality points needed for graduation does not exceed the number of semester hours needed for this purpose.

A student enrolled for fewer than twelve academic semester hours will be classified as a part-time student.

Recipients of scholarships granted by MDCC must be enrolled in a minimum of fifteen hours for the semester and pass all fifteen hours.

PROBATION POLICY*

Probation (eligible to enroll with restrictions)

- a. Any full-time/part-time student who fails to earn a 1.5 GPA for the current semester will be placed on academic probation.
- b. Any student re-admitted following dismissal for academic reasons from MDCC or any other college or university will be accepted on probation.

SUSPENSION POLICY*

Suspension (not eligible to enroll for a specific period of time)

- a. Any full-time/part-time student on probation must maintain a 1.5 GPA for the current semester or be placed on academic suspension for a minimum of one semester.
- b. Any appeal to the suspension policy must be made to the Office of Admissions and Records at least three working days prior to the start of the semester.

*For probation and suspension purposes, a student's classification is based on the number of hours enrolled in after the last day to drop a class without receiving a grade.

CELL PHONE USE POLICY

The use of cell phones and other electronic devices is not allowed in classrooms, labs, shops, or other venues where teaching or testing is taking place, unless permitted by the instructor. This includes texting and/or earphone devices. **First Offense**: A warning will be issued if the device is used in the course of a teaching session. **Subsequent infractions** during teaching sessions will result in appropriate disciplinary action, including but not limited to, being counted absent and possible withdrawal from the course. If such a device is used in the course of graded work, the work will be confiscated, and the student will receive a failing grade for that work with possible withdrawal from the course.

CLASSIFICATION

Students who have completed fewer than twenty-four semester hours in their curriculum are classified as freshmen. Classification of all students is made by the Office of Admissions & Records at the beginning of the fall semester.

ACADEMIC HONESTY POLICY

Academic honesty is a fundamental attribute of higher learning. Students who violate the principle of honesty deny themselves an opportunity to master the skills that they are credited to possess, cheat

their classmates of deserved recognition, and demean the college and its degrees. It is a matter of great concern that all members of the college community strive for high standards of personal integrity.

Evaluation of each student's level of knowledge and understanding is a vital part of the teaching process, and requires tangible measures with the process of evaluation. Misrepresenting the relationship between the work being evaluated and the student's actual state of knowledge is an act of academic dishonesty.

A hallmark of any profession is integrity and honesty. Academic honesty is expected of all students; therefore, each student is expected to accomplish his/her own work.

Academic misconduct includes, but is not limited to, deceptive acts such as the following:

- plagiarizing from any source
- cheating in any manner on tests, papers, reports, etc.
- turning in work as a student's own when, in fact, it was not his/her work
- improperly using technology
- stealing, buying, or selling course materials
- either impersonating another student during a test or having another person assume one's identity during a test
- deliberately conveying false or misleading information

When academic misconduct has occurred, the instructor has the responsibility of assigning an appropriate penalty in accordance with the instructor's institutional policy. This may include failure of the assignment, failure of the course, or dismissal from the institution.

GRADING SYSTEM AND QUALITY POINTS

The final grades for each student are determined by combining the grades received in daily recitations, laboratory work, written work, class attendance, and periodic hour tests, with those received on final examinations.

Letter grades will be assigned for all completed courses according to the following scale:

A = excellent, represents superior work in addition to the regularly prescribed assignments

B = good, represents work for above average of the class;

C = satisfactory, average achievement;

D = poor, the lowest grade for which credit is given. It represents achievement below the average of the class.

F = failure represents an inferior work, and the course must be repeated in order to receive credit.

I = incomplete, represents a temporary mark that may be removed without repeating the course; it is submitted by the instructor when the student, because of illness or other circumstances beyond his/her control, has been unable to complete the course requirements. "I" grades must

be cleared at the earliest possible opportunity through arrangements approved by the Vice President of Instruction and the instructor and, in all cases, before the student withdraws from school. A grade of F will be recorded on the permanent record if the condition is not removed within ONE year.

W = withdrawal, represents a student withdrew from a course without penalty and before the last date to withdraw.

On all repeated subjects, Mississippi Delta Community College will consider only the highest grade earned in determining course credit and quality-point averages. This is a local college policy and may not apply to other colleges or universities to which you may wish to transfer.

For those accustomed to an evaluation in terms of percent, MDCC instructors, at their discretion, will follow one of the grading scales below:

A=93-100; B=84-92; C=75-83; D=68-74; F=below 68

OR

A=90-100; B=80-89; C=70-79; D=60-69; F=below 69

Semester hours indicate the amount of work done. Quality points are a measure of the quality of work. For a course carried throughout a semester, the following grades will be awarded for each semester hour of credit:

A= four quality points

B= three quality points

C= two quality points

D= one quality point

W, F, or I= zero quality points

A minimum of 62 academic semester hours and 124 quality points are required for all types of diplomas granted by Mississippi Delta Community College.

EXAMINATIONS

Examinations are administered at the close of each semester and at such other times as instructors deem necessary. Absences from final examinations, except in cases of unusual emergencies, are automatically recorded as failures. Examinations can only be rescheduled with the approval of the Vice President of Instruction.

VIEWING SEMESTER GRADES

The Office of Admissions and Records posts grades of all students at the end of the semester. These grades can be accessed online through the college website.

Special reports covering the academic or conduct record of a student will be mailed to the student

at any time that it may be deemed necessary.

MANAGEMENT OF RECORDS

The custodian of the records at Mississippi Delta Community College is the Office of Admissions and Records.

Mississippi Delta Community College maintains records to show continued pursuit of course enrollment and the progress made. Student records include the grade in each course, per semester and record of withdrawal from any course. These records are maintained in a fire proof vault in the Office Admissions and Records.

The College maintains a written record of previous education and training which clearly indicates that appropriate credit has been given by the College for previous education and training, with the training period shortened proportionally, if applicable, and the person and other appropriate agencies notified.

Proof that entrance requirements are met is part of the student's record.

STUDENT PRIVACY

Mississippi Delta Community College complies with all provisions of the Family Educational Rights and Privacy Act (FERPA) concerning student records. FERPA provides for the rights concerning the privacy of student records and serves as the basis for the College's policy concerning the release of student records.

Mississippi Delta Community College will release directory information about any student unless he/she has notified the Office of Admissions and Records in writing that he/she does not want any such information released. This written request must be filed within two weeks after the student registers each semester.

Directory information includes the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees received, honors and awards earned, the most recent educational agency attended by the student, and other similar information.

Students can file a complaint concerning alleged failure by Mississippi Delta Community College to comply with the requirements of FERPA with the U. S. Department of Education at the address below:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, SW
Washington, D.C. 20202-5920

Individual Student Records

Records on an individual student may be disclosed under the following circumstances:

Student Requests:

- Students have the right to inspect and review their education records maintained by the College. MDCC is not required to provide copies of records unless, for reasons such as great distance, it is impossible for students to review the records. MDCC may charge a fee for copies.
- Students have the right to request that Mississippi Delta correct records which they believe to be inaccurate or misleading. If MDCC decides not to amend the record, the student then has the right to a formal hearing. After the hearing, if MDCC still decides not to amend the record, the student has the right to place a statement with the record setting forth his or her view about the contested information.

Agency and Institutional Requests:

- Generally, MDCC must have written permission from the student in order to release any information from a student's education record. However, FERPA allows Mississippi Delta to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - College officials with legitimate educational interest;
 - Other colleges to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the College;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Parent Requests:

- FERPA allows parents of dependent students age 17 and under the right to examine the record of their dependent students. Parents of dependents must follow the same procedure as independent students regarding confidentiality and access to the dependent student's record. Parents of independent students are not allowed to view the student's record without written, verifiable permission of the student(s).

Students can file a complaint concerning alleged failure by Mississippi Delta Community College to comply with the requirements of FERPA with the U. S. Department of Education at the address below:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202-5920

Transcripts

An official transcript of a student's record may be obtained by the student submitting a written request complete with the student's signature to the Office of Admissions and Records. Forms may be obtained by the visiting the Office of Admissions & Records or by downloading the form from the College's website. Transcripts are released to students who have met all financial obligations to the college. A fee, payable in advance, is required for each copy.

MDCC STANNY SANDERS LIBRARY SYSTEM

LIBRARY SERVICES

Library Commitment – The MDCC Stanny Sanders Library System supports the mission of the College through services and resources that enhance the quality of life of the college community. The Library provides access to knowledge and promotes learning through the diversity of print, media, online electronic information, resource sharing, computer-assisted instruction, teleconferencing, and other experiences made available by constantly expanding technologies. Continuous effort is made to develop and utilize innovative information delivery systems.

Information – The MDCC Stanny Sanders Library System houses a library on each of the three campus sites that offers a variety of services, which include accommodations of the book and non-print collection, Online Card Catalog (OCC), the Media Center (Moorhead campus only), computers, Community College Network (CCN, as well as production facilities for various media formats. The Library subscribes to periodicals with a selection of local and state newspapers, and provides computers in designated areas. While the Moorhead campus offers all resources, some campuses may be limited in their particular resources.

Library Patrons – To manage the circulation of materials and ensure a quality study environment for Library patrons, students must present a current ID when entering the Library. MDCC students and faculty have open access to the library holdings and electronic resources on any of the three campuses. Non-MDCC students and community patrons must present some form of ID and are limited to areas of access in the library. An instructor or parent must accompany non-MDCC students that are in public or private schools wanting to use library services and materials. No food, tobacco, or cell phone conversations are permitted in the library.

Web Page – MDCC students, faculty, and staff can access the Library web page through the MDCC Web Page located at www.msdelta.edu under Quick Links. Located on the web page is general information about the three locations, information about electronic resources including but not limited to OCC, EBSCOhost e-books (80,000), Films on Demand (22,000 streaming videos), discipline specific databases, including Mississippi Alliance for Gaining New Opportunities through Library Information (MAGNOLIA), and Mississippi Electronic Libraries Online (MELO). Also included are helpful links for general information and to support classroom instruction. Some of the databases require a password which may be obtained through Canvas or by contacting the library.

MEDIA SERVICES

General Information – The Media Center is located in the Stanny Sanders Library on the Moorhead Campus and is designed to supply curriculum-related and media materials to

the faculty and students of Mississippi Delta Community College. The Media Center is responsible for the booking of the CCN, satellite downlink programs, any equipment, and media. The center houses audiovisual materials including a wide assortment of videocassettes, multimedia, CDs, DVDs, and records, as well as the equipment to use the media. The materials in the Media Center are listed in the OCC with appropriate call numbers. These resources are in closed stacks and must be obtained from the Media Center. They are for library and classroom use only unless special permission is granted. Media center resources are available to all campuses.

Computer Labs – Each campus library has computers for student use. To use the computers, students must sign in at the appropriate area. The labs may be reserved for class use.

Community College Network (CCN) – The CCN links community colleges, high schools, and Mississippi State. This resource is located on the Moorhead campus. This link provides teleconferencing as well as distance learning, allowing participants to interact with others across the state.

STUDENT INFORMATION

Each student at Mississippi Delta Community College is considered a distinct personality with his/her own individual characteristics. All of the organizations, activities, and services regularly functioning as a part of the college program are designed to help meet the specific needs of the student. These nonacademic or extracurricular activities are considered by the community college to be an integral part of the students’ education.

Students are encouraged to take an active role in clubs, social activities, publications, athletics, and other organizations that interest them. The campus is noted for the friendly and democratic atmosphere that exists among its students. Adjustment to life on the campus is made easier by our staff and faculty members along with student leaders who assist students in solving their problems and in making the necessary adjustments required for successful college life.

ATHLETICS

Students are encouraged to participate daily in some type of physical recreation. The administration believes that an athletic program properly regulated will tend to promote both the physical and moral development of the participants and will assist in fostering a wholesome college spirit. Those who possess the interest and ability are encouraged to take part in team sports and the intercollegiate program.

Mississippi Delta Community College is a member of the National Junior College Athletic Association and the Mississippi Community/Junior College Association. A full schedule of intercollegiate games is played each year, chiefly with other Mississippi community colleges, in football, basketball, softball, and baseball.

BOOKS

Books are sold through the MDCC Bookstore, located in Tanner Hall. Second-hand books are often available and sold to students at a reduced price. At the end of the school year, books to be used the next session are purchased from students at a fair price. The annual cost of books is chiefly dependent upon the curriculum that the student follows.

CENTER OF LEARNING

The Center of Learning is located in the Stanny Sanders Library on the Moorhead campus. The Center offers academic support at no cost to all MDCC students. The Center has instructors who will tutor students individually. Computer assisted instruction is also available in the Center. Students may use other resources available in the Center: Anatomy and Physiology models, Thinkwell mathematics software, Mosby's Nursing software, and CyberEd biology and chemistry software.

During fall and spring semesters, the Center is open Monday through Thursday from 7:30 a.m. to 4:00 p.m. During the summer hours, the Center is open Monday through Thursday from 10:00 a.m. to 2:00 p.m. Phone: 662-246-6251

COLLEGE PUBLICATION

The *Retrospect*, the college annual, is an illustrated publication depicting a record of the campus activities. It is published by the students with faculty guidance. Upon payment of the tuition fees in the fall semester, the student is entitled to the insertion of his/her picture in the annual and to receive one copy of the publication.

COUNSELING AND RECRUITING OFFICE

The Counseling, Recruiting, and Advising Office at Mississippi Delta Community College supports the mission and philosophy of MDCC by contributing to the learning process and educational experiences of currently enrolled and prospective students. Our objective is to respond to the educational, personal, and psychological needs of students that may result from the complexities involved in college enrollment and/or the preparation for college attendance. The Counseling, Recruiting, and Advising Office is dedicated and committed to understanding, honoring, and promoting the enhancement of student development.

Academic Counselors are located on the Moorhead campus in the Boggs-Scroggins Building as well as on the GHEC and Greenwood campuses. We offer a wide range of support services to our students and counsel students who seek help in a variety of areas. Specifically, common counseling issues include:

- Career exploration
- College orientation
- Course advising and educational goal setting
- Individual counseling and referrals
- General information about MDCC
- Disability services
- Student assistance programs
- Career-Technical counseling

Our commitment to the support of students, faculty and staff and the enhancement and healthy functioning of the college is reflected in the professional development and services

provided by the Counseling, Recruiting, and Advising Office that include:

- New Student Orientation
- Recruitment
- Educational Presentations and Workshops
- Professional Consultation and Training
- Curriculum Advising

The Counseling, Recruiting, and Advising Office at MDCC provides services that uphold the highest degree of professional and ethical standards, specifically counseling services. We render counseling services in a safe, supportive and confidential environment. We do not share your information with anyone without your permission. However, there are legal and ethical responsibilities that include:

- Child or elder abuse or neglect
- Harm to self or others
- Legally valid court ordered subpoena
- Staff and supervisory consultation

In order to ensure that a counselor is available, students are encouraged to schedule appointments, but accommodations are made for walk-ins. An appointment may be made by calling the Office at 662-246-6361. Our counselors have an open-door policy and welcome students during office hours.

DRESS CODE FOR STUDENTS

MDCC enforces a policy of appropriate dress. ALL students must comply with the institutional guidelines related to appropriate attire. This policy addresses, but is in no way limited to: no extremely high cut shorts, no low cut and/or revealing tops, no sagging pants and no pajamas worn in public. Violators of this policy will be subject to punitive actions consistent with the common practices of the Office of the Vice President of Student Services. **(See Appendix for examples of acceptable and unacceptable forms of dress)**

HEALTH SCIENCE NAVIGATOR

The Health Science Navigator is dedicated to assisting students with the skills necessary to be successful in the Health Science programs. We provide resources to assist the student with study skills, test taking skills, time management and organizational skills. If a student needs assistance with financial aid information, childcare, or support in balancing the demands of family, work, and school, we can help provide information and support. Phone: 662-246-6292 or 6512

The Health Science Navigator is committed to helping the student find the resources to be successful, whatever challenges may arise. Phone: 662-246-6292 or 6512

HEALTH SERVICE

In case of serious illness an ambulance will be called and parents or guardian will be contacted. The cost of special services such as ambulance and medicine will be the responsibility of the student involved.

Commuting students who become ill during school should report to the office of the Vice President of Student Services. Temporary care will be provided and the parent or guardian will be notified at the request of the student or if deemed necessary by the office of the Vice President of Student Services.

HOMECOMING

1. The Homecoming Court shall be composed of a queen from the sophomore class, two maids from the sophomore class, and three maids from the freshman class. Any girl wishing to participate in homecoming must first pick up a petition from the office of the Vice President of Student Services.
2. First year freshmen must have academic and conduct records that are acceptable in order to be eligible as a candidate for freshman maid.
3. Sophomores, in order to be eligible, must have a 2.0 GPA. A candidate whose school record shows academic or disciplinary probation will not be eligible.
4. The election shall be held no later than two weeks before the date set for Homecoming.
5. Election shall be by popular vote by all college students.
6. From the sophomore nominees, the candidate receiving the highest number of votes will be declared Queen, and next two highest will be maids.

MAIL

Residential students may pick up their mail in the lobby of their residence hall.

Mail should be addressed to the individual as follows:

John Doe or Jane Doe
Mississippi Delta Community College
Residence Hall Name, Room B123
P. O. Box 668
Moorhead, Mississippi 38761.

It is requested that money be sent only in the form of a check or money order.

MEALS AND MEAL PLAN

Meals are served in the cafeteria at regular hours, except during holiday periods. A schedule of meals is posted at the beginning of the semester and is also available on the College website. Changes in eating times will be posted around the residence hall and the cafeteria.

All students living in residence halls are required to purchase one of two meal plans below:

- The Regular meal plan covers:
 - Sunday dinner
 - 3 meals Monday through Thursday
 - Friday brunch
- The Weekend meal plan covers in addition to the regular meal plan:
 - Friday dinner
 - Saturday brunch and dinner
 - Sunday brunch

Residential students will be required to present their ID to the cashier at each meal.

Residential students who fail to present their ID will be required to pay cash.

Visitors and guests of students who eat in the cafeteria are required to pay for their meals.

OFFICIAL COMMUNICATIONS

Communications issued by administrative personnel are distributed by the following three methods: (1) mailed to the campus or home address; (2) posted on the bulletin boards; (3) email to students' college issued email accounts. It is the student's responsibility to check his/her email account to obtain official announcements and other pertinent information concerning the school program.

PATHFINDERS

The Pathfinders Program provides focused strategies geared toward improving the success rates of African-American males. It aims to increase course completion rates, retention rates and graduation rates by providing strong academic support and mentoring. Students in the Pathfinder Program receive an array of services that include, but are not limited to, assistance with instruction, academic support services, financial aid, and student social services. Phone: 662-246-6483

RECREATIONAL SPORTS

Recreational sports at Mississippi Delta Community College are designed to provide opportunities for students and staff to participate in competitive and noncompetitive, organized and informal sports activities as regularly as their time and interests permit.

The program offers competition in basketball, badminton, tennis, flag football, volleyball, and softball.

The College and its staff members are not responsible for students who sustain injuries while participating in recreational sports or any other student activities.

SOCIAL ACTIVITIES AND RECREATION

All social functions must be cleared through the office of the Vice President of Student Services.

A well-rounded program of social activities is provided. Various athletic contests attended by the student body and citizens of the area are a part of the recreational program. Parties, banquets, and picnics are included periodically.

The College sponsors a series of programs by professional artists and senior college groups each year. All regularly enrolled students are admitted to these programs free of charge or for a small fee with a valid Student ID Card.

STUDENT ACTIVITY CARD (ID)

A student ID card is issued to each student during the orientation/registration process. This ID is to be worn at all times. It serves as a ticket that entitles the student to admittance at all regular, scheduled activities, and it must be presented each time he/she attends such activities. The ID card should be presented to any college official for identification purposes.

STUDENT DISABILITY SERVICES

In compliance with Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1990, Mississippi Delta Community College provides reasonable accommodations for students with special needs. To request accommodations, please contact the Center of Learning, located in the Stanny Sanders Library: telephone (662) 246-6251; fax: (662) 246-8627; e-mail: fwilliams@msdelta.edu.

Students Have the Responsibility to:

- Self-identify specific accommodations needed in a timely manner;
- Provide, in advance, a reasonable amount of time for a requested accommodation;
- Provide current documentation of a disability from an appropriately certified or licensed professional;
- Request in a timely manner specific accommodations that are appropriate to the documented disability;
- Maintain reasonable contact with the Center of Learning;
- Follow procedures outlined by the Student Disability Services' Office.

STUDENT ELECTIONS

For a student to qualify as a candidate for all elections, Mr. and Miss MDCC, and Homecoming Court, he or she must meet the following criteria:

1. Must be a full-time student (**Homecoming and Mr. & Miss MDCC**)
2. Must have a petition signed by 20 currently enrolled MDCC students (**Homecoming and Mr. & Miss MDCC**)
3. Must have an overall 2.0 GPA at MDCC (**Homecoming Court**)
4. Mr. & Miss MDCC must have a 3.0 GPA.

In order to vote in student elections, a student must show his/her ID.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association exists for the sole purpose of serving the student community. It is the political voice and liaison for the student body. The College recognizes the need and worthwhile contribution of student input in all facets of the College decision-making processes. The Student Government Association has long been active in this regard and has worked for the betterment of student life and academic quality. The student body participates in the development and management of a well-rounded program of student activities by electing the Student Government Association officers and Student Senators.
(662) 246-6442

USE OF FACILITIES

College facilities exist for the primary purpose of serving a planned and scheduled program of educational activity. At times when not required by the regularly planned educational program and with prior approval of the responsible head of the college unit or group concerned, college facilities may be made available for extracurricular use to departments and other organizational units of the College, to organizations composed exclusively of faculty and staff, to organizations which exist solely for the benefit of the College, and to recognized student organizations.

Ordinarily college facilities will not be made available to outside organizations for their own purposes. However, when a facility is not in use for a regularly scheduled activity nor for an extracurricular use by a college organization, the President may approve the use of facility by an outside organization. A schedule of rental fees for use of facilities by outside organizations can be found in the MDCC Policies and Procedures Manual.

Outside organizations should contact the Office of Public Relations and the Office of Special Events concerning scheduling.

USE OF BULLETIN BOARDS

Organizational signs, brochures, etc. cannot be attached to walls, windows, or doors. Bulletin boards and other areas designated by the office of the Vice President of Student Services may be used to display materials. All items to be displayed on the bulletin boards must be approved by the Vice President of Student Services' Office.

VETERANS AFFAIRS

Mississippi Delta Community College is an approved institution for providing educational training for veterans and GI Bill students. The Veterans Affairs' Office is housed in the Office of Admissions that is located in the Boggs Scroggins Student Services Building on the main campus in Moorhead, Mississippi. Phone: (662) 246-6305

WHO'S WHO BEAUTY REVUE

Each year the Student Association and The *Retrospect* sponsor the Who's Who Beauty Revue. As many as 10 women may be selected as Beauties, with one being "Most Beautiful", during this revue. The winners in the revue will be selected by a diverse group of judges outside the MDCC faculty/staff.

In order to be eligible to participate in the revue, students must meet the following criteria:

1. A sophomore candidate must be completing three semesters of college work as a full-time student, working toward a minimum of 42 semester hours of college credit, and have a minimum of 2.0 GPA.
2. A freshman candidate must have earned or be in the process of earning a minimum of 12 semester hours college credit during his/her first semester in college.
3. All participants must be enrolled as full-time students during the semester in which the revue is held.
4. Any student on disciplinary probation is not eligible.

CLUBS/ORGANIZATIONS

CHEERLEADERS serve as boosters of campus school spirit, and as leaders for pep rallies and cheering squads. Regulations governing eligibility, nomination, and elections of members of this group are listed below:

Cheerleader Selection

Cheerleader selections are made during the spring semester each year. Freshman cheerleaders are selected from area high school senior classes, and sophomore cheerleaders are elected from the college freshman class. Full scholarships that cover tuition and room/board are awarded to students who are selected.

Cheerleaders will be chosen by a panel of judges.

The Vice President of Student Services is assisted by the cheerleader sponsor and will be responsible for organizing and supervising the cheerleader selection process.

CHORAL ORGANIZATIONS

The **Ambassadors Show Choir** is a high energy performing group that serves as a public relations and recruiting medium for the College. Students are selected on the basis of a vocal and dance audition. Auditions are held several times each year. Students selected receive one hour of credit and a full scholarship, which covers the cost of tuition and room/board. The Ambassadors sing and dance to all types of music such as pop, country, patriotic, and Broadway musicals. The group performs for MDCC campus functions, statewide conventions, banquets and conferences, and schools in the district, and presents several performances during the year.

The **MDCC Singers Concert Choir** offers an opportunity to all students interested in choral singing. The choir, which performs traditional choral music, is open to anyone.

No audition is required. The members of the Ambassadors Show Choir and vocal music majors are required to participate in the MDCC Singers. The choir presents concerts during the year.

DELTA DANCERS is a dance troupe that performs with the MDCC Marching Band at football games during the fall semester. This group also performs at MDCC basketball games, college assembly programs, clubs, and community events. All types of dances are taught including jazz, hip hop, high kick, pom, and modern. Dancers receive one hour of credit for this group. Full scholarships that cover tuition and room/board are awarded to students who are selected. Selection of students to participate is usually held during spring semester.

DELTA DELEGATION is a public relations/recruitment team which promotes and develops leadership skills. Team members assist the College by giving campus tours and recruiting at high school and college functions.

Delta Delegation team members are chosen through an interview process and may be students from both the academic and career-technical areas. Delta Delegation team members may receive a scholarship, one hour non-academic credit per semester, and a jacket.

INSTRUMENTAL ORGANIZATIONS

Scholarships are available to those students who have participated in high school bands and who meet the entrance requirements set up by the Director of Bands.

The **MDCC Trojan Marching Band**, known as “The Spirit of the Delta” stresses pride, leadership, and excellence in the field of instrumental music. The “Spirit” Color Guard and the Delta Dancers are an integral part of “The Spirit of the Delta.” Auditions for Delta Dancers, Drum Major, and Color Guard are held during the spring semester.

The **Ambassadors Band** is a small ensemble composed of trombones, trumpets, saxophones, drums, and guitars, and provides accompaniment for and travels with the Ambassadors Show Choir. Members are selected at the beginning of the fall semester and are chosen on the basis of talent, musical background, and ability to perform several different styles of music. Students receive one hour of credit for their participation.

The **Concert Band**, the **Jazz Band**, and other smaller ensembles perform throughout the district during the year. The purpose of these organizations is to enhance the musical knowledge of band members, contribute to the cultural development of the college community, and promote a positive image of Mississippi Delta Community College.

The **MISSISSIPPI ORGANIZATION FOR ASSOCIATE DEGREE NURSING STUDENT ASSOCIATION** is an organization whose purpose is to aid in the preparation of student

nurses for the assumption of professional responsibilities in organization work and leadership.

PHI BETA LAMBDA (PBL) is an association for any academic or career-technical student majoring in a business related program of study to encourage interest and foster networking relationships in the field of business.

SKILLS USA is open to any Career Technical Education student.

EMERGENCY PLANS
Quick Reference

INTRODUCTION

This plan was developed to help provide protection for the students, faculty, and staff of Mississippi Delta Community College.

Please read this plan. All college personnel should be prepared to take proper action should an emergency of any type occur. Familiarize yourself with the categories.

AUTOMOBILE ACCIDENT

If you are involved in or witness an automobile accident on Campus, you should call Campus Police 662-246-6470.

A full report should be given to the Vice President of Student Services and the Campus Police Department by the person witnessing the accident.

BOMB THREAT – DO NOT TREAT BOMB THREATS AS A JOKE

Call Immediately: Campus Police Department (662-246-8011 or 662-246-6470) and the Vice President of Student Services, (662-246-6442, 6443, or 6444). Action to be taken will be as directed by the Vice President of Student Services or a designated representative.

Evacuate the Building: Everybody must leave the building immediately. All personnel, when evacuated, will be moved to their respective evacuation area. Call the Campus Police Office (662-246-8011 or 662-246-6470) or the Vice President of Student Services Office (662-246-6442) to report the bomb threat.

LETA Barracks	Open lot behind Faculty Row
Edwards-Stonestreet Men’s Residence Hall	Soccer Field
New Women’s Residence Hall	Jim Randall Football Stadium

Vandiver Student Union	Open lot behind Faculty Row

Stay in a Safe Area until the building is declared safe by authorities; stay out of the facility. Count heads to see that everyone in your area is out of the building.

CIVIL DISTURBANCE

A civil disturbance is any set of circumstances that in the judgment of the administration would cause a disruption of normal college activities and would potentially jeopardize the safety of students, faculty, or staff.

Call Campus Police (662-246-8011 or 662-246-6470) or the Vice President of Student Services (662-246-6442) to report these incidents.

CRISIS RESPONSE TEAM

A safety committee composed of the Vice President of Student Services and other college personnel meet during the school year to review the safety and emergency procedures of the College. The committee welcomes comments and suggestions from the faculty, staff, and administration in making the College a safer environment. A responsibility of the committee will be to review any accidents that occur on campus and determine if the accident could have been prevented and if proper emergency procedures were followed.

HAZARDOUS WEATHER

When the weather conditions are severe enough to warrant limited activities at Mississippi Delta Community College, students and employees will be advised by the MDCC Text messaging services, the MDCC website, or listening to their local radio and TV stations (Greenwood, Greenville, and Cleveland). For additional information, call the Office of Public Relations (662-246-6273).

SERIOUS INJURY OR ILLNESS

Report the injury/illness to the Vice President of Student Services Office (662-246-6442) or the Campus Police Emergency Line (662-246-8011).

1. The Vice President of Student Services or his designated representative will call for emergency medical services and/or transportation to local health care facilities.
2. In case of injury or illness, the Vice President of Student Services will notify the involved person's family.
3. All safety precautions should be enforced and injured persons should not be moved until they have been checked.
4. A full report should be given to the Vice President of Student Services by the person administering aid to the victim.

SMOKE/FIRE

When smoke or fire is discovered in any building on campus, take the following steps immediately:

1. **Warn others:** Identify others in the building that are not familiar with the evacuation procedures.
2. **Call the Campus Police Emergency Line (662-246-8011).**
3. **Evacuate the Building.** Supervise students and others and proceed to the designated area for your respective building.
4. **Stay Clear.** Building Coordinators and instructors will make sure occupants are evacuated to their respective areas.
5. **Count Heads.** Each instructor or department head will make sure all his/her students/employees are out of the building and notify Campus Police if someone is missing.
6. **Keep Access Roads Open.** College personnel will make sure that access roads are kept open for emergency vehicles.
7. **Use Fire Extinguishers.** Attempt to put the fire out. Know the location of and how to operate fire extinguishers in your building.
8. **Stay in a Safe Area.** No one, absolutely no one, will be allowed to go back into the building for any reason until the fire department officials declare the area safe.

TORNADOES

A siren will sound if a tornado warning is given for the immediate vicinity. One long blast of

15-30 seconds means a tornado is in the area.

All persons in the building will be alerted as to the emergency situation by Text Alert, telephone, police radio, and word of mouth. All college personnel (faculty, staff, and students) should go immediately to the designated areas for their respective building.

In each building, contact people have been identified. They will be notified when warnings are issued. Please follow their instructions.

PHYSICAL PLANT (BUILDING PROBLEMS)

Contact Numbers:

Physical Plant:	Daytime: 662-246-6441
	After-hours/ or Emergency: 662-207-0194
Campus Police:	Daytime: 662-246-6470
	After hours/ or Emergency: 662-246-8011

Electrical/Light Fixture

Call the Physical Plant or Campus Police.

Gas Leaks

Stop all operations. Leave the building. Do not touch light switches or use any electrical equipment, including cell phones. **This will cause an explosion.** Exit the building and call the Physical Plant, Campus Police, or the Vice President for Student Services.

Plumbing Failure/Flooding

Stop using electrical equipment immediately. Call the Physical Plant or Campus Police.

Ventilation Problems

If smoke or foul odors come from the ventilation system, immediately notify the Physical Plant and Campus Police.

Weekends/Nights

Emergency services can be reached by calling the after-hours number listed above for the Physical Plant or Campus Police.

RIGHTS AND RESPONSIBILITIES

Mississippi Delta Community College recognizes that there are certain indisputable rights and responsibilities of students. These rights are as follows:

1. The right of admission and access to educational programs offered by MDCC for which the student is qualified.
2. The right to participate in student organizations approved by MDCC for educational, political, social, religious, or cultural purposes.
3. The right to have a voice concerning college rules, regulations, and policies through participation in approved student organizations and campus committees.
4. The right to freedom of inquiry, freedom of thought, and freedom of expression.
5. The right to search for truth and knowledge without abridging a searcher's right to reveal his/her findings.
6. The right to pursue legitimate activities without interference, intimidation, coercion, or disruption.
7. The right to expect the rights and freedoms guaranteed under the Constitution of the United States.
8. The right to the preservation of academic freedom without any effort or attempt by any individual, group, or organization to limit these freedoms by disrupting the legitimate activities of the College.
9. The right to open communications for all concerns, issues, and grievances to be pursued openly and thoroughly through college policies and procedures; therefore, coercive negotiation is not acceptable, for it is in basic conflict with the openness of academic freedom.

MDCC recognizes that students have certain responsibilities that accompany the rights listed above:

1. The responsibility to be familiar with the *MDCC College Catalog/Student Handbook* and other published college rules, regulations, and policies in order to maximize educational experiences at MDCC.
2. The responsibility to recognize the College's authority, abide by the code of conduct, maintain honesty, respect the rights of others, value private and public property, and

assume the consequences of one's own actions.

3. The responsibility to attend class regularly and successfully meet the expectations set by classroom instructors.
4. The responsibility to meet financial obligations and deadlines.
5. The responsibility to see that personal dress will not disrupt the educational or social environment.

The College has defined a disruptive activity as any action by an individual, group, or organization to impede, interrupt, interfere with, or disturb the holding of classes, the conduct of college business, or the authorized scheduled events and activities of any and all segments of the College.

If, notwithstanding efforts to maintain freedoms essential to the academic community, disruptive activities occur the following action outlined under code of conduct will be initiated. The provisions of this policy are in addition to those of civil law.

CODE OF CONDUCT

One of the objectives of MDCC is to develop self-reliance and to form desirable and acceptable habits of conduct. All students will be expected to be truthful, to respect the rights of others, and to have regard for the preservation of state and college property as well as the private property of others. At the time of registration each student signs a pledge to conform to established policies of the college and additional ones which may be deemed essential by the Administration and the Student Government Association.

Some acts of misconduct are unacceptable and subject to disciplinary action listed below. Those apprehended and proven responsible of violating these regulations may receive a maximum penalty of dismissal from the College. It is the student's responsibility to read and know the following regulations.

1. Students are required to tell the truth in all forms of written and verbal communication with the College.
2. Cheating or knowingly furnishing false information to the College to include plagiarism.
3. The use and/or possession of illegal drugs or narcotics will result in the automatic suspension from the residence hall and other disciplinary actions.
4. Theft and vandalism, destroying, damaging, or defacing college property, to include the property of any member of the college community.
5. Hazing: in any form by clubs, individuals, or groups.

6. Financial Irregularities: Giving bad checks, failure to pay bills.
7. Riotous Conduct: Participation in riot, mob, or unapproved demonstration in residence halls, on or off campus.
8. Traffic: Violation of parking, speeding, reckless driving, running stop signs, and other college traffic regulations.
9. Identification: Failure or refusal to present ID card upon request to any official of the College.
10. Fires: Setting of, or adding to, unauthorized fires on college property.
11. Official Announcements/Use of Bulletin Boards: Students will be held responsible for reading of official announcements placed on bulletin boards in each building on campus daily. Any persons wanting to place announcements on campus bulletin boards must get prior approval from the Vice President of Student Services Office.
12. Fishing and Swimming in the Campus Lake: Students are allowed to fish in the Trojan lake but swimming and boating are strictly prohibited. Riding horses on campus is prohibited except by special permission.
13. Penalties or Assessments: Any penalties or assessments levied by the administration or a governing committee must be cleared before any school record of the person concerned will be transferred or released.
14. Social Behavior: Any type of social behavior exhibited by a student on the campus or while under the jurisdiction of the school which projects a negative image upon the school will incur disciplinary action. Sexual interaction is not allowed on campus.
15. Excessive Noise: Excessive noise and/or boisterous conduct which disrupts students, faculty, or residents who may be studying or resting is prohibited. Portable sound systems are not allowed on the campus except in the student's room in the residence hall.
16. State and Federal Laws: Any other conduct which constitutes a violation of state or Federal laws.
17. All students are expected to be reasonably cooperative and to follow specific directions when given by college staff members.
18. Disruption: Any conduct by an individual in the classroom or group of individuals on campus, or near the campus that disrupts the learning process, or disturbs classes,

or disrupts authorized college activities is strictly prohibited. Boisterous or any type of horseplay that risks the safety of student, faculty, staff or visitors is strictly prohibited.

19. Students are expected to conduct themselves in a respectful manner and abide by all rules and regulations of the college. Note: No one has the right to **save a place in the food line**. Persons who break line will forfeit their dining privileges or be charged a fine.
20. Use of vulgar or profane language and/or physical or verbal abuse of any person, or the use of words, behaviors and/or actions which intentionally inflicts mental, physical or emotional distress on others, or disrupts the educational environment at MDCC is prohibited. This includes actions on social media.
21. Unauthorized Use of College Facilities: To include entry or exit and the use of residence halls for soliciting or conducting business.
22. Inciting others to violate written college policies.
23. Anyone found guilty of tampering with electrical systems or fire prevention systems or equipment.
24. Students are responsible for their guests on campus. Guests and visitors must observe all college regulations.
25. Students may not loan their ID cards to any other person for use at any time.
26. Any student charged with or convicted of a violation of law, or college regulation injurious to the health and welfare of the college community shall be subject to immediate administrative suspension, with or without prejudice, depending upon the nature and the circumstances of the case, by the President of the College or his delegate.
27. The conviction of a student for a criminal offense of any kind which interferes with the orderly educational operation of the College or of a kind, if the student were allowed to remain enrolled, would endanger the health, safety, or property of the members of the college community shall be sufficient grounds for administrative disciplinary action against such student.
28. Gambling in any form is prohibited.
29. Students are not allowed to bring pets on campus without special permission from the Vice President of Student Services' office.

30. Reproduction of keys to any MDCC locks is prohibited.
31. Students are not allowed to bring children to school.
32. MDCC reserves the right to search any residence hall room or vehicle for the welfare and safety of people, the protection of property, and the possible violation of law or college rules wherever there is reasonable cause, the Vice President of Student Services or other authorized college officials may search a vehicle. The student will be present when possible; however, in all cases a witness will be present.

DISMISSAL

A student can be dismissed from school for failure to comply with school regulations concerning conduct. If a student is dismissed for a disciplinary reason, he/she shall not be permitted on the MDCC campus during his/her period of suspension from college.

TRAFFIC AND PARKING REGULATIONS

Students and staff who wish to operate any type of motor vehicle on the MDCC campus must register the vehicle with the Campus Police Office. When the vehicle is registered, a parking permit will be purchased by the student. This parking permit allows students to park in any DESIGNATED parking space on campus that is not reserved for faculty, or restricted (yellow curb). **Fees for parking permits must be paid in cash or by check. Once the fee has been paid, the student or employee will receive a parking decal along with instructions for placement of the decal on the vehicle. Note: Institutional Aid does not cover the cost to register a vehicle on campus.**

The following rules apply to parking:

1. All vehicles must be parked in a designated area
2. All white-striped parking areas — reserved for faculty and staff only
3. All disabled parking – reserved for disabled persons
4. Any other areas restricted which may be marked off with orange cones, yellow lines or curbs, or barricades, and all other “no parking” areas
5. Yellow lines – designated for all other students

Penalties will also be assessed for the violations of the following rules:

1. The school zone speed is 20 miles per hour
2. No persons will be permitted to ride on the outside of vehicle fenders, bumpers, hoods, or hanging out of windows, etc.
3. The administration reserves the right to restrict the use in part or entirely of any

car which endangers the welfare of an individual or the school.

4. Bicycles may not be operated on sidewalks. Bikes must have lights or reflective tape affixed to them if operated after dark.
5. Three-wheelers, four-wheelers, dirt bikes, and hover-boards are not allowed on campus. All motorcycle riders must wear a helmet.

**Penalties will be assessed
for the Following Violations
(Fees are subject to
change)**

Backing into a parking space	\$20.00
Blocking driveway.....	\$25.00
Disabled parking space	\$50.00
Double parking or blocking vehicle.....	\$25.00
Excessive noise, to include radios, horn blowing, loud music	\$25.00
Improper decal placement	\$20.00
Improper lane usage.....	\$20.00
Improper muffler	\$25.00
Littering	\$25.00
No campus permit	\$20.00
No parking zone.....	\$20.00
Parking in faculty space	\$20.00
Parking in the opposite direction	\$20.00
Parking on the grass	\$25.00
Reckless driving	\$50.00
Speeding	\$25.00
Stop sign violation	\$20.00
Yellow line or curb	\$20.00

- Students may receive multiple tickets in the course of a day.
- \$10.00 fee for incident, accident, and offense reports.

Note: Please allow a minimum of seven days after the incident to pick up an incident report.

Tow Away Policy

Students who fail to register their vehicles by refusing to display a decal or who repeat parking violations are subject to having their vehicles towed away. The students must pay the tow away fee. MDCC reserves the right to further regulate the use of motor vehicles by students or employees who refuse to abide by the parking and traffic regulations.

ASSEMBLY AND ASSOCIATED ARRANGEMENTS

For rights of assembly and associated arrangements, the office of the Vice President of Student Services, the office of Public Relations, and the office of Special Events must be contacted ten days in advance to request permission for such activities so that no interference with campus order occurs.

Only currently enrolled students, faculty members, and/or recognized student organizations may organize or participate in demonstrations on the campus. Demonstrations which become disruptive or set an atmosphere which invites or leads to disruption; which interfere with the rights of other members of the academic community; or which result in physical harm to persons, damage to individual or college property, or attempted or actual unauthorized entrance of college buildings are expressly prohibited.

Students who organize, encourage, and participate in demonstrations which disrupt and interfere with campus order and access are subject to regular disciplinary action which may result in expulsion.

CAMPUS SOLICITATION

- A. Private businesses may not solicit business on college premises. Exceptions to the solicitation policy will be made by the office of the Vice President of Student Services only when the student organization has requested a particular service and when such service is directly relevant to the purposes of that organization.
- B. Recognized student organizations may solicit membership and dues at meetings. Money may not be raised for projects not directly connected with a college activity and not approved by the Vice President of Student Services' office.
- C. Recognized student organizations may engage in fund raising activities with the approval of the Vice President of Student Services and under the following conditions:
 - 1. That such activities do not conflict with the educational purposes of the college.
 - 2. That no door-to-door solicitation in college residence halls is involved.
 - 3. That no disruption of traffic, either vehicular or pedestrian, is involved.
 - 4. That funds derived from such activity must be used for purposes consistent with the goals of the organization.
 - 5. A financial report, certified by the organization advisor, must be submitted in writing to the Vice President of Student Services and the Vice President of Business Services within two weeks of the event.

FREE SPEECH

The area of the main campus near the Little Bell Tower is designated as the college's free speech area. No PA systems are permitted and the area may be used only during daylight hours. Any individual or organization utilizing the free speech area must request to use the space through the Vice President of Student Services' Office located in the Vandiver Student Union.

OFF-CAMPUS SPEAKERS

The freedoms of speech and assembly guaranteed by the first and fourteenth amendments to the United States Constitution shall be enjoyed by the students and faculty and staff of MDCC. Free discussion of subjects of controversial nature shall not be curtailed.

However, as there is no absolute right to assemble or to make or hear a speech at any time or place regardless of the circumstances, content of speech, purpose of assembly, or probable consequences of such meeting of speech, the issuance of invitations to outside speakers shall be limited in the following particulars, but only in the manner set forth herein:

1. A request to invite an outside speaker will be considered only when made by a member of an organized student or faculty group recognized by the President of the College.
2. No invitation by an organized group shall be issued to an outside speaker without prior written concurrence by the appropriate administrator and the President of the institution, or such person or committee as may be designated by him/her (hereafter referred to as his/her authorized designee), for scheduling of speaker dates and assignment of campus facilities;
3. Any speaker request shall be made in writing by an officer of the student or faculty organization desiring to sponsor the proposed speaker no later than ten calendar days prior to the date of the proposed speaking engagement. This request shall contain the name of the sponsoring organization, the proposed date, time, and location of the meeting, the expected size of the audience, and topic of speech. Any request not acted upon by the head of the institution or his/her authorized designee within four business days after submission shall be deemed granted.
4. A request made by a recognized organization may be denied only if the head of the institution, or his/her authorized designee, determines, after proper inquiry, that the proposed speech will constitute a clear and present danger to the institution's orderly operation by the speaker's advocacy of such action as:
 - a. The violent overthrow of the government of the United States, the State of Mississippi, or any political subdivision thereof; or
 - b. The willful damage or destruction, or seizure and subversion, of the institution's buildings or on the property; or
 - c. The forcible disruption or impairment of, or interference with, the institution's regularly scheduled classes or other educational functions; or
 - d. The physical harm, coercion, intimidation, or other invasion of lawful rights, of the institution's officials, faculty members or students; or
 - e. Other campus disorder of a violent nature.

In determining the existence of a clear and present danger, the head of the institution, or his/her authorized designee, may consider all relevant factors, including whether such speaker has, within the past five years, incited violence resulting in the destruction of property at any state educational institution or has willfully caused the forcible disruption of regularly scheduled classes or other educational functions at any such institution.

HOUSING

The college residence halls provide living quarters for men and women. All rooms are furnished; however, each student is responsible for his/her personal bed linens, towels, pillows, toiletries, and other needed items. ***MDCC is not liable for any loss of possessions due to fire or natural disaster.***

Residential room housing assignments are administered as follows:

1. The priority assignments will be made to those students who provide special service to the institution which makes it imperative that they live on campus (i.e., athletes, performance groups, and leadership organization members).
2. The next assignments generally will be extracted from students who live in our supporting counties. However, consideration will be given to those individuals who are considered out-of-district and out-of-state students with compelling circumstances, e.g., residents who are enrolled in a special program such as nursing, radiology, or dental hygiene.
3. Any remaining space will be assigned to students according to the dates on their housing applications.

Residence hall room assignment confirmations are generally made by the Vice President of Student Services in May for those entering during the fall semester. Other housing accommodations are made as rooms become available.

All housing applications must be accompanied by a \$75.00 non-refundable room reservation fee. All rooms are furnished to accommodate three occupants.

The occupants of each room will be held liable for any damage to the room and furnishings. Any assessment made for damage must be paid before a transcript of grades can be issued. Part-time students (less than 12 hours) may not live in on-campus housing.

All room changes must be approved by the Assistant to the Vice President of Student Services. A student who makes an unauthorized room change will be subject to a monetary fine.

The college reserves the right to inspect rooms and to move any student to another assignment for reasons of, but not limited to, conflict amongst roommates, space management, and maintenance work.

Any student living in the residence hall who leaves overnight or for an extended period of time must notify his/her parents or the Residence Hall Director.

When notifying the Residence Hall Director, you must do so in writing. Please let the Residence Hall Director know how to get in touch with you in case of an emergency. Students are encouraged to let roommates know where they are going whenever they leave the Residence Hall.

If a student notifies his/her parents, he/she is NOT required to notify any college staff member.

RESIDENCE HALL REGULATIONS

The Residence Hall represents a unique living facility, unlike any other. It is not a house, motel, barracks, or private apartment. It is a group living facility for single students designed for sleep and study. Most halls also provide space for social and creative activity.

- A. **Financial Responsibility:** The assigned occupants of a residence hall room are financially responsible for all property that is a part of that room. Residents will be checked in by the Residence Hall Director, checked out when they leave, and held accountable for any damage that occurs while living there. Admission to residence hall and room assignments are made by the Assistant to the Vice President of Student Services with consultation from the Residence Hall Director after a student pays a room reservation fee and semester fees to the Business Office.
- B. **Group-Living Considerations:** Group-living situations require that every individual conducts his/her affairs with consideration for others in mind. Reasonable quiet that is conducive to academic pursuits as well as allowing for sleep and relaxation must be observed at all times. Residents violating the rights of others or causing disruption in the group living situation may be referred to the Vice President of Student Services for appropriate action.
- C. **Room Assignments:** Rooms will be assigned by the Assistant to the Vice President of Student Services with consultation from the Residence Hall Director. Roommate requests will be honored if space permits. The Residential Hall Director may change room assignments of students if vacant spaces exist or behavior of individual students makes it necessary.
- D. **Limitations:** Residents may not have electrical appliances with heating elements.

- No cooking is permitted in the rooms. Electric irons and hair dryers are permitted.
- E. Decorations: Room decorations such as pictures, pennants, and calendars may be posted only in such manner as to avoid damage to walls, doors, etc. Any damage resulting from improper posting will be assessed to the residents. Display of lewd or obscene pictures is prohibited.
 - F. Vacation Periods: Room charges will not cover any college holiday period. Occupants may not leave items in their rooms during summer vacation.
 - G. Inspection: The College reserves the right to inspect any room at any time in the absence of a student. Pets of all kinds and types are prohibited and cannot be kept in the residence.
 - H. Damages: Willful destruction or damaging of college, public, or private property, such as tampering with lighting or electrical equipment, vending machines, telephones, doors, windows, etc., and unnecessary noises or “horseplay” are prohibited. All musical instruments must be played in the Band Hall only.
 - I. Unauthorized Moving: Written permission must be obtained by the student from the Residence Hall Director for room changes. A \$50 fee will be assessed if a student fails to check out in person with the Residence Hall Director.
 - J. Lobbies: All residence hall lobbies will be closed at 10:00 p.m. and locked at 2:00 a.m. and unlocked no earlier than 6:00 a.m.
 - K. Visitors: Members of the opposite sex are not allowed in any of the corridors or bedrooms unless special permission has been obtained from the Residence Hall Director.
 - L. No visitors are allowed between 10:00 p.m. and 1:00 p.m. unless they have special permission from the Residence Hall Director or the Vice President of Student Services.
 - M. Overnight House Guests: Students may have overnight house guests of the same sex when written permission is granted by the Vice President of Student Services, all roommates have approved, and a bed is available. Overnight house guests must be 18 years of age or older. Guests are expected to observe the same regulations as student residents. The guests’ host will be held responsible for any infringement of regulations.
 - N. Residence Hall Director: The person in charge of the Residence Hall is the Hall

Director. The Hall Director will enforce all rules and regulations and report offenders to the Vice President of Student Services.

- O. Resident students living on campus must report any unannounced or unauthorized visitors to the Campus Police or the Resident Hall Director.
- P. Mail: Mail is picked up each day in the Administration Building. Stamped letters may be put in the mail box in the Administration Building. Do not place money in a letter to be mailed. Mail boxes may be rented by students at the local post office in Moorhead. Incoming mail should be addressed to MDCC, the name of the student, name of the Residence Hall and Room Number, P. O. Box 668, Moorhead, Mississippi 38761.
- Q. Safety: Admission to the Residence Hall after 2:00 a.m. may be accomplished by presenting current ID to MDCC Police Officer on duty. The Campus Police Department will keep a current list of residents for late admission to Residence Hall. Keep room locked at all times when not in the room. Students are responsible for keeping up with possessions.
- R. Loitering: Loitering around Residence Hall by non-residents will not be permitted. Persons not residing in the resident hall are not to be in or around the building.
- S. Telephones: Individual telephones may be installed in the student's room. Students are to contact the telephone company for installation.
- T. Laundry: Coin-operated washing machines and dryers are located in each residence hall for student use.
- U. Accidents and Illness: Residents should contact the Residential Hall Director if they become ill or have an accident. The Residential Hall Director will secure medical attention if necessary. Parents will be notified if hospitalization is necessary or confinement to bed rest is required. Students are requested to remain at home during time of confinement as the family doctor is more familiar with past medical history and contagious viruses spread rapidly in group-living situations.
- V. Counseling: Each Residence Hall Director is on call 24 hours a day concerning personal difficulties that may arise. Information and referral to the counseling center will be used if a situation dictates.
- W. Hours: Students living in the Residence Hall will have self-regulating hours with supervision. The lobby of each Residence Hall will be locked at 10 p.m. each night. Students on campus must be in their rooms by 11 p.m. Students who come in

after 11 p.m. should go directly to their respective Residence Hall. Students will be expected to come in no later than 2 a.m. The MDCC campus is closed between 2 a.m. and 6 a.m. After 10 p.m. each evening non-students will not be permitted on campus.

- X. MDCC Police Department may stop all vehicles entering campus between 10 p.m. and 6 a.m. The South Entrance to campus should be used after 10 p.m. each evening.
- Y. Residency: Any person who has a conviction on a drug-related charge, or, one who is awaiting final disposition of his/her case on a drug related charge which may take longer than ten days, or who has been indicted on a drug-related charge will not be eligible to live on campus.
- Z. Meal Plan: All students living in the Residence Hall must purchase a meal plan.
- AA. Students are not to tamper with fire extinguishers and alarm systems. Any student who violates this directive will be dismissed from the residence hall.

ACADEMIC REQUIREMENTS FOR RESIDENTIAL STUDENTS

Residential students must maintain 12 hours of on-campus classes and a 1.75 cumulative grade point average each semester to live in the Residence Hall. NOTE: Online courses will not be counted in the 12 hour minimum. Those who fail to meet this requirement will be placed on academic probation by the Vice President of Student Services Office. Note: Failure to comply will result in forfeiture of one's room assignment.

RESIDENCE HALL REGULATIONS FOR COMMUTING STUDENTS

Commuting and visiting students may visit the Residence Hall if they receive permission from the Residence Hall Director and are accompanied by a residential student. All visitors must abide by the rules and regulations of the Residence Hall. Visitation hours are 1:00 p.m. to 10:00 p.m.

Visitors are not allowed in the Residence Hall before 1:00 p.m. or after 10 p.m. without permission from the Residential Hall Director.

DISCIPLINARY PROCESS FOR STUDENTS

The Vice President of Student Services is assisted in the disciplinary determination by a series of committees, which hear cases assigned to them. (See Appendix for list of committees and definitions)

Types of Judicial Cases

Violations of the college rules, regulations, and policies are considered either minor cases or major cases based on the nature and severity of the incidents.

- **Minor Cases**

Minor cases involve violations of college policies that do not justify expulsion, suspension, or disciplinary warning. Some examples of minor cases may include, but are not limited to, visitation violations; minor alcohol policy violations; violation of residence hall community standards; excessive noise or quiet hour violations; damage to property; and petty theft.

- **Major Cases**

Major cases involve violations of college rules, regulations, or policies that, at the discretion of the Vice President of Student Services or his/her designee, justify the imposition of a sanction of expulsion or suspension. A faculty/staff hearing committee or an administrative hearing officer hears these cases. Some examples of major cases may include, but are not limited to, violation of rules, regulations, or policies; behavior potentially harmful to other people (including assault, harassment, or the use of fireworks); conduct which leads to the embarrassment of or indignities to other persons; vandalism to property; possession of firearms; major theft; multiple or repeated violation of college policies; major alcohol violations; and possession or sale of illegal substances.

Off-Campus Misconduct

In general, the College does not take disciplinary action for off-campus misconduct when court action is pending or has taken place. However, the College reserves the right to take action in such instances when the misconduct constitutes a violation of the College community. In such cases, the College may initiate action whether or not legal action has been taken.

On-Campus Misconduct and the Law

Normally, on-campus misconduct by students will result in disciplinary action being taken on campus. On some occasions, however, the College may call on external law enforcement authorities to assist, as appropriate, in the investigation of alleged on-campus criminal activity. Specifically, actions which cause or threaten serious harm to members of the campus community or that severely impair the essential functions of the College may require the institution to call upon off-campus authorities. On such occasions, only the Vice President of Student Services will summon outside authorities. Students should recognize that the College is obliged to report to off-campus authorities the commission of any act that is considered a serious crime.

Overview of the Judicial Process

An appropriate college official will first investigate an alleged violation of college rules, regulations, and policies. This involves meeting with individuals involved in the situation and

examining the circumstances of the case. The student in question will receive a written description of the alleged violation of rules, regulations, or policies; evidence regarding the alleged violation; and information regarding the judicial process. Customarily, pending action taken by the College, the student has a right to be present on the campus or attend classes. The Vice President of Student Services reserves the right to remove a student from the campus or college residence prior to a formal hearing if there are concerns for the student's emotional or physical welfare or for the well-being of the college community. On occasions when such action is necessary, a hearing will be held as soon as possible.

Responsible Pleas

If the student in question accepts responsibility in a minor case, the administrative hearing officer determines sanction for the violation. If the student in question accepts responsibility in a major case, the faculty/staff hearing committee hears and determines appropriate sanction.

By accepting responsibility, the student in question waives his/her right to an appeal or any procedural matters. However, students may appeal based on the severity of sanctions.

Hearing Procedures

All non-academic discipline hearings shall be informal and strict rules of evidence shall not apply. A hearing committee shall not be bound by common law or by statutory rules of evidence or by technical or formal rules of procedure, but may conduct such hearings in such a manner as best to ascertain the truth. Hearsay evidence, if admitted, shall not be the sole basis for the determination of facts by a hearing committee.

The student(s) in question shall be notified, in writing, of the alleged charge(s) and of the date, time, and place of the hearing. Every effort will be made to schedule a hearing within (5) working days after an incident occurs (unless a shorter notification period is acceptable by the student); however, factors such as holiday breaks, end of academic term, on-going investigation, etc., may prevent the College from meeting this guideline. Notice of the hearing will be mailed or delivered to the student(s) three (3) days prior to the hearing unless a shorter notification period is acceptable by the student. The student in question and the complainant have the right to:

1. Be present at the hearing. However, if either or both the student in question and complainant fail to appear at the hearing after being properly notified, the hearing may be held in their absence and a decision rendered accordingly, based on evidence presented.
2. Present evidence by witness, or by signed written statement if a witness is unable to attend the hearing. It is the responsibility of the student in question and the complainant to notify their witnesses of the date, time, and place of the hearing. If witnesses fail to appear, the hearing may be held in their absence.

3. Bring an advisor of his/her choice to the hearing provided notice is given at least one day prior to the hearing; however, the advisor may not make any presentation and shall act in an advisory capacity only.
4. Be informed of the disciplinary outcome.

A record of the hearing shall be electronically recorded in a manner suitable for later transcription.

Disciplinary hearings are closed.

Appeals

An appeals committee will hear appeals of decisions from a faculty/staff hearing committee at the recommendation of an appeals committee chair. Appeals will be considered based on the hearing transcript, written materials, and a meeting with the student in question and the chair of the appeals committee.

The chair hearing the appeal may take the following action:

- Deny the appeal;
- Accept the appeal, and recommend the appeal be heard by the full appeals committee

Appeals must be made in writing within five calendar days after a disciplinary decision is rendered. Appeal consideration is based on one or more of the following reasons:

- Deprivation of due process;
- Inadequate evidence to justify decision; or
- Sanction not in keeping with gravity of wrongdoing.

A disciplinary sanction does not go into effect until the appeal is completed, unless stipulated otherwise by the Vice-President of Student Services. Decisions by an appeals committee are conclusive and final.

Offenses Subject to Disciplinary Action

Any student or non-student who violates state, federal, or local laws or ordinances, or any college rules, regulations, or policies while on MDCC managed property or while representing the College may be subject to college disciplinary action. In addition, students or non-students found in violation of any of the items listed below may be subject to college disciplinary action. (The list below should not be seen as all-inclusive).

1. Any form of verbal or physical harassment, including but not limited to threatening, attempting, or committing physical harm to any person.
2. Disrupting the peace and good order of the College by other things such as fighting, quarreling, inciting to riot or other disruptive behavior.

3. Destruction or damage or attempted damage to personal or college property, including acts of arson or vandalism.
4. Theft, attempted theft, or possession of stolen personal or college property, including acts of larceny, burglary, breaking and entering, or robbery.
5. Forgery, alteration, unauthorized possession, or misuse of college documents, records, or instruments of identification.
6. Furnishing false information to the college.
7. Knowingly presenting a worthless check or forging a money order in payment to the college or to a member of the college community acting in an official capacity, or failure to make satisfactory arrangement for the settling of accounts with the college.
8. Any interference with functions or activities of the college and the educational programs by blocking accesses to or from college facilities.
9. Violation of visitation or closing hour regulations.
10. Failure to comply with the directions of college officials during emergencies, such as building evacuations(s).
11. False reporting of an emergency including, but not limited to, false fire alarms and bomb threats.
12. Possession, use or distribution of narcotics, hallucinogens, barbiturates, or amphetamines and other controlled substances defined by Mississippi statutes, except as expressly permitted by law.
13. Unauthorized possession, storage, use of weapons, firearms, knives and fireworks.
14. Any violation of college rules regarding the operation and/or parking of motor vehicles.
15. Engaging in sexual assault or harassment.
16. Violation of the computer use policy.
17. Aiding or abetting any conduct described above.

Range of Judicial Outcomes

The hearing officer or judicial body may impose one or more of the following sanctions for each policy violation.

- **Expulsion**

This is the permanent dismissal from the college with no possible future readmission to the college. A student who has been expelled is barred from visiting the campus.

- **Suspension**

This is mandatory separation from the college for a specified period of time up to two years. An application for readmission will be considered after the time period of the suspension has elapsed. Readmission is subject to stipulations by a faculty/staff hearing committee and the Vice President of Student Services. A student who has been suspended is barred from visiting the campus unless written permission is granted by the Vice President of Student Services.

- **Disciplinary Probation**

This is a sanction serving notice to a student that his/her behavior is in serious violation of college rules, regulations, or policies. The sanction is assigned for a time period of up to two years. A breach of rules, regulations, or policies by a student during the probationary period may result in suspension or expulsion from the college.

- **Disciplinary Warning**

This sanction serves as notice to a student that his/her behavior is in violation of college rules, regulations, or policies. The sanction is assigned for a time period of up to one year. A breach of college rules, regulations, or policies by a student during the specified time period may result in further action including disciplinary probation, suspension, or expulsion from the college.

- **Termination or Change in Residency Privileges**

This sanction terminates or changes a student's residency and is usually accompanied by other disciplinary sanctions determined by the hearing body.

- **Restriction or Revocation of Privileges**

Restriction or revocation of privileges is the temporary or permanent loss of privileges, including but not limited to use of a particular facility or service, visitation privileges, and parking privileges.

- **Fines**

Fines are penalty fees payable to the college as determined by the hearing body for violation of certain college policies. This definition does include administrative charges imposed by the college. Fines are to be paid by the student and are not covered by financial aid.

- **Restitution**

Restitution is payment made for damages or losses to the college or to individuals as directed by the hearing body.

- **Counseling Intervention**

When behavior indicates that counseling may be beneficial, the student may be referred to a college counselor or other mental health professional.

- **Other Appropriate Action**

Other sanctions not specifically described above must be approved by the Vice-President of Student Services.

NOTE: All violations of criminal laws of the State of Mississippi and the United States of America (State and or Federal) are subject to prosecution by the appropriate authorities. (See Appendix for violation code, description, and punishment)

Disciplinary Records

Notice of disciplinary action may be sent to update parent(s) of students who have been declared dependents on the parents' last federal income tax return. The final decision to send notification to parents will be made by the Vice President of Student Services. The Office of the Vice President of Student Services will maintain records of disciplinary action. The use of these records is governed by college policy concerning confidentiality of student records. In the event of a guilty verdict, a student's disciplinary records may be reviewed by a hearing body to determine appropriate sanctions.

STUDENT COMPLAINT PROCESS

MDCC is committed to creating and maintaining a community where students, faculty, administration, and staff can work together in an atmosphere of mutual respect, functioning in one accord, with institutional policies and procedures. A student may use the procedures outlined below for instructional and non-instructional complaints. Policies and procedures involving disciplinary proceedings, sexual harassment, and equal opportunity are outlined in other sections of this publication.

Instructional Complaint Process

The instructor has authority over all matters affecting conduct of classes, including the assignment of grades. If a student has a complaint about instructional activities or a grade, the student may submit a complaint in accordance with the following procedures:

1. Student must discuss complaint with faculty member involved.

If the matter is not resolved with the faculty member:

2. Student must meet with the division chairperson/program director and faculty member to discuss complaint.

If the matter is not resolved after meeting with the division chairperson/program director:

3. Student may submit a written appeal to the Vice President of Instruction within three (3) working days of meeting with the division chairperson/program director. Within five (5) working days after receipt of the written appeal, the Vice President of Instruction will render a written decision to the student or call a meeting of the Instructional Appeals Committee to hear and rule on the appeal. The Instructional Appeals Committee will hear from all parties involved and render an oral decision to the Vice President of Instruction. This decision will then be placed in written format to the student within five (5) working days after the hearing.

If the student is unsatisfied with the decision of the Vice President of Instruction or the Instructional Appeals Committee:

4. Student may submit a written appeal to the Executive Vice President within three (3) working days of the decision in step 3. The Executive Vice President will render a written decision to the student within five (5) working days. The decision of the Executive Vice President is final.

Non-Instructional Complaint Process

If a student has a complaint about a non-instructional matter involving student services or student life, the student may submit a complaint in accordance with the following procedures:

1. Student must discuss complaint with staff member involved.

If the matter is not resolved with the staff member:

2. Student must then meet with the department administrator and staff member to discuss complaint.

If the matter is not resolved after meeting with the department administrator:

3. Student may submit a written appeal to the Vice President of Student Services within three (3) working days of meeting with the department administrator. Within five (5) working days after receipt of the written appeal, the Vice President of Student Services will render a written decision to the student or call a meeting of a Complaint Committee to hear and rule on the appeal. The Complaint Committee will render a written decision to the student within five (5) working days after the hearing.

If the student is unsatisfied with the decision of the Vice President of Student Services or the Complaint Committee:

4. Student may submit a written appeal to the Executive Vice President within three (3)

working days of the decision in step 3. The Executive Vice President will render a written decision to the student within five (5) working days. The decision of the Executive Vice President is final.

A student has one academic year from the time of the alleged incident to file an instructional or non-instructional complaint.

The Office of Instruction and the Office of Student Services will each maintain a log which records all written complaints that have been received from students, along with documentation on how the complaint was addressed. These records will be retained and made available for accreditation and regulatory purposes.

POLICIES

Drug and Alcohol Policy

MDCC has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by its students and employees on school premises as part of its activities in compliance with the Drug-Free Schools and Communities Acts of 1989 Public Law 101-226.

In its commitment to maintaining a drug-free environment in conformity with state and federal laws as set forth in the Uniform Controlled Substances Law of the State of Mississippi the following policy has been established.

Policy Prohibiting Drugs and Alcohol

- a. MDCC strictly prohibits the unlawful possession, use, or distribution of illicit drugs, including drug paraphernalia, and alcohol on campus and during any college sponsored activities.

Students:

- b. The following is a list of minimum disciplinary actions that will be taken should a student choose to violate the drug and alcohol regulations on the MDCC campus:
- c. The illegal use and/or possession of illegal drugs will result in, but not limited to, automatic suspension from the residence halls, with a maximum possible penalty of suspension from the College.
- d. The use and/or possession of alcoholic beverages will result in
 1. 10 hours of supervised work
 2. \$200.00 fine
 3. mandatory counseling until the student is released from the counseling center

4. probation and/or possible suspension as a resident student with a maximum possible penalty of suspension from the college
- e. Illicit drugs are defined in Section 202 of the Controlled Substance Act; and the Mississippi Uniform Controlled Substance Law, Mississippi Code Supplement (1989). Alcoholic beverages are defined in Sections 41-29-139, 141, 61-1-37, 81, 97-29-7 of the Mississippi Code Annotated for 1972 (1989 Supplement).

As specified in Section 41-29 142, 41-29-139, 61-1-37, 61-1-81, 97-29-47 of the Mississippi Code Supplement, legal sanctions are applied to the following actions: possession of alcohol on college property; public drunk on college property; utilization of false ID to obtain alcohol; driving under the influence of alcohol; possession of illicit drugs, sale of illicit drugs near schools; possession of paraphernalia; and sale of paraphernalia. Sanctions range from fines of \$25 to \$1 million and jail sentences of 30 days in the county jail to 30 years in the state penitentiary.

Health Risks Associated With The Use Of Illicit Drugs And The Abuse Of Alcohol:

- Increased pulse and heart rate
- Increased blood pressure and temperature
- Chills, nausea, and irregular breathing
- Possible permanent genetic damage
- Heart irregularities, coma, even death
- Predictable cycles of “high,” energetic to tired, depressed, irritable “lows”
- Major organ damage to the: brain, lungs, liver, spleen and stomach
- Risk of AIDS and other infections from sharing needles
- Accidents and car crashes while under the influence
- Overdoses may be lethal

Explosives and Weapons – Mississippi Code 97-37-17

It shall be a misdemeanor for any person to possess or carry, whether openly or concealed, any BB gun, air rifle, air pistol, bowie knife, dirk, dagger, slingshot, leaded cane, switchblade knife, blackjack, metallic knuckles, razors, and any sharp-pointed or edged instrument. Any person violating this subsection shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than one thousand dollars (\$1,000.00), or be imprisoned not exceeding six (6) months, or both.

Guns Are Strictly Prohibited On Campus

It shall be a felony for any person to possess or carry, whether openly or concealed, any gun, rifle, pistol or other firearm of any kind, or any powerful explosion on educational property. Any person violating this subsection shall be fined not more than five thousand dollars (\$5,000.00), or committed to the custody of the State Department of Corrections for not more than three (3) years, or both.

Information Network Resources and Systems (See Appendix for Form)

The Computer and Information Services Department is responsible for coordination and maintenance of computer systems on campus. The department has established the following guidelines:

A. Introduction and Purpose

The purpose of the MDCC Information Network is to support the overall educational mission of the College, in accordance with college policies. Access to the network and its resources is a privilege. Network users must respect the rights of others and the integrity of the components of the network.

This policy governs the use of all computers, computer-based networks, and related hardware and software at MDCC. Under federal statutes and the sections of the Mississippi code that regulate the use of these resources, the College is required to ensure that this equipment and software are used properly and for the purpose for which state funds were expended. The intent of this policy is to allow maximum freedom of use consistent with state and federal law, college policy, and a productive work environment.

B. Scope

This policy applies to all college faculty, staff, administrators, students, and members of the community who use the College network resources. It covers all computing hardware that is connected to the network, including microcomputers, printers, and the college midrange computer. It also includes all network infrastructure: data wiring and fiber optic cable, routers, switches, hubs, servers, data connectors, and all other associated hardware and materials.

The following types of software are covered under this policy: operating systems, network software, compilers, and all instructional and application software defined as “supported by the college.”

The following categories of data systems are included: the administrative and student information system and data that have been collected or generated by the College. Not covered is software or data that the College does not support, even though such may be stored on college hardware and/or used by individual departments.

C. General Statements

1. *Training* -- is provided for administration, faculty and staff as new hardware, software and services are made available. Prior to receiving access to the network, each employee must demonstrate a satisfactory level of proficiency in certain areas such as proper use of passwords, how to access the Internet, e-mail, administrative software, and other application software. Administration, faculty and staff are encouraged to attend workshops and classes at off-site locations provided sufficient funds are available in the departmental budgets.
2. *Network Access* -- Network access is controlled by passwords, and the level of access

granted is determined by a user's job-related or educational requirements.

User IDs and Passwords -- Users will be assigned a user ID and password which should not be disclosed. User IDs will be composed of the first character of the user's first name and up to the first nine characters of the user's last name, unless the user is notified otherwise. Passwords may be four to ten positions in length. *The recommended* length is four to six characters. Passwords *must* begin with a character, *must* contain at least one number, and *may not* contain spaces. Users will be required to change passwords every 90 days. The same password cannot be used again within one year. Requests for new user IDs and passwords should be submitted and approved using the Computer and Information Services Request Form. Requests for user IDs and passwords to be deleted from the computer system when an employee is terminated should be submitted and approved using the Computer and Information Services Request Form.

Accounts -- Network accounts for employees are managed by the Computer and Information Services staff. Requests for establishment or modification of employee accounts must be approved at the Division Chair/Supervisor level or above. Specific access granted to an employee account is subject to approval by the appropriate Division Chair/Supervisor with the guidance of the Director of Computer and Information Services. Removal of an account occurs when the owner is no longer an employee of the College, or when disciplinary action is indicated. It is the responsibility of the employee's supervisor to notify the Computer and Information Services staff within 24 hours of an account holder's separation from service. Student accounts and public accounts must be requested and maintained by the appropriate department under the supervision of the Computer and Information Services staff.

3. *Ethical Use* -- The network is for official college use only and must not be used for personal business, profit-making ventures, political activities, or to harass or offend anyone. Some employees will be given access to the student information systems and/or other administrative systems. The confidentiality of these records is governed by the federal Family Education Rights and Privacy Act of 1974 (a.k.a. Buckley Amendment, FERPA). All information is confidential, and students have a right to expect that their scholastic records are being properly supervised and maintained. Requests for disclosure of this information must be approved by the appropriate administrative officer
4. *Security* -- All information is property of MDCC, and use or distribution is prohibited without approval of the appropriate department. Information should be protected against unauthorized access and/or destruction. A backup copy of administrative information is made daily and stored off-campus. It is recommended that each user make a backup copy of information on individual personal computers frequently. A disaster recovery plan is maintained by the Computer and Information Services

Department. Users should not leave a terminal/computer unattended while signed on. A secure off-site facility will be provided for storage of backups, user documentation, copies of disaster plan, and critical forms. The College attempts to protect the network from intrusion from within and without. All suspected attempts to violate network security must be reported to the Director of Computer and Information Services as soon as possible. If it is determined that a breach in network security has compromised sensitive information, the President of the college may request the aid of law enforcement to handle the investigation. The Computer and Information Services Department will periodically check for, and follow up on, security violations.

5. Disaster Recovery Plan – Computer & Information Services maintains a Disaster Recovery Plan. All programs, files, folders, configuration and security information are saved on a daily basis. **Backup of individual personal computers is the responsibility of the individual user.**
6. Software Supported by the College -- Software standards will be established and distributed by the Computer and Information Services Department. Only approved software will be supported and maintained. The support and maintenance of other software will be the responsibility of the user. Computer software should be properly registered to obtain updates and protect warranties or other legal rights.
7. Computer Hardware -- Computer hardware should not be relocated or have components added or removed without coordination with the Computer and Information Services Department.
8. User requests -- All requests for services which fall within the realm of Computer and Information Services (telephones, e-mail, hardware, software, programming, network services and support, Internet access) should be submitted using the Computer and Information Services Request Form, and approved by the appropriate supervisor(s). If approved, the request will be directed to the proper technician for resolution.
9. Web Site – The College will operate a web site for the purposes of recruiting and disseminating college information. This service is operated and maintained by a webmaster under the supervision of the campus web committee. All requests concerning this area should be directed to the webmaster through the appropriate administrative channels.
10. Access to the Internet - The College provides Internet access through the college network to all employees and students having a network account. Internet access is intended only for official college business. The College discourages personal use of the Internet through the College network. The College does not condone access to sites which contain pornography and other sexually explicit material. The use of the Internet for political purposes, illegal activity, profit-making ventures, or the

harassment of individuals or organizations is considered a violation of college policy. Users should be aware that the system logs all Internet sites which are accessed through the network. This information will be monitored on a regular basis through normal network maintenance and to investigate abuse of the resource.

11. E-Mail-- An e-mail account is provided for each employee who has a network account. As with Internet access, e-mail is intended only for official college business and not for illegal activity, personal profit-making ventures, political purposes, or to harass any person or organization. E-mail is, by definition, public, and is subject to review by college officials without prior notification. Users are responsible for maintaining their e-mail accounts and removing old messages.
12. Agreement-- Every employee who uses the network is required to read and sign an Information Network Resources Use Agreement.

If misuse of the network by an employee threatens the stability of the network, the Director of Computer & Information Services will suspend network privileges immediately. Additional sanctions could include reprimand by the appropriate supervisor, dismissal, or criminal prosecution.

13. Sanctions:
 - a. Employees – An employee found guilty of violating the terms of the Information Network Resources Use Agreement is subject to sanctions. If misuse of the network by an employee threatens the stability of the network, the Director of Computer and Information Services will suspend network privileges immediately. Additional sanctions could include reprimand by the appropriate supervisor, dismissal, or criminal prosecution.
 - b. Students – A student found guilty of misuse of the network is subject to loss of network privileges, criminal prosecution, or other disciplinary action by the College.
 - c. Public – A member of the public found guilty of misuse of the network is subject to loss of network privileges and possible prosecution.

Intellectual Property Rights Policy

MDCC maintains rights to intellectual property created at the College's expense. Intellectual property refers to works that are typically eligible for copyright, created when something new has been conceived or when a non-obvious result, which can be applied for some useful purpose, has been discovered using existing knowledge.

The College reserves the rights of ownership of all intellectual property including, but not limited to, curricular materials, books, musical compositions, web pages, social media, electronic publications, and programs written or otherwise created by an employee or student while using college materials or equipment or when being compensated by MDCC. All classes of intellectual property, scientific and technological developments, materials or

objects created or produced by an employee or student on personal time without the assistance of MDCC personnel, equipment, materials, or facilities, shall be the exclusive property of the individual.

Any MDCC employee or student who plans to create materials or objects developed wholly or partially using the College's time, equipment, materials, or facilities, and who intends to copyright, patent, or otherwise merchandise those materials or objects must receive written permission from the President of MDCC.

It is the responsibility of the creator of any form of intellectual property to ensure that copyrights held by other entities are not infringed upon and that appropriate permission has been obtained for the use of copyrighted material by adhering to the copyright law of the United States (Title 17, United States Code). Creators of intellectual works that are not partially owned by MDCC own the copyrights of their works and are free to register the copyright and receive any compensation or revenues resulting from such works.

Any disputes involving a student and the College regarding intellectual property may be addressed through the Complaint Process outlined in this *Student Handbook*.

Tobacco Use Policy

The Surgeon General of the United States has documented that the use of tobacco is harmful to the health of our citizens and that secondary smoke can be a health hazard to non-smokers; therefore, MDCC prohibits the use of tobacco on any campus or instructional site.

Enforcement: Complaints regarding this policy should be referred to the Office of Vice President of Student Services.

- a. Students – The maximum possible penalty may be suspension.
- b. Faculty and staff – The maximum possible penalty may be termination.

Sexual and Gender Based Harassment Procedure

MDCC is committed to maintaining a safe and healthy educational and work environment in which no member of the College community is, on the basis of sex, sexual orientation, or gender identity, excluded from participation in, denied the benefits of, or subjected to discrimination in any College program or activity. Gender-based and sexual harassment, including sexual violence, are forms of sex discrimination in that they deny or limit an individual's ability to participate in or benefit from College programs or activities.

This Policy is designed to ensure a safe and non-discriminatory educational and work environment and to meet legal requirements, including: Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex in the College's programs or activities; relevant sections of the Violence Against Women Reauthorization Act; Title VII of the Civil Rights Act of 1964, which prohibits discrimination on the basis of sex in employment; and Mississippi laws that prohibit discrimination on the basis of sex. It does

not preclude application or enforcement of other College policies.

It is the policy of the College to provide educational, preventative and training programs regarding sexual or gender-based harassment; to encourage reporting of incidents; to prevent incidents of sexual and gender-based harassment from denying or limiting an individual's ability to participate in or benefit from the College's programs; to make available timely services for those who have been affected by discrimination; and to provide prompt and equitable methods of investigation and resolution to stop discrimination, remedy any harm, and prevent its recurrence. Violations of this Policy may result in the imposition of sanctions up to and including termination, dismissal, or expulsion, as determined by the appropriate officials at the college.

Retaliation

This policy seeks to encourage students, staff, and faculty to express freely and responsibly their concerns about any possible instances of sexual harassment. Any act of reprisal (e.g., interference, restraint, penalty, discrimination, coercion, or harassment)--overt or covert--by a college faculty member, employee, agent, or student against another who is responsibly using this policy and its procedures interferes with free expression and openness. Such acts violate this policy and require prompt and appropriate disciplinary action.

Definition

As defined in the guidelines of the Equal Employment Opportunity Commission and adopted by the United States Supreme Court in *Meritor Savings Bank, FSB v. Vinson*, 477 U.S. 57 (1986), sexual harassment of employees or students includes any unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

- (1) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or status in a course, program, or activity; or
- (2) Submission to or rejection of such conduct is used as the basis for employment or educational decisions affecting that individual; or
- (3) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or educational experience, or creates an intimidating, hostile, or offensive environment for working or learning.

Examples of Sexual Harassment: Examples of prohibited verbal, nonverbal, or physical conduct include, but are not limited to:

- (1) Physical assault;
- (2) Direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, grades, or letters of recommendation;
- (3) A pattern of conduct intended to discomfort or humiliate, or both, that includes:

- (a) Comments of a sexual nature;
 - (b) Sexually explicit statements, questions, jokes, or anecdotes;
 - (c) Persistent propositions of a sexual nature;
 - (d) Subtle pressure for sexual activity;
- (4) A pattern of conduct that would discomfort or humiliate, or both, a reasonable person to whom the conduct was directed that includes:
- (a) Unnecessary touching, patting, hugging, or brushing against a person's body;
 - (b) Remarks of a sexual nature about a person's clothing or body;
 - (c) Remarks about sexual activity;
- (5) Use of electronic mail or computer dissemination of sexually oriented, sex-based communications.

Sexual harassment is often a specific form of discrimination in which the power inherent in a faculty member's or supervisor's relationship to his or her students or subordinates is exploited. While sexual harassment most often takes place in a situation of differential professional power between the persons involved, this policy recognizes that sexual harassment may occur between persons of the same college status, e.g., student-student, faculty-faculty, staff-staff. It may occur where inverse power relationships exist as when a student exhibits such behavior toward faculty or staff. It may occur between persons of the same sex. Behaviors may be initiated by both men and women. Persons who are negatively affected by others' behavior, even though the behavior is not directed towards them, may bring claims of third-party harassment.

Groundless Charges or Malicious Mischief

Accusations of sexual harassment are serious matters. They should never be made casually and without cause. This policy shall not be used to bring groundless and malicious charges against students, faculty members, or employees. Disciplinary action concerning personal misconduct may be taken under the appropriate faculty and staff personnel policies or the Student Code of Conduct against any person bringing a groundless and malicious charge of sexual harassment. Bringing groundless and malicious charges may also result in legal liability for the person filing the charges.

The same sanctions appropriate to a violation of sexual harassment policy shall apply to those who bring charges in bad faith.

Sanctions Resulting From Findings of a Violation of the Sexual Harassment Policy

The following sanctions are applicable to all MDCC faculty/staff and students when a finding or a violation of the sexual harassment policy has been determined, or when frivolous or malicious charges have been brought.

A first offense could be grounds for dismissal, and more than one sanction may be imposed for any single offense. Administrators responsible for implementing sanctions will report to the complainant the sanction that has been imposed.

Sanctions for faculty and professional staff:

- Written or oral warning
- Formal reprimand placed in the respondent's permanent file
- Reassignment of duties (e.g., teaching or service duties involving students)
- Reduction in salary for one or more years
- Suspension without pay
- Dismissal

Sanctions for classified staff:

- Warnings and written reprimands
- Dismissals, demotions and suspensions

Sanctions for students:

- Warning, oral or written
- Reprimand in writing
- Restitution
- Probation
- Suspension
- Expulsion

**Process for Handling Complaints Involving Students
Pursuant to the Sexual and Gender-Based Harassment Policy**

The Title IX Coordinator has been charged with implementing the following procedures for students pursuant to the Sexual and Gender-Based Harassment Policy (“Policy”). An investigator from the Campus Police Department will serve as the Title IX Investigative Officer who will report directly to the Title IX Coordinator.

MDCC students, faculty, staff, or third parties may request information or advice, including whether certain conduct may violate the Policy; seek informal resolution; or file a formal complaint. These three options are described below. Initiating Parties are encouraged to bring their concerns to the Title IX Coordinator.

As set forth below, interim measures designed to support and protect the initiating party or the college community may be considered or implemented at any time, including during a request for information or advice, informal resolution, or a formal complaint proceeding. Consistent with the College’s policy, interim measures might include, among others: restrictions on contact; course-schedule alteration; changes in housing; leaves of absence; or increased monitoring of certain areas of the campus. These interim measures are subject to review and revision throughout the processes described below.

I. Requests for Information or Advice

Initiating parties seeking information or advice can expect to learn about resources available at

the College and elsewhere that provide counseling and support. They also will be advised about the steps involved in pursuing an informal resolution or filing a formal complaint. In addition, the Title IX Coordinator will discuss with initiating parties whether any interim measures are appropriate at this stage.

II. Requests for Informal Resolution

Initiating parties may make a request, either orally or in writing, for informal resolution to the Title IX Coordinator. The request should identify the alleged harasser (if known) and describe the allegations with specificity. The Title IX Coordinator will assess the severity of the alleged harassment and the potential risk of a hostile environment for others in the community to determine whether informal resolution may be appropriate.

Upon determining that informal resolution is appropriate, and in instances when the initiating party makes the request to the Title IX Coordinator, the Title IX Coordinator will consult further with the person initiating the request, inform the person who is the subject of the allegations, and gather additional relevant information as necessary from the parties and others, as indicated. The Title IX Coordinator also may put in place any appropriate interim measures to protect the educational and work environment. The Title IX Coordinator will attempt to aid the parties in finding a mutually acceptable resolution.

When the allegations, if true, might constitute criminal conduct, the party against whom they are brought is hereby advised to seek legal counsel before making any written or oral statements. Those facing allegations may wish to obtain legal advice about how this process could affect any criminal case in which they are or may become involved.

A matter will be deemed satisfactorily resolved when both parties expressly agree to an outcome that is also acceptable to the Title IX Coordinator. At any point prior to such an express agreement, the Initiating Party may withdraw the request for informal resolution and initiate a formal complaint under these Procedures.

Ordinarily, the informal resolution process will be concluded within two to three weeks of the date of the request.

III. Procedures for Formal Complaints

A. Initiating a Complaint

An initiating party may file a formal complaint alleging a violation of the Policy. A complaint of sexual or gender-based harassment should be filed directly with the Title IX Coordinator, regardless of the identity of the Respondent. (If the Respondent is not a student, see **Referral of Complaints against Staff, Faculty, Other MDCC Officials, or Third Parties** below). The Title IX Coordinator will inform the Respondent that a complaint has been received, and, if indicated by the Complainant will put in place any appropriate interim measures.

A formal complaint must be in writing and signed and dated by a Complainant. It should state

the name of the alleged harasser (if known) and describe with reasonable specificity the incident(s) of alleged harassment, including the date and place of such incident(s). The complaint must be in the Complainant's own words, and may not be authored by others, including family members, advisors, or attorneys. Attached to the complaint should be a list of any sources of information (for example, witnesses, correspondence and records, and the like) that the Complainant believes may be relevant to the investigation. However, a complaint should not be delayed if such sources of information are unknown or unavailable.

The Title IX Investigative Officer will not investigate a new complaint if it has already adjudicated a formal complaint based on the same circumstances or if the parties and the Title IX Coordinator already have agreed to an informal resolution based on the same circumstances.

B. Referral of Complaints against Staff, Faculty, Other MDCC Officials, or Third Parties

These Procedures cover complaints against students. When allegations are asserted against a staff member, faculty member, other MDCC official, or third party, the Title IX Coordinator will inform the appropriate Administrator with a copy of the complaint. The Title IX Coordinator will determine if the Title IX Investigative Officer will need to conduct all or part of the investigation and will inform the Complainant.

C. Timeframe for Filing a Complaint

The College does not limit the timeframe for filing a complaint. The College encourages complaints to be filed as soon as reasonably possible following an alleged Policy violation because the College's ability to gather adequate information may be limited when a significant length of time has elapsed between an incident and the filing of a complaint. Further, with respect to those cases that will be reviewed by disciplinary bodies at the conclusion of the investigation, the College's ability to complete its processes may be limited with respect to Respondents who have graduated from or are no longer employed by the College.

D. Initial Review

Once a formal complaint is received, the Title IX Coordinator will assign the case to the Title IX Investigative Officer for an initial review. The Title IX Investigative Officer will have appropriate training, so that he/she has the specialized skill and understanding to conduct prompt and effective sexual and gender-based harassment investigations.

The Title IX Investigative Officer will contact the Complainant in an attempt to gather a more complete understanding of the allegations. Based on the information gathered, the Title IX Investigative Officer will determine whether the information, if true, would constitute a violation of the Policy such that an investigation is warranted or whether the information warrants an administrative closure. The Title IX Investigative Officer will convey this determination to the Complainant and the Title IX Coordinator. The Title IX Investigative Officer will work with the Title IX Coordinator to implement any appropriate interim measures to be put in place pending the completion of the case (or to revise as necessary any

measures already in place).

Ordinarily, the initial review will be concluded within one week of the date the complaint was received.

E. Investigation

Following the decision to begin an investigation, the Title IX Investigative Officer will notify the Respondent in writing of the allegations and will provide a copy of the Policy and these procedures. The Respondent will have one week in which to submit a written statement in response to the allegations. This statement must be in the Respondent's own words; Respondents may not submit statements authored by others, including family members, advisors, or attorneys. Attached to the statement should be a list of all sources of information (for example, witnesses, correspondence, records, and the like) that the Respondent believes may be relevant to the investigation.

If the decision is made to begin an investigation in a case where the Complainant is unwilling to participate but the School has assessed the severity of the harassment and the potential risk of a hostile environment for others in the community and has determined to proceed, then, for the purposes of these Procedures, the School Title IX Coordinator (or a designee) will be considered the Complainant.

The Title IX Investigative Officer will request individual interviews with the Complainant and the Respondent, and, as appropriate, with other witnesses, which may include those identified by the parties as well as relevant officers of the College. When identifying potential witnesses, the parties should understand that the purpose of interviews is to gather and assess information about the incident(s) at issue in the complaint, not to solicit general information about a party's character.

When a complaint involves allegations that, if true, also might constitute criminal conduct, Respondents are hereby advised to seek legal counsel before making any written or oral statements. The investigation process is not a legal proceeding, but Respondents might wish to obtain legal advice about how this process could affect any criminal case in which they are or may become involved.

After the collection of additional information is complete but prior to the conclusion of the investigation, the Title IX Investigative Officer will request individual follow-up interviews with the Complainant and the Respondent to give each the opportunity to respond to the additional information.

F. Personal Advisors

Both the Complainant and the Respondent may bring a personal advisor to any interviews with the Title IX Investigative Officer. The Advisor may only advise his/her client and will not be allowed to make any presentations to the Title IX Investigative Officer.

G. Confidentiality

The Title IX Coordinator, the Title IX Investigative Officer, and others at the College involved in or aware of the complaint will take reasonable steps to protect the privacy of all involved. Once a complaint is filed, the Complainant, the Respondent, and any witnesses will be notified of the potential for compromising the integrity of the investigation by disclosing information about the case and the expectation that they therefore keep such information – including any documents they may receive or review – confidential. They also will be notified that sharing such information might compromise the investigation or may be construed as retaliatory.

Retaliation of any kind is a separate violation of the Policy and may lead to an additional complaint and consequences.

The parties remain free to share their own experiences, other than information that they have learned solely through the investigatory process, though to avoid the possibility of compromising the investigation, it is generally advisable to limit the number of people in whom they confide.

H. Coordination with Law Enforcement Authorities

In all cases, the Title IX Investigative Officer will have completed the initial review without delay and, as appropriate, will have proposed interim measures to the School Title IX Coordinator. In the event that an allegation includes behavior or actions that are under review by law enforcement authorities, the Title IX Investigative Officer, in light of status updates from law enforcement authorities and the Title IX Coordinator, shall assess and reassess the timing of the investigation under the Policy, so that it does not compromise the criminal investigation.

I. Conclusion of the Investigation and Issuance of Final Report

At the conclusion of the investigation, the Title IX Investigative Officer will make findings of fact, applying a preponderance of the evidence standard, and determine based on those findings of fact whether there was a violation of the Policy.

The Title IX Investigative Officer will provide the Complainant and the Respondent with a written draft of the findings of fact and analysis and will give both parties one week to submit a written response to the draft. The Title IX Investigative Officer will consider any written responses before finalizing these sections of the report and the final section of the report, which will outline any recommended measures to be taken by the School to eliminate any harassment, prevent its recurrence, and address its effects. The Title IX Coordinator and the appropriate Administrator will work to put in place such measures as they determine are appropriate. Consistent with School policies, measures imposed at this stage might include, among others: restrictions on contact; course-schedule or work-schedule alteration; changes in housing; leaves of absence; or increased monitoring of certain areas of the campus.

The investigation will be completed and the final report provided to the Complainant, the

Respondent, the School Title IX Coordinator, and the appropriate Administrator ordinarily within six weeks of receipt of the complaint. At the conclusion of the investigation, findings will be forwarded to the Administrative Hearing Officer and the adjudication process will begin. For cases involving faculty, staff, other MDCC officials, or third parties that have been investigated by the Title IX Investigative Officer pursuant to Section III.B above, the imposition of sanctions will be considered separately by the appropriate officials at the College or unit through their relevant policies.

J. Special Circumstances

1. Request for Anonymity

If a potential Complainant asks to remain anonymous, then the Title IX Coordinator and the Title IX Investigative Officer, as appropriate, will consider how to proceed, taking into account the potential Complainant's wishes, the College's commitment to provide a non-discriminatory environment, and the potential Respondent's right to have specific notice of the allegations. The Title IX Coordinator and the Title IX Investigative Officer may conduct limited fact finding to better understand the context of the complaint. In some circumstances, a request for anonymity may mean an investigation cannot go forward, the Title IX Coordinator and Title IX Investigative Officer determine that further investigation is necessary, in which case the potential Complainant will be informed that his or her identity will be disclosed as necessary for the investigatory process. In other circumstances, the Title IX Coordinator and the Title IX Investigative Officer may determine that the matter can be appropriately resolved without further investigation and without revealing the Complainant's identity.

2. Administrative Closure

If, after conducting the initial review of a formal complaint, the Title IX Investigative Officer finds that the allegation, if true, would not constitute a violation of the Policy, then the Title IX Coordinator will administratively close the case and notify the Complainant.

Where the Complainant is unwilling to participate in further investigation, the Title IX Coordinator will assess the severity of the alleged harassment or the potential risk of a hostile environment for others in the community and will determine whether administrative closure is appropriate or whether the College should proceed with an investigation.

Within one week of the decision to close a case administratively, the Complainant may request reconsideration on the grounds that there is substantive and relevant new information that was not available at the time of the decision and that may change the outcome of the decision. The Title IX Coordinator will consider requests for reconsideration and inform the Complainant of the outcome, ordinarily within one week of the date of the request.

In cases where the Title IX Coordinator concludes that the alleged conduct, while not a violation of the Policy, might implicate other College conduct policies, the Title IX

Coordinator may refer the complaint to the appropriate School or College official.

3. Request to Withdraw the Complaint

While every effort will be made to respect the Complainant's wishes to withdraw a formal complaint, the College must be mindful of its overarching commitment to provide a non-discriminatory environment. Thus, in certain circumstances, the Title IX Coordinator may determine that investigation is appropriate despite a Complainant's request to withdraw the complaint or failure to cooperate. Other circumstances also may result in a request to withdraw the complaint being declined, where, for example, a request to withdraw is made after a significant portion of the investigation has been completed and terminating the investigation would be inequitable.

4. Request for Informal Resolution after a Complaint has Been Filed

Once a complaint has been opened for investigation and before the final report has been provided to the parties, a party may request informal resolution as an alternative to formal resolution of the complaint, but that disposition requires agreement of the Complainant and the Respondent and the approval of the Title IX Coordinator.

If such a request is approved, the timeframes will be stayed and the Title IX Coordinator will take such steps as he or she deems appropriate to assist in reaching a resolution. If the parties cannot reach an informal resolution within two weeks from receipt of the request, then the Title IX Investigative Officer will resume the investigation of the complaint in accordance with the formal complaint procedures.

IV. Appeal

Both the Respondent and the Complainant may appeal the decision of the Title IX Investigative Officer to the Title IX Coordinator or designee based on the following grounds:

1. A procedural error occurred, which may change the outcome of the decision; or
2. The appellant has substantive and relevant new information that was not available at the time of investigation and that may change the outcome of the decision.

NOTE: Disagreement with the Title IX Investigative Officer's findings or determination is not, by itself, a ground for appeal.

Appeals of the Title IX Investigative Officer's decision must be received by the Title IX Coordinator within one week of the date of the final report. Appeals will be forwarded to the Executive Vice President and will be decided within two weeks. The Title IX Coordinator will promptly be informed of the outcome in writing and forward his/her findings to the Respondent and the Complainant.

INSTRUCTION

Mississippi Delta Community College strives to produce students well prepared for the entrance into the workforce or higher education. This is accomplished through environments that are conducive to student learning. Curriculum is designed to enable an ease of transition from one course to another. This design is consistently evaluated, redefined, and redesigned with the approval of the College Curriculum Committee.

College-Level General Education Competencies

Mississippi Delta Community College measures the extent students have attained of college-level general education competencies through the Collegiate Assessment of Academic Proficiency (CAAP) and locally developed examinations with embedded test questions. Students are randomly selected to participate in the evaluations. The general education competencies are provided below:

- **Reading Comprehension:** Students will be able to comprehend readings from a variety of texts.
- **Technology Usage:** Students will be able to identify and use appropriate computer applications.
- **Communication Skills:** Students will be able to write and speak effectively.
- **Problem Solving:** Students will be able to use mathematics and science reasoning to solve problems.
- **Critical Thinking:** Students will be able to think critically about a problem and formulate possible conclusions or solutions.
- **Historical/Cultural Awareness:** Students will be able to analyze how history and culture affect society.

College Prep

The College Prep department offers courses designed to elevate students' skills according to their individual needs. These courses are available to those students who need assistance in the academic areas of English and Reading. Students without an ACT score or students with an English ACT sub-score of 13 or below will enroll in ENG 0113 Beginning English and Reading. Students with an English ACT sub-score of 14-16 will enroll in ENG 0123 Intermediate English and Reading. Students must make a "C" or better in each College Prep English course in order to be eligible to advance to ENG 1113 Comp I. A student who fails to meet these standards must re-enroll in the program until the exit standards are met. The ENG 0113 and ENG 0123 do not count toward graduation.

The College Prep department also offers several transfer courses designed to enhance study skills and employability skills including LLS 1413 Improvement of Study and LLS 1723 Employment Readiness.

HONORS

I. Honors recognized by MDCC are as follows:

- A. Phi Theta Kappa*
- B. Hall of Fame*
- C. Departmental Awards*
- D. Achievement Awards*
- E. HEADWAE*
- F. All USA Academic Team*
- G. Service & Leadership Awards
- H. Scholars List and Honor Roll*
- I. National Technical Honor Society (NTHS)*
- J. Alpha Delta Nu
- K. Lambda Nu

*Recipients of these honors will be recognized at the annual Honors Day program.

II. Criteria for Awards

A-1. *Phi Theta Kappa* — *The Zeta Zeta Chapter of Phi Theta Kappa* is a non-secret international honor society for junior/community colleges that was inaugurated at Mississippi Delta Community College in 1947. Initial selection of candidates is made by a review of transcripts by society advisors. Candidates must meet all of the following criteria:

1. Must be a full time student enrolled in a program of study leading to a B.A. or B.S. degree or a Technical degree and have completed one or more semesters with at least fifteen academic/ technical hours. Intermediate, developmental and remedial courses will not be considered
2. As a freshman, have a cumulative grade point average of 3.5 or better on fifteen semester hours during the *qualifying semester. (*Fall or Spring semester). Summer school hours will not be considered.
3. As a sophomore, have a cumulative grade point of 3.5 on at least thirty semester hours
4. Transfer students must complete fifteen hours through MDCC before being considered for membership
5. Exhibit superior scholarship and leadership
6. Show evidence of good character
7. To remain in good standing, a student must maintain a cumulative grade point of 3.0

A-2. *Phi Theta Kappa* – *Beta Rho Omicron Chapter of Phi Theta Kappa* is a non-secret national honor society for junior/community colleges that was

inaugurated at Mississippi Delta Community College's Greenville Higher Education Center campus in 2008. Initial selection of candidates is made by a review of transcripts by society advisors. Candidates must meet all of the following criteria:

1. Must be a full-time or part-time student enrolled in a program of study leading to an A.A. degree, A.S. degree, or a Technical degree and have completed one or more semesters with at least 15 academic/technical hours earned credit (intermediate, developmental, and remedial courses will not be considered)
 2. All students must have a cumulative grade point average of 3.5 or better on 15 semester hours
 3. Transfer students must complete 15 hours through Mississippi Delta Community College before being considered for membership
 4. Exhibit superior scholarship and leadership, and show evidence of good character
 5. To remain in good standing, a student must maintain a 3.0 cumulative grade point average
- B. Hall of Fame — Highest honor bestowed by Mississippi Delta Community College. The Standing College Committee on Honors and Awards is responsible for the selection of candidates based on recommendations from the faculty. It is bestowed upon an un-designated number who meet the following criteria:
1. Be a sophomore
 2. Have a scholastic average of 3.5 or better through the first term of the sophomore year
 3. Have been in school for an equivalent of three consecutive semesters
 4. Have rendered service and contributions to the school program
 5. Possess qualities of leadership, loyalty, character, overall excellent school citizenship, and potential community leadership
 6. Be presently enrolled in school
- C. Departmental Awards — A Departmental Award is the highest honor bestowed on a student by a department. In order for a student to be eligible for a departmental award, he/she must meet the following criteria:
1. Be a sophomore (unless he/she is in a one-year program)
 2. Possess good traits of citizenship
 3. Show potential of success in the future in the departmental area of study
 4. Be selected by the faculty members of that department under the direction of the department/division chair
 5. Be currently enrolled at MDCC

6. Have taken at least twelve semester hours or equivalent in the department (including three semester hours of courses in which currently enrolled)
 7. Each department may award one departmental award. Should a student receive a Departmental Award, he/she will not be eligible for an Achievement Award from the same department
- D. Achievement Awards — Achievement Awards are awarded to students by departments for achievement in a particular discipline. An Achievement Award may be given to students meeting the following criteria:
1. Must be enrolled as a full-time freshman or sophomore
 2. Must have completed six hours in the department (which may include hours of current enrollment)
 - a. If more than one instructor teaches the course — one award per instructor, per 6 hour course (or two related 3 hour courses) may be given
 - b. Departments may have additional requirements
- E. HEADWAE — HEADWAE is sponsored by the Mississippi Association of Colleges and the Mississippi Legislature. The HEADWAE student is selected by the Standing College Committee on Honors and Awards from faculty recommendations. The student is recognized at a luncheon and is the guest of legislators while the legislature is in session. The students must:
1. Be a sophomore
 2. Have a scholastic average of 3.5 or better at the end of the preceding (freshman) year
 3. Be enrolled full-time and have been in school at MDCC for two consecutive semesters
- F. All USA Academic Team — Phi Theta Kappa faculty committee selects two students from faculty nominations. They will be recognized on the state level as well as be considered for national honor.
1. To be eligible for nomination, a student must be currently enrolled in an institution that is a member of the American Association of Community Colleges
 2. The nominee must have completed at least twelve semester hours in pursuit of an Associate of Arts, Associate of Science, or an Associate of Applied Science degree, prior to being nominated and must currently post a cumulative grade-point average of not less than 3.5 and all course work taken at that college

- G. Service and Leadership Awards — These awards are not given for academics, but are to recognize students who have gone above the call of duty in giving their time and energies in some specific area of the school program at MDCC. The student should not have a record of academic or disciplinary probation. The Standing College Committee on Honors and Awards is responsible for the selection of candidates based on recommendations from the faculty.
- H. President's, Dean's and Honors List — At the end of each semester, the Director of Admissions' Office will prepare and issue an Honor Roll. This list will include those students who have, as judged by their grade marks, done superior academic work during the term. Those attaining an average of 4.0 will be listed on the President's List. Those making 3.5-3.99 averages will be cited on the Dean's List. Those with 3.0- 3.49 will be recognized on the Honor List. Averages will be based on the total load carried. To be considered for any type of honor recognition, the student must carry a minimum load of twelve academic hours and have no grade lower than a C.
- I. National Technical Honor Society (NTHS) —The mission of NTHS is to reward excellence in workforce education, build stronger industry education partnerships in local communities, and encourage students to develop the skills needed in today's quality-driven workplace.
1. Overall GPA of 3.0 or higher on a 4.0 scale
 2. GPA for technical program or major 3.25 or higher
 3. One or more faculty and/or staff recommendations
 4. Active involvement in student government, CTSO, civic, or service organization(s)
- J. Alpha Delta Nu – The Alpha Iota Chapter of the N-OADN Alpha Delta Nu Nursing Honor Society shall recognize the academic excellence of students in the study of Associate Degree Nursing. The society shall encourage the pursuit of advance degrees in the profession of nursing as well as continuing education as a life-long professional responsibility. Additionally, the society shall participate in the recruitment of qualified individuals into the profession of nursing. Membership shall be offered to students after the first three semesters who have:
1. maintained a cumulative GPA of 3.0 or above
 2. have earned a grade of B or better in each nursing class of the nursing program
 3. no previous failures in any nursing course
 4. demonstrated conduct on campus and the clinical areas that reflects integrity and professionalism
 5. sponsored one educational or recruitment project

- K. Lambda Nu – Mississippi Alpha Chapter of Lambda Nu is a non-secret national honor society for radiologic and imaging sciences that was inaugurated at Mississippi Delta Community College in 2012. Initial selection of candidates is made by a review of transcripts by society advisors. Candidates must meet all of the following criteria:
1. Professional course GPA 3.0 or higher on 4.0 scale after one full time semester
 2. Enrollment in a radiologic or imaging sciences program as a full time student for at least two semesters
 3. Evidence of professional commitment beyond minimum requirements of the program, including, but not limited to:
 - GPA higher than Chapter minimum
 - Actively pursuing an independent research project
 - Active membership in a professional organization, as evidenced by:
 - Holding office or committee appointments
 - Preparing for presentation of a professional paper or poster
 - Preparing for competition in a Quiz-Bowl
 - Clinical-based employment in a radiologic or imaging sciences field
 - Participating in a radiology elective course (Computed Tomography or Sectional Anatomy)

eLEARNING

VIRTUAL COMMUNITY COLLEGE

MDCC recognizes the needs of students, who because of various time or space barriers cannot attend the traditional classroom offerings of our courses. Through the use of the Internet, MDCC brings the opportunity for students to receive courses wherever internet access is available. MDCC provides a growing number of credit courses through eLearning delivery. MDCC is an active participant in the Mississippi Virtual Community College (MSVCC), an on-line effort of 15 public Mississippi Community Colleges, further increasing the number of Internet based courses that are available. MDCC is one of 16 colleges participating in the Mississippi Virtual Community College, an on-line consortium comprised of Mississippi's 15 public community colleges as well as the University of Southern Mississippi. Membership in the MSVCC enables Mississippi Delta Community College, along with the other participating colleges, to leverage their eLearning resources.

Faculty and students participating in eLearning courses interact through phone, e-mail, discussion boards, chat rooms, and face to face meetings. These courses meet the same educational requirements as the traditional classroom, but in a more flexible format.

Admission/Registration procedures for eLearning courses are the same as outlined for the traditional courses. Cost for eLearning courses are maintained at the same rate as the traditional courses plus an additional online fee. The majority of textbooks required for eLearning courses can be purchased in the MDCC Bookstore located in Tanner Hall. This includes not only MDCC online courses, but courses hosted by other community colleges as well.

Information regarding the schedule for eLearning courses may be found on the MDCC eLearning webpage located on the college website, www.msdelta.edu.

College Policies and Procedure for eLearning courses follow the same rules and regulations as traditional courses with a few specific exceptions. These exceptions are necessary due to the difference in delivery systems of traditional eLearning courses.

Rules Specific to eLearning Instruction:

1. **Admissions:**

Admissions procedures and policies for eLearning students are as follows:

General requirement:

- Dorm students must enroll in 12 traditional class hours before being allowed to take online courses unless having prior approval by the VP of Instruction.

Incoming freshman requirements:

- Should have a minimum overall ACT score of 15 unless having prior approval

by the VP of Instruction.

- May only take one online course unless having prior approval by the VP of Instruction.
- If a student participated in dual enrollment while in high school, the student may take more than one online course with approval by the VP of Instruction.

Returning student requirement:

- The student has a cumulative 2.0 or higher GPA which is the requirement for taking online courses unless having prior approval by the VP of Instruction.

2. **Student Advising:**

Prior to registering for an eLearning course, MDCC requires that students consult with an advisor to determine if this method of delivery is a viable alternative.

3. **Registration:**

Students who wish to register for eLearning courses should (1) contact the Office of Admissions to gain acceptance to Mississippi Delta Community College, (2) consult with an advisor to discuss course and technical requirements. After completing these steps, the student is ready to register for courses. eLearning courses are added manually to a student's MDCC class schedule, thus causing a delay between when a student registers and when the courses actually appear on their MDCC class schedule. Students may check their MDCC class schedule in My Banner. If there are any problems with their registration, the eLearning office will contact the student via phone or email. eLearning students pay fees according to the same procedures as traditional students; however, a \$25 per semester credit hour fee is assessed.

4. **Withdrawal from Class:**

The MDCC eLearning webpage contains withdrawal instructions. The student is responsible for all tuition fees associated with the class upon registration. The last day to withdraw is posted on the MDCC eLearning webpage.

5. **Refund:**

Summer eLearning Courses:

There is no refund for summer eLearning course fees once courses begin. Students who register for courses and do not return for the registered semester must contact the eLearning office to be dropped from their courses before the first day of class. Failure to drop courses may result in charges to the student's account and those courses may appear on the student's transcript.

Fall & Spring eLearning Courses:

Refunds for fall and spring semester eLearning courses will be figured based upon the institutional refund policy which can be found under the student cost section of the MDCC catalog. Students who register for courses and do not return for the registered semester must contact the eLearning office to be dropped from their courses before the first day of class. Failure to drop courses may result in charges to the student's account and those courses may appear on the student's transcript.

6. Class Attendance and Participation:

Attendance and participation on a regular basis is expected. If a student does not log in to class during the first two weeks of the Virtual Community College term or during the first week of a condensed (summer or late start term), the instructor will contact the eLearning coordinator and request that the student be withdrawn as a "never attended." The student activity is documented by means of "course statistics" in the course site and/or record of assignments submitted or participated in.

7. Instructional Quality:

The Division Chairs are responsible for insuring quality in all courses that are taught by the division, both traditional and eLearning. The chairs work with the Vice President of Instruction and the eLearning coordinator to insure capable, qualified instruction in all areas of the college.

8. Accessibility:

The eLearning Department at Mississippi Delta Community College welcomes and is prepared to accommodate any students with disabilities. If a disabled student is in need of special accommodations in any capacity, the student may address the need with the eLearning Coordinator.

9. Proctored Testing:

A system of proctored testing has been established and communicated to instructors who teach eLearning courses. All courses require proctored testing at an approved site. The instructions for scheduling proctored exam appointments are located on the MDCC eLearning webpage.

10. Ownership of Materials/Copyright:

Mississippi Delta Community College maintains rights to intellectual property created at the College's expense. Intellectual property refers to works that are typically eligible for copyright, created when something new has been conceived or when a non-obvious result, which can be applied for some useful purpose, has been discovered using existing

knowledge.

The College reserves the rights of ownership of all intellectual property including, but not limited to, curricular materials, books, musical compositions, web pages, social media, electronic publications, and programs written or otherwise created by an employee or student while using college materials or equipment or when being compensated by Mississippi Delta Community College.

All classes of intellectual property, scientific and technological developments, materials or objects created or produced by an employee or student on personal time without the assistance of Mississippi Delta Community College personnel, equipment, materials, or facilities, shall be the exclusive property of the individual.

Any Mississippi Delta Community College employee or student who plans to create materials or objects developed wholly or partially using the College's time, equipment, materials, or facilities, and who intends to copyright, patent, or otherwise merchandise those materials or objects must receive written permission from the President of Mississippi Delta Community College.

It is the responsibility of the creator of any form of intellectual property to ensure that copyrights held by other entities are not infringed upon and that appropriate permission has been obtained for the use of copyrighted material by adhering to the copyright law of the United States (Title 17, United States Code). Creators of intellectual works that are not partially owned by Mississippi Delta Community College own the copyrights of their works and are free to register the copyright and receive any compensation or revenues resulting from such works.

Any disputes involving an employee and the College regarding intellectual property may be addressed through the Grievance Procedures outlined in the Policy and Procedures Manual.

Any disputes involving a student and the College regarding intellectual property may be addressed through the Grievance Procedures outlined in the Student Handbook.

Academic University Parallel Programs

MDCC, along with all other Mississippi Community and Junior Colleges, participates in an articulation agreement with all Mississippi Institutions of Higher Learning, signed July, 2005, and updated every year. This agreement allows for over 160 prescribed areas of study, developed to allow ease of transfer from community colleges to the four year institutions. The majors most frequently pursued by Mississippi Delta Community College students are included and are reflective of the courses guaranteed for transfer and graduation. Students must consult with advisors in their area of study in order to stay on track toward successful transfer and graduation; however, all majors are available, through request, from the Office of Instruction or any MDCC academic advisor.

Associate of Arts Degree

An Associate of Arts Degree will be awarded upon completion of no less than sixty-two hours of credit with a minimum cumulative grade point average of 2.00. A minimum of sixty of the required sixty-two hours must be academic credit hours. Nonacademic courses which may be counted toward graduation include Physical Education, Band, and Chorus. The AA Degree will be awarded to those in the transfer program who follow the outline as listed in this catalog for their curriculum and complete the following General Education core:

Core Requirements for Associate of Arts Degree (AA):

<u>Course</u>	<u>Semester Hours</u>
English Composition (ENG 1113, 1123)	6
Mathematics (MAT 1313 or higher)	3
Laboratory Science (2 lecs, 2 labs)	8
Humanities (History 3 hrs., Literature 3 hrs.)	6
Social/Behavioral Science (PSY 1513, SOC 2113)	6
Computer Apps (CSC 1123 or higher)	3
Public Speaking (COM/SPT 1113)	3
Fine Arts (ART 1113 or MUS 1113, or higher)	<u>3</u>
 Total Hours	 38

Humanities:	history or literature
Laboratory Science:	biology, chemistry, physics or physical
science	science
Fine Arts:	art appreciation or music appreciation
Social/Behavioral Science:	psychology, sociology
Mathematics	college algebra, trigonometry, or calculus

The requirements for the Associate of Arts Degree may also be filled by completing MDCC core requirements listed above and by completing the course of study as outlined for the freshman and sophomore years by the senior college to which the student plans to transfer after graduation.

REQUIREMENTS FOR GRADUATION

Students expecting to graduate from Mississippi Delta Community College must file an application for graduation with the Director of Admissions by the deadline announced by the Office of Admissions.

Candidates for graduation may follow one of three programs, a course of study leading to a degree of Associate of Arts (AA), a degree of Associate of Applied Science (AAS), or a Certificate. Students who complete degree requirements online at MDCC through the Mississippi Virtual Community College consortium must meet the same requirements listed for graduation.

The candidates must spend the semester immediately preceding the date of graduation in residence and earn a cumulative grade point of 2.00 to graduate. Transfer students must complete at least one-quarter of the number of hours required for graduation and earn a quality point average of 2.0 during this period of residence at MDCC. Developmental courses taken at MDCC or at another institution are not counted for meeting degree requirements at MDCC. Credit awarded for CLEP or Advanced Placement does not count toward meeting residency requirements.

Students receiving the Associate of Arts Degree (AA) must complete no less than sixty-two hours of credit with a minimum cumulative grade point average of 2.00. A minimum of sixty of the required sixty-two hours must be academic credit hours. Nonacademic courses which may be counted toward graduation include Physical Education, Band, and Chorus. The AA Degree will be awarded to those in the transfer program who follow the outline as listed in this catalog for their curriculum and complete the Core for the Associate of Arts Degree.

The Associate of Applied Science Degree (AAS) will be awarded to those students who complete the prescribed curriculum in each program. The curriculum must include no less than sixty-two semester hours including a minimum core of general education courses. A minimum grade point average of 2.00 in the program of study is required for graduation.

Students receiving a certificate should complete the prescribed curriculum in the program of study as listed in this catalog. A minimum cumulative grade point average of 2.00 in the program of study is required for graduation.

ACADEMIC UNIVERSITY PARALLEL PROGRAMS

DESCRIPTION OF COURSES

The academic courses offered by Mississippi Delta Community College follow the uniform course numbering system for public junior/community colleges in Mississippi. The numbers for university parallel courses carry four digits. The first digit indicates the year that the course is normally taught. Generally courses required or recommended for freshmen begin with a "1" and courses at the sophomore level begin with a "2." The last of the four digits indicates semester hours credit carried by the course. The second and third digits are used to separate courses within departments. The course descriptions are those adopted in the uniform numbering system and are intended to be equivalent to those courses offered at the same level at four-year institutions.

Mississippi Virtual Community College

Mississippi Delta Community College participates in the consortium known as the Mississippi Virtual Community College (MSVCC). Students may take online courses through the MSVCC that may not be taught through MDCC in the traditional manner. Only those courses taught in the traditional format through MDCC are included in the College Catalog/Student Handbook. For a complete course listing of online classed through MSVCC go to <http://sbcjcweb.sbcjc.cc.ms.us/MsvccVisitor/>.

ACCOUNTING (ACC)

ACC 2213. PRINCIPLES OF ACCOUNTING I. Study of the fundamentals and application of financial accounting principles that relate to business. The topics to be covered include the accounting cycle and the accounting systems for service and merchandising businesses.

ACC 2223. PRINCIPLES OF ACCOUNTING II. A continuation of ACC 2213. The topics to be covered include corporate accounting concepts, managerial accounting concepts and internal business decision making.

ART (ART)

ART 1113. ART APPRECIATION. A course designed to provide an understanding and appreciation of the visual arts.

ART 1313. DRAWING I. Study of the basic elements and principles of organization in two dimensions and the selection, manipulation and synthesis of these components to create an organized visual expression. Students will apply overlapping foreshortening and diminished scale. Black and white media will be stressed. Pre-requisite: ART 1443 Design II. Art majors only. Lecture/lab three hours

ART 1323. DRAWING II. Continuation of rendering skills introduced in Drawing I with emphasis on color, composition and creative expression. Prerequisite: ART 1313 Drawing I. Art majors only. Lecture/lab three hours

ART 1383. PHOTOGRAPHY I. An introduction to the theory, practice, and history of black and white photography with emphasis on basic camera processes, developing, printing composition, and presentation. Lecture/lab three hours

ART 1393. PHOTOGRAPHY II. Advanced camera and darkroom techniques with emphasis on photographic design and alternative processes. Prerequisite: ART 1383. Lecture/lab three hours

ART 1433. DESIGN I. To provide students with an understanding of the elements and principles of design to enable development of an informed, intuitive sense as well as a highly informed skills base/methodology involving black and white design problems which apply principles and elements of visual design. Art majors only. Lecture/lab three hours

ART 1443. DESIGN II. To provide students with an understanding of color theory and applications of color so that there begins to be an informed as well as an intuitive sense of seeing, mixing and applying color and light to design problems. Prerequisite: ART 1433. Art majors only. Lecture/Lab, three hours

ART 1453. THREE DIMENSIONAL DESIGN. To provide students with an understanding of spatial form in three dimensions through the use of applied design elements and principles to studio

problems in mixed media. Pre-requisite: ART 1313 Drawing I. Art majors only. Lecture/lab three hours

ART 1513. Computer Art. An introduction to the theory and practice of using the computer to create art. A study of methods and applications utilizing the computer and selected software applications.

ART 1913. Art for Elementary Teachers. Development of essential concepts of children's art education in compliance with the National Standards for Art Education.

ART 2513. PAINTING I. Techniques used in painting media in a variety of subject matter. Prerequisites: ART 1423: Lecture/lab three hours

ART 2523. PAINTING II. Advanced problems in painting media. Prerequisite: ART 2513 Lecture/lab three hours

ART 2613 CERAMICS I (POTTERY I) - This course is directed toward an introduction to different aspects and materials of ceramic design. Instruction covers forming and shaping by hand and by mechanical means, various kiln operations, understanding the nature of clay and glazes and an appreciation of functional and non-functional forms. Lecture/lab three hours

ART 2623. CERAMICS II (POTTERY II). A continuation of skills introduced in Ceramics I. Emphasis on individual problem solving. Prerequisite: ART 2613: Lecture/lab three hours

ART 2713. ART HISTORY I. Survey course of historical background of art forms from Prehistoric to Renaissance. Emphasis is on painting, architecture, and sculpture as related to history. Lecture three hours

ART 2723. ART HISTORY II. Survey course of historical background of art forms from Renaissance to present with special emphasis on contemporary expression. Pre-requisite: ART 2713 and grade of "C" or better
Lecture three hours

BIOLOGY (BIO)

BIO 1111. PRINCIPLES OF BIOLOGY I, LABORATORY. A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1113 Principles of Biology I, Lecture.

BIO 1113. PRINCIPLES OF BIOLOGY I, LECTURE. A lecture course for non-science majors that provides an introduction to the basic principles of modern biology and their relevance to modern life. Emphasis is placed on the nature and history of scientific thought, basic biological chemistry, cell structure and processes, genetics.

BIO 1121. PRINCIPLES OF BIOLOGY II, LABORATORY. A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1123 Principles of Biology II, Lecture.

BIO 1123. PRINCIPLES OF BIOLOGY II, LECTURE. A lecture course for non-science majors that emphasizes the survey of the diversity of life, ecology, evolution, and an overview of organ systems.

BIO 1131. GENERAL BIOLOGY I, LABORATORY. A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1133 General Biology I, lecture.

BIO 1133. GENERAL BIOLOGY I, LECTURE. A lecture course for science majors that includes study of the scientific method, chemistry relevant to biological systems, cell structure and physiology, cell processes including photosynthesis and cellular respiration, cell division, genetics, and molecular genetics.

BIO 1141. GENERAL BIOLOGY II, LABORATORY. A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1143 General Biology II, Lecture

BIO 1143. GENERAL BIOLOGY II, LECTURE. A lecture course for the science majors that reinforces concepts introduced in BIO 1133 General Biology I, Lecture, while emphasizing the diversity of life. Topics covered include evolution, classification, and ecology, detailed consideration of each group of organisms and viruses, study of animals and plants including their basic anatomy and physiology. Pre-requisite: BIO 1133 and BIO 1131

BIO 1211. ENVIRONMENTAL SCIENCE, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 1213 Environmental Science Lecture.

BIO 1213. ENVIRONMENTAL SCIENCE, LECTURE. A lecture course covering the relevance of ecological principles to environmental problems and the relationship of humans to their environment with emphasis on preservation of environmental quality.

BIO 1311. BOTANY I, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 1313 Botany I Lecture.

BIO 1313. BOTANY I, LECTURE. A lecture course covering the representative groups of the plant kingdom, their anatomy, physiology, taxonomy, and economic importance.

BIO 1514. PRINCIPLES OF ANATOMY AND PHYSIOLOGY I, LECTURE AND LABORATORY. A combined lecture and laboratory course that provides an introduction to the anatomical and physiological study of the human body at the molecular, cellular, tissue, organ, and organ

system levels. Organ systems covered in this course are the integumentary, muscular, skeletal and nervous systems. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture class. (This course is designed for practical nursing students only and can only be taken by those students admitted to the program. It will NOT satisfy requirements of BIO 2513, 2511, 2523 and 2521.)

BIO 1524. PRINCIPLES OF ANATOMY AND PHYSIOLOGY II, LECTURE AND LABORATORY. A combined lecture and laboratory course that provides an introduction to the anatomical and physiological study of human special senses and the endocrine, circulatory, respiratory, digestive, and urinary systems, as well as reproduction and development. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. (This course is designed for practical nursing students only and can only be taken by those students admitted to the program. It will NOT satisfy requirements of BIO 2513, 2511, 2523 and 2521.)

BIO 2431. GENERAL ZOOLOGY, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2433 General Zoology Lecture.

BIO 2433. GENERAL ZOOLOGY, LECTURE. A lecture course that covers phylogeny and classification systems and studies of the invertebrate and vertebrate taxa.

BIO 2511. ANATOMY AND PHYSIOLOGY I, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2513 Anatomy and Physiology I, Lecture.

BIO 2513. ANATOMY AND PHYSIOLOGY I, LECTURE. A lecture course that covers the anatomical and physiological study of the human body as an integrated whole. The course includes detailed studies of: biological principles; tissues; and the integumentary, skeletal, muscular and nervous system.

BIO 2521. ANATOMY AND PHYSIOLOGY II, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2523 Anatomy and Physiology II, Lecture.

BIO 2523. ANATOMY AND PHYSIOLOGY II, LECTURE. A lecture course that includes detailed studies of the anatomy and physiology of the human endocrine, cardiovascular, lymphatic, respiratory, digestive, and urinary systems, as well as reproduction and development. Prerequisite: BIO 2513/2511 with a "C" or better.

BIO 2921. MICROBIOLOGY, LABORATORY. A laboratory course which provides experiments that reinforce principles introduced in the lecture to include fundamental laboratory techniques in lab safety, microscopy, culturing and identification of microbes, and effectiveness of antimicrobial agents.

BIO 2923. MICROBIOLOGY, LECTURE. A lecture course providing a comprehensive study of

microorganisms to include microbial taxonomy, metabolism, physiology and genetics, concepts of pathogenesis and immunity and other selected applied areas.

BUSINESS (BAD)

BAD 2323. BUSINESS STATISTICS. Introduction to statistical methods of collecting, presenting, analyzing, and interpreting quantitative data for business management and control. Topics include: central tendency and dispersion; probability; discrete and continuous distributions; estimation and hypothesis testing. Prerequisite: MAT 1313

BAD 2413. LEGAL ENVIRONMENT OF BUSINESS. An introduction to interrelationships of law and society, jurisprudence and business. Topics include an introduction to law, law of contracts; agency, and employment.

BAD 2523. PERSONAL FINANCIAL MANAGEMENT. This course deals with an individual's optimal management of personal income and expenditures over a lifetime to best meet the needs of his/her financial objectives. The course focuses on the areas of budgeting, insurance, borrowing and credit purchases, home ownership, investment, taxes, and family financial planning.

BAD 2713. PRINCIPLES OF REAL ESTATE. The course is an introduction to the nature of the real estate market, types of ownership of property, contracts, and methods of transfer of title.

BAD 2723. REAL ESTATE LAW. Designed to give the students a general background in the law of real property and the law of the real estate brokerage.
Prerequisite: BAD 2713 or co-requisite: BAD 2733

BAD 2733. REAL ESTATE FINANCE. A study of the principles and methods of financing real estate, sources of funds, types and contents of financing instruments and the role of various institutions, both private and governmental. Prerequisite: BAD 2713 or co-requisite: BAD 2723

BUSINESS (BOA)

BOA 1413. KEYBOARDING. This course provides an introduction to basic word processing commands and essential skill development using the touch system on the alphabetic keyboard. Course emphasis will be on speed and accuracy when keying documents and timed writings.

BOA 2613. BUSINESS COMMUNICATIONS. This course develops communication skills among multicultural audiences with emphasis on principles of writing business correspondence, generating reports and presentations, and preparing for the job interview process.
Prerequisites: CSC 1123 Computer Apps I and ENG 1123 Comp II

CHEMISTRY (CHE)

CHE 1211. GENERAL CHEMISTRY I, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1213 General Chemistry I, Lecture.

CHE 1213. GENERAL CHEMISTRY I, LECTURE. A lecture course that covers the fundamental principles of chemistry and their application. Chemical nomenclature, chemical reactions, stoichiometry, atomic structure, bonding theories, energy, periodic properties, and gas laws are among the topics discussed in depth. Pre-requisite or co-requisite: MAT 1313

CHE 1221. GENERAL CHEMISTRY II, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1223 General Chemistry II, Lecture.

CHE 1223. GENERAL CHEMISTRY II, LECTURE. A lecture course that covers solutions, kinetics, equilibria, thermodynamics, acid-base chemistry, and electrochemistry. Pre-requisite: CHE 1213

CHE 1311. PRINCIPLES OF CHEMISTRY I, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1313 Principles of Chemistry I, Lecture.

CHE 1313. PRINCIPLES OF CHEMISTRY I, LECTURE. A lecture course that emphasizes basic terminology, measurement, atomic structure, periodic table, chemical bonding, stoichiometry, energy and states of matter.

CHE 1321. PRINCIPLES OF CHEMISTRY II, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1323 Principles of Chemistry II, Lecture.

CHE 1323. PRINCIPLES OF CHEMISTRY II, LECTURE. A lecture course that emphasizes chemical stoichiometry, gases, solutions, acids/bases, and an introduction to organic chemistry. Prerequisite: CHE 1213 or CHE 1313

CHE 2421. ORGANIC CHEMISTRY I, LABORATORY. A laboratory course that acquaints students with important manipulations and procedures, and the preparation and study of organic compounds being introduced in CHE 2423 Organic Chemistry I, Lecture.

CHE 2423. ORGANIC CHEMISTRY I, LECTURE. A lecture course that covers carbon chemistry, bonding structure and behavior, aliphatic compounds, stereochemistry, reaction mechanisms and spectroscopy. Prerequisite: CHE 1213 and CHE 1223

CHE 2431. ORGANIC CHEMISTRY II, LABORATORY. A laboratory course that acquaints students with important manipulations and procedures, as well as the preparation and study of aromatic

and complex organic compounds being introduced in CHE 2433 Organic Chemistry II, Lecture.

CHE 2433. ORGANIC CHEMISTRY II, LECTURE. A lecture course that covers spectroscopy, aromatic compounds, carbonyl compounds and other complex compounds with emphasis on reactions and their mechanisms. Prerequisite: CHE 2423 and CHE 2421

COMPUTER SCIENCE (CSC)

CSC 1123. COMPUTER APPLICATIONS I. This course is designed to teach computer applications to include: word-processing, electronic spreadsheet, database management, presentation design, and electronic communications.

Prerequisite: BOA 1413 Keyboarding or high school typing

CSC 1133. COMPUTER APPLICATIONS II. This course is a continuation of CSC 1123 with concentration on advanced computer applications to include: advanced applications, OLE, macros, and emerging technology. Prerequisite: CSC 1123 Computer Applications I with a C or better average or instructor permission

CSC 1213. VISUAL BASIC COMPUTER PROGRAMMING I. This course is designed to introduce the writing of event-driven programs using the VISUAL BASIC computer programming language with emphasis on problem solving, documentation, program statements, algorithms, and common routines.

CRIMINAL JUSTICE (CRJ)

CRJ 1313. INTRODUCTION TO CRIMINAL JUSTICE. History, development and philosophy of law enforcement in democratic society, introduction to agencies involved in the administration of criminal justice career orientation

CRJ 1383. CRIMINOLOGY. The nature and significance of criminal behavior. Theories, statistics, trends, and programs concerning criminal behavior.

CRJ 2513. JUVENILE JUSTICE. Organization, functions, and jurisdiction of juvenile agencies. Processing, detention and disposition of cases, statutes and court procedures applied to juveniles.

ECONOMICS (ECO)

ECO 2113. PRINCIPLES OF MACROECONOMICS. The study of a nation's economy to include the following topics: supply and demand, production possibilities, monetary and fiscal policies, factors of production, GDP/business cycles and economic growth, and circular flow of market economies.

ECO 2123. PRINCIPLES OF MICROECONOMICS. The study of firms, industries and consumers to

include the following topics: supply and demand, elasticity of demand and supply, consumer choice theory, production and cost theory and market structures.

ENGLISH (ENG)

ENG 0113. BEGINNING ENGLISH AND READING (REMEDIATION COURSE). ENG 0113 is an integrated course designed to develop basic writing skills and reading strategies. (3 semester hours of institutional credit is awarded upon completion of this course. These hours will not be counted toward graduation. Must make a "C" or better to advance to ENG 0123.)

ENG 0123. INTERMEDIATE ENGLISH AND READING (REMEDIATION COURSE). ENG 0123 is an integrated course designed to advance students to college level writing skills and reading strategies. Pre-requisites: ENG 0113 or minimum 14 on English sub-score of ACT. (3 semester hours of institutional credit is awarded upon completion of this course. These hours will not be counted toward graduation. Must make a "C" or better to advance to ENG 1113.)

ENG 1113. ENGLISH COMPOSITION I. Prepares the student to think critically and compose texts for academic and professional rhetorical situations. Prerequisite: 17 or better on ACT ENG sub score or completion of ENG 0123

ENG 1123. ENGLISH COMPOSITION II. A continuation of ENG 1113 with emphasis on research, argumentation and composition. Readings, essays, and a research paper are required. Prerequisite: ENG 1113

ENG 2133. CREATIVE WRITING I. Involves reading and writing poetry, short fiction, creative nonfiction and/or drama. Prerequisite: ENG 1113

ENG 2143. CREATIVE WRITING II. A continuation of writing poetry, short fiction, creative nonfiction and/or drama. Prerequisite: ENG 2133

ENG 2223. AMERICAN LITERATURE I. Surveys representative prose and poetry of the United States from its beginnings to the Civil War. Prerequisites: ENG 1113 and ENG 1123

ENG 2233. AMERICAN LITERATURE II. Surveys representative prose and poetry of the United States from Civil War to the present. Prerequisites: ENG 1113 and ENG 1123

ENG 2323. BRITISH LITERATURE I. Surveys British literature from Anglo Saxon Period through the Restoration and Eighteenth Century. Prerequisites: ENG 1113 and ENG 1123

ENG 2333. BRITISH LITERATURE II. Surveys British literature from the Romantic Period through the present. Prerequisites: ENG 1113 and ENG 1123

ENG 2423. WORLD LITERATURE I. Surveys texts representative of global and historical diversity

from the ancient world through the early modern world. Prerequisites: ENG 1113 and ENG 1123

ENG 2433. WORLD LITERATURE II. Surveys texts representative of global and historical diversity from the Enlightenment Period to the Present. Prerequisites: ENG 1113 and ENG 1123

ENG 2613. FILM AS LITERATURE. Involves the study of current and classic motion pictures as a form of literary, historic, and cinematic expression. Prerequisites: ENG 1113 and ENG 1123

FAMILY AND CONSUMER SCIENCES (FCS)

FCS 1253. NUTRITION. A lecture course covering the nutrients for normal growth and reducing the risks of major chronic diseases, and applied to the selection of food for ingestion, the processes of digestion, assimilation and absorption, metabolism, and the applications for health care providers.

GEOGRAPHY (GEO)

GEO 1113. WORLD REGIONAL GEOGRAPHY. A regional survey of the basic geographic features and major new developments of the nations of the world.

HEALTH, PHYSICAL EDUCATION AND RECREATION (HPR)

HPR 1111 General Physical Education Activities I. This course is designed to give students a current concept of physical education and recreation by developing body skills while engaging in various anaerobic and aerobic activities. (walking & jogging)

HPR 1121 General Physical Education Activities II. This course is designed to give students a current concept of physical education and recreation by developing body skills while engaging in various anaerobic and aerobic activities. (walking & jogging)

HPR 1131, 1141, 2131, 2141. VARSITY SPORTS I, II, III, IV. Participation in varsity sports (baseball, basketball, football, and softball).

HPR 1213. PERSONAL AND COMMUNITY HEALTH. Application of principles and practices of healthful living to the individual and community, major health problems and the mutual responsibilities of home, school, and health agencies.

HPR 1313 INTRODUCTION TO KINESIOLOGY/HEALTH, PHYSICAL EDUCATION & RECREATION. Introduction to the various fields of study within kinesiology/health, physical education, and recreation. Discussion of the responsibilities and opportunities of professional personnel. Orientation of student opportunities in the field.

HPR 1511, 1521, 2511, 2521. TEAM SPORTS I, II, III, IV. Rules, techniques and equipment in

various team sports (baseball, basketball, cheerleaders, dancers, football, and softball).

HPR 1551, 1561, 2551, 2561. FITNESS AND CONDITIONING TRAINING I, II, III, IV. Instruction and practice of basic principles of fitness and conditioning through a variety of exercises and activities.

HPR 2213. FIRST AID AND CPR. Instruction and practice in methods prescribed in the American Red Cross standard and advanced courses. (1-3 hours credit)

HPR 2423. FOOTBALL THEORY. Explores the theories, practices, tactics and strategies involved in coaching football. Emphasis will be placed upon the objectives, rules, regulations, and policies of competitive athletics, as well as on individual skills, team tactics, organization and management practices.

HPR 2433. BASKETBALL THEORY. Explores the theories, practices, tactics and strategies involved in coaching basketball. Emphasis will be placed upon the objectives, rules, regulations, and policies of competitive athletics, as well as on individual skills, team tactics, organization and management practices.

HPR 2453. BASEBALL THEORY. Explores the theories, practices, tactics and strategies involved in coaching baseball. Emphasis will be placed upon the objectives, rules, regulations, and policies of competitive athletics, as well as on individual skills, team tactics, organization and management practices.

HPR 2493. SOFTBALL THEORY. Explores the theories, practices, tactics and strategies involved in coaching softball. Emphasis will be placed upon the objectives, rules, regulations, and policies of competitive athletics, as well as on individual skills, team tactics, organization and management practices.

HISTORY (HIS)

HIS 1163. WORLD CIVILIZATIONS I. This is a general survey of world history from ancient times to the 1500s.

HIS 1173. WORLD CIVILIZATIONS II. This is a general survey of world history from the 1500s to modern times.

HIS 1613. AFRICAN-AMERICAN HISTORY. This is a survey of African- American from African Origin to modern times.

HIS 2213. AMERICAN (U.S.) HISTORY I. This is a survey of American (U.S.) history to 1877.

HIS 2223. AMERICAN (U.S.) HISTORY II. This is a survey of American (U.S.) history since 1877.

HONORS

HON 1911. HONORS FORUM I. Admission is by invitation only. Interdisciplinary studies of selected issues confronting the individual and society with discussions led by scholars, faculty, and/or students.

HON 1921. HONORS FORUM II. Admission is by invitation only. Interdisciplinary studies of selected issues confronting the individual and society with discussions led by scholars, faculty, and/or students.

HON 2911. HONORS FORUM III. Admission is by invitation only. Interdisciplinary studies of selected issues confronting the individual and society with discussions led by scholars, faculty, and/or students.

HON 2921. HONORS FORUM IV. Admission is by invitation only. Interdisciplinary studies of selected issues confronting the individual and society with discussions led by scholars, faculty, and/or students.

JOURNALISM (JOU)

JOU 1111. COLLEGE PUBLICATIONS I. A laboratory course designed to give practical experience in working with college newspaper and yearbook publication. News, feature, and editorial writing, make-up and layout, editing, advertising and photography will be emphasized according to student need.

JOU 1121 COLLEGE PUBLICATIONS II. A continuation of JOU 1111.

JOU 2111 COLLEGE PUBLICATIONS III. Open to students who successfully completed JOU 1111 and 1121 or consent of instructor. Laboratory work will include coverage of news events on campus, photography, sports writing, and editorial writing. Advancement in skills in headline writing, copy editing, and make-up and design will be stressed.

JOU 2121 COLLEGE PUBLICATIONS IV. Open to students who successfully completed JOU 1111, 1121, and 2111 or consent of instructor. Laboratory work will include coverage of news events on campus, photography, and editorial writing. Advancement in skills in headline writing, copy editing, and make-up and design will be stressed.

LEADERSHIP (by invitation)

LEA 1812. LEADERSHIP AND ORGANIZATION SKILLS I. A study of leadership styles and skills, roles and functions of officers of student organizations. Includes parliamentary procedure, chain of command, communication, conducting effective meetings, and role of constitution/by-laws, principles of ethics, etiquette and working with volunteers.

LEA 1911. LEADERSHIP AND COMMUNICATION SKILLS DEVELOPMENT - RECRUITING AND PUBLIC RELATIONS I. This course familiarizes the student with his/her responsibilities as a member of the MDCC Recruitment/Public Relations Team. It explores leadership skills, communication, and factual information about MDCC. Through this course the student will be able to function as a MDCC representative in recruitment and in public relations.

LEA 1921. LEADERSHIP AND COMMUNICATION SKILLS DEVELOPMENT - RECRUITING AND PUBLIC RELATIONS II. A continuation of LEA 1911.

LEA 2911. LEADERSHIP AND COMMUNICATION SKILLS DEVELOPMENT - RECRUITMENT AND PUBLIC RELATIONS III. A continuation of LEA 1921.

LEA 2921. LEADERSHIP AND COMMUNICATION SKILLS DEVELOPMENT - RECRUITING AND PUBLIC RELATIONS IV. A continuation of LEA 2911.

LIFE SKILLS (LLS)

LLS 1151. COLLEGE LIFE. College Life offers group experiences in study skills and career exploration. This course is designed to assist the first time student in achieving academic success.

LLS 1213. SELF AFFIRMATION. This course is designed to assist students in becoming more aware of their strengths and to improve self-concepts.

LLS 1311. ORIENTATION. This course is designed to help the new college student adjust to college life. It includes a study of personal and social adjustments, and gives the student guidance in collegiate life.

LLS 1413. IMPROVEMENT OF STUDY. Course is designed to aid the student in study skills, promote student success in basic reading and note-taking techniques, critical thinking, time management, test-taking strategies, and listening and memory enhancement.

LLS 1723. EMPLOYMENT READINESS. This course is designed to prepare students for employment by teaching the importance of interviewing skills, employer expectations, employability skills, work ethics, and job retention skills.

MATHEMATICS (MAT)

MAT 0123. BEGINNING ALGEBRA (Remedial course). A course in algebra to include operations with real numbers, linear equations, the coordinate system, linear inequalities, laws of exponents, operations with polynomials, and factoring. (Three semester hours of institutional credit are awarded upon completion of this course. These hours will not be counted toward graduation. Must make a "C" or better to advance to MAT 1233.)

MAT 1233. INTERMEDIATE ALGEBRA (Remedial course). Designed for students whose preparation in algebra is inadequate for regular college algebra. The topics include linear

equations and their graphs; inequalities and number line graphs; rational expressions; factoring; laws of exponents; radicals; polynomials. (Three hours of institutional credit is awarded upon completion of this course. These hours will not be counted toward graduation. Must make a "C" or better to advance to MAT 1313.)

MAT 1313. COLLEGE ALGEBRA. This course includes inequalities; functions; linear and quadratic equations, circles, and their graphs; rational, radical, and higher-order equations; applications; polynomial and rational functions; logarithmic and exponential functions; systems of equations. Prerequisite: 19 or better on ACT MAT sub score or successful completion of MAT 1233

MAT 1323. TRIGONOMETRY. This course includes trigonometric functions and their graphs; trigonometric identities; trigonometric equations; radian measurement; solutions of right and oblique triangles; inverse trigonometric functions; applications

MAT 1513. BUSINESS CALCULUS, I. A study of functions, limits, continuity, derivatives, and their applications to business and economics. Prerequisite: MAT 1313 College Algebra

MAT 1613. CALCULUS I. This course includes the following topics: limits; continuity; the definition of the derivative; differentiation; applications; anti-derivatives.

MAT 1623. CALCULUS II. This course includes the following topics: the definite integral; differentiation and integration of transcendental functions, techniques of integration; applications. Prerequisite: MAT 1613 with a "C" or better.

MAT 1723. THE REAL NUMBER SYSTEM. Designed for elementary and special education majors, this course includes set theory, numeration systems, foundations of number theory, and properties and operations of real numbers. Prerequisite: MAT 1313 College Algebra.

MAT 1733. GEOMETRY, MEASUREMENT AND PROBABILITY. Designed for elementary and special education majors, this course includes geometric definitions, shapes, and formulas; linear and angular measurements; unit conversions, statistics and probability. Prerequisite: MAT 1313 College Algebra & MAT 1723 Real Number System

MAT 1743. PROBLEM SOLVING WITH REAL NUMBERS. Designed for elementary and special education majors, this course includes logic, applications of real numbers, probability, and statistics. Prerequisite: MAT 1313 College Algebra & MAT 1723 Real Number Systems

MAT 2323. STATISTICS. Introduction to statistical methods of describing, summarizing, comparing, and interpreting data to include probability distributions, sampling, estimation, confidence intervals, and hypothesis testing. Prerequisite: MAT 1313 College Algebra

MAT 2613. CALCULUS III. This course includes the following topics: analytical geometry; parametric equations; polar coordinates; improper integrals, infinite series. Prerequisite: MAT 1623 with a "C" or better.

MAT 2623. CALCULUS IV. This course includes the following topics: partial differentiation; multiple integration; vector calculus; quadric surfaces and line integrals. Prerequisite: MAT 2613 with a "C" or better.

MAT 2913. DIFFERENTIAL EQUATIONS. This course includes the following topics: solution of first and higher order differential equations, existence theorems, Laplace transforms; applications.

MUSIC APPLIED (MUA)

(Brass, Guitar, Percussion, Piano, Voice, and Woodwinds)

Entrance into freshman applied music is by certification of the music faculty. **Music applied classes are for music majors only.**

MUA 1172, 1182, 2172, 2182. BRASS FOR MUSIC EDUCATION MAJORS I, II, III, & IV. Brass instruction for music education majors and non-music major with an emphasis on brass instrumental playing. Designed to teach the fundamental principles of playing, explore moderate to advanced levels of literature, develop the student's interest in playing and strengthen the student's playing ability.

MUA 1211, 1221, 2211, 2221. CLASS GUITAR I, II, III, & IV. Instruction for beginning guitar player's that includes basic accompanying styles and an introduction to classical guitar technique.

MUA 1272, 1282, 2272, 2282 GUITAR FOR MUSIC EDUCATION MAJORS I, II, III, IV. Guitar for music education majors with guitar as their area of emphasis. Introduction to guitar technique, literature and performance of standard literature.

MUA 1472, 1482, 2472, 2482. PERCUSSION FOR MUSIC EDUCATION MAJORS I, II, III, & IV. Percussion instruction for music majors, with an emphasis on percussion instrumental playing. Designed to teach the fundamental principles of playing, explore moderate to advanced levels of literature and develop the student's interest in playing.

MUA 1571, 1581, 2571, 2581. PIANO FOR NON-KEYBOARD MUSIC EDUCATION MAJORS I, II, III, & IV. Individual piano instruction for non-keyboard music majors.

MUA 1572, 1582, 2572, 2582. PIANO FOR MUSIC EDUCATION MAJORS I, II, III, IV. Individual piano instruction including technique, appropriate repertoire, and memorization.

MUA 1772, 1782, 2772, 2782. VOICE FOR MUSIC EDUCATION MAJORS I, II, III, & IV. Voice for majors is designed to teach the fundamental principles of singing, explore varied vocal literature, and develop and improve the student's vocal ability.

MUA 1872, 1882, 2872, 2882. WOODWINDS FOR MUSIC EDUCATION MAJORS I, II, III, & IV. Woodwind instruction for music education majors with an emphasis on woodwind instrumental playing. Designed to teach the fundamental principles of playing, explore moderate to

advanced levels of literature, develop the student's interest in playing, and strengthen the student's playing ability.

MUSIC FOUNDATION (MUS)

MUS 1113. MUSIC APPRECIATION. A course designed to give the student, thorough listening and written work, the ability to understand, appreciate, and evaluate music of Western culture.

MUS 1123. MUSIC SURVEY. Advanced listening course, designed to acquaint the music major with a board overview of musical style and repertoire from antiquity to the present. (Music Majors only)

MUS 1133. FUNDAMENTALS OF MUSIC. Provides the student basic knowledge of notations, scales, keys, rhythms, intervals, triads, and their inversions. (Non-Music Majors only)

MUS 1214. MUSIC THEORY I, LECTURE/LAB. Study of functional harmony through analysis and part writing, sight singing, and ear training. Includes lab instruction in sight-singing, ear training, and dictation.

MUS 1224. MUSIC THEORY II, LECTURE/LAB. Continued study of functional harmony through analysis and part writing, sight singing, and ear training. Includes lab instruction in sight-singing, ear training, and dictation. Prerequisite: MUS 1214 with a "C" or better average.

MUS 2214. MUSIC THEORY III, LECTURE/LAB. Continuation studies of functional harmony through analysis, part-writing, sight-singing, and ear training. Includes lab instruction in sight-singing, ear training, and dictation. Pre-requisite: MUS 1224 with a "C" or better average

MUS 2224. MUSIC THEORY IV, LECTURE/LAB. Continued study of functional harmony through analysis, part writing, sight singing, and ear training. Includes lab instruction in sight-singing, ear training, and dictation. Pre-requisite: MUS 2214 with a "C" or better average

MUSIC ORGANIZATIONS (MUO)

(Band, Small Band Groups, Stage Band, MDCC Singers, Ambassadors, Ambassadors Band)

MUO 1111, 1121, 2111, 2121. BAND I, II, III, & IV. Designed to teach the fundamental principles of playing musical instruments, explore varied levels of literature and develop the student's knowledge of performance techniques.

MUO 1131, 1141, 2131, 2141. SMALL INSTRUMENT ENSEMBLE I, II, III, & IV (AMBASSADORS BAND). Designed to explore the varied levels of literature and develop the student's knowledge of performance technique in small ensembles and auxiliary groups.

MUO 1171, 1181, 2171, 2181. LARGE JAZZ ENSEMBLE I, II, III, & IV (JAZZ BAND). A course

designed to give students the opportunity to perform jazz and a variety of music styles in a “big band” setting or similar instrumentation. Instructor permission required.

MUO 1211, 1221, 2211, 2221. Choir I, II, III, & IV (MDCC SINGERS.) A course for music majors and non-majors focused on performing choral music from a variety of style periods.

MUO 1241, 1251, 2241, 2251. Small Voice Ensemble I, II, III, & IV (AMBASSADORS). A course for select singers focused on performing from one or more genres of music.

PHILOSOPHY AND BIBLE (PHI)

PHI 1113. OLD TESTAMENT SURVEY. The student will survey the Old Testament (Hebrew Bible) with regard to its worth as a literary work, along with significant dates, themes, concepts and contributions of its characters to that history and literature.

PHI 1133. NEW TESTAMENT SURVEY. A study of the New Testament covering the life of Jesus of Nazareth and the establishment of the early church as presented in the Gospels, Acts, and other New Testament books.

PHYSICAL SCIENCE (PHY)

PHY 1111. INTRODUCTION TO ASTRONOMY, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 1113 Introduction to Astronomy, Lecture.

PHY 1113. INTRODUCTION TO ASTRONOMY, LECTURE. A lecture course that includes surveys of the solar system, our galaxy, and the universe.

PHY 2241. PHYSICAL SCIENCE I, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2243 Physical Science Survey I, Lecture.

PHY 2243. PHYSICAL SCIENCE I, LECTURE. A lecture course that includes studies of measurements and units, electricity, mechanics, heat, sound, light, and astronomy.

PHY 2251. PHYSICAL SCIENCE II, LABORATORY A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2253 Physical Science Survey II, Lecture.

PHY 2253. PHYSICAL SCIENCE II, LECTURE. A lecture course that includes studies of chemistry, geology, and meteorology.

PHY 2411. GENERAL PHYSICS I, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2413 General Physics I, Lecture.

PHY 2413. GENERAL PHYSICS I, LECTURE. A lecture course covering mechanics, heat, waves, and sound. This is a non-calculus based course primarily for pre-professional majors. Prerequisite or Co-requisite: MAT 1323

PHY 2421. GENERAL PHYSICS II, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2423 General Physics II, Lecture.

PHY 2423. GENERAL PHYSICS II, LECTURE. A lecture course covering electricity, magnetism, optics, and modern physics. This is a non-calculus based course primarily for pre-professional majors. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. Prerequisite: PHY 2413 & PHY 2411

PHY 2511. GENERAL PHYSICS I-A, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2513 General Physics I-A, Lecture.

PHY 2513. GENERAL PHYSICS I-A, LECTURE. A lecture course covering mechanics, heat, waves, and sound. This is a calculus-based course primarily for students of engineering, science, or mathematics. Prerequisite or Co-requisite: MAT 1613

PHY 2521. GENERAL PHYSICS II-A, LABORATORY. A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2523 General Physics II-A, Lecture.

PHY 2523. GENERAL PHYSICS II-A, LECTURE. A lecture course covering electricity, magnetism, optics, and modern physics. This is a calculus-based course primarily for students of engineering, science, or mathematics. Prerequisite: PHY 2513 & PHY 2511

POLITICAL SCIENCE (PSC)

PSC 1113. AMERICAN NATIONAL GOVERNMENT. Survey of the organizations, political aspects, and basis of national government.

PSYCHOLOGY (PSY)

PSY 1513. GENERAL PSYCHOLOGY. An introduction to the scientific study of human behavior and mental processes. This includes history and theories of psychology, research methods, biological bases of behavior, the principles of learning, personality and abnormal behavior.

PSY 2513. CHILD PSYCHOLOGY. A study of the various aspects of human growth and development during childhood. Topics include physical, psychosocial and cognitive development from conception into emerging adolescence. Pre-requisite PSY 1513

PSY 2523. ADOLESCENT PSYCHOLOGY. A study of human growth and development during adolescence. This includes physical, cognitive and psychosocial development. Pre-requisite PSY 1513

PSY 2533. HUMAN GROWTH AND DEVELOPMENT. A study of human growth and development from conception through late adulthood, including death and dying. Topics include physical, psychosocial and cognitive development. Pre-requisite PSY 1513

SOCIOLOGY (SOC)

SOC 2113. INTRODUCTION TO SOCIOLOGY I. This course introduces the scientific study of human society and social interaction. Social influences on individuals and groups are examined.

SOC 2133. SOCIAL PROBLEMS. A study of the theoretical analysis, nature, scope, and effects of contemporary social problems and policy measures used to address them. Prerequisite: SOC 2113

SOC 2143. MARRIAGE AND FAMILY. A study of the development of marriage and family as cultural units in society. Prerequisite: SOC 2113

COMMUNICATION (COM) / SPEECH (SPT)

COM/SPT 1113 PUBLIC SPEAKING I. Study and practice in making speeches for a variety of public forms. Major emphasis is placed on speech preparation and delivery.

SPT 1153. VOICE, DICTION & PHONETICS. A study of the International Phonetic Alphabet and training in the phonetic transcription of speech for improvement of voice and diction. Includes physical characteristics and production of sounds in American English, auditory training, articulation and standard pronunciations, and voice production.

SPT 1241. DRAMA PRODUCTION I. Participation in college drama productions.

COM/SPT 2173. INTERPERSONAL COMMUNICATION. Theory and Analysis of dyadic relationships (one-on-one interactions). The course explores topics such as perception, listening, conflict management, relationship building and maintenance, and relational power. Pre-requisite: SPT 1113 Public Speaking

SOCIAL WORK (SWK)

SWK 1113. Social Work: A Helping Profession. This course exposes students to a “helping” profession that plays a central role in addressing human needs. Students are exposed to personal/lived experiences of social work clients and successes of “real” social workers in respective practices such as mental health, child welfare, disaster, corrections, faith-based, military, international relief, and industry. (online only)

CAREER-TECHNICAL AND ADULT EDUCATION PROGRAMS

GENERAL INFORMATION

SUPPORT SERVICES

Support services are provided to students identified as special populations upon enrollment in career or technical programs. Students served include the following: individuals with disabilities; economically disadvantaged; individuals preparing for nontraditional training and employment; and individuals with barriers to educational achievement, including individuals with limited English proficiency.

ADULT NIGHT CLASSES

Mississippi Delta Community College offers career training through adult night classes. Courses to be taught are selected through the cooperative efforts of industry and advisory committees. *A minimum of twelve* students must be enrolled in the course in order for the course to be offered. When a course fails to meet the minimum student enrollment requirements, the information is forwarded to the Workforce Division for the possibility of becoming a future project.

The courses may vary in length or content to meet the needs of individual groups. Adult night classes usually meet one night per week, three hours per night. Certificates of completion are issued to students who complete 80% of the course work.

For additional information, email careertech@msdelta.edu.

ADULT EDUCATION PROGRAM

Class registration begins the Monday before traditional college classes. In addition special enrollment sessions are opened and publicized throughout each semester.

These tuition-free programs are open to any adult who

- will be 18 years of age or older by September 1 of the current school year (provisional admission for 16-17 year olds may be applied for with proper documentation)
- is not currently enrolled in school
- does not have a high school diploma

Adult Education offers adults the chance to prepare for a high school equivalency test, college entrance, career-technical education, employment, or promotion on the job.

Through Adult Education classes, students can obtain a basic knowledge of:

- Math
- Social Studies
- Science
- Consumer Education
- Employability Skills
- Citizenship
- Civic Preparation
- Language Arts

High School Equivalency classes are offered in the subject areas of:

- Reasoning Through Language Arts
- Social Studies
- Mathematical Reasoning
- Science

Mississippi Delta Community College is proud to be a registered high school equivalency testing center. Multiple high school equivalency options are available in the state of Mississippi. Some tests are computer based-only options and all tests are only administered in an approved testing lab. To find out more information about the testing options including pricing and test center availability, please click the links provided below for each test option.

GED: www.ged.com
TASC: www.tasctest.com
HISSET: www.hiset.ets.org

TECHNICAL EDUCATION

Students applying for admission to a technical program must have a regular high school diploma or a high school equivalency. The programs of study listed under these curricula offer two years of education and training which provide skills and knowledge for entry level positions in the job market. Students desiring to transfer to another institution upon completion should consult with that institution for advisement.

Students should refer to individual programs for specific admission requirements.

Due to accreditation requirements, the curricula, course offerings and course content may change. Each semester it is imperative that each student discuss course selection with their advisor. Every effort will be made to assure that each student is allowed the opportunity to gain adequate knowledge and skills within the time frame of the program. As a result of changes in technology, students who do not complete a program of study in a timely manner may be required to repeat courses.

A minimum cumulative grade point average of 2.00 in the program of study is required for graduation. All completers are eligible for graduation exercises and should be able to obtain employment at the apprentice level.

CAREER EDUCATION

Students applying for admission to a career program must have a regular high school diploma or a high school equivalency. The programs of study listed under the career curricula provide one or two years of career education and skills training.

Students should refer to individual programs for specific admission requirements.

Due to accreditation requirements, the curricula, course offerings, and course content may

change. Each semester it is imperative that each student discuss course selection with their advisor. Every effort will be made to assure that each student is allowed the opportunity to gain adequate knowledge and skills within the time frame of the program. As a result of changes in technology, students who do not complete a program of study in a timely manner may be required to repeat courses.

A minimum cumulative grade point of 2.00 in the program of study is required for graduation. All completers are eligible for graduation exercises and should be able to obtain employment at the apprentice level.

All students completing career or technical programs are required to take the MS-CPAS2 (Mississippi Career Planning and Assessment System) or another state board approved, industry recognized certification.

CAREER PATHWAYS AND COMPLETION OPTIONS

Skills related career pathway programming represents a blending of technical skills, specific coursework, and core academic courses offered with multiple completion options on a semester-hour basis. These programs may lead to a Career Certificate, Technical Certificate, or an Associate of Applied Science Degree. Career Certificates are completed in approximately 30+ semester hours. Technical Certificates are completed in approximately 45+ semester hours. Associate of Applied Science Degrees are completed in approximately 60+ semester hours. All programs operate under program specific guidelines.

Career Pathways	Completion Options		
	CC	TC	AAS
Agriculture, Food & Natural Resources			
Field Crops	X		X
Precision Agriculture			X
Architecture & Construction			
Biomedical Electronics			X
Brick, Block, and Stone Masonry	X		
Construction Equipment Operation	X		
Drafting & Design		X	X
Electrical (<i>Industrial Electricity/Industrial Maintenance</i>)	X		X
Electronics	X	X	X
Heating, Ventilation, Air Conditioning, & Refrigeration		X	
Welding	X		
Automotive Pathway			
Automotive Machinist	X		
Automotive Mechanics	X	X	X
Business, Management & Administration			
Accounting			X
Administrative Office			X
Business Management			X
Business & Office	X		
Healthcare Data			X
Computer Networking			X
Hospitality & Tourism			
Culinary Arts	X	X	X
Manufacturing			
Machine Tool		X	X

COMPLETION OPTIONS ASSOCIATE OF APPLIED SCIENCE DEGREE

The degree of Associate of Applied Science will be awarded to those who complete the prescribed curriculum in the following: Agricultural Business and Management Technology (Field Crops and Precision Agriculture Options), Automotive Mechanics Technology, Business, Management and Administration (Accounting Technology, Administrative Office Technology, Business Management Technology, Healthcare Data Technology, and Computer Networking Technology Options), Culinary Arts Technology, Drafting and Design Technology, Electrical Technology (*Industrial Electricity/Industrial Maintenance*), Electronics Technology (Electronics and Biomedical Repair Option), and Machine Tool Technology. The curriculum must include no less than sixty semester hours. A minimum cumulative grade point average of 2.00 in the program of study is required for graduation.

The Program must include a minimum core of 15 semester hours of general education courses including three hours in each of the following areas:

<u>General Education Core Courses</u>	<u>Semester Hours</u>
1. English Composition I (ENG 1113)	3
2. Public Speaking I (SPT 1113)	3
3. Social/Behavioral Sciences (SOC 2113 or PSY 1513) (Introduction to Sociology I or General Psychology)	3
4. Mathematics/Natural Sciences (MAT 1313, BIO, CHE, or PHY) (College Algebra, Biology, Chemistry, Physics, or Physical Science)	3
5. Humanities/Fine Arts (HIS, ENG Literature, ART 1113, or MUS 1113) (History, Literature, Art Appreciation, or Music Appreciation)	3

REQUIREMENTS FOR GRADUATION

Students expecting to graduate from Mississippi Delta Community College must file an application for graduation with the Office of Enrollment Management by the deadline announced by the Office of Enrollment Management.

The candidates must spend the semester immediately preceding the date of graduation in residence and earn a cumulative grade point of 2.00 in the program of study to graduate. Transfer students must complete at least one-quarter of the number of hours required for graduation and earn a quality point average of 2.0 during this period of residence at MDCC. Developmental courses taken at MDCC or at another institution are not counted for meeting degree requirements at MDCC.

CAREER OR TECHNICAL CERTIFICATE

A Career (30+ hours—1 year) Certificate will be awarded to those who satisfactorily complete one of the following prescribed courses of study: Automotive Machinist; Automotive Mechanics; Brick, Block and Stone Masonry; Business & Office Technology; Construction Equipment Operation; Electrical (*Industrial Electricity/Industrial Maintenance*), Electronics, Field Crops; and Welding.

A Technical (45+ hours—2 year) Certificate will be awarded to those who satisfactorily complete one of the following prescribed courses of study: Culinary Arts; Heating and Air Conditioning; and Machine Tool Operation. A minimum cumulative grade point of 2.00 in the program of study is required for graduation.

REQUIREMENTS FOR GRADUATION

Students expecting to graduate from Mississippi Delta Community College must file an application for graduation with the Office of Enrollment Management by the deadline announced by the Office of Enrollment Management.

The candidates must spend the semester immediately preceding the date of graduation in residence and earn a cumulative grade point of 2.00 to graduate. Transfer students must complete at least one-quarter of the number of hours required for graduation and earn a quality point average of 2.0 during this period of residence at MDCC. Developmental courses taken at MDCC or at another institution are not counted for meeting degree requirements at MDCC.

MISSISSIPPI DELTA COMMUNITY COLLEGE ACCOUNTING TECHNOLOGY A.A.S. DEGREE

Accounting Technology is a program of study that prepares students for entry-level accounting positions in accounts payable, accounts receivable, payroll, and inventory as well as enhances the skills of persons currently employed in accounting who wish to advance. The program provides a foundation for students transferring to a four-year college or university to pursue a specialized degree in the field.

Admission Requirements

Students must submit a composite score of 14 or higher on the Enhanced ACT. A minimum ACT score of 14 is also required on the Mathematical usage and Reading sections. Students 21 years old and older, who do not have an ACT score, must score at the 10th grade level or higher on the TABE.

Students who are returning to the program after an absence of a semester or more must graduate under the current catalog because of curriculum changes in regard to computer application programs. *Accounting Technology is a two year program but students entering in the spring may take two and a half years to complete the program.*

MISSISSIPPI DELTA COMMUNITY COLLEGE AUTOMOTIVE MACHINIST CAREER CERTIFICATE

The Automotive Machinist is a program of study structured to impart to students the knowledge and skills necessary to become a qualified automotive machinist.

Each student will learn by actually working on automotive, industrial and agricultural engines. Students will be taught all aspects of disassembly, inspection, remachining, and reassembly of an engine. They will learn how to determine if replacement parts are needed in an engine. Students will operate a variety of automotive machine shop equipment to include valve grinders, cylinder boring bars, crankshaft grinders, rod honing machines, engine balancers, and cleaning equipment. The basic principles of the internal combustion engine and general construction of the automotive engine are two of the main features of this curriculum. Students are also taught the use of precision measuring tools, (micrometers, calipers, dial indicators, etc.). These skills are useful in all automotive and machinist fields.

REQUIRED COURSES:		PREV TAKEN	FALL	SPRING

MISSISSIPPI DELTA COMMUNITY COLLEGE COMPUTER NETWORKING TECHNOLOGY A.A.S. DEGREE

Computer Networking Technology is program of study that offers training in telecommunications, network technologies, administration, maintenance, operating systems, and network planning and implementation. All Computer Networking Technology courses are designed to allow practical experience using computers and related equipment. Students will gain experience using personal computers, and networks including Microsoft Windows Server, Novell Server, and Linux Server. Essential skills and competencies will be identified in each course with emphasis placed upon outcome.

Admission Requirements

Students must submit a composite score of 16 or higher on the Enhanced ACT. A minimum ACT score of 16 is also required on the Mathematical usage and Reading sections. Exceptions may be made with instructor permission for students that do not meet entrance requirements provided the student meets the requirements by the end of the second semester or has a 2.0 GPA. In addition to these ACT requirements, re-admit or transfer students must have a 2.0 cumulative quality point average. Students may not enroll in advanced semester courses without satisfactory completion of prior semester courses or permission of instructor.

CONSTRUCTION EQUIPMENT OPERATION CAREER CERTIFICATE**

Construction Equipment Operation is a program of study that prepares an individual to operate and maintain a variety of heavy equipment including backhoe, fork-lift, dozer, end-loader, excavator, motor grader, and scraper. The instruction includes safety, general care, and routine maintenance. The program also includes instruction in digging, ditching, sloping, stripping, grading, back filling, clearing, excavating, and handling of materials. An individual successfully completing this program will have entry level skills for employment as a heavy equipment operator. It is required that all students demonstrate basic skill performance on each of the following pieces of construction equipment: backhoe, fork-lift, dozer, end loader, excavator, motor grader and scraper. Advanced skill performance on a minimum of two items of equipment is essential to successful program completion. Fork-lift certification is available for qualifying students.

MISSISSIPPI DELTA COMMUNITY COLLEGE DRAFTING AND DESIGN TECHNICAL CERTIFICATE

Drafting and Design is a program of study designed to impart technical knowledge and engender manipulative skills in the use of construction and drafting equipment and procedures. The knowledge and skills mastered in this program are important for the design and production of plans for industry, manufacturing and construction. Emphasis is placed upon such subjects as scientific design, job specifications, building codes as well as drafting. Both creative and practical training are offered in such a manner that the student who successfully completes this two-year program is competent for employment in a variety of positions.

Some of the many jobs available to persons completing this program include: architectural or engineering draftsman, appraiser and inspector, estimator, layout and supervision, mapping surveyor and junior engineer.

Admission Requirements

Students must submit a composite score of 16 or higher on the Enhanced ACT. A minimum ACT score of 16 is also required on the mathematical usage and reading sections. Exceptions may be made with instructor permission for students that do not meet entrance requirements. In addition to these ACT requirements, re-admit or transfer students must have a 2.0 cumulative quality point average. No student may enroll in advanced semesters without satisfactory completion of prior semester courses.

MISSISSIPPI DELTA COMMUNITY COLLEGE HEALTHCARE DATA TECHNOLOGY A.A.S. DEGREE

Healthcare Data Technology is a program of study designed to prepare students for employment in physician offices, hospitals, outpatient facilities, mental health clinics, nursing home facilities and insurance companies. Healthcare Data is a two-year program of study which requires courses in the technical core, designated areas of concentration and academic core. *A student entering this program in the spring semester may require an extra semester to complete the program.* The Associate of Applied Science degree is earned upon the successful completion of the Healthcare Data curriculum.

Admission Requirements

Students must submit a composite score of 16 or higher on the Enhanced ACT. A minimum ACT score of 14 is required on the Mathematical usage and Reading sections. Students 21 years old and older, who do not have an ACT score, must score at the 10th grade level or higher on the TABE.

Students who are returning to the program after an absence of a semester or more must graduate under the current catalog because of curriculum changes in regard to computer application programs.

MISSISSIPPI DELTA COMMUNITY COLLEGE PRECISION AG TECHNOLOGY A.A.S. DEGREE

The Precision Ag Technology is a program of study that teaches the student a working knowledge and understanding of remote sensing, global positioning systems, geographic information systems and variable rate technology, as well as practical, hands on experience in an in-situ environment.

Students must submit a composite score of 16 or higher on the Enhanced ACT. A minimum score of 16 is also required on the Mathematical Usage and Reading sections. Exceptions may be made with instructor permission for students that do not meet entrance requirements.

REQUIRED COURSES:		PREV TAKEN	FALL	SPRING	FALL	SPRING
FIRST SEMESTER FRESHMEN						
AGR 1112 Survey of Agriculture	2 hrs.					
AGT 1163 Spatial Information Systems	3 hrs.					
AGR 2314 Basic Soils	4 hrs.					
AGT 2413 Weed Control OR AGT 2463 Insects & Controls	3 hrs.					
*AGR 1313 Plant Science OR BIO 1313 Botany	3 hrs.					
SECOND SEMESTER FRESHMEN						
AGT 1354 Remote Sensing	4 hrs.					
COM/SPT 1113 Public Speaking I	3 hrs.					
Math/Natural Science Elective	3 hrs.					
Social/Behavioral Science Elective	3 hrs.					
Humanities/Fine Arts Elective	3 hrs.					
FIRST SEMESTER SOPHOMORE						
AGT 1254 GPS Data Collection	4 hrs.					
AGT 2154 Geographic Information Systems I	4 hrs.					
AGT 2434 Crop Management Zones	4 hrs.					
ENG 1113 English Comp I	3 hrs.					
SECOND SEMESTER SOPHOMORE						
AGT 2164 Variable Rate Technology	4 hrs.					
AGT 2174 Agricultural GIS	4 hrs.					
AGT 2474 Site Specific Pest Management	4 hrs.					
CSC 1123 Computer Applications I	3 hrs.					
Instructor Approved Elective	1 – 3 hrs.					
APPROVED ELECTIVES (with instructor's permission)						
LLS 1151 College Life	1 hr.					
LLS 1413 Improvement of Study	3 hrs.					
LLS 1723 Employment Readiness	3 hrs.					
Total Hours: 62

*BIO 1313 Botany can be substituted for AGR 1313

**MISSISSIPPI DELTA COMMUNITY COLLEGE
WELDING CAREER CERTIFICATE**

Welding is a program of study designed to develop skills in various methods of welding. During the first semester, the student is taught the use of the arc welder, oxyacetylene torch and plasma arc cutter. Classroom instruction is also received in blueprint reading, welding metallurgy, welding theory and types of welding machines. Second semester the students are taught the use of mig welder and tungsten inert gas techniques on both ferrous and non-ferrous materials. Also, they are taught flux core arc welding in all positions. Welding inspection and testing principles are also taught.

REQUIRED COURSES:		PREV TAKEN	FALL	SPRING
FIRST SEMESTER				
WLV 1115 Shield Metal Arc Weld I	5 hrs.			
WLV 1171 Weld Inspect & Test	1 hr.			
WLV 1225 Shield Metal Arc Weld II	5 hrs.			
WLV 1232 Draw & Weld Sym	2 hrs.			
WLV 1314 Cutting Processes	4 hrs.			
SECOND SEMESTER				
WLV 1124 Gas Metal Arc Weld	4 hrs.			
WLV 1136 Gas Tungsten Arc Weld	6 hrs.			
WLV 1143 Flux Cored Arc Weld	3 hrs.			
WLV 1913 Special Projects OR WLV 1923 Supervised Work Exp	3 hrs.			
APPROVED ELECTIVES (with instructor's permission)				
LLS 1151 College Life	1 hr.			
LLS 1311 Orientation	1 hr.			
LLS 1413 Improvement of Study	3 hrs.			
LLS 1723 Employment Readiness	3 hrs.			
Total Hours: 33

Career Certificate — Rev. 16

CAREER / TECHNICAL COURSES

AGRICULTURAL BUSINESS AND MANAGEMENT TECHNOLOGY (AGR/AGT)

OPTIONS:

FIELD CROPS

PRECISION AGRICULTURE

AGR 1112. SURVEY OF AGRICULTURE. An introductory course covering the general functions, organization, and operation of the agricultural in both national and international settings. (Lecture, 2 hrs.)

AGR 1214. ANIMAL SCIENCE. Fundamental principles and practical application of livestock, dairy, and poultry science. Origin, history, characteristics, market classes, and grades of the major breeds of livestock and poultry. (Lecture, 3 hrs.; Lab, 2 hrs.)

AGR 1313. PLANT SCIENCE. Scientific principles as the basis for practice in producing, handling, processing, marketing, and utilizing agronomic and horticultural crops. (Lecture, 3 hrs.)

AGR 2314. BASIC SOILS. A general course in soils designed to give the student a basic understanding of all important phases of the subject, including soil genesis, morphology, classification, and the physical, chemical and biological aspects of soils as applied to soil fertility. Soil management, including fertilization and liming of soils, is also included. (Lecture, 3 hrs.; Lab, 2hrs.)

AGR 2413. FARM MANAGEMENT. Decision making in the organization and operation of the farm business. Basic principles of the farm management, including records, finance, taxation and budgeting. (Lecture, 2 hrs.; Lab, 2 hrs.)

AGR 2713. PRINCIPLES OF AGRICULTURAL ECONOMICS. Economic principles applied to production, value, prices, credit, taxation, land tenure, marketing, international trade, and related problems affecting agriculture. (Lecture, 3 hrs.)

AGT 1163. SPATIAL INFORMATION SYSTEMS: This course provides an overview of spatial information concepts and the tools of spatial information systems (GPS, GIS, VRT, and Remote Sensing). Students will recognize the impact this technology has on our lives in the present as well as the future. Research career opportunities as they relate to these emerging technologies and the basic concepts under which spatial information functions. (Lecture, 3 hrs.)

AGT 1254. GPS - DATA COLLECTION: A course to introduce students to the general principles of Global Positioning Systems, their use, realized and potential value in agriculture. Upon completion, the student will be able to competently acquire, import, export, and manipulate geo-referenced data. The student will also be able to perform basic troubleshooting task, grasp concepts of spatial variability, and understand projections. (Lecture, 3 hrs.; Lab, 2 hrs.)
Prerequisite: consent of instructor.

AGT 1333. VEGETABLE CROP PRODUCTION: This course is a study of vegetable crop production techniques including conventional and minimal tillage, greenhouse management, planting, pest control, harvesting, and physical marketing practices. (Lecture, 3 hrs.)

AGT 1354. REMOTE SENSING: This course provides an overview of remote sensing technologies for agricultural management. The course emphasizes basic concepts, satellite-based, airborne, and ground-based sensing methods. Digital image interpretation and analysis will be a major component. The student will understand how remote sensing is used with spatial information and variable rate technologies for precision agricultural management. (Lecture, 3 hrs.; Lab, 2 hrs.) Prerequisites: basic understanding of computer graphics and mathematics.

AGT 1513. PRINCIPLES OF AGRICULTURAL MARKETING. An introduction to general principles of marketing agricultural products. Includes instruction in general marketing practices and the use of futures contracts. (Lecture, 3 hrs.)

AGT 2154. GEOGRAPHIC INFORMATION SYSTEMS I: This course is an overview of applications of Geographic Information Systems. Commercial software is used to cover user interface, views, themes, tables, and layouts. Basic functions of building, editing, querying, and spatial analysis of layers and databases will be reviewed. Hands on exercises will encompass several disciplines and will include mobile GIS applications. (Lecture, 3 hrs.; Lab, 2 hrs.). Prerequisites: CPT 1324 or consent of instructor.

AGT 2164. VARIABLE RATE TECHNOLOGY: An introductory course on basic principles of variable rate technology (site-specific technology, precision farming technology). This course will provide instruction on: the importance of variable rate technology; data collection techniques for variable rate applications; development of prescription application maps; and components, calibration, installation, and troubleshooting of variable rate equipment. (Lecture, 3 hrs.; Lab 2 hrs.. Prerequisites: GPS, GIS, SIS, MAT 1313, CPT 1324.

AGT 2174. AGRICULTURAL GEOGRAPHIC INFORMATION SYSTEMS: This course reviews several agricultural Geographic Information Systems, including the use of spatial data and spatial analysis for recording keeping, modeling, and management of an agronomic ecosystem. (Lecture, 3 hrs.; Lab, 2 hrs.). Prerequisites: GIS I or consent of instructor.

AGT 2373. FIBER AND OILSEED CROPS. This course is a study of crop production techniques including tillage and planting, pest control, and physical marketing practices for cotton, peanuts, and soybeans. (Lecture, 2 hrs.; Lab, 2 hrs.). Prerequisite: AGR 1313 or BIO 1314.

AGT 2383. GRAIN CROPS. This course is a study of grain production techniques including tillage, planting, pest control, and physical marketing practices for grain crops. Crops included are corn, milo, rice and wheat. (Lecture, 2 hrs.; Lab, 2 hrs.). Prerequisite: AGR 1313 or BIO 1313.

AGT 2413. WEED CONTROL. A course to provide students with information and skills for controlling plant pests in agricultural crops. This course includes instruction in the use and application of chemicals for weed control. (Lecture, 2 hrs.; Lab, 2 hrs.). Prerequisite: AGR 1313 or BIO 1313.

AGT 2434. CROP MANAGEMENT ZONES: The focus of this course will be on the identification and management of production zones within crop fields. This course will provide students a working knowledge of geo-spatial tools and remote imaging techniques to identify regions of distinction within a field and methods to develop management strategies to maximize economic gains for cropping systems. The course will introduce the use of various decision support tools available for crop management, including GIS and crop models. (Lecture, 3 hrs.; lab, 2 hrs.) Prerequisites: BOT 1314, SIS.

AGT 2463. INSECTS AND CONTROLS. A course to provide instruction and training in techniques of control of insect pests. This includes instruction in the safe and proper use of chemical and other control methods. Prerequisite: AGR 1313 or BIO 1313. (Lecture, 2 hrs.; Lab, 2 hrs.)

AGT 2474. SITE SPECIFIC PEST MANAGEMENT: This course provides instruction and training in conventional and site-specific techniques used in control of agricultural pests including insects, diseases, weeds, and nematodes. Students will use pest management techniques and tools including spatial information systems to evaluate impact of pest injury and costs associated with control. Students will learn how variable rate technologies are applied in the field for site-specific pest management. (Lecture, 3 hrs.; lab, 2 hrs.). Prerequisites: GPS, GIS I, CMC, AGT 1314, or consent of instructor.

AGT 2564. AGRICULTURAL MACHINERY AND SHOP MANAGEMENT: A comprehensive course studying operation and management of farm power machinery, shop repairs, and maintenance. (Lecture, 3 hrs.; Lab, 2 hrs.)

AGT 2913. SPECIAL PROBLEM IN AGRICULTURAL BUSINESS AND MANAGEMENT TECHNOLOGY. This course is designed to provide students with an opportunity to utilize skills and knowledge gained in other Agricultural Business and Management courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. (Lab, 6 hrs.) Prerequisite: Sophomore standing in Agricultural Business and Management Technology.

AGT 2923. SUPERVISED AGRICULTURAL EXPERIENCE. This internship course provides actual work experience in an agriculture business under the direction of the employer and the instructor. (Externship, 9 hrs.) Prerequisites: Sophomore standing in Agricultural Business and Management Technology or instructor approval.

AUTOMOTIVE MACHINIST (AUV)

AUV 1116. FUNDAMENTALS FOR AUTOMOTIVE MACHINISTS. This course includes the study and practice of personal hand tools and shop safety; study and practice of measuring; types of calipers, micrometers, and gauges; types and uses of hand tools, mechanical tools, power tools, and coolants; and identification of materials and metals. (Lecture, 2 hrs.; Lab, 8 hrs.)

AUV 1216. CYLINDER HEAD SERVICE. This course includes the rebuilding of cylinder heads. Included are valve, guide, and seat reconditioning as well as the resurfacing and assembly of heads. Crack detection and repair are also included in the course. (Lecture, 2 hrs.; Lab, 8 hrs.)

AUV 1316. CYLINDER BLOCK SERVICE. This course includes the study of cylinder reconditioning, crankshaft renewal and rod reconditioning, (Lecture, 2 hrs.; Lab, 8 hrs.)

AUV 1416. ENGINE ASSEMBLY AND TESTING. This course includes preparation of the block and components for assembly. The individual installation of all internal components is included in the course. (Lecture, 2 hrs.; Lab, 8 hrs.)

AUV 1513. PARTS AND LABOR. This course includes training in the use of computerized parts pricing and inventory, labor price guides, the purchasing and recovery of core materials. (Lecture, 1 hr.; Lab, 4 hrs.)

AUV 1613. CRANKSHAFT BALANCING AND ADVANCED CRANKSHAFT GRINDING. This course includes the balancing of bottom-end rotating and reciprocating parts. Crankshaft indexing, straightening, and stroking are also included. (Lecture, 1 hr.; Lab, 4 hrs.) Pre/Co-requisites: Cylinder Block Service (AUV 1316)

AUV 1713. BRAKE ROTOR AND DRUM MACHINING. This course includes machining of the brake drum and rotor. (Lecture, 1 hr.; Lab, 4 hrs.)

AUV 1913. SPECIAL PROJECT IN AUTOMOTIVE MACHINIST. Provides the student with practical application of skills and knowledge gained in this program. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. (Lab, 6 hrs.). Prerequisites: Consent of instructor.

AUV 1923 SUPERVISED WORK EXPERIENCE IN AUTOMOTIVE MACHINIST. This course, which is a cooperative program between industry and education, is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of 1 semester hour per 45 industrial contact hours. Prerequisite: Consent of instructor and the completion of at least twelve hours in this program's core curriculum. (Externship, 9 hrs.)

AUTOMOTIVE MECHANICS (ATV/ATT)

ATV/ATT 1124. BASIC ELECTRICAL/ELECTRONIC SYSTEMS This is a course designed to provide advanced skills and knowledge related to all components of the vehicle electrical system including lights, battery, and charging components.
(Lecture, 2 hrs.; Lab, 4 hrs.)

ATV/ATT 1134. ADVANCED ELECTRICAL/ELECTRONIC SYSTEMS. This is a course designed to provide advanced skills and knowledge related to all components of the vehicle electrical system including gauges, driver information systems, horn, wiper/wiper systems, and accessories.
(Lecture, 2 hrs.; Lab, 4 hrs.)

ATV/ATT 1214. BRAKES. A course to provide advanced skills and knowledge related to the repair and maintenance of brake systems on automobiles. Includes instruction and practice in diagnosis of braking systems problems and the repair of brake systems.
(Lecture, 2 hrs.; Lab, 4 hrs.)

ATT 1314. MANUAL DRIVE TRAINS/TRANSAXLES. This is a course designed to provide advanced skills and knowledge related to the maintenance and repair of manual transmissions, transaxles and drive train components. It includes instruction in the diagnosis of drive train problems and the repair and maintenance of transmissions, transaxles, clutches, CV-joints, differentials and other components.
(Lecture, 2 hrs.; Lab, 4 hrs.)

ATV/ATT 1424. ENGINE PERFORMANCE I. This is a course designed to provide advanced skills and knowledge related to the maintenance and adjustment of gasoline engines for optimum performance. It includes instruction, diagnosis, and correction of problems associated with in these areas. (Lecture, 2 hrs.; Lab, 4 hrs.)

ATV/ATT 1715. ENGINE REPAIR. This is a course designed to provide advanced skills and knowledge related to the repair and rebuilding of automotive engines. It includes instruction and practice in the diagnosis and repair of engine components including valve trains, blocks, pistons and connecting rods, crankshafts, and oil pumps.
(Lecture, 2 hrs.; Lab, 6 hrs.)

ATV/ATT 1812. INTRODUCTION, SAFETY, AND EMPLOYABILITY SKILLS. This is a course designed to provide knowledge of classroom and lab policies and procedures. Safety practices and procedures associated with the automotive program and automotive industry.
(Lecture, 2 hrs.)

ATT 2325. AUTOMATIC TRANSMISSIONS/TRANSAXLES. This is a course designed to provide skills and knowledge related to the diagnosis of automotive type automatic transmissions and transaxles. Includes instruction and practice in testing, inspecting, and repair of these devices. (Lecture, 3 hrs.; Lab 4 hrs.)

ATV/ATT 2334. STEERING AND SUSPENSION SYSTEMS. This is a course to provide advanced skills and knowledge related to the inspection and repair of steering and suspension systems of automobiles. Includes instruction and practice in the diagnosis of steering system problems and the repair/ replacement of steering systems components. (Lecture 2 hrs.; Lab 4 hrs.)

ATV/ATT 2434. ENGINE PERFORMANCE II This is a course designed to provide advanced skills and knowledge related to the ignition system, fuel, air induction, and exhaust systems. It includes instruction, diagnosis, and correction of problems associated with-in these areas. (Lecture, 2 hrs.; Lab, 4 hrs.)

ATT 2444. ENGINE PERFORMANCE III This is a course designed to provide advanced skills and knowledge related to the emissions control system and engine related service. It includes instruction, diagnosis, and correction of problems associated with in these areas. (Lecture, 2 hrs.; Lab, 4 hrs.)

ATT 2614. HEATING AND AIR CONDITIONING. This course is designed to provide advanced skills and knowledge associated with the maintenance and repair of automotive heating and air conditioning systems. It includes instruction and practice in the diagnosis and repair of air conditioning system components, and control systems. (Lecture, 2 hrs.; Lab, 4 hrs.)

ATV/ATT 2913. SPECIAL PROBLEM I IN AUTOMOTIVE TECHNOLOGY. A basic course to provide students with an opportunity to utilize basic skills and general knowledge gained in other Automotive Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. (Lab, 6 hrs.) Prerequisites: Consent of instructor.

ATV/ATT 292(1-6). SUPERVISED WORK EXPERIENCE IN AUTOMOTIVE TECHNOLOGY. A course which is a cooperative program between industry and education designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. (Lab, 6 hrs.)

ATV/ATT 293(1-6). SPECIAL PROBLEM II IN AUTOMOTIVE TECHNOLOGY. A continuation of Special Problem I in Automotive Technology. An advanced course to provide students with an opportunity to utilize advanced skills and specific knowledge gained in other Automotive Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. (Lab, 6 hrs.)

BRICK, BLOCK AND STONE MASONRY (BBV)

BBV 1115. BRICK AND BLOCK LAYING. This course is designed to give the student experience in laying brick and block. (Lecture, 1 hr.; Lab, 8 hrs.)

BBV 1215. MASONRY CONSTRUCTION. This course is designed to give the student experience in various types of walls, finishing, and masonry construction techniques. (Lecture, 1 hr.; Lab, 8 hrs.)

BBV 1223. MASONRY MATH, ESTIMATING, AND BLUEPRINT READING. This course is designed to give the student experience in calculations, estimating, and blueprint reading. (Lecture, 2 hrs.; Lab, 2 hrs.)

BBV 1313. TOOLS, EQUIPMENT, AND SAFETY. This course is designed to give the student experience in the use and care of tools and equipment along with the safety procedures used in the masonry trade. (Lecture, 2 hrs.; Lab, 2 hrs.)

BBV 1425. ADVANCED BLOCK LAYING. This course is designed to give the student experience in laying block columns, piers and various walls. (Lecture, 1 hr.; Lab, 8 hrs.)

BBV 1525. ADVANCED BRICKLAYING. This course is designed to give the student advanced experience in brick columns, piers, and various walls. (Lecture, 1 hr.; Lab, 8 hrs.)

BBV 1623. CHIMNEY AND FIREPLACE CONSTRUCTION. The student will gain advanced experience in layout and construction of chimneys, fireplaces, and refractory masonry. (Lecture, 1 hr.; Lab, 4 hrs.)

BBV 1723. ARCH CONSTRUCTION. Students will gain experience in layout and construction of arches. (Lecture, 1 hr.; Lab, 4 hrs.)

BBV 1823. STEPS, PATIOS, AND BRICK FLOORS. Students will gain advanced experiences in layout and construction of steps, patios, and brick floors. (Lecture 3 hrs.; Lab, 4 hrs.)

BBV 1913. SPECIAL PROJECTS IN BRICK, BLOCK, AND STONE MASONRY. A course to provide students with an opportunity to utilize skills and knowledge gained in other Brick, Block, and Stone Masonry courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. Prerequisite: Consent of instructor. (Lab, 6 hrs.)

BBV 2923. SUPERVISED WORK EXPERIENCE. A course that is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. Prerequisite: Consent of instructor. (Externship, 9 hrs.)

BUSINESS AND OFFICE TECHNOLOGY (BOT)

BOT 1013. INTRODUCTION TO KEYBOARDING. This course provides an introduction to keyboarding skill development using the touch system on the alphabetic keyboard. Course emphasis will be on speed and accuracy when keying documents and timed writings. (Lecture, 3 hrs.)

BOT 1233. MICROSOFT WORD I. This course focuses on improving keyboarding techniques using the touch method and on production of documents using Microsoft Word functions. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 1243. MICROSOFT WORD II. This course is a continuation of Microsoft® Word® I and focuses on production of documents using Microsoft® Word®. Production with accuracy is stressed and practice is given through a variety of documents for skill building.

BOT 1313. APPLIED BUSINESS MATH. This course is designed to develop competency in mathematics for business use. (Lecture, 3 hrs.)

BOT 1413. RECORDS MANAGEMENT. This course focuses on the systems approach to managing recorded information in any form. Emphasis is placed on the three categories into which records generally fall and the treatment of these categories both physically and electronically of proper management, storage, and retrieval. (Lecture, 3 hrs.)

BOT 1433. BUSINESS ACCOUNTING. This course is designed to develop an understanding of analyzing, recording, classifying, and summarizing financial information of a sole proprietorship with insight into interpreting and reporting the resulting effects upon the business. (Lecture, 3 hrs.)

BOT 1443. ADVANCED BUSINESS ACCOUNTING. This course is a continuation of BOT 1433 – Business Accounting with emphasis in advanced accounting topics. (Lecture, 3 hrs.)
Prerequisite: Business Accounting (BOT 1433)

BOT 1493. SOCIAL MEDIA MANAGEMENT. This course teaches students how to develop and maintain a social media presence in a personal and professional capacity. Students will engage in community and internet-based projects with special emphasis on blogs, wikis, social networking sites, photo-sharing sites, instant messaging, video-sharing sites, podcasts, widgets, virtual worlds and more. (Lecture, 2 hrs.; Lab 2 hrs.)

BOT 1513. MACHINE TRANSCRIPTION. This course is designed to teach transcription of a wide variety of business communications from machine dictation. (Lecture, 2 hrs.; Lab, 2 hrs.)
Prerequisite: Word Processing Applications (BOT 1143)

BOT 1613. MEDICAL OFFICE TERMINOLOGY I. This course is a study of medical language relating to the various body systems including human anatomy and physiology, diseases/pathology, physical conditions, procedures, clinical specialties, and abbreviations. Emphasis is placed on correct spelling and pronunciation. (Lecture, 3 hrs.)

BOT 1623. MEDICAL OFFICE TERMINOLOGY II. This course is a continuation of Medical Terminology I (BOT 1613), which includes medical language relating to the various body systems including human anatomy and physiology, diseases/pathology, physical conditions, procedures, clinical specialties, and abbreviations. Emphasis is placed on correct spelling and pronunciation. (Lecture 3 hrs.)

BOT 1713. MECHANICS OF COMMUNICATION. This course is designed to develop the basic English competencies necessary for success in the business world. A study of the parts of speech, sentence structure, sentence types, capitalization, punctuation, and spelling is emphasized. (Lecture, 3 hrs.)

BOT 1823. MICROSOFT EXCEL I. This course focuses on the application Microsoft Excel as an aid to management decision making. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 1853. MICROSOFT EXCEL II. This course is a continuation of Microsoft Excel I and focuses on advanced functions and applications of the software. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2233. HUMAN RESOURCE MANAGEMENT. This course provides a general overview of the concepts and applications of the many parts of Human Resources (HR). Students will learn how the interdependence of the major topics in HR are created and implemented through the use of real world HR issues, community projects, and case studies. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2333. MICROSOFT ACCESS. This course applies database concepts for designing and manipulating data files and formatting output as complex documents and reports using Microsoft® Access. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2433 QUICKBOOKS. This course applies basic accounting principles using QuickBooks®. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2463. PAYROLL ACCOUNTING. This course provides an in-depth student of payroll accounting. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2613. ENTREPRENEURIAL PROBLEM SOLVING. This course is designed to develop business students into entrepreneurs capable of operating their own companies and to reduce the high failure rate of starting, conducting, and expanding a business. Students will gain experience in problem solving through visits to businesses, analyses of case studies, and project and surveys of current business practices. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2643. CPT CODING. This course is an introduction to the field of outpatient procedural coding and requirements for insurance reimbursement. (Lecture, 2 hrs.; Lab, 2 hrs.)
Prerequisite: Medical Office Terminology I (BOT 1613) and Medical Office Terminology II (BOT 1623).

BOT 2653. ICD CODING. This course is an introduction to the field of diagnostic and inpatient procedural coding. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite: Medical Office Terminology I (BOT 1613) and Medical Office Terminology II (BOT 1623).

BOT 2673. MEDICAL INSURANCE BILLING. This course is a culmination of skills and knowledge of appropriate procedures for generating, processing, and submitting health insurance claims in private and governmental health insurance programs. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2743. MEDICAL OFFICE CONCEPTS. This course will provide coverage and integration of medical office skills. Problem solving will be emphasized. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2763. ELECTRONIC HEALTH RECORDS. This course covers electronic health records (EHR) in the healthcare environment as they pertain to various healthcare settings. (Lecture, 2 hrs.; Lab, 2 hrs.)

BOT 2813. BUSINESS COMMUNICATION. This course develops communication skills with emphasis on principles of writing business correspondence and reports and preparing presentations. (Lecture, 3 hrs.). Prerequisites: Mechanics of Communication (BOT 1713)

BOT 2913. SUPERVISED WORK EXPERIENCE. This course provides related on-the-job training in an office environment. This training must include at least 135 clock hours. (Externship, 9 hrs.) Prerequisite: Successful completion of at least 30 semester hours in the program and consent of the instructor.

COMPUTER NETWORKING TECHNOLOGY

IST 1123. IT FOUNDATIONS. Covers the diagnosis, troubleshooting, and maintenance of computer components & interpersonal communication for IT professionals. (Lecture, 2 hrs.; Lab 2 hrs.)

IST 1134. FUNDAMENTALS OF DATA COMMUNICATIONS. This course presents basic concepts of telephony, local area networks, wide area networks, data transmission, and topology methods. (Lecture, 2 hrs.; Lab, 4 hrs.)

IST 1143. SECURITY PRINCIPLES AND POLICIES. An introduction to the various technical and administrative aspects of information security and assurance. (Lecture, 2 hrs.; Lab, 2 hrs.)

IST 1153. WEB AND PROGRAMMING CONCEPTS. This course is an introduction to Website development and programming logic. Students will gain hands-on experience in the development of computer programs. Upon completion of this course, students will be able to create a Web site and post it on the Internet. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite: IST1134, IST 1143

IST 1163. CONCEPTS OF DATABASE DESIGN. An introduction to the design and manipulation of a relational database. OBE and SQL are explored. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisites: IST 1134

IST 1223. NETWORK COMPONENTS. Presents Local Area Network & Wide Area Network connectivity. Focuses on architectures, topologies, protocols, and transport methods of a network. (Lecture, 2 hrs.; Lab, 2 hrs.). Prerequisite: IST 1134

IST 1244. NETWORK OPERATING SYSTEM WINDOWS SERVER. This course focuses on the management of a computer network using the Microsoft Windows Server network operating system. Emphasis will be placed on daily administrative tasks. (Lecture, 2 hrs.; Lab, 4 hrs.)

IST 1254. NETWORK ADMINISTRATION USING LINUX. This course focuses on the management of a computer network using Linux operating system. Emphasis is placed on installation, configuration, and administrative tasks. (Lecture, 2 hrs.; Lab, 4 hrs.)

IST 1314. VISUAL BASIC PROGRAMMING. Introduction to the Visual BASIC programming language. (Lecture, 2 hrs.; Lab, 4 hrs.)

IST 2223. NETWORK PLANNING AND DESIGN. Involves applying network concepts in planning a functioning network. (Lecture, 2 hrs.; Lab 2 hrs.) Prerequisite: IST 1223, IST 1143

IST 2234. NETWORK IMPLEMENTATION. This course is the culmination of all concepts learned in the network curriculum. Topics include planning, installation, evaluation, and maintenance of a network solution. (Lecture, 2 hrs.; Lab 4 hrs.) Prerequisite: IST 2223.

IST 2254. ADVANCED NETWORK ADMINISTRATION USING MICROSOFT WINDOWS SERVER. This course is a continuation of Network Administration using Microsoft Windows Server. Emphasis is placed on installation, configuration, and implementation of a functional server (Lecture, 2 hrs.; Lab 4 hrs.) Prerequisite: IST 1244

IST 292(1-3). SPECIAL PROBLEM IN INFORMATION TECHNOLOGY. Cooperative program in which the student will participate in a planned program of activities under the direction of the program instructor. (Lab, 2-6-hrs.) Prerequisites: Consent of instructor

CPT 1324. SURVEY OF MICROCOMPUTER APPLICATIONS. This course will introduce microcomputer operation, word processing, spreadsheet, and database management software. (Lecture, 2 hrs.; Lab, 4 hrs.) Prerequisites: IST 1134

CONSTRUCTION EQUIPMENT OPERATION (CEV)

CEV 1212. SAFETY I. Personal safety, fire safety, and rules of safety of each machine to include pre-start, operational, post-operation, and traffic. (Lecture, 1 hr.; Lab 2 hrs.)

CEV 1222. SAFETY II. Pedestrian safety, safety communications and safety procedures in working near utilities. (Lecture, 1 hr.; Lab 2 hrs.)

CEV 1313. SERVICE AND PREVENTIVE MAINTENANCE I. Characteristics of oils and greases, fuel handling procedures, and performing minor mechanical maintenance. Practice includes servicing a fuel filter system and changing engine oil. (Lecture, 2 hrs.; Lab, 2 hrs.)

CEV 1323 SERVICE AND PREVENTIVE MAINTENANCE II. Lubrication procedures; servicing air filters; servicing cooling systems; servicing hydraulic systems; and installation, removal and storage of batteries (Lecture, 1 hr.; Lab, 4 hrs.)

CEV 1416. EQUIPMENT OPERATION I. Operation of the backhoe, scraper and grader. Includes operating the controls and basic skills performed with each machine and performing assignments by verbal and written instructions. (Lecture, 1 hr.; Lab, 10 hrs.)

CEV 1426. EQUIPMENT OPERATION II. Operation of the dozer, loader and excavator. Includes the controls and basic skills performed with each machine and completing assignments by verbal and written instructions. (Lecture, 1 hr.; Lab, 10 hrs.)

CEV 1514. GRADE WORK I. Setting and checking of grade stakes which are used on job sites. Instruction and practice of transferring elevations are also included. (Lecture, 1 hr.; Lab, 6 hrs.)

CEV 1525. GRADE WORK II. Additional instruction and practice regarding the setting and checking grades. Also, instruction and practice on the compaction of various materials. (Lecture, 2 hrs.; Lab, 6 hrs.)

CULINARY ARTS

CUT 1114. CULINARY PRINCIPLES I. Fundamentals of food preparation and cookery emphasizing high standards for preparation of meat, poultry, seafood, vegetables, soups, stocks, sauces, and farinaceous items. (Lecture, 2 hrs.; Lab, 4 hrs.)

CUT 1124. CULINARY PRINCIPLES II. This course offers advanced study of Culinary Principles I to polish and perfect the techniques of food preparation and cookery emphasizing high standards for food preparation. (Lecture, 2 hrs.; Lab, 4 hrs.)

CUT 1134. PRINCIPLES OF BAKING. This course focuses on fundamentals of baking science, terminology, ingredients, weights and measures, and formula conversion and storage. Students will prepare yeast goods, pies, cakes, cookies, and quick breads; and use and care for equipment. (Lecture, 2 hrs.; Lab, 4 hrs.)

CUT 1514. GARDE MANGER. This course provides orientation to garnishing, preparation of charcuterie items, cold foods, and buffet presentation. It explores the various duties of the modern garde manger. (Lecture, 2 hrs.; Lab, 4 hrs.)

CUT 2223. MENU PLANNING AND FACILITIES DESIGN. The principles and concepts of menu planning, menu formats, and layout with regard to a wide variety of eating habits and taste of the dining public. Emphasis will be on pricing, menu design, merchandising, tools, nutritional considerations schedules, and profitability. (Lecture, 2 hrs.)

CUT 2243. DINING ROOM MANAGEMENT. This course focuses on management of a restaurant dining room including good housekeeping technique, fine food, and efficient service. Covers French, Russian, American, and English waited table service, limited service, counter, tray, service, and catering. Emphasis will be place on staffing, scheduling, controls and skills required to effectively supervise a dining room operation. (Lecture, 1 hr.; Lab, 4 hrs.)

CUT 2314. AMERICAN REGIONAL CUISINE. This exploration of the American Cuisine concept emphasizing freshness, seasonality, nutrition, indigenous ingredients, and presentation. It is a thorough study into the cuisine characteristics and traditions of the various regions of the United States of America. (Lecture, 2 hrs.; Lab, 4 hrs.)

CUT 2424. INTERNATIONAL CUISINE. This course is a study of cuisines of the world with emphasis on use of authentic ingredients, methods, and terminology. (Lecture, 2 hrs.; Lab, 4 hrs.)

CUT 292(1-6). SUPERVISED WORK EXPERIENCE IN CULINARY ARTS TECHNOLOGY. This course is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour 45 industrial contact hours. (Externship, 3- 18 hrs.)

HRT 1123. INTRODUCTION TO THE HOSPITALITY AND TOURISM INDUSTRY. This course is designed as an introduction to the hospitality and tourism industry. The course includes discussions and industry observations to discover the opportunities, trends, problems, and organizations in the field. (Lecture, 3 hrs.)

HRT 1213. SANITATION & SAFETY. This course covers basic principles of microbiology, sanitation, and safety procedures for a food service operation. Implementation of sanitation procedures, cost control, and risk reduction standards in a hospitality operation are covered. (Lecture, 2 hrs.; Lab, 2 hrs.)

HRT 1224. RESTAURANT AND CATERING OPERATIONS. This course focuses on principles of organizing, managing food and beverage facilities, along with catering operations. (Lecture, 4 hrs.)

HRT 2623. HOSPITALITY HUMAN RESOURCE MANAGEMENT. This course is designed to explore the principles of hospitality human resource management with an emphasis placed on the study of human behavior and human relations in the hospitality industry. (Lecture, 3 hrs.)

HRT 2713. MARKETING HOSPITALITY SERVICES. This course covers the application of marketing methodologies and terms to the hospitality and tourism industry, the use of sales techniques for selling to targeted markets, and developing marketing plans for hospitality and tourism operations. (Lecture, 2 hrs.; Lab, 2 hrs.)

DRAFTING AND DESIGN TECHNOLOGY (DDT)

DDT 1114. FUNDAMENTALS OF DRAFTING. Fundamentals and principles of drafting to provide the basic background needed for all other drafting courses. (Lecture, 2 hrs.; Lab, 4 hrs.)

DDT 1123. COMPUTATIONAL METHODS FOR DRAFTING. Study of computational skills required for the development of accurate design and drafting methods. (Lecture, 1 hr.; Lab, 4 hrs.)

DDT 1133. MACHINE DRAFTING. Emphasizes methods, techniques, and procedures in presenting screws, bolts, rivets, springs, thread types, symbols for welding, materials, finish and heat treatment notation, working order preparation, routing, and other drafting room procedures. (Lecture, 1 hr.; Lab, 4 hrs.) Prerequisite: DDT 1114

DDT 1163. ENGINEERING GRAPHICS. This course provides an introduction to fundamentals and principles of drafting to provide the basic background needed for all other drafting courses. (Lecture, 1 hr.; Lab, 4 hrs.)

DDT 1173. MECHANICAL DESIGN I. Students will utilize techniques of modeling to create machine specific drawings. The course emphasizes methods, techniques, and procedures (in presenting screws, bolts, rivets, springs, thread types, symbols for welding, materials, finish and heat treatment notation, working order preparation, routing, and other industry procedures) used in mechanical design. (Lecture, 1 hr.; Lab, 4 hrs.)

DDT 1213. CONSTRUCTION MATERIALS. Physical properties of the materials generally used in the erection of a structure, with a brief description of their manufacture. (Lecture, 2 hrs.; Lab, 2 hrs.)

DDT 1313. PRINCIPLES OF CAD. Basic operating system and drafting skills on CAD. (Lecture, 2 hrs.; Lab, 2 hrs.)

DDT 1323. INTERMEDIATE CAD. Continuation of Principles of CAD (DDT 1313). Subject areas include dimensioning, sectional views, and symbols. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisites: DDT 1313

DDT 1413. ELEMENTARY SURVEYING. Basic course dealing with principles of geometry, theory, and use of instruments, mathematical calculations, and the control and reduction of errors. (Lecture, 1 hr.; Lab, 4 hrs.)

DDT 1513. BLUEPRINT READING I. Terms and definitions used in reading blueprints. Basic sketching, drawing, and dimensioning of objects will be covered. (Lecture, 2 hrs., Lab, 2 hrs.)

DDT 1613. ARCHITECTURAL DESIGN I. This course is a study and development of architectural design principles for a residential structure.
(Lecture, 1 hr.; Lab, 4 hrs.) Prerequisites: DDT 1114, DDT 1313

DDT 2153. CIVIL PLANNING AND DESIGN. This course deals with the development of civil planning and design processes. (Lecture, 1 hr.; Lab, 4 hrs.)

DDT 2213. STRUCTURAL DRAFTING II. Structural section, terms, and conventional abbreviations and symbols used by structural fabricators and erectors are studied. Knowledge is gained in the use of the A.I.S.C. Handbook. Problems are studied that involve structural designing and drawing of beams, columns, connections, trusses, and bracing (steel concrete, and wood). (Lecture, 1 hr.; Lab, 4 hrs.) Prerequisites: DDT 1114 and DDT 1313

DDT 2233. STRUCTURAL DRAFTING I. Study of the miscellaneous areas of structural drafting including stairs, handrails and cage ladders.
(Lecture, 1 hr.; Lab, 4 hrs.) Prerequisites: DDT 1313, DDT 2213

DDT 2243. COST AND ESTIMATING. Preparation of material and labor quantity surveys from actual working drawings and specifications.
(Lecture, 1 hr.; Lab, 4 hrs.) Prerequisites: DDT 1213

DDT 2343. ADVANCED CAD. Emphasis is placed on the user coordinate system and 3-D modeling (Lecture, 1 hr.; Lab, 4 hrs.) Prerequisite: DDT 1313

DDT 2373. 3D MODELING. This course will emphasize the user coordinate system and 3-D modeling. (Lecture, 1 hr.; Lab, 4 hrs.)

DDT 2423. MAPPING AND TOPOGRAPHY. Selected drafting techniques are applied to the problem of making maps, traverses, plot plans, plan drawings, and profile drawings using maps, field survey data, aerial photographs, and related references and materials including symbols, notations, and other applicable standardized materials.
(Lecture, 2 hrs.; Lab, 2 hrs.) Co/Prerequisite: (DDT 1413) and (DDT 1323)

DDT 2523. PIPE DRAFTING. Instruction in the basic knowledge needed to create process piping drawings using individual piping components.
(Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite: (DDT 1114)

DDT 2623. ARCHITECTURAL DESIGN II. Emphasizes standard procedures and working drawings. Details involving architectural, mechanical, electrical, and structural drawings are covered, along with presentation of drawings and computer-aided design assignments.
(Lecture, 1 hr.; Lab, 4 hrs.) Prerequisite: DDT 1613

DDT 2913. SPECIAL PROJECT. Practical application of skills and knowledge gained in other drafting courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. (Lab, 9 hrs.) Prerequisite: Consent of instructor

ELECTRONICS TECHNOLOGY (EET) /
BIOMEDICAL EQUIPMENT REPAIR (EET)

EET 1114. DC CIRCUITS. Principles and theories associated with DC circuits. This course includes the study of electrical circuits, laws and formulae, and the use of test equipment to analyze DC circuits. (Lecture, 2 hrs.; Lab, 4 hrs.) Co-requisite: Technical Student must be enrolled in a math course.

EET 1123. AC CIRCUITS. Principles and theories associated with AC circuits. This course includes the study of electrical circuits, laws and formulae, and the use of test equipment to analyze AC circuits. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite or Co-requisite for Technical Students: EET 1114.

EET 1163. MOTOR MAINTENANCE AND TROUBLESHOOTING. This course covers the principles and practice of electrical motor repair and includes topics on the disassembly/assembly and preventive maintenance of common electrical motors. (Lecture, 2 hrs.; Lab, 2 hrs.)

EET 1193. FUNDAMENTALS OF ELECTRONICS. Safety, breadboarding, use of calculator, test equipment familiarization, soldering, electronic symbols, and terminology. (Lecture, 1 hr.; Lab, 2 hrs.)

EET 1214. DIGITAL ELECTRONICS. Number systems, logic circuits, counters, registers, memory devices, combination logic circuits, Boolean algebra, and a basic computer system. (Lecture, 2 hrs.; Lab, 4 hrs.) Prerequisite: EET 1192

EET 1312. ORIENTATION TO BIOMEDICAL EQUIPMENT REPAIR. Orientation to the biomedical equipment repair field. Topics covered are the different career paths open to students, types of biomedical equipment, and the organization and operation of the hospital environment. (Lecture, 2 hrs.)

EET 1323. MICROPROCESSORS. Microprocessor architecture, machine and assembly language, timing, interfacing, and other hardware applications associated with microprocessor systems. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite: EET 1214

EET 1334. SOLID STATE DEVICES AND CIRCUITS. Active devices which include PN junction diodes, bipolar transistors, bipolar transistor circuits, and unipolar devices with emphasis on low frequency application and troubleshooting. (Lecture, 2 hrs.; Lab, 4 hrs.) Prerequisite: EET 1123

EET 1343. MOTOR CONTROL SYSTEMS. This course covers installation of different motor control circuits and devices. Emphasis is placed on developing the student's ability to diagram, wire, and troubleshoot the different circuits and mechanical control devices. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisites: Fundamentals of Electricity (ELT 1192-3) or by permission of instructor

EET 1413. MATHEMATICS FOR ELECTRONICS. Coverage of those areas of arithmetic, geometry, and trigonometry that have applications in electronics. (Lecture, 2 hrs.; Lab, 2 hrs.)

EET 1613. COMPUTER FUNDAMENTALS FOR ELECTRONICS. Basic computer science as used in electricity/electronics areas. Computer nomenclature, logic, numbering systems, coding, operating system commands, editing, and batch files are covered. (Lecture, 2 hrs.; Lab, 2 hrs.)

EET 1713. DRAFTING FOR ELECTRONIC/ELECTRICAL TECHNOLOGY. Preparation and interpretation of schematics. (Lecture, 2 hrs.; Lab, 2 hrs.)

EET 2333. LINEAR INTEGRATED CIRCUITS. Advanced semiconductor devices and linear integrated circuits. Emphasis is placed on linear integrated circuits used with operational amplifiers, active filters, voltage regulators, timers, and phase locked loops. (Lecture, 2 hrs.; Lab, 2 hrs.)

EET 2354. SOLID STATE MOTOR CONTROL. The course covers the principles and operation of solid state motor control as well as the design, installation, and maintenance of different solid state devices for motor control. (Lecture, 2 hrs.; Lab, 4 hrs.) Prerequisites/Co-requisites: Motor Control Systems (EET 1343), Programmable Logic Controllers (ELT 2613), or by permission of instructor.

EET 2414. ELECTRONIC COMMUNICATIONS. This course is designed to provide the student with concepts and skills related to analog and digital communications. Topics covered include amplitude and frequency modulation, transmission, and reception, data transmission formats and codes, and modulation-demodulation of digital communications. (Lecture, 2 hrs.; Lab, 4 hrs.)

EET 2423. FUNDAMENTAL OF FIBER OPTICS. This is a course that covers, the basics of fiber optics, optical fiber cables, fiber optic connectors, splices and tools. This course includes getting started with fiber optics, guidelines for fiber optic design and installation, and fiber optic installation safety. (Lecture, 2 hrs.; Lab, 2 hrs.)

EET 2433. PHYSICS IN ELECTRONICS. Coverage of those areas of physics that have applications in electronics. (Lecture, 2 hrs.; Lab, 2 hrs.)

EET 291(1-3). SPECIAL PROJECT. Practical application of skills and knowledge gained in other electronics or electronics-related technical courses. The instructor works closely with the student to insure that the selection of projects will enhance the student's learning experience. (Lecture, 1 hr.; Lab 4 hrs.) Prerequisite: Minimum of 12 semester hours of

electronics related courses

EET 211(3-6). SUPERVISED WORK EXPERIENCE IN BIOMEDICAL EQUIPMENT REPAIR TECHNOLOGY I. This cooperative program between the health-care facility and education is designed to integrate the student's technical studies with health-care experience. **(NOTE: Biomedical equipment used in this course is for instructional purposes ONLY and not to be used in patients' care.)** Variable credit is awarded on the basis of 1 semester hour per 45 health-care contact hours.

EET 222(3-6) SUPERVISED WORK EXPERIENCE IN BIOMEDICAL EQUIPMENT REPAIR TECHNOLOGY II. Continuation of EET 211(3-6) with advanced study in the repair and maintenance of biomedical equipment.

HEATING AND AIR CONDITIONING (ACT/ACV)

ACT 1125. BASIC COMPRESSION REFRIGERATION. This course includes an introduction to the field of refrigeration and air-conditioning. Emphasis is placed on trade math, thermodynamics and heat transfer. (Lecture, 2 hrs.; Lab, 6 hrs.)

ACT 1133. BRAZING AND PIPING. This course includes various tools and pipe connecting techniques. This course includes specialized tools and test equipment required in heating, ventilation, air-conditioning, and refrigeration. (Lecture, 2 hrs.; Lab 2 hrs.)

ACT 1214. CONTROLS. This course includes fundamentals of gas, fluid, electrical, and programmable controls. (Lecture, 2 hrs.; Lab 2 hrs.)

ACT 1312. REFRIGERATION SYSTEMS COMPONENTS. This course includes an in-depth study of components and accessories of a sealed system including metering devices, evaporators, compressors and condensers. (Lecture 1 hr.; Lab, 2 hrs.)

ACT 1713. ELECTRICITY FOR HEATING, VENTILATION, AIR CONDITIONING AND REFRIGERATION. This course includes basic knowledge of electricity, power distribution, components, solid state devices, and electrical circuits. (Lecture, 2 hrs.; Lab 2 hrs.)

ACT 1813. PROFESSIONAL SERVICE PROCEDURE. Business ethics necessary to work with both the employer and customer. Includes resume, record keeping and service contracts. (Lecture, 3 hrs.)

ACT 2324. COMMERCIAL REFRIGERATION. This course includes a study of various commercial refrigeration systems. This course also includes installation, servicing, and maintaining systems. (Lecture, 2 hrs.; Lab, 4 hrs.)

ACT 2414. HEATING, VENTILATION, AIR CONDITIONING, AND REFRIGERATION I. This course includes residential air-conditioning including indoor air quality. This course includes modules

on basic maintenance, air quality equipment, troubleshooting cooling, and troubleshooting gas heating. (Lecture, 2 hrs.; Lab, 4 hrs.)

ACT 2424. HEATING, VENTILATION, AIR CONDITIONING, AND REFRIGERATION II. This course includes a continuation of Heating, Ventilation, and Air Conditioning I with modules related to introduction to hydronic systems, troubleshooting heat pumps, and troubleshooting accessories. This course includes a continuation of Heating, Ventilation, and Air Conditioning I with modules related to introduction to hydronic systems, troubleshooting heat pumps, and troubleshooting accessories. (Lecture, 2 hrs.; Lab, 4 hrs.)

ACT 2433. REFRIGERANT, RETRO FIT AND REGULATIONS. This course includes regulations and standards for new retrofit and government regulations. This course includes EPA regulations, local, and state codes. (Lecture, 2 hrs.; Lab, 2 hrs.)

ACT 2513. HEATING SYSTEMS. This course includes various types of residential and commercial heating systems. Includes gas, oil, electric, compression and hydroponic heating systems. (Lecture, 2 hrs.; Lab 2 hrs.)

ACT 2624. HEAT LOAD AND AIR PROPERTIES. This course includes a continuation of Heating, Ventilation, and Air Conditioning I with modules related to introduction to hydronic systems, troubleshooting heat pumps, and troubleshooting accessories. (Lecture, 2 hrs.; Lab, 4 hrs.)

ACT 291(1-4). SPECIAL PROJECT IN HEATING, VENTILATION, AIR CONDITIONING, AND REFRIGERATION TECHNOLOGY. This course is designed to provide the student with practical application of skills and knowledge gained in this program. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. Prerequisites: Consent of instructor. (Lab, 2 – 8 hrs.)

ACT 292(1-6). SUPERVISED WORK EXPERIENCE IN HEATING AND AIR CONDITIONING. This course is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. (Externship, 3 – 18 hrs.) Prerequisite: Consent of instructor and the completion of at least twelve hours in this program's core curriculum.

SMT 1315. METHODS OF LAYOUT I. Layout and development of various sheet metal problems using the principles of parallel line and triangulation development. (Lecture, 2 hrs.; Lab, 4 hrs.)

SMT 1414. HAND PROCESSES I. Selection and use of hand tools in the sheet metal trade. (Lecture, 2 hrs.; Lab, 4 hrs.)

SMT 2514. MACHINE PROCESSES I. Selection and the safe use of hand and foot operated machines of the sheet metal trade. (Lecture, 2 hrs.; Lab, 2 hrs.)

ELECTRICAL TECHNOLOGY
(Industrial Electricity/Industrial Maintenance)

ELT 1113. RESIDENTIAL WIRING. This course includes the advanced skills related to the wiring of single and multifamily buildings. Includes instruction and practice in service-entrance installation, National Electrical Code ® requirements, and specialized circuits. (Lecture, 2 hrs.; Lab, 2 hrs.) Pre/co-requisite: ELT 1192

ELT 1123. COMMERCIAL AND INDUSTRIAL WIRING. This course provides instruction and practice in the installation of commercial electrical services including the types of conduit and other raceways, National Electrical Code ® requirements, and three-phase distribution networks. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite ELT 1192

ELT 1133. INTRODUCTION TO THE NATIONAL ELECTRIC CODE. The course is designed to place emphasis on developing the student's ability to locate, interpret and properly apply information in the National Electrical Code in real-world applications. (Lecture, 2 hrs.; Lab, 2 hrs.)

ELT 1143. AC AND DC CIRCUITS FOR ELECTRICAL TECHNOLOGY. Principles and theories associated with AC and DC circuits used in the electrical trades. Includes the study of electrical circuits, laws and formulas, and the use of test equipment to analyze AC and DC circuits. (Lecture, 2 hrs.; Lab, 2 hrs.)

ELT 1163. DRAFTING FOR ELECTRICAL TECHNOLOGY. This course provides a study of the computational skills required for the development of accurate design and drafting methods used in the electrical technology profession. (Lecture, 1 hr.; Lab, 4 hrs.) Pre/Co-requisites: ELT 1192, ELT 1263 or by permission of instructor

ELT 1192. FUNDAMENTALS OF ELECTRICITY. This course is designed to introduce fundamental skills associated with all electrical courses. Safety, basic tools, special tools, equipment, and an introduction to simple AC and DC circuits will be included. (Lecture, 1 hr.; Lab, 2 hrs.)

ELT 1213. ELECTRICAL POWER. This course provides information on electrical motors and their installation. Instruction and practice in using the different types of electrical motors, transformers, and alternators. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite: ELT 1192

ELT 1223. MOTOR MAINTENANCE AND TROUBLESHOOTING. This course includes the principles and practice of electrical motor repair. Topics on the disassembly/assembly and preventive maintenance of common electrical motors are discussed. (Lecture, 2 hrs.; Lab, Lab, 2 hrs.) Prerequisite: ELT 1192

ELT 1253. BRANCH CIRCUIT AND SERVICE ENTRANCE CALCULATIONS. The course is designed to teach students the calculations of circuit sizes for all branch circuits and service entrances in all electrical installation. Proper use of the National Electrical Code ® will be required. (Lecture, 2 hrs.; Lab, 2 hrs.) Pre/Co-requisites: Residential/Light Commercial Wiring – ELT

1113 or equivalent

ELT 1263. BLUEPRINTS AND ESTIMATING. This course introduces architectural, industrial, mechanical, and electrical symbols needed to read blueprints, schematic diagrams. Prints and drawings associated with electrical wiring will be studied. (Lecture, 2 hrs.; Lab, 2 hrs.)

ELT 1273. SWITCHING CIRCUITS FOR RESIDENTIAL, COMMERCIAL, AND INDUSTRIAL APPLICATIONS. This course provides an introduction to various methods by which switches and control devices are installed. It includes installation and operation of residential/commercial automation systems. (Lecture, 2 hrs.; Lab, 2 hrs.)

ELT 1413. MOTOR CONTROL SYSTEMS. This course includes the installation of different motor control circuits and devices. Emphasis is placed on developing the student's ability to diagram, wire, and troubleshoot the different circuits and mechanical control devices. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisite: ELT 1192

ELT 2424. SOLID STATE MOTOR CONTROL. This course provides knowledge of the principles and operation of solid state motor control, and variable frequency drives. The design, installation, and maintenance of different solid state devices for motor control will be introduced. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisites: Motor Control Systems (ELT 1413)

ELT 2613. PROGRAMMABLE LOGIC CONTROLLERS. This course provides instruction in the use of programmable logic controllers (PLCs) in modern industrial settings. The operating principles, installation and basic programming of PLCs will be covered. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisites: Motor Control Systems (ELT 1413)

ELT 291(1-3) SPECIAL PROJECTS I. Practical application of skills and knowledge gained in other electrical or electrical-related technical courses. The instructor works closely with the student to ensure that the selection of a project will enhance the student's learning experience. (Lab, 2 – 6 hrs.) Prerequisite: Consent of instructor

ELT 292(1-6). SUPERVISED WORK EXPERIENCE I. This course is a cooperative program between industry and education that is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of 1 semester credit hour (sch) per 45 industrial contact hours. (Prerequisite: Consent of instructor and the completion of at least twelve hours in this program's core curriculum.

ELT 293(1-3) SPECIAL PROJECTS II. This course is designed to provide the student with practical application of skills and knowledge gained in other electronics or electronics related technical courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. (Lab, 2 – 6 hrs.) Prerequisite: Consent of instructor

ELT 294(1-6). SUPERVISED WORK EXPERIENCE II. Cooperative program between industry and education designed to integrate the student's technical studies with industrial experience.

(Externship, 3 – 18 hrs.) Prerequisite: Consent of instructor and the completion of at least twelve hours in this program's core curriculum.

IMM 1314. PRINCIPLES OF HYDRAULICS AND PNEUMATICS. Instruction in basic principles of hydraulics and pneumatics, and the inspection, maintenance, and repair of hydraulic and pneumatic systems. (Lecture, 1 hr.; Lab, 6 hrs.)

IMM 2113. EQUIPMENT MAINTENANCE, TROUBLESHOOTING, AND REPAIR. This course includes maintenance and troubleshooting techniques, practice in the use of technical manuals and test equipment, and training in inspection/evaluation/repair of equipment. (Lecture, 1 hr.; Lab, 4 hrs.)

MACHINE TOOL TECHNOLOGY (MST)

MST 1115. POWER MACHINERY I. This course provides instruction of general shop safety as well as the operation of power machinery, which includes instruction and practice in the safe operation of lathes, power saws, drill presses, and vertical mills. (Lecture, 2 hrs.; Lab, 6 hrs.)

MST 1125. POWER MACHINERY II. A continuation of Power Machinery I with emphasis on advanced applications of lathes, mills, and precision grinders (Lecture, 2 hrs.; Lab, 6 hrs.) Prerequisite: MST 1115

MST 1313. MACHINE TOOL MATHEMATICS. An applied mathematics course designed for machinists that includes instruction and practice in algebraic and trigonometric operations. (Lecture, 2 hrs.; Lab, 2 hrs.)

MST 1413. BLUEPRINT READING. Plans and specifications interpretation designed for machinists. Includes instruction and practice in reading plans and applying specifications. (Lecture, 2 hrs.; Lab, 2 hrs.)

MST 1423. ADVANCED BLUEPRINT READING. A continuation of Blueprint Reading with emphasis on advanced features of plans and specifications. Includes instruction on the identification of various projections, views, and assembly components. (Lecture, 2 hrs.; Lab, 2 hrs.) Prerequisites: MST 1413

MST 1613. PRECISION LAYOUT. Precision layout for machining operations that includes instruction and practice in the use of layout instruments. (Lecture 2 hrs.; Lab, 2 hrs.)

MST 2135. POWER MACHINERY III. A continuation of Power Machinery II with emphasis on safety, and advanced applications of the engine lathe, milling, and grinding machine. (Lecture, 2 hrs.; Lab, 6 hrs.) Prerequisite MST 1125

MST 2144. POWER MACHINERY IV. A continuation of Power Machinery III with emphasis on highly advanced safe operations on the milling machine and engine lathe, as well as discussion of advanced machinery technologies (Lecture, 2 hrs.; Lab, 4 hrs.) Prerequisite: MST 2135

MST 2714. COMPUTER NUMERICAL CONTROL OPERATIONS I. An introduction of computer numerical control (CNC) and computer assisted manufacturing (CAM) techniques and practices. Includes the use of the Cartesian coordinate system, programming codes and command, and tooling requirements for CNC/CAM machines. (Lecture, 3 hrs.; Lab, 2 hrs.)

MST 2725. COMPUTER NUMERICAL CONTROL OPERATIONS II. A continuation of Computer Numerical Control Operations I. Includes instruction in writing and editing CNC programs, machine setup and operation, and use of CAM equipment to program and operate CNC machines (CNC lathes, CNC mills, CNC machine centers, and wire EDM). (Lecture, 2 hrs.; Lab, 6 hrs.) Prerequisite: MST 2714

MST 2813. METALLURGY. Concepts of metallurgy which includes instruction and practice in safety, metal identification, heat treatment, and hardness testing. (Lecture, 1 hr.; Lab, 2 hrs.)

MST 2913. SPECIAL PROBLEM IN PRECISION MANUFACTURING AND MACHINING TECHNOLOGY. Practical application of skills and knowledge gained in other Machine Tool courses. The teacher works closely with the student to insure that the selection of a project will enhance the student's learning experience. (Lab, 6 hrs.) Prerequisite: Consent of instructor

MST 2923. SUPERVISED WORK EXPERIENCE IN PRECISION MANUFACTURING AND MACHINING TECHNOLOGY. A course that is a cooperative program between industry and education designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of 1 semester hour per 45 industrial contact hours. Prerequisites: Consent of instructor (Career and Technical students) and completion of at least one semester of advanced course work in Machine Tool (Technical students).

WELDING AND CUTTING PROGRAMS (WLV)

WLV 1115. SHIELDED METAL ARC WELDING I. This course is designed to teach students welding techniques using the SMAW process. (Lecture, 1 hr.; Lab, 8 hrs.)

WLV 1124. GAS METAL ARC WELDING. This course is designed to give the student experience in various welding applications with the GMAW process using various modes of transfer. (Lecture, 1 hr.; Lab, 6 hrs.)

WLV 1136. GAS TUNGSTEN ARC WELDING. This course is designed to give the student experience in various welding applications using the GTAW process. (Lecture, 1 hr.; Lab, 10 hrs.)

WLV 1143. FLUX CORED ARC WELDING. This course is designed to give the student experience using FCAW process. (Lecture, 1 hr.; Lab, 4 hrs.)

WLV 1171. WELDING INSPECTION AND TESTING PRINCIPLES. This course is designed to give the student experience in safety procedures, inspection and testing of welds. (Lab, 2 hrs.)

WLV 1225. SHIELDED METAL ARC WELDING II. This course is designed to teach students welding techniques using the SMAW process. (Lecture, 1 hr.; Lab, 8 hrs.)

WLV 1232. DRAWING AND WELDING SYMBOL INTERPRETATION. This course is designed to give the student experience in blueprint reading, welding symbols, and metallurgy. (Lecture, 1 hr.; Lab, 2 hrs.)

WLV 1314. CUTTING PROCESSES. This course is designed to give the student experience in oxyfuel cutting principles and practices, air carbon cutting and gouging, and plasma arc cutting. (Lecture, 2 hrs.; Lab, 4 hrs.)

WLV 1913. SPECIAL PROJECTS IN WELDING AND CUTTING. A course to provide students with an opportunity to utilize skills and knowledge gained in other Welding and Cutting Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. (Lab, 6 hrs.) Prerequisite: Consent of instructor

WLV 1923. SUPERVISED WORK EXPERIENCE IN WELDING AND CUTTING. A course that is a cooperative program between industry and education designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. (Externship – 9 hrs.)

RESTRICTIVE ELECTIVES

Supervised Work Experience

In order to qualify for supervised work experience, a student must have completed at least 12 hours of course work in their chosen program of study and be approved by the Career/Technical Instructor and the Director of Career Technical Education.

This course is a cooperative program between industry and education and is designed to integrate the student's career studies with industrial experiences. Three hours of credit is awarded upon course completion. Course numbers are as follows: 1913, 1923, 2913, 2926, 2933, and 2944. (Individual course prefix attached as listed below)

While enrolled in supervised work experience, the student will participate in a planned program of activities under the direction of the program instructor. Weekly contact between the student and instructor will be made to provide for completion of assignments and course requirements. Grading of supervised work experience follows the college grading scale.

Participating programs include: Agricultural Business and Management Technology; Automotive Machinist; Automotive Mechanics; Brick, Block, and Stone Masonry; Biomedical Equipment Repair Technology; Business and Office Technology; Computer Network Technology; Drafting and Design Technology; Heating and Air Conditioning; Electrical Technology (*Industrial Electricity/Industrial Maintenance*); Electronics; Machine Tool Operations; and Welding.

Special Projects

This course must be approved by Career/Technical Instructor and Director of Career Technical Education.

This is a course to provide students with an opportunity to utilize skills and knowledge gained in career or technical courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. Course numbers are as follows: 1943, 1944, 2913, 2923, 2943, 2946, 2953. (Lecture and Lab hours set by individual instructors)

Programs participating are: Agricultural Business and Management Technology; Automotive Machinist; Automotive Mechanics; Brick, Block, and Stone Masonry; Computer Network Technology; Drafting and Design Technology; Electronics; Heating and Air Conditioning; Electrical Technology (*Industrial Electricity/Industrial Maintenance*); Machine Tool Operations; and Welding.

Work-Based Learning

The student must be enrolled in a Career/Technical Program and must be approved by both the WBL Coordinator & the Career/Technical Instructor. Work-Based Learning combines classroom instruction in the Career Technical Programs with structured on-the-job experiences in local businesses and industries to provide a curriculum for career/technical students which better equips them for employment in technical careers. Placed in a work environment which compliments classroom learning, the Work-Based Learning student masters skills and competencies which have been outlined by participating businesses and industries on state-of-the-art equipment. In so doing, the Work-Based Education participant is not only better able to see the connection between education and work but is also able to earn wages while learning from skilled professionals and testing a potential career. Work-Based Learning students enter the workforce equipped with employability skills as well as an educational background which enhances their future career options.

WBL 191(1-4), 192(1-4), 193(1-4), 291(1-4), 292(1-4), 293(1-4). This course is designed for students enrolled in Career/Technical programs only. Students are placed in a business/ industry related to their career/technical area for a minimum of 15 hours per week. Course content is based on the standardized curriculum of the Career/Technical course in which the student is enrolled, specific workplace needs, and specific objectives addressing competent workplace performance. One to three semester hour credits based upon the total quantity of approved clock hours. (Accompanying the course title and grade on the transcript will be a statement to indicate the number of clock hours of on-the-site work experience obtained during the semester).

HEALTH SCIENCE DIVISION

The Health Science Division is comprised of Associate Degree Nursing, Dental Hygiene Technology, Medical Laboratory Technology, Radiologic Technology, Practical Nursing, Emergency Medical Technician, Health Care Assistant, and Phlebotomy.

Students applying for admission into health science programs must meet the general college admission requirements. In addition, each program has individual requirements. Students wishing to apply to a specific program should consult the Policy of Admission to Health Science Programs and admission requirements specific to the individual program. Due to accreditation requirements, changes may occur in the curricula, course offerings, and course content for programs. It is imperative that students seek advisement on course requirements and selection each semester.

Many students choose to take specific required academic courses prior to applying to health science programs. While this is encouraged, it does not ensure admission to the actual program. Applications to the health science programs are evaluated on a competitive basis.

The Health Science programs provide a variety of options for students who wish to enter the healthcare job market. Students who successfully complete Health Science programs are prepared to take national and state licensing or certification exams for practice in the designated discipline.

ALLIED HEALTH CURRICULA

The Allied Health Curriculum is for students who wish to prepare for entrance into a health science program. A minimum ACT score of 16 (12 if earned prior to 10/28/89) is recommended for registration as an allied health major.

Allied Health checklist courses provide a suggested guide for program preparation. Information on academic courses that can be taken prior to admission to a health science program can be found under each respective program. These academic courses are also transferable into various academic transfer programs of study for completion of an A.A. degree.

POLICY OF ADMISSION TO HEALTH SCIENCE PROGRAMS

Applicants should obtain the appropriate application packet from the Health Science web page from the MDCC website at www.msdelta.edu. All required application materials must be submitted by the specified deadline in order for the applicant to be considered for admission.

The admission process is competitive. Each program uses an objective rating scale to evaluate each applicant. Specific areas that are evaluated include (but are not limited to) ACT scores, entrance test scores, academic course work required for the major, GPA or specific course grades, and timely submission of the application.

Acceptance into a Health Science Program is conditional pending results of a physical examination indicating satisfactory health, a drug screen, and criminal background check at the applicant's expense. According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult. Additional requirements include CPR certification and specific summer course work, if applicable.

Applicants are notified by letter of conditional acceptance or non-acceptance into a program. Applicants who are conditionally accepted must comply with all orientation requirements in order to preserve a place in the class. Academic and career counseling is available for applicants who are not accepted into Health Science Programs.

POLICY ON READMISSION TO HEALTH SCIENCE PROGRAMS

A student may be considered for readmission to a specific health science program one time only with the following exception: a student who had a passing grade in the classroom and clinical setting, but was forced to withdraw due to illness, accident, pregnancy, or family crisis may be considered for a second readmission.

Each student requesting readmission into a health science program will be considered on an individual basis. The student should contact the appropriate program director/supervisor for the readmission procedure. Space must be available in the class. No precedent will be set by the decision of an admissions committee.

At the discretion of the Health Science Division Chairperson, with the recommendation of the Admission Committee, a student requesting readmission to a health science program may be required to take a challenge exam to assess placement. It may be necessary for the applicant to repeat courses.

POLICY ON ACCEPTANCE OF TRANSFER STUDENTS INTO HEALTH SCIENCE PROGRAMS

The acceptance of transfer students into health science courses is based upon the following:

- space available in the specific course being requested
- evaluation of the applicant's college transcript and course materials including:
 - appropriate grades in all course work being considered for transfer
 - comparable content, semester hours, and clinical experiences in courses being considered for transfer
- letter documenting good standing from administrator of the transferring program
- ability to meet all MDCC requirements for graduation
- individual program guidelines

Health Science Programs

ASSOCIATE OF APPLIED SCIENCE DEGREE

The degree of Associate of Applied Science will be awarded to those who complete the prescribed curriculum in the following: Associate Degree Nursing, Dental Hygiene, Medical Laboratory Technology, and Radiologic Technology (Radiology). The curriculum must include no less than sixty-two semester hours. A minimum cumulative grade point average of 2.00 is required for graduation.

The Program must include a minimum core of 15 semester hours of general education courses including three hours in each of the following areas:

<u>General Education Core Courses</u>	<u>Semester Hours</u>
1. English Composition I (ENG 1113)	3
2. Public Speaking I (COM/SPT 1113)	3
3. Social/Behavioral Sciences (SOC 2113 or PSY 1513) <i>(Introduction to Sociology I or General Psychology)</i>	3
4. Mathematics/Natural Sciences (MAT 1313, BIO, CHE, or PHY) <i>(College Algebra, Biology, Chemistry, Physics, or Physical Science)</i>	3
5. Humanities/Fine Arts (HIS, ENG Literature, ART 1113, or MUS 1113) <i>(History, Literature, Art Appreciation, or Music Appreciation)</i>	3

REQUIREMENTS FOR COMPLETION

Students expecting to graduate from Mississippi Delta Community College must file an application for graduation in the Office of Admissions by the deadline announced.

Candidates for graduation may follow a course of study leading to a degree of Associate of Applied Science (AAS) or a Certificate. Students who complete degree requirements online at MDCC through the Mississippi Virtual Community College consortium must meet the same requirements listed for graduation.

The candidates must spend the semester immediately preceding the date of graduation in residence and earn a cumulative grade point of 2.00 to graduate. Transfer students must complete at least one-half of the number of hours required for graduation and earn a quality point average of 2.0 during this period of residence at MDCC. Developmental courses taken at MDCC or at another institution are not counted for meeting degree requirements at MDCC. Credit awarded for CLEP or Advanced Placement does not count toward meeting residency requirements.

- The Associate of Applied Science Degree (A.A.S) will be awarded to those students who complete the prescribed curriculum in the following: Associate Degree Nursing, Dental Hygiene Technology, Medical Laboratory Technology, and Radiologic Technology. The curriculum must include no less than sixty-two

semester hours including a minimum core of general education courses. A minimum grade point average of 2.00 in the program of study is required for graduation.

- A Certificate of Completion will be awarded to those who satisfactorily complete one of the following prescribed courses of study: Health Care Assistant, Emergency Medical Technician, Phlebotomy, or Practical Nursing. A minimum cumulative grade point of 2.00 is required for satisfactory completion.

ASSOCIATE DEGREE NURSING

The Associate Degree Nursing Program is designed to provide educational opportunities to qualified students for a rewarding career that will help meet the expanding healthcare needs of the community. The mission of the ADN Program at MDCC is to prepare graduates for entry level nursing practice in a variety of health care settings.

The Associate Degree Nursing Program consists of one summer session followed by two years of nursing courses. Courses in biological, physical, and social sciences and humanities provide foundation and support for nursing courses. Support courses may be taken prior to application or while in the program. The nursing courses combine theory and clinical teaching experiences in a related sequence. The Associate Degree Nursing Program offers an option for LPNs to complete the RN program in 12 months by enrolling in an accelerated track.

Affiliated hospitals used for clinical practice include: AMG Specialty Hospital in Greenwood, Greenwood Leflore Hospital in Greenwood, Bolivar Medical Center in Cleveland, Delta Regional Medical Center in Greenville, North Sunflower Medical Center in Ruleville, South Sunflower County Hospital in Indianola, University of MS Medical Center Grenada in Grenada, Mississippi State Hospital in Whitfield, and Tyler Homes Memorial Hospital in Winona. A variety of additional community health agencies are utilized for student learning.

The Associate Degree Nursing Program is accredited by the Mississippi Board of Trustees of State Institutions of Higher Learning (IHL) and the Accreditation Commission for Education in Nursing (ACEN). Graduates of the program are awarded an Associate of Applied Science degree and are eligible to take the National Council Licensing Examination (NCLEX-RN®) for licensure as Registered Nurses.

Information regarding the accreditation status may be directed to ACEN, 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326, telephone (404) 975-5002.

Legal Limitations for Licensure as a Registered Nurse:

Students who fail to conform to the Nursing Department Code of Ethics may be placed on probation, suspended, or dismissed from the program. All applicants should be advised that according to the Mississippi Nursing Practice Law and Administrative Code Mississippi Board of Nursing, an individual's application to write the licensing exam may be refused if the applicant has been convicted of a criminal offense under any provision of Title 97 of the Mississippi Code of 1972.

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

Graduates must apply to the Mississippi Board of Nursing for licensure to practice as a Registered Nurse in Mississippi.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements.
- be a high school graduate or have a satisfactory GED score.
- have a minimum ACT score of 18 (15 if taken before October 28, 1989) if entering college for the first time **OR** a minimum ACT score of 16 to 17 (12 to 14 ACT score if earned prior to October 28, 1989) and who have completed at least 12 semester hours with a 2.5 GPA or better on courses that are approved by the college.
- take an entrance test at the applicant's own expense. Must be taken within 18 months of application deadline.

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office by March 1 to be considered for admission to the Associate Degree Nursing Program:

- MDCC application for admission or readmission
- MDCC application to the Associate Degree Nursing Program (Associate Degree Nursing Application Packet)
- An official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college
- An official college transcript from all colleges previously or presently attending
- ACT score
- Entrance test scores
- One academic and one personal reference form

Students are encouraged to submit all parts of the application well in advance of the deadline. Incomplete applications will not be reviewed for admission.

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT scores, GPA, entrance test scores, health care work experience, performance on core courses, and references submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants will be notified by letter of their conditional acceptance or non-acceptance to the program. The conditional acceptance letter will include specific instructions regarding all requirements that must be completed prior to August admission. These requirements are listed below:

- completion of Anatomy & Physiology I (BIO 2513/2511) and Anatomy & Physiology II (BIO 2523/2521) with a grade of “C” or better during the summer session or regular session prior to admission to the ADN program.
- A&P I & II and Microbiology must be completed within the last five years.
- satisfactory completion of Healthcare Providers CPR taught during the summer
- satisfactory completion of math (MAT 1102) during the summer, if indicated by entrance test score
- reading comprehension assignment, if indicated by entrance test score
- satisfactory background check (see Policy on Admission to Health Science Program)
- health evaluation form completed by a physician or nurse practitioner indicating physical & mental fitness
- proof of current immunizations including, but not limited to Hepatitis-B vaccination series, Tdap booster and TB skin test
- acceptable pre-admission drug screen

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend an ADN orientation session.
- be aware that, in addition to the regular college fees, Associate Degree Nursing students will incur expenses for such items as uniforms, books, supplies, liability insurance, accident insurance, background check, Hepatitis B vaccination series, national and state licensing examination fees, standardized achievement tests, N-CLEX Review fees, and nursing organization fees. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and clinical agencies.

PROGRESSION:

To be eligible for progression in the nursing program, the student must maintain a grade of "C" in BIO 2513/2511, BIO 2523/2521, BIO 2923/2921, FCS 1253, and in each required nursing course.

READMISSION or TRANSFER:

Students seeking readmission to the program or transfer credit from another ADN program are considered on an individual basis according to health sciences readmission or transfer policies.

Rev. 16

MISSISSIPPI DELTA COMMUNITY COLLEGE ASSOCIATE DEGREE NURSING PROGRAM

Core Performance Standards

The following performance standards provide descriptions of basic cognitive, sensory, affective, and psychomotor requirements for successful associate degree nursing program completion. Applicants and students who cannot meet one or more of the standards will be considered on an individual basis in terms of whether reasonable modification/accommodation can be made. Reasonable accommodations will be examined in accordance with the Americans with Disabilities Act (ADA) as well as the Core Performance Standards.

In order to successfully complete the associate degree nursing program, an applicant/student must be able to do the following:

1. **Demonstrate critical thinking sufficient for clinical judgment.** *Examples:*
 - prioritize information and identify cause-effect relationships in the clinical setting
 - analyze assessment findings and use findings to plan and implement care
 - evaluate plan of care and make revisions as appropriate
 - make decisions using logic, creativity and reasoning to make sound clinical judgments based on standards of nursing care
 - demonstrate arithmetic ability to correctly compute dosages, tell time, and use measuring tools

2. **Display interpersonal skills sufficient to interact with individuals, families, and groups in a variety of settings in the community.** *Examples:*
 - respect differences among clients and exhibit an attitude accepting of clients as individuals
 - establish rapport in order to communicate effectively with clients, families, significant others, and health team members
 - work effectively in small groups as a team member and a team leader
 - recognize crises and institute appropriate interventions to help resolve adverse situations

3. **Demonstrate appropriate verbal and written communication skills.** *Examples:*
 - speak coherently to clients, families, and other staff members
 - clearly explain treatment procedures and initiate health teaching for clients, families, or groups based on assessed needs, available resources, age, lifestyle, and cultural considerations
 - provide clear, understandable written client documentation based upon proper use of the English language
 - convey critical information to other caregivers through graphic, print, and/or electronic media in an accurate, timely, and comprehensible manner

4. **Exhibit physical ability sufficient to assist clients to meet health care needs in a variety of settings, including moving from room-to-room, to maneuver in small spaces, and to negotiate stairwells when necessary.** *Examples:*
 - physical mobility and strength sufficient to propel wheelchairs, stretchers, etc. through doorways and close fitting areas alone or with assistance
 - stand, walk up to 75% of 6 to 12 hour shifts
 - stoop, bend, squat, reach overhead as required to reach equipment and provide nursing care
 - lift a minimum of 20 pounds of weight
 - transfer/position up to 300 pounds with assistance while lifting, positioning, and transferring clients
 - provide for activities of daily living (bed bath, oral hygiene, dressing, etc.)
 - perform CPR satisfactorily and respond quickly in an emergency situation

5. **Demonstrate gross and fine motor abilities sufficient to provide safe and effective nursing care.** *Examples:*
 - demonstrate physical dexterity and coordination in delivery of care, treatment, and medications
 - hold skin taut with one hand while inserting needle in skin or vein with other hand and perform other procedures requiring the use of 2 hands
 - pick up, grasp, and effectively manipulate small objects such as dials, syringes, switches
 - calibrate and use equipment
 - maintain sterile technique when performing sterile procedures

6. **Display auditory, visual, and tactile ability sufficient to safely assess and care for clients.** *Examples:*
 - hear monitors, alarms, emergency signals, lung/heart sounds, bowel sounds, and cries for help, telephone, intercom interactions, and public address systems (codes)
 - perceive and receive verbal communications from clients, families, and health team members
 - read written words and information on paper and computer screens, small print, gauges, measuring cups, syringes, and other equipment
 - discriminate colors, changes in color, size and continuity of body parts
 - discriminate alterations in normal body activities such as breathing patterns and level of consciousness
 - observe hazards in environment (water spills, safety rails, restraints) and harmful situations
 - perform physical assessment: palpate pulses, feel for heat or cold, tap body surfaces

Students should consult the catalog of the university to which they plan to transfer for specific degree requirements.

Rev.-16

ASSOCIATE DEGREE NURSING ACCELERATED PROGRAM FOR LICENSED PRACTICAL NURSES

The Associate Degree Nursing Accelerated Track Program provides a bridge course for the licensed practical nurse to apply previous knowledge attained in the PN program in an accelerated associate degree program. This program combines general education and nursing courses with clinical experiences. The mission of the ADN program at MDCC is to prepare graduates for entry level nursing practice in a variety of health care settings.

The ADN Accelerated Track Program for LPNs consists of a summer program that offers 18 hours of credit for a fast track of the first two semesters of the associate degree nursing program. This option allows LPN's to complete the RN program in 12 months. Successful completion of the summer program allows students to progress to the second year of the ADN program.

Affiliated hospitals used for clinical practice include: AMG Specialty Hospital in Greenwood, Greenwood Leflore Hospital in Greenwood, Bolivar Medical Center in Cleveland, Delta Regional Medical Center in Greenville, North Sunflower Medical Center in Ruleville, South Sunflower County Hospital in Indianola, University of MS Medical Center Grenada in Grenada, Mississippi State Hospital in Whitfield, and Tyler Holmes Memorial Hospital in Winona. A variety of additional community health agencies are utilized for student learning.

The Associate Degree Nursing Program is accredited by the Mississippi Board of Trustees of State Institutions of Higher Learning (IHL) and the Accreditation Commission for Education in Nursing (ACEN). Graduates of the program are awarded an Associate of Applied Science degree and are eligible to take the National Council Licensing Examination (NCLEX-RN®) for licensure as Registered Nurses.

Information regarding the accreditation status may be directed to ACEN, 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326, telephone (404) 975-5002.

Legal Limitations for Licensure as a Registered Nurse:

Students who fail to conform to the Nursing Department Code of Ethics may be placed on probation, suspended, or dismissed from the program. All applicants should be advised that according to the Mississippi Nursing Practice Law and Administrative Code Mississippi Board of Nursing, an individual's application to write the licensing exam may be refused if the applicant has been convicted of a criminal offense under any provision of Title 97 of the Mississippi Code of 1972.

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-

23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

Graduates must apply to the Mississippi Board of Nursing for licensure to practice as a Registered Nurse in Mississippi.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements.
- be a high school graduate or have a satisfactory GED score.
- have a minimum ACT score of 18 (15 if taken before October 28, 1989) if entering college for the first time **OR** a minimum ACT score of 16 to 17 (12 to 14 ACT score if earned prior to October 28, 1989) and who have completed at least 12 semester hours with a 2.5 GPA or better on courses that are approved by the ADN program.
- take an entrance test at the applicant's own expense. Must be taken within 18 months of application deadline.

An LPN is eligible to apply for the Accelerated Track if the LPN:

- has satisfactorily completed all non-nursing science courses up to the sophomore year, and have no more than 9 hours of non-nursing courses to complete.
- has worked as an LPN for one year.
- was a generic student who was unsuccessful in completing NUR 1119, and later became an LPN.

An LPN is ineligible to apply for the Accelerated Track if the LPN was unsuccessful in completing NUR 1119 as a generic student after becoming an LPN.

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office by March 1 to be considered for admission to the Accelerated Track Nursing Program:

- MDCC application for admission or readmission
- MDCC application to the Associate Degree Accelerated Track Nursing Program
- An official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college
- An official college transcript for all colleges previously or presently attending
- ACT score
- Entrance test scores
- One academic and one personal reference form

Students are encouraged to submit all parts of the application well in advance of the deadline. Incomplete applications will not be reviewed for admission.

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT scores, GPA, entrance test scores, health care work experience, performance on core courses, and references submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. The conditional acceptance letter will include specific instructions regarding all requirements that must be completed prior to summer semester admission.

These requirements are listed below:

- completion of Anatomy & Physiology I (BIO 2513/2511) and Anatomy & Physiology II (BIO 2523/2521) with a grade of "C" or better, accomplished within the last 5 years
- completion of Microbiology (BIO 2923/2921) with a grade of "C" or better, accomplished within the last five years.
- completion of Nutrition (FCS 1253) with a grade of "C" or better
- satisfactory completion of all non-nursing science courses up to the sophomore year, and have no more than 9 hours of non-nursing courses to complete.
- current AHA BLS for Healthcare Providers card
- satisfactory background check (see Policy on Admission to Health Science Program)
- health evaluation form completed by a physician or nurse practitioner indicating physical and mental fitness
- proof of current immunizations including, but not limited to Hepatitis-B vaccination series, Tdap booster and TB skin test
- acceptable pre-admission drug screen

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend an ADN orientation session.
- be aware that, in addition to the regular college fees, Associate Degree Nursing students will incur expenses for such items as uniforms, books, supplies, liability insurance, accident insurance, background check, Hepatitis B vaccination series, national and state licensing examination fees, standardized achievement tests, nursing organization fees, and N-CLEX Review fees. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and clinical agencies.

PROGRESSION:

To be eligible for progression in the nursing program, the student must maintain a grade of "C" in BIO 2513/2511, BIO 2523/2521, BIO 2923/2921, FCS 1253, and in each required nursing course

 - stoop, bend, squat, reach overhead as required to reach equipment and provide nursing care
 - lift a minimum of 20 pounds of weight
 - transfer/position up to 300 pounds with assistance while lifting, positioning, and transferring clients
 - provide for activities of daily living (bed bath, oral hygiene, dressing, etc.)
 - perform CPR satisfactorily and respond quickly in an emergency situation

5. **Demonstrate gross and fine motor abilities sufficient to provide safe and effective nursing care.** *Examples:*
 - demonstrate physical dexterity and coordination in delivery of care, treatment, and medications
 - hold skin taut with one hand while inserting needle in skin or vein with other hand and perform other procedures requiring the use of 2 hands
 - pick up, grasp, and effectively manipulate small objects such as dials, syringes, switches
 - calibrate and use equipment
 - maintain sterile technique when performing sterile procedures

6. **Display auditory, visual, and tactile ability sufficient to safely assess and care for clients.** *Examples:*
 - hear monitors, alarms, emergency signals, lung/heart sounds, bowel sounds, and cries for help, telephone, intercom interactions, and public address systems (codes)
 - perceive and receive verbal communications from clients, families, and health team members
 - read written words and information on paper and computer screens, small print, gauges, measuring cups, syringes, and other equipment
 - discriminate colors; changes in color, size and continuity of body parts
 - discriminate alterations in normal body activities such as breathing patterns and level of consciousness
 - observe hazards in environment (water spills, safety rails, restraints) and harmful situations
 - perform physical assessment: palpate pulses, feel for heat or cold, tap body surfaces

*Required Prerequisites. Must be completed within 5 years of admission to the program.

** Required Prerequisite

An Associate of Applied Science degree will be awarded upon completion of not less than seventy-two hours of credit with a minimum cumulative grade point average of 2.00.

Students should consult the catalog of the university to which they plan to transfer for specific degree requirements.

Rev. 16

DENTAL HYGIENE TECHNOLOGY

The Dental Hygiene Program provides students with a general education and a comprehensive clinical dental hygiene experience that prepares them for a career in the dental hygiene profession. The program includes clinical experience in treating patients throughout the lifespan with normal oral care and general systemic conditions. All phases of dental hygiene education are covered and practiced by clinical experience.

The Dental Hygiene Program consists of 52 hours of dental hygiene courses and 37 academic hours.

The MDCC Dental Hygiene Program is accredited by the Commission on Dental Accreditation of the American Dental Association. Graduates of the program are awarded an Associate of Applied Science Degree in Dental Hygiene. They are eligible to write the National Board of Dental Examiners, as well as individual state board examination for dental hygiene licensure.

Legal Limitations for Employment as a DH:

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements.
- be a high school graduate or have a satisfactory GED score.
- have a minimum ACT score of 18 (15 if taken before October 28, 1989) OR a minimum ACT score of 16 to 17 (12 to 14 if taken before October 28, 1989) and have completed at least 12 semester hours with a "C" average or better in courses approved by the DH program.
- take the entrance test at the applicant's own expense. Must be taken within 18 months of application deadline.
- observe a registered dental hygienist.

PROCEDURE:

Applicants must complete a Dental Hygiene Application Packet. The following documents must be on file in the Dental Hygiene office by March 1 to be considered for admission to the Dental Hygiene Program:

- MDCC application for admission or readmission
- MDCC application to the Dental Hygiene Program
- An official high school transcript from an approved high school or GED Equivalency score, if not previously enrolled in college
- An official college transcript from all colleges previously or presently attending

- ACT score
- Entrance test scores
- One academic and one Personal/Work reference form

Students are encouraged to submit all parts of the application well in advance of the deadline. Incomplete applications will not be reviewed for admission.

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT scores, GPA, entrance test scores, performance on core courses, and references submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants will be notified by letter of their conditional acceptance or non-acceptance. The conditional acceptance letter will include specific instructions regarding all requirements that must be completed prior to August admission. These requirements are listed below:

- completion of Anatomy & Physiology I (BIO 2513/2511) and Anatomy & Physiology II (BIO 2523/2521) with a grade of "C" or better during the summer session or regular session prior to admission to the DH program
- Satisfactory completion of Healthcare Providers CPR taught during the summer
- Satisfactory background check (see Policy on Admission to Health Science Program)
- Health evaluation form completed by a physician or nurse practitioner
- Proof of current immunizations including, but not limited to Hepatitis-B vaccination series, Tdap booster and TB skin test
- Acceptable pre-admission drug screen

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend a DHT orientation session
- be aware that, in addition to the regular college fees, Dental Hygiene Technology students will incur expenses for such items as uniforms, books, supplies, liability insurance, accident insurance, background check, Hepatitis B vaccination series, national and state certification examination fees, accident insurance, and registry review seminars. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and community agencies
- female students are encouraged to follow the pregnancy policy

PROGRESSION:

A Dental Hygiene Technology student must maintain a grade of "C" in all Dental Hygiene Technology core courses to progress in the program. Additionally, a student must obtain a grade of "C" in all DHT co-requisite courses to graduate from the program.

READMISSION OR TRANSFER:

Students seeking readmission to the program are considered on an individual basis according to the dental hygiene readmission policy. MDCC Dental Hygiene Program does not accept students with advance standing or DHT transfer credit(s) from other dental hygiene programs.

Pregnancy Policy

Female students who become pregnant or suspect pregnancy are encouraged to notify the Program Director immediately! Notification must be made in writing. A student also has the right to not declare her pregnancy, in which case, the student will be treated as though she were not pregnant. Once a student has declared her pregnancy, the student also has the right to un-declare her pregnancy at any time. This is in accordance with Federal and State laws. Confidentiality is assured if necessary.

Students who have declared the pregnancy will receive counseling concerning continuation of studies during pregnancy. Pregnancy is not grounds for dismissal, but radiation exposure must be limited during this time. Radiation overdose in the first trimester has been known to cause birth defects and health problems. This is of utmost importance to the health of the unborn child. The radiation dose to the expectant mother (and fetus) must not exceed 0.5rem during the entire period of gestation.

Below are the recommendations concerning the student's progression in the DHT program:

The student must be able to continue to meet attendance and program requirements.

A pregnant student must have physician approval to continue in the dental hygiene program. In the event of physician disapproval, pregnant students who refuse to withdraw from the program must acknowledge in writing having received counseling and assume all risk for possible damage to the unborn fetus.

Students in the first semester of the first year of the program may withdraw from the program. They may return at a later date as determined by the student and Program Director.

Students in the second year of the program will be given the option of withdrawing and starting over after the baby is born in the semester in which they withdrew provided that space is available and the student had a passing grade of 75% or better in all dental hygiene courses prior to withdrawal. If the student is not able to re-enter the program at the next available entry point (one year), then she must make application and repeat all dental hygiene courses.

DENTAL HYGIENE TECHNOLOGY**

Core Performance Standards

The following performance standards provide descriptions of basic cognitive, sensory, affective, and psychomotor requirements for successful Dental Hygiene Program completion. Applicants and students who cannot meet one or more of the standards will be considered on an individual basis in terms of whether reasonable modification/accommodation can be made. Reasonable accommodations will be examined in accordance with the Americans with Disabilities Act (ADA) as well as the Core Performance Standards. In order to successfully complete the dental hygiene program, an applicant/student must be able to do the following:

Demonstrate critical thinking sufficient for clinical judgment. *Examples:*

- cause-effect relationships in the clinical setting
- recognize changes in client's condition

Display interpersonal skills sufficient to interact with individuals, families, and groups in a variety of settings in the community. *Examples:*

- respect differences among clients and exhibit an attitude accepting of clients as individuals
- establish rapport in order to communicate effectively with clients, families, significant others, and health team members
- work effectively in small groups as a team member

Demonstrate appropriate verbal and written communication skills. *Examples:*

- speak English coherently to clients, families, and other staff members
- clearly explain procedures for clients, families, or groups based on age, lifestyle, and cultural considerations
- provide clear, understandable client documentation based upon proper use of the English language
- convey information to other caregivers

Exhibit physical ability sufficient to assist clients to meet health care needs in a variety of settings, including moving from room-to-room, to maneuver in small spaces, and to negotiate stairwells when necessary. *Examples:*

- physical mobility and strength sufficient to propel wheelchairs, etc. through doorways and close fitting areas alone or with assistance
- stand, walk up to 75% of 6 to 12 hour shifts
- stoop, bend, squat, reach overhead as required to reach equipment and provide care
- lift a minimum of 20 pounds of weight
- perform CPR satisfactorily and respond quickly in an emergency situation

Demonstrate gross and fine motor abilities sufficient to provide safe and effective care.

Examples:

- demonstrate physical dexterity and coordination in delivery of care
- perform procedures requiring the use of 2 hands
- pick up, grasp, and effectively manipulate small objects
- calibrate and use equipment

Display auditory, visual, and tactile ability sufficient to safely assess and care for clients.

Examples:

- hear monitors, alarms, emergency signals, and cries for help, telephone, intercom interactions, and public address systems (codes)
- perceive and receive verbal communications from clients, families, and health team members
- read written words and information on paper and computer screens, small print, gauges, measuring cups, and other equipment
- discriminate colors; changes in color, size and continuity of body parts
- discriminate alterations in normal body activities such as breathing patterns and level of consciousness
- observe hazards in environment (water spills, safety rails, restraints) and harmful situations

Rev. 16

**May substitute Principles of Chemistry for General Chemistry.

An Associate in Applied Science degree will be awarded upon completion of not less than eighty-nine hours of credit with a minimum cumulative grade point average of 2.00. Students should consult the catalog of the university to which they plan to transfer for specific degree requirements.

EMERGENCY MEDICAL TECHNOLOGY (EMT)

This semester program (183 hour minimum) course provides classroom and laboratory instruction for entry level Emergency Medical Technicians following the current National DOT curriculum. Emergency Medical Technician-Basic is an instructional program that prepares individuals to function in the pre-hospital environment. The EMT-Basic program provides instruction in basic life support care of sick and injured persons. This includes airway assessment, communications, documentation, general pharmacology, hemorrhage control, ambulance operations, and splinting of adult, pediatric, and infant patients; and special care of patients exposed to heat, cold, radiation, or contagious disease.

A certificate of completion will be awarded to those who satisfactorily complete the EMT curriculum. Upon successful completion of the course, students are eligible to sit for the National Registry for Emergency Medical Technicians Basic Testing.

Legal Limitations for Employment as an EMT:

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements.
- be a high school graduate or have a satisfactory GED score.
- must have a minimum ACT score of 16 on the enhanced ACT (12 if taken before October 28, 1989), may be waived based on experience.

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office to be considered for admission to the fall class and for the spring class:

- MDCC application for admission or readmission
- MDCC application to the EMT Program (Health Sciences Application packet).
- An official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college.
- An official college transcript from all colleges previously or presently attending

Students are encouraged to submit all parts of the application well in advance of the deadline. Incomplete applications will not be reviewed for admission.

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admissions requirements are evaluated by the use of a rating scale which includes ACT, GPA, healthcare work experience, and performance on core courses submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants are notified by letter of their conditional acceptance or non-acceptance to the program. The conditional acceptance letter will include specific instructions regarding all requirements that must be complete prior to admission.

Admission is tentative based on:

- satisfactory background check (see Policy on Admission to Health Science Program)
- acceptable pre-admission drug screen
- health evaluation form completed by a physician or nurse practitioner indicating satisfactory health
- proof of current immunizations including, but not limited to Hepatitis B vaccination series, MMR vaccination series, Tdap booster, and TB skin test

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend a health science orientation.
- be aware that, in addition to regular college fees, Emergency Medical Technician students will incur expenses for such items as books, physical examination, Hepatitis B vaccination series, background check, liability insurance, accident insurance, and national licensing examination fees. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and clinical agencies.

PROGRESSION:

- Students must maintain a "C" average (grade of 75) or better in each component of the course of study in order to complete the program.

READMISSION OR TRANSFER:

Students seeking readmission to the program are considered on an individual basis according to health sciences readmission policies.

Due to the nature of the semester program, students are not eligible to transfer into the EMT program.

HEALTH CARE (NURSE) ASSISTANT

The Health Care Assistant Program prepares the individual to assist in providing health care as a member of the health care team under the direction of a health care professional.

Programs are conducted at Greenville Higher Education Center in Greenville and at Golden Age Nursing Home in Greenwood.

A certificate of completion will be awarded to those who satisfactorily complete the HCA curriculum. Upon successful completion of the curriculum, students will be awarded the Certificate of Completion for Health Care Assistant. Students who complete the program may qualify for employment as Homemakers, Nurse Assistants, Long-Term Care Aides or Home Health Aides in the Mississippi health care industry.

Legal Limitations for Employment as a Health Care Assistant:

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements.
- be a high school graduate or have a satisfactory GED score.
- complete preadmission Compass test or have an ACT score of 14 or higher.

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office to be considered for admission to the fall class and for the spring class.

- MDCC application for admission or readmission.
- MDCC application to the Health Care Assistant Program (Health Sciences Application packet).
- An official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college.
- An official college transcript for all colleges previously or presently attending.

Students are encouraged to submit all parts of the application well in advance of the deadline. Incomplete applications will not be reviewed for admission.

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT or Compass scores, GPA, and healthcare work experience submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants will be notified by letter of their conditional acceptance or non-acceptance to the program. The conditional acceptance letter will include specific instruction regarding all requirements that must be completed prior to admission

Admission is tentative based on:

- satisfactory background check performed by our office (see Policy on Admission to Health Science Program)
- acceptable pre-admission drug screen performed by our office
- health evaluation form completed by a physician or nurse practitioner indicating no restriction for lifting or transfer
- proof of current immunizations including, but not limited to, Hepatitis B vaccination series, MMR vaccination series, Tdap booster, and TB skin test.

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend a health care assistant orientation.
- be aware that, in addition to the regular college fees, Health Care Assistant students will incur expenses for such items as uniforms, books, supplies, liability insurance, accident insurance, physical examination, Hepatitis B vaccine series, background check, CPR certification, and certification examination fees. Fees are not limited to these listed.

PROGRESSION:

- students must maintain a “C” average (grade of 75) in each component of the course of study in order to complete the program
- a minimum of 368 hours including class and clinical time is required to complete the program

READMISSION OR TRANSFER:

Students seeking readmission to the program are considered on an individual basis according to health sciences readmission policies.

Due to the nature of the semester program, students are not eligible to transfer into the health care assistant program.

MISSISSIPPI DELTA COMMUNITY COLLEGE HEALTH SCIENCE PROGRAMS

Core Performance Standards

The following performance standards provide descriptions of basic cognitive, sensory, affective, and psychomotor requirements for successful health care assistant program completion. Applicants and students who cannot meet one or more of the standards will be considered on an individual basis in terms of whether reasonable modification/ accommodation can be made. Reasonable accommodations will be examined in accordance with the Americans with Disabilities Act (ADA) as well as the Core Performance Standards.

In order to successfully complete the health care assistant program, an applicant/ student must be able to do the following:

1. **Demonstrate critical thinking sufficient for clinical judgment.** *Examples:*
 - identify cause-effect relationships in the clinical setting
 - recognize changes in client's condition
2. **Display interpersonal skills sufficient to interact with individuals, families, and groups in a variety of settings in the community.** *Examples:*
 - respect differences among clients and exhibit an attitude accepting of clients as individuals
 - establish rapport in order to communicate effectively with clients, families, significant others, and health team members
 - work effectively in small groups as a team member
3. **Demonstrate appropriate verbal and written communication skills.** *Examples:*
 - speak English coherently to clients, families, and other staff members
 - clearly explain procedures for clients, families, or groups based on age, lifestyle, and cultural considerations
 - provide clear, understandable client documentation based upon proper use of the English language
 - convey information to other caregivers
4. **Exhibit physical ability sufficient to assist clients to meet health care needs in a variety of settings, including moving from room-to-room, to maneuver in small spaces, and to negotiate stairwells when necessary.** *Examples:*
 - physical mobility and strength sufficient to propel wheelchairs, etc. through doorways and close fitting areas alone or with assistance
 - stand, walk up to 75% of 6 to 12 hour shifts
 - stoop, bend, squat, reach overhead as required to reach equipment and provide care

- lift a minimum of 20 pounds of weight
- perform CPR satisfactorily and respond quickly in an emergency situation

5. **Demonstrate gross and fine motor abilities sufficient to provide safe and effective care.** *Examples:*

- demonstrate physical dexterity and coordination in delivery of care
- perform procedures requiring the use of 2 hands
- pick up, grasp, and effectively manipulate small objects
- calibrate and use equipment

6. **Display auditory, visual, and tactile ability sufficient to safely assess and care for clients.** *Examples:*

- hear monitors, alarms, emergency signals, and cries for help, telephone, intercom interactions, and public address systems (codes)
- perceive and receive verbal communications from clients, families, and health team members
- read written words and information on paper and computer screens, small print, gauges, measuring cups, and other equipment
- discriminate colors; changes in color, size and continuity of body parts
- discriminate alterations in normal body activities such as breathing patterns and level of consciousness
- observe hazards in environment (water spills, safety rails, restraints) and harmful situations

HEALTH CARE (NURSE) ASSISTANT

One Semester Program

REQUIRED COURSES:	Prev. Taken	FALL ____	OR	SPRING __
Health Care (Nurse) Assistant				
HCA 1115 Basic Health Care Assisting (5 hrs)				
HCA 1125 Special Care Procedures (5 hrs)

Advisor Initials:				
Date:				

Rev. 16

Courses for the respective program must be completed in one semester in order to get credit.

A certificate of completion will be awarded to those who satisfactorily complete the HCA curriculum.

Upon successful completion of the curriculum, students are eligible to take the national certification test.

Students should consult the catalog of the university to which they plan to transfer for specific degree requirements.

MEDICAL LABORATORY TECHNOLOGY/ CLINICAL LABORATORY TECHNICIAN

The Medical Laboratory Technology curriculum is a two-year Associate of Applied Science degree program of study that prepares individuals to work in a medical laboratory. This program is designed to meet the standards and requirements for careers in clinical laboratory science. At career entry, the medical laboratory technician/clinical laboratory technician will be able to perform routine clinical laboratory tests (such as hematology, clinical chemistry, immunohematology, microbiology, serology/immunology, coagulation, molecular, and or emerging diagnostics) as the primary analyst making specimen-oriented decisions on predetermined criteria. Upon successful completion of the technical program, the student will be eligible to take a national certification examination.

The Medical Laboratory program consists of a two academic years and two summers. Courses in biological, chemical, and social sciences, mathematics, humanities, and fine arts provide foundation and support for the technical courses. The MLT courses combine theory and clinical learning experiences in a related sequence. The practicum is a twenty-four week comprehensive learning experience in an affiliated hospital during which the student builds technical skills under direct supervision of the clinical instructor. It comprises the fourth semester and a summer session.

Affiliated hospitals are University of MS Medical Center Grenada in Grenada, Delta Regional Medical Center in Greenville, Greenwood Leflore Hospital in Greenwood, and Merit Health Northwest Mississippi in Clarksdale. Clinical assignments are at the discretion of the college.

The MDCC Medical Laboratory Program is accredited by the National Accrediting Agency for Clinical Laboratory Science (NAACLS) 5600 North River Road, Suite 720, Rosemont, IL 60018, (773) 714- 8880. Graduates of the program are awarded an Associate of Applied Science Degree and are eligible to write the national certification exam.

Legal Limitations for Employment as a MLT:

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, and sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements.
- be a high school graduate or have a satisfactory GED score.
- have a minimum ACT score of 18 (15 if taken before October 28, 1989) if entering college for the first time **OR** a minimum ACT score of 16 to 17 (12 to 14 if taken before October 28, 1989) and have completed at least 12 semester hours with a “C” average or better on

- courses approved by the MLT program.
- take the entrance test at the applicant's own expense. Must be taken within 18 months of application deadline.

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office by April 1 to be considered for admission to the Medical Laboratory Program:

- MDCC application for admission or readmission
- MDCC application to the Medical Laboratory Program
- an official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college
- an official college transcript from all colleges previously or presently attending
- ACT score
- entrance test scores
- one academic and one personal/work reference form

Students are encouraged to submit all parts of the application well in advance of the deadline. **Incomplete applications will not be reviewed for admission.**

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT scores, GPA, entrance test scores, health care work experience, performance on core courses, and references submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants will be notified by letter of their conditional acceptance or non-acceptance to the program. The conditional acceptance letter will include specific instructions regarding all requirements that must be completed prior to August admission. These requirements are listed below:

- completion of Anatomy & Physiology I (BIO 2513/2511) and Anatomy & Physiology II (BIO 2523/2521) with a grade of "C" or better during the summer session or regular session prior to admission to the MLT program
- satisfactory completion of Healthcare Providers CPR taught during the summer
- satisfactory background check (see Policy on Admission to Health Science Program)
- health evaluation form completed by a physician or nurse practitioner
- proof of current immunizations including, but not limited to Hepatitis-B vaccination series, Tdap booster, and TB skin test
- acceptable pre-admission drug screen

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend a Health Sciences orientation session.
- be aware that, in addition to the regular college fees, Medical Laboratory Technology students will incur expenses for such items as uniforms, books, iPad, supplies, liability insurance, accident insurance, background check, Hepatitis B vaccination series, national and state certification examination fees, and registry review seminars. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and clinical agencies.

PROGRESSION:

A Medical Laboratory Technology student must maintain a grade of "C" in all MLT, mathematics, and science courses to progress in the program.

READMISSION OR TRANSFER:

Students seeking readmission to the program or transfer credit from another MLT program are considered on an individual basis according to the health sciences readmission and transfer policies.

ADVANCED PLACEMENT:

The Medical Laboratory Technology Program at Mississippi Delta Community College offers an option for successful completers of the MDCC Phlebotomy Program to apply for early enrollment into the MLT Program. Students who successfully complete the MDCC Phlebotomy program (PBT 1113 and PBT 1122) and have been selected into the Medical Laboratory program may waive enrollment in MLT 1112 Fundamentals of Medical Laboratory / Phlebotomy and join the current MLT Freshman.

Eligibility

- ACT score of 16 or above
- take an entrance exam within the last 18 months
- completion of Anatomy and Physiology I & II (BIO 2513/2511 & 2523/2521) within the last 5 years with a C average (2.0) or above.
- have no more than 11 hours of required academic courses to complete*
- acceptable criminal background check, as required by Mississippi State Law
- satisfactory pre-admission physical exam and drug screen
- applicants into the MLT Accelerated Track are subject to the admission requirements as listed under "Requirements for Admission"

*PBT graduates applying for the Accelerated Track admission into spring term can only lack 11 hours of other non-MLT courses. PBT graduates applying for admission into fall term will be evaluated with income freshman and will be allowed to forgo the MLT Fundamentals class (MLT 1112).

The program director is responsible for evaluating transfer and advanced placement credit.

College policies concerning advanced placement in the academic division are stated in the College Catalog. Students applying for the MLT program who have earned credits by transfer, exam, or evaluation which are equivalent to the entire first year of the program would be placed into the second year courses on a space-available basis.

CERTIFICATION AND LICENSURE

Upon completion of the program in July, students are eligible to sit for a national certification examination. Most students choose certification through the American Society of Clinical Pathology Board of Registry (ASCP) or American Medical Technologist (AMT). Mississippi does not require a state license, though a number of states do. In most states requiring a license, national certification exams are accepted as proof competency and no other testing is required.

Completion of the MLT Program is not contingent upon passage of any external certification examination.

MISSISSIPPI DELTA COMMUNITY COLLEGE
MEDICAL LABORATORY TECHNOLOGY
Standard Functions for Progression

The following standard functions provide descriptions of basic cognitive, sensory, affective, and psychomotor requirements for successful Medical Laboratory Technology program completion. Applicants and students who cannot meet one or more of the requirements will be considered on an individual basis in terms of whether reasonable modification/accommodation can be made. Reasonable accommodations will be examined in accordance with the Americans with Disabilities Act (ADA) as well as the Standard Functions for Progression.

In order to successfully complete the Medical Laboratory Technology, an applicant/student must be able to do the following:

Standard Observation Function

The MLT student must be able to:

- Observe laboratory demonstrations in which biologicals are tested for their biochemical, hematological, immunological, microbiological, and histochemical components.
- Characterize the color, odor, clarity, and viscosity of biologicals, reagents, or chemical reaction products. Employ a clinical grade binocular microscope to discriminate among the structural and color (hue, shading, and intensity) differences of microscopic specimens.
- Read and comprehend text, numbers, and graphs displayed in print and on a video monitor.

Standard Movement Function

The MLT student must be able to:

- Move freely and safely about a laboratory.
- Reach laboratory bench tops and shelves, patients lying in hospital beds or patients seated in specimen collection furniture.
- Travel to numerous clinical laboratory sites for practical experience.
- Perform moderately taxing continuous physical work, often requiring prolonged sitting, over several hours.
- Maneuver phlebotomy and culture acquisition equipment to safely collect valid laboratory specimens from patients.
- Control laboratory equipment (i.e. pipettes, inoculating loops, test tubes) and adjust instruments to perform laboratory procedures.
- Use an electronic keyboard to operate laboratory instruments and to calculate, record evaluate, and transmit laboratory information.

Standard Communication Function

The MLT student must be able to:

- Read and comprehend technical and professional materials
- Follow verbal and written instructions in order to correctly and independently perform laboratory test procedures

- Clearly instruct patients prior to specimen collection.
- Effectively, confidentially, and sensitively converse with patients regarding laboratory tests.
- Communicate with faculty members, fellow students, staff, and other health care professionals verbally and in a recorded format
- Independently prepare papers, prepare laboratory reports, and take paper, computer, and laboratory practical examinations.

Standard Intellectual Function

The MLT student must be able to:

- Possess these intellectual skills: comprehension, measurement, mathematical calculation, reasoning, integration, analysis, comparison, self-expression, and criticism.
- To exercise sufficient judgment to recognize and correct performance.

Standard Behavioral Function

The MLT student must:

- Be able to manage the use of time and be able to systematize actions in order to complete professional and technical tasks with realistic constraints.
- Possess the emotional health necessary to effectively employ intellect and exercise appropriate judgment.
- Be able to provide professional and technical services while experiencing the stresses of task-related uncertainty and a distracting environment.
- Be flexible and creative and adapt to professional and technical change.
- Recognize potentially hazardous materials, equipment, and situations and proceed safely in order to minimize risk of injury to patients, self, and nearby individuals.
- Adapt to working with unpleasant biologicals.
- Support and promote the activities of fellow students and of health care professionals. Promotion of peers helps furnish a team approach to learning, task completion, problem solving and patient care.
- Be honest, compassionate, ethical and responsible. The student must be forthright about errors or uncertainty. The student must be able to critically evaluate her or his own performance, accept constructive criticism, and look for ways to improve. The student must be able to evaluate the performance of fellow students and tactfully offer constructive comments.

Rev. 16

PHLEBOTOMY TECHNICIAN

The Phlebotomy Program is designed to train individuals to collect blood for laboratory analysis necessary for the diagnosis and care of the patient. This one-semester program trains the phlebotomist to perform venipuncture, capillary puncture, and CPR.

This evening course is ideal for health professionals seeking to expand their current skills, for currently employed phlebotomists seeking certification, or for those interested in a profession in laboratory medicine. Other topics covered include medical terminology, laboratory safety, basic anatomy and physiology, quality assurance methods, and medicolegal issues of phlebotomy.

The clinical practicum, consisting of 120 hours of supervised clinical experience, is provided at regional medical affiliates, allowing participants to achieve proficiency in the health-care setting. Students must complete a minimum number of successful unaided collections before course completion. The practicum is not required for students who have been employed as phlebotomists for at least six months within the past five years, as documented by letter from their employer.

Affiliated health care organizations are Delta Regional Medical Center in Greenville, Greenwood Leflore Hospital in Greenwood, University of MS Medical Center Grenada in Grenada and Merit Health Northwest Mississippi in Clarksdale. Clinical assignments are at the discretion of the college.

A certificate of completion will be awarded to those who satisfactorily complete the phlebotomy curriculum. Upon completion, students take a national examination to become a Certified Phlebotomy Technician.

Legal Limitations for Employment as a phlebotomist:

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements for technical students.
- be a high school graduate or have a satisfactory GED score.

- have a minimum ACT score of 18 (15 if taken before October 28, 1989) if entering college for the first time **OR** a minimum ACT score of 16 to 17 (12 to 14 if taken before October 28, 1989) and have completed at least 12 semester hours with a “C” average or better on courses approved by the Phlebotomy program faculty
- have completed a biology course within the past 5 years, either in high school or college with a grade of “C” or better. This requirement may be waived for applicants who have been employed in a healthcare capacity providing patient care for at least 6 months within the past 5 years. A letter from the employer is required for this requirement to be waived.

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office to be considered for admission to the fall class and for the spring class:

- MDCC application for admission or readmission
- MDCC application to the Phlebotomy Program (Health Sciences Application packet)
- an official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college
- an official college transcript for all colleges previously or presently attending
- ACT score
- One personal reference form

Students are encouraged to submit all parts of the application well in advance of the deadline. **Incomplete applications will not be reviewed for admission.**

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT scores, GPA, healthcare work experience, and reference submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants will be notified by letter of their conditional acceptance or non-acceptance to the program. The conditional acceptance letter will include specific instructions regarding all requirements that must be complete prior to admission.

Admission is tentative based on:

- satisfactory completion of Healthcare Providers CPR taught during the phlebotomy program
- satisfactory background check (see Policy on Admission to Health Science Program)
- health evaluation form completed by a physician or nurse practitioner indicating satisfactory health
- proof of current immunizations including, but not limited to Hepatitis-B vaccination series, MMR vaccination series, Tdap booster, and TB skin test
- acceptable pre-admission drug screen

STUDENT RESPONSIBILITIES

Students who are accepted into the program must:

- attend a Health Science orientation session
- be aware that, in addition to the regular college fees, Phlebotomy Technician students will incur expenses for such items as scrubs, books, supplies, liability insurance, accident insurance, physical examination, Hepatitis B vaccination series, background check, accident insurance, and CPR certification and national certification examination fees. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and clinical agencies.

PROGRESSION:

Students are required to maintain a “C” average (grade of 75) or better in both academic and clinical aspects of the program to obtain course credit and receive a certificate of completion.

READMISSION OR TRANSFER:

Students seeking readmission to the program are considered on an individual basis according to health sciences readmission policies.

Due to the nature of the semester program, students are not eligible to transfer into the phlebotomy program.

MISSISSIPPI DELTA COMMUNITY COLLEGE
PHLEBOTOMY TECHNICIAN
Standard Functions for Progression

The following essential requirements provide descriptions of basic cognitive, sensory, affective, and psychomotor requirements for successful Phlebotomy program completion. Applicants and students who cannot meet one or more of the requirements will be considered on an individual basis in terms of whether reasonable modification/accommodation can be made. Reasonable accommodations will be examined in accordance with the Americans with Disabilities Act (ADA) as well as the Standard Functions for Progression.

In order to successfully complete the Phlebotomy, an applicant/student must be able to do the following:

Essential Observation Requirements

In order to perform phlebotomy duties, the individual must be able to meet the following requirements:

- **Vision** – The Phlebotomy Technician student must be able to read test order requisitions, discriminate colors, and record information.
- **Speech and Hearing** – The Phlebotomy Technician student must be able to communicate effectively and sensitively in order to elicit information. The student must be able to assess non-verbal communication and must be able to transmit the information to all members of the health care team.
- **Fine Motor Functions** - The Phlebotomy Technician student must manifest all the skills necessary to manipulate instruments and equipment. The student must be able to perform phlebotomy safely and accurately.
- **Psychological Stability** – The Phlebotomy Technician student must demonstrate the emotional health required for full utilization of the applicant’s intellectual abilities. The student must be able to recognize emergency situations and be able to take the appropriate action.

Upon successful completion of the curriculum, students are eligible to take a national examination to become a Certified Phlebotomy Technician.

Students should consult the catalog of the university to which they plan to transfer for specific degree requirements.

PRACTICAL NURSING

The MDCC Practical Nursing (PN) Program is a three semester program that prepares graduates with the knowledge and skills needed to meet the expanding health care needs of the community. The mission of the Practical Nursing Program is to prepare graduates for entry level nursing practice in a variety of healthcare settings. The Licensed Practical Nurse provides care under the direction of a licensed physician, dentist, or registered nurse as determined by the Administrative Code Mississippi Board of Nursing.

Affiliating hospitals are Bolivar Medical Center in Cleveland, Greenwood Leflore Hospital in Greenwood, Delta Regional Medical Center in Greenville, Mississippi State Hospital at Whitfield, South Sunflower County Hospital in Indianola, and North Sunflower Medical Center in Ruleville. Other area nursing home and clinical agencies are also utilized.

The MDCC Practical Nursing Program is accredited by the Mississippi Community College Board (MCCB). Graduates of the program are awarded a certificate and are eligible to write the National Council Licensure Examination for Practical Nurses (NCLEX-PN®). Graduates must apply to the Mississippi Board of Nursing for licensure to practice as a Licensed Practical Nurse in the State of Mississippi.

Legal Limitations for Licensure as a Practical Nurse:

Students who fail to conform to the Nursing Department Code of Ethics may be placed on probation, suspended, or dismissed from the program. All applicants should be advised that according to the Mississippi Nursing Practice Laws and Administrative Code an individual's application to write the licensing exam may be refused if the applicant has been convicted of a criminal offense under any provision of Title 97 of the Mississippi Code of 1972.

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

Graduates must apply to the Mississippi Board of Nursing for licensure to practice as a Licensed Practical Nurse in Mississippi.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements
- be a high school graduate or have a satisfactory GED score.
- have a minimum ACT score of 16 (12 if taken before October 28, 1989)
- take the entrance test at the applicant's own expense. Must be taken within 18 months of application deadline.

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office by April 1 to be considered for admission to the Practical Nursing Program:

- MDCC application for admission or readmission
- MDCC application to the Practical Nursing Program
- An official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college
- An official college transcript from all colleges previously or presently attending
- ACT score
- Entrance test scores
- One academic and one personal reference form

Students are encouraged to submit all parts of the application well in advance of the deadline. **Incomplete applications will not be reviewed for admission.**

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT scores, GPA, entrance test scores, health care work experience, performance on core courses, and references submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants will be notified by letter of their conditional acceptance or non-acceptance to the program. The conditional acceptance letter will include specific instructions regarding all requirements that must be completed prior to August admission. These requirements are listed below:

- completion of Anatomy & Physiology I (BIO 2513/2511) and Anatomy & Physiology II (BIO 2523/2521) with a grade of "C" or better within the last 5 years to be exempt from Body Structure and Function (PNV 1213)
- satisfactory completion of Healthcare Providers CPR taught during the summer
- satisfactory completion of MATH 1102 during the summer based on entrance test score.
- satisfactory background check (see Policy on Admission to Health Science Program)
- health evaluation form completed by a physician or nurse practitioner
- proof of current immunizations including, but not limited to Hepatitis-B vaccination series, Tdap booster, and TB skin test
- acceptable pre-admission drug screen

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend a Health Science orientation session

- be aware that, in addition to the regular college fees, Practical Nursing students will incur expenses for such items as uniforms, books, supplies, liability insurance, accident insurance, background check, Hepatitis B vaccination series, national and state certification examination fees, and review seminars. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and clinical agencies

PROGRESSION:

Practical Nursing students must complete all courses with a final grade of “C” or better and a satisfactory clinical grade to progress to the next semester.

READMISSION:

Students seeking readmission to the program or transfer credit from another PN program are considered on an individual basis according to health sciences readmission or transfer policies.

Students who are readmitted and who have been out of the program for more than 15 months are not eligible to challenge courses previously taken and must repeat all coursework for completion of the Practical Nursing Program.

MISSISSIPPI DELTA COMMUNITY COLLEGE
DIVISION OF HEALTH SCIENCES
PRACTICAL NURSING PROGRAM

Core Performance Standards

The following performance standards provide descriptions of basic cognitive, sensory, affective, and psychomotor requirements for successful practical nursing program completion. Applicants and students who cannot meet one or more of the standards will be considered on an individual basis in terms of whether reasonable modification/accommodation can be made. Reasonable accommodations will be examined in accordance with the Americans with Disabilities Act (ADA) as well as the Core Performance Standards.

In order to successfully complete the practical nursing program, an applicant/student must be able to do the following:

- 1. Demonstrate Critical Thinking Sufficient For Clinical Judgment.** *Examples*
 - prioritize information and identify cause-effect relationships in the clinical setting
 - analyze assessment findings and use findings to plan and implement care
 - evaluate plan of care and make revisions as appropriate
 - make decisions using logic, creativity and reasoning to make sound clinical judgments based on standards of nursing care
 - demonstrate arithmetic ability to correctly compute dosages, tell time, and use measuring tools

- 2. Display Interpersonal Skills Sufficient to Interact with Individuals, Families, and Groups in a Variety of Settings in the Community.** *Examples:*
 - respect differences among clients and exhibit an attitude accepting of clients as individuals
 - establish rapport in order to communicate effectively with clients, families, significant others, and health team members
 - work effectively in small groups as a team member and a team leader
 - recognize crises and institute appropriate interventions to help resolve adverse situations

- 3. Demonstrate Appropriate Verbal And Written Communication Skills.** *Examples:*
 - speak English coherently to clients, families, and other staff members
 - clearly explain treatment procedures and initiate health teaching for clients, families, or groups based on assessed needs, available resources, age, lifestyle, and cultural considerations
 - provide clear, understandable written client documentation based upon proper use of the English language

- convey critical information to other caregivers through graphic, print, and/or electronic media in an accurate, timely, and comprehensible manner

4. Exhibit Physical Ability Sufficient To Assist Clients To Meet Health Care Needs In A Variety Of Settings, Including Moving From Room-To-Room, To Maneuver In Small Spaces, And To Negotiate Stairwells When Necessary. Examples:

- physical mobility and strength sufficient to propel wheelchairs, stretchers, etc. through doorways and close fitting areas alone or with assistance
- stand, walk up to 75% of 6 to 12 hour shifts
- stoop, bend, squat, reach overhead as required to reach equipment and provide nursing care
- lift a minimum of 20 pounds of weight
- transfer/position up to 300 pounds with assistance while lifting, positioning, and transferring clients
- provide for activities of daily living (bed bath, oral hygiene, dressing, etc.)
- perform CPR satisfactorily and respond quickly in an emergency situation

5. Demonstrate Gross And Fine Motor Abilities Sufficient To Provide Safe And Effective Nursing Care. Examples:

- demonstrate physical dexterity and coordination in delivery of care, treatment, and medications
- hold skin taut with one hand while inserting needle in skin or vein with other hand and perform other procedures requiring the use of 2 hands
- pick up, grasp, and effectively manipulate small objects such as dials, syringes, switches
- calibrate and use equipment
- maintain sterile technique when performing sterile procedures

6. Display Auditory, Visual, And Tactile Ability Sufficient To Safely Assess And Care For Clients. Examples:

- hear monitors, alarms, emergency signals, lung/heart sounds, bowel sounds, and cries for help, telephone, intercom interactions, and public address systems (codes)
- perceive and receive verbal communications from clients, families, and health team members
- read written words and information on paper and computer screens, small print, gauges, measuring cups, syringes, and other equipment
- discriminate colors; changes in color, size and continuity of body parts
- discriminate alterations in normal body activities such as breathing patterns and level of consciousness
- observe hazards in environment (water spills, safety rails, restraints) and harmful situations
- perform physical assessment: palpate pulses, feel for heat or cold, tap body surfaces

7. Accountability and Responsibility. *Examples:*

- able to distinguish right from wrong, legal from illegal and act accordingly
- accept responsibility for own actions
- consider the needs of patients in deference to one's own needs
- able to comprehend ethical standards and agree to abide by them

Practical Nursing

Rev. 16

*Body Structure & Function is for those students who have not completed BIO 2513/2511 and BIO 2523/2521 with a "C" or better within the last 5 years prior to admission into the program.

Students should consult the catalog of the university to which they plan to transfer to specific degree requirements.

Students that complete the program requirements, 3 semesters as identified by the MS Dept. of Education will be eligible to apply for LPN licensure. A certificate of completion is issued by MDCC.

RADIOLOGIC TECHNOLOGY

The Radiologic Technology Program provides a general education and clinical training program that prepares students for a career in radiography. The technical program combines theory through traditional classroom instruction and laboratory experiences on campus, and clinical experiences in affiliating hospitals to provide opportunities for students to develop skills needed to enter the Radiology profession.

The Radiologic Technology Program commences in August of each year and runs for 22 consecutive months with a projected graduation date in May. Students receive traditional classroom instruction and laboratory experience on campus during the program. Clinical experience with actual patient contact is provided by rotation through the affiliated hospitals during this period.

Affiliated hospitals are Bolivar Medical Center in Cleveland, Delta Regional Medical Center in Greenville, Greenwood Leflore Hospital in Greenwood, Merit Health Northwest Mississippi in Clarksdale, Merit Health Batesville in Batesville, North Sunflower Medical Center in Ruleville, South Sunflower County Hospital in Indianola, University of MS Medical Center Grenada in Grenada, University of MS Medical Center Imaging Center in Grenada. Clinical assignments are at the discretion of the college.

Students will be required to rotate in the evenings for some clinical rotations.

The MDCC Radiologic Technology Program is accredited by the Joint Review Committee on Education in Radiologic Technology. Graduates of the program are awarded an Associate of Applied Science degree and are eligible to write the American Registry of Radiologic Technology (ARRT) examination.

Legal Limitations for Employment as a RT:

According to Mississippi State Law, an individual may not be eligible for employment in a health care agency if the person has ever been convicted of a felony, or plead guilty to, or plead nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (f), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, of felonious abuse and/or battery of a vulnerable adult.

MINIMUM ADMISSION REQUIREMENTS:

Applicants must:

- meet general admission requirements
- be a high school graduate or have a satisfactory GED score
- have a minimum ACT score of 18 (15 if taken before October 28, 1989) if entering college for the first time **OR** a minimum ACT score of 16 to 17 (12 to 14 if taken before October 28, 1989) and have completed at least 12 semester hours with a "C" average or better in courses approved by the RT program
- take the entrance test at the applicant's own expense. Must be taken within 18 months of application deadline

PROCEDURE:

Applicants must have the following documents on file in the Health Sciences office by April 1 to be considered for admission to the Radiologic Technology Program:

- MDCC application for admission or readmission

- MDCC application to the Radiologic Technology Program
- an official high school transcript from an approved high school or GED equivalency score, if not previously enrolled in college
- an official college transcript from all colleges previously or presently attending.
- ACT score
- entrance test scores
- personal/work reference

Students are encouraged to submit all parts of the application well in advance of the deadline.

Incomplete applications will not be reviewed for admission.

SELECTION:

No applicant will be considered unless the minimum admission requirements are met. Admission requirements are evaluated by the use of a rating scale which includes ACT scores, GPA, entrance test scores, performance on core courses, and reference submitted in a timely manner. All documents must be submitted in a timely manner. All applicants are considered on a competitive basis. Meeting the minimum requirements does not guarantee admission into the program. The number of applicants accepted is limited due to the nature of the program. Applicants will be notified by letter of their conditional acceptance or non-acceptance to the program. The conditional acceptance letter will include specific instructions regarding all requirements that must be completed prior to August admission. These requirements are listed below:

- completion of Anatomy & Physiology I (BIO 2513/2511) and Anatomy & Physiology II (BIO 2523/2521) with a grade of “C” or better during the summer session or regular session prior to admission to the RT program
- completion of Fundamentals of Radiology (RGT 1213) with a grade of “C” or better during the summer session or regular session prior to admission to the RT Program
- satisfactory completion of Healthcare Providers CPR taught during the summer
- satisfactory completion of Math (MAT 1102) during the summer based on entrance test score.
- satisfactory background check (see Policy on Admission to Health Science Program)
- health evaluation form completed by a physician or nurse practitioner
- proof of current immunizations including, but not limited to Hepatitis-B vaccination series, Tdap booster, and TB skin test
- acceptable pre-admission drug screen
- attendance in pre-admission orientation

STUDENT RESPONSIBILITIES:

Students who are accepted into the program must:

- attend a Health Science orientation session
- be aware that, in addition to the regular college fees, Radiologic Technology students will incur expenses for such items as uniforms, books, supplies, liability insurance, accident insurance, background check, Hepatitis B vaccination series, national and state certification examination fees, and registry review seminars. Fees are not limited to these listed.
- be responsible for their own transportation to the college campus and clinical agencies

PROGRESSION:

A Radiologic Technology student must maintain a grade of "C" in all RT, mathematics, and science courses to progress in the program. Students who do not maintain a "C" will be dismissed from the program.

READMISSION OR TRANSFER:

Students seeking readmission to the program or transfer credit from another RT program are considered on an individual basis according to the health sciences readmission or transfer policies.

PREGNANCY POLICY (Female applicants)

Female students who become pregnant or suspect pregnancy are encouraged by the National Council on Radiation Protection and Measurements (NCRP) to notify the Program Director or Instructor **immediately!** Notification must be made in writing. A student has the right to not declare her pregnancy, in which case, the student will be treated as though she were not pregnant. Once a student has declared her pregnancy, she also has the right to undeclare her pregnancy at any time and would be treated as though she was not pregnant. This is in accordance with Federal and State laws. Confidentiality is assured if necessary.

Students who have declared the pregnancy will receive counseling concerning continuation of studies during pregnancy. Pregnancy is **not** grounds for dismissal, but radiation exposure should be limited during this time for the protection of the fetus. Radiation overdose in the first trimester has been known to cause birth defects and health problems. This is of utmost importance to the health of the unborn child. The radiation dose to the expectant mother (and fetus) must not exceed 0.5 rem during the entire period of gestation.

Below are the recommendations concerning the student's progression in the program:

- students who become pregnant while in the program will be given the option of withdrawing. She may return at a later date as determined by the student and Program Director (option 1)
- pregnant students who chose not to withdraw from the program must acknowledge in writing having received counseling and assume all risk for possible damage to the unborn fetus. The student will be offered a monitoring device to wear at waist level to monitor fetal exposure during gestation. Readings will be monitored closely by the Program's Radiation Safety Officer. The student will continue in the program and have the option of performing all required procedures (option 2) or proceed with limitations in fluoroscopy, portables, surgery, etc. and make up missed rotations after delivery (option 3)
- second year students will be given the option of completing the didactic portion of the program and withdrawing from the clinical courses. Clinical will be resumed as soon as feasible after the baby's birth, but the student must make up clinical days missed in excess of clinical absences allowed. First year students do not have this option because the clinical and didactic classes are too close in correlation (option 4 only for second year students)
- Undeclare pregnancy (option 5)

MISSISSIPPI DELTA COMMUNITY COLLEGE RADIOLOGIC TECHNOLOGY

Core Performance Standards

The following performance standards provide descriptions of basic cognitive, sensory, affective, and psychomotor standards for successful radiologic technology program completion. Reasonable accommodations will be examined in accordance with the Americans with Disabilities Act (ADA). Any disability must be declared at the beginning of the program, if no disability is declared the student will be expected to perform at the same standard expected of all students in the program.

In order to successfully complete the radiology program the student must be able to do the following:

Essential Observation Standards

The RT student must be able to:

- observe clinical and laboratory demonstrations of patients being x-rayed for pathological conditions
- read and comprehend text, numbers, and graphs displayed in print and on a computer monitor
- display visual and tactile ability sufficient to safely assess and care for patients

Essential Movement Standards

The RT student must be able to:

- move freely and safely about the radiology department
- reach radiology bench tops and shelves, patients lying in hospital beds or patients seated in wheelchairs
- travel to numerous x-ray rooms for practical experience
- perform moderately taxing continuous physical work, often requiring prolonged standing
- maneuver stationary and mobile radiology equipment safely performing x-rays on patients
- adjust exposure factors to produce quality radiographs with minimal patient exposure
- use an electronic keyboard to operate radiology instruments and to calculate exposure to patients
- maneuver portable and C-arm equipment throughout the hospital

Essential Communication Standards

The RT student must be able to:

- read and comprehend technical and professional materials
- follow verbal and written instructions in order to correctly and independently perform radiology procedures
- clearly instruct patients prior to x-ray procedure
- effectively, confidentially, and sensitively converse with patients regarding radiology tests
- communicate with faculty members, fellow students, staff, and other health care professionals verbally and in a recorded format
- independently prepare patient history prior to radiology examinations

Essential Intellectual Standards

The RT student must be able to:

- possess these intellectual skills: comprehension, measurement, mathematical calculation, reasoning, integration, analysis, comparison, and self-expression
- be able to exercise sufficient judgment to recognize and correct performance

Essential Behavioral Standards

The RT student must:

- be able to manage the use of time and be able to systematize actions in order to complete professional and technical tasks with realistic constraints
- possess the emotional stability necessary to effectively employ intellect and exercise appropriate judgment
- be able to provide professional and technical services while experiencing the stresses of task-related uncertainty and a distracting environment
- be flexible and creative and adapt to professional and technical change
- recognize potentially hazardous materials, equipment, and situations and proceed safely in order to minimize risk of injury to patients, self, and nearby individuals
- adapt to working with unpleasant odors
- support and promote the activities of fellow students and of health care professionals. Promotion of peers helps furnish a team approach to learning, task completion, problem solving and patient care
- be honest, compassionate, ethical and responsible

The student must be forthright about errors or uncertainty. The student must be able to critically evaluate her or his own performance, accept constructive criticism, and look for ways to improve. The student must be able to evaluate the performance of fellow students and tactfully offer constructive comments.

Rev. 16

An Associate in Applied Science degree will be awarded upon completion of not less than eighty-eight hours of credit with a minimum cumulative grade point average of 2.00. Students should consult the catalog of the university to which they plan to transfer for specific degree requirements.

Allied Health

The Allied Health checklist is recommended for students who have not attended college or who feel the need to strengthen their academic background before applying to a health science program.

Students should be aware that:

- taking courses recommended on the allied health checklist does not guarantee admission into a Health Science Program. (See the Policy on Admission to Health Science Programs).
- following the allied health checklist leads to an Associate of Arts degree in general education **ONLY** if the **CORE REQUIREMENTS** in addition to requirements for graduation are met.
- respective health science programs require specific courses for program completion.

**Allied Health Checklist
(Option for Associate of Arts Degree)**

CORE REQUIREMENTS: For Associate of Arts Degree	Prev. Taken	SUMMER 20__	FALL 20__	SPRING 20__	FALL 20__	SPRING 20__

Radiologic Technology Required:						
RGT 1213 Fund of Radiology - 3 hrs						
Total Hours: <u>62</u>						
Advisor Initials:						
Date:						

An Associate of Arts degree in general education degree will be awarded upon completion of not less than sixty-two hours of credit with a **minimum cumulative grade point average of 2.00**. A minimum of sixty of the required sixty-two hours must be academic credit hours. Nonacademic courses which may be counted toward graduation include Physical Education, Band, and Chorus. Student should consult the catalog of the university to which they plan to transfer for specific degree requirements.

Following the allied health science curriculum does NOT guarantee admission into a Health Science Program.

Following the allied health science curriculum leads to an Associate of Arts degree in general education ONLY if the CORE REQUIREMENTS in addition to requirements for graduation are met.

****Students should refer to the specific Health Science Program checklist for courses required for the Associate of Applied Science for each HS program.**

*****These courses are only offered in the spring semester.**

HEALTH SCIENCE PROGRAMS

COURSE DESCRIPTIONS

Mississippi Virtual Community College

Mississippi Delta Community College participates in the consortium known as the Mississippi Virtual Community College (MSVCC). Students may take online courses through the MSVCC that may not be taught through MDCC in the traditional manner. Only those courses taught in the traditional format through MDCC are included in the College Catalog/Student Handbook. For a complete course listing of online classed through MSVCC go to <http://sbcjcweb.sbcjc.cc.ms.us/MsvccVisitor/>.

TAH 1113. MEDICAL TERMS IN ALLIED HEALTH. This course is designed to provide the prospective allied health student to medical language. Emphasis is placed on structure, spelling, pronunciation, interpretation, and application of medical terminology of the human body.

3 SCH hours: Lecture, 3 hrs

ASSOCIATE DEGREE NURSING

Nursing courses are offered only to majors and must be taken in sequence. Instructional methods include group discussions, lectures, demonstrations and return demonstrations, audio-visual aides, role-playing, and individual student presentations. Clinical learning experiences are scheduled in a variety of health care agencies throughout the community. Clinical hours are computed using a ratio of 3 lab hours to equal one class hour.

NUR 1119. NURSING I. Nursing I is a fundamental course designed to provide the beginning foundation for nursing practice. The basic concepts, which underline the practice of nursing and problem solving through the use of the nursing process, are explored. Campus lab and clinical experiences provide the opportunity for students to begin to develop critical thinking, communication, and psychomotor skills necessary for safe nursing care of patients who have health problems related to the fulfillment of their basic needs.

Prerequisites: BIO 2513/2511 & BIO 2523/2521

9 SCH hours: Lecture, 6 hrs; Clinical, 9 hrs

NUR 1129. NURSING II. Nursing II focuses on the utilization of the nursing process to provide nursing care through critical thinking for persons who have interferences with nutrition and elimination, oxygenation, mobility, and psychological needs. Emphasis is on health and illness as they relate to these basic needs. Concepts introduced in Nursing I are reinforced. Clinical experiences provide opportunities for students to utilize critical thinking skills as they perform safe, effective nursing care.

Prerequisite: NUR 1119

9 SCH hours: Lecture, 5 hrs; Clinical, 12 hrs

NUR 1321 PRE-NURSING SEMINAR II. This elective course is designed to provide the pre-nursing student with an overview of the nursing school experience. The student will actively participate to explore the realities of nursing school. The student will participate in activities to aid in the development of coping skills for success in nursing school.

1 SCH hour: Lecture 1 hr

NUR 2119. NURSING III. Nursing III focuses on normal and interferences with psychosocial needs and neuronal needs of persons. It also focuses on maternity and newborn nursing concepts. Current trends and legal aspects of nursing are studied as they relate to health and illness of persons and family members. The concepts of previous nursing courses are reinforced. Hospital and community clinical experiences provide the opportunity for students to incorporate the physical, safety, psychosocial, and cultural needs of persons when providing care. Emphasis is placed on the application of the nursing process while providing safe, effective nursing care.

Prerequisite: NUR 1129

9 SCH hours: Lecture 5 hrs; Clinical 12 hrs

NUR 2120. NURSING IV. Nursing IV focuses on growth and development and nursing care of persons from infancy to adulthood who have interferences with hormonal, fluid and electrolytes, and psychosocial basic needs. It also focuses on the principles of managing client care. Historical events, their contribution to health care, and current issues and trends that influence the nursing profession and health care are reviewed. The concepts of previous nursing courses are reinforced. Clinical experiences provide opportunities for students to provide safe, effective nursing care while working with other health team members. Principles of communication, organization, management of client care and legal and ethical implications are emphasized.

Prerequisite: NUR 2119;

10 SCH hours: Lecture, 6 hrs; Clinical 12 hrs

NUR 2211. NURSING REVIEW I. Nursing Review I focuses on the review and reinforcement of essential nursing content introduced in NUR 1119 and NUR 1129. Study techniques to aid in mastery of nursing content are explored. Test taking skills and nursing content are reviewed through the use of computer based multiple choice testing.

1 SCH hour: Lecture, 1 hr

NUR 2221. NURSING REVIEW II. Nursing Review II focuses on the review and reinforcement of essential nursing content introduced in NUR 1119, NUR 1129, NUR 2119, and NUR 2120. Study techniques to aid in mastery of nursing content are explored. Test taking skills and nursing content are reviewed through the use of computer based multiple choice testing.

1 SCH hour: Lecture 1 hr

NUR 1313, NUR 1323, NUR 2313. NURSING SEMINAR. Each course is designed to enhance the student's understanding of a variety of special topics that are of importance in the practice of nursing. Students become actively involved in the learning process by choosing topics of interest and providing information for group discussion through a variety of methods. Through the utilization of independent study and small group interaction students are assisted to develop self-directed behaviors and professional attitudes.

3 SCH hours: Lecture, 3 hrs

NUR 2321. NURSING SEMINAR. This course is designed to enhance the student's understanding of the influence of culture on clients and to apply to appropriate standards of care.

1 SCH hour: Lecture, 1 hr

NUR 2323. NURSING EXTERNSHIP. The externship course is designed to provide nursing students with an opportunity to acquire additional knowledge and enhance their skills in the practice of nursing under the direct supervision of a preceptor while earning monetary compensation. The program is designed to provide the student with an opportunity to gain experience in clinical practice in a particular area in preparation for transition from the role of nursing student to the role of registered nurse.

Prerequisites- NUR 1119 and NUR 1129.

3 SCH hours: Clinical, 40 hrs per week or as clinical agency requires

DENTAL HYGIENE TECHNOLOGY

DHT 1115 FUNDAMENTALS OF DENTAL HYGIENE. This course will provide the dental hygiene student with the fundamental knowledge and skills necessary for interaction with clients. The lecture portion will focus on the history, philosophy, and theories relevant to the profession of dental hygiene. Lecture highlights will include discussion of the latest health care settings, trends, and approaches to comprehensive care. The preclinical portion will provide the student with opportunities for the development of psychomotor skills and opportunities for interaction with clients, which will provide emphasis on trust, care, and responsibility as part of becoming a professional.

5 SCH hours: Lecture, 2 hrs; Laboratory, 6 hrs

DHT 1212 DENTAL ANATOMY. A study of the morphological characteristics of the teeth and supporting structures.

2 SCH hours: Lecture, 2 hrs

DHT 1222 HEAD AND NECK ANATOMY. A detailed study of skeletal, muscular, vascular, and neural features of the face, head, and neck.

2 SCH hours: Lecture, 2 hrs

DHT 1232 ORAL HISTOLOGY AND EMBRYOLOGY. This course studies the microscopic structure and development of types of cells, tissues, and organs of the human body. Also given is a survey of the elements of embryology emphasizing the area of the head and neck, as related to the development of the dental arches, salivary glands, buccal mucosa, pharynx, and tongue.

Prerequisites: Dental Anatomy (DHT 1212) and Head & Neck Anatomy (DHT 1222)

2 SCH hours: Lecture, 2 hrs

DHT 1314 DENTAL RADIOLOGY. This course involves a broad scope of study of radiology and its use by the dentist as a diagnostic aid. Also covered are techniques for making radiographs with safety for hygienist and patient, the processing and mounting of exposed film and their interpretation, and study of anatomical landmarks evident in periapical films.

4 SCH hours: Lecture, 2 hrs; Laboratory, 4 hrs

DHT 1416 CLINICAL DENTAL HYGIENE I. The student will apply the principles and techniques learned from previous didactic and preclinical experiences.

Prerequisites: Fundamentals of Dental Hygiene (DHT 1115)

6 SCH hours: Lecture, 2 hrs; Clinical, 12 hrs

DHT 1512 PERIODONTICS. An in-depth study of the supporting structures of the teeth is covered in this course. Also included is a clinical and theoretical understanding of their conditions in good health as well as their reaction to bacterial invasion in disease of varying etiology. The theory of clinical application to the management of the advanced periodontal patient to maintain a healthy and functional dental prosthesis is also studied.

Prerequisites: Oral Histology and Embryology (DHT 1232) and Dental Anatomy (DHT 1212)

2 SCH hours: Lecture, 2 hrs

DHT 1911 DENTAL HYGIENE SEMINAR I. This course provides the student with the opportunity to discuss managing dental office emergencies and professional development.

1 SCH hour: Lecture, 1 hr

DHT 1921 DENTAL HYGIENE SEMINAR II. This course provides the student with the opportunity to discuss patient care and treatment plans and professional development.

Prerequisite: Dental Hygiene Seminar I (DHT 1911)

1 SCH hour: Lecture, 1 hr

DHT 2233 GENERAL/ORAL PATHOLOGY. This course offers a study of the etiology and symptomatology of the pathological conditions affecting the head and neck with emphasis on the oral cavity.

Prerequisites: Dental Anatomy (DHT 1212), Head and Neck Anatomy (DHT 1222), Oral Histology and Embryology (DHT 1232)

3 SCH hours: Lecture, 3 hrs

DHT 2426 CLINICAL DENTAL HYGIENE II. This course is a continuation of the principles and techniques involved in the practice of dental hygiene. Emphasis will be on theoretical background needed to provide advanced clinical skills. Clinical experiences will focus on treatment of clients with moderate to advanced periodontal disease.

Prerequisites: Periodontics (DHT 1512) and Clinical Dental Hygiene I (DHT 1416)

6 SCH hours: Lecture, 2 hrs; Clinical 12 hrs

DHT 2436 CLINICAL DENTAL HYGIENE III. This course offers a culmination of practice and the clinical procedures and theoretical knowledge needed to provide preventive, interceptive, and definitive dental hygiene treatment.

Prerequisite: Clinical Dental Hygiene II (DHT 2426)

6 SCH hours: Lecture, 2 hrs; Clinical, 12 hrs

DHT 2613 DENTAL HYGIENE MATERIALS. This course offers the study of materials used in dentistry, their physical and chemical properties, and proper manipulation as used in the operator and laboratory.

3 SCH hours: Lecture, 2 hrs, Laboratory, 2 hrs

DHT 2712 DENTAL PHARMACOLOGY. This course gives a basic introduction to drug actions, their mechanisms, and the reactions of the body to these drugs. Special emphasis is given to the drugs used in the modern dental office including emergency procedures.

2 SCH hours: Lecture, 2 hrs

DHT 2813 COMMUNITY DENTAL HEALTH. This course provides an introduction to preventive dentistry as administered on federal, state, and local levels through official and voluntary health agencies. Supervised field experience gives an opportunity to observe and participate in some phases of community and school dental health programs.

Co-requisite: Clinical Dental Hygiene III (DHT 2436)

3 SCH hours: Lecture, 2 hrs; Clinical, 3 hrs

DHT 2922 DENTAL ETHICS/LAW. Focus on the ethical and legal aspects of providing dental health care.

2 SCH hours: Lecture, 2 hrs

DHT 2931 DENTAL HYGIENE SEMINAR III. This course provides the student with the opportunity to discuss dental disciplines and professional development.

Prerequisite: Dental Hygiene Seminar II (DHT 1921)

1 SCH hour: Lecture, 1 hr

DHT 2941 DENTAL HYGIENE SEMINAR IV. This course provides the student the opportunity to discuss the written registry exam, the clinical simulation exam format, and professional development.

Prerequisite: Dental Hygiene Seminar III (DHT 2931)

1 SCH hour: Lecture 1 hr

EMERGENCY MEDICAL TECHNICIAN

EMS 1118. EMERGENCY MEDICAL TECHNICIAN. This course provides instruction in basic life support care of sick and injured persons. This includes airway assessment, communications, documentation, general pharmacology, hemorrhage control, ambulance operations, and splinting of adult, pediatric, and infant patients; and special care patients exposed to heat, cold, radiation, or contagious disease.

8 SCH hours: Lecture, 5 hrs; Clinical, 3 hrs; Laboratory, 4 hrs

HEALTH CARE (NURSE) ASSISTANT (HCA)

HCA 1115. BASIC HEALTH CARE ASSISTING. This course includes orientation to program policies, developing employability and job seeking skills, applying legal aspects of health care, applying safety considerations, communication and observation skills, medical terminology, and basic health care procedures.

Pre/Co requisites: HCA 1125, HCA 1214, HCA 1312

5 SCH hours: Lecture, 2 hrs; Laboratory, 4 hrs; Clinical, 3 hrs

HCA 1125. SPECIAL CARE PROCEDURES. This course includes specialized procedures for admitting, transferring, and discharging clients; assisting with diagnostic procedures; assisting with treatments; assisting with elimination needs of clients; assisting in meeting hydration and nutritional needs of the client; basic emergency procedures to include CPR/first aid; and basic knowledge and skills required to care for the long-term-care resident. Safety is emphasized throughout each procedure.

Pre/Co requisites: HCA 1115, HCA 1214, HCA 1312.

5 SCH hours: Lecture, 2 hrs; Laboratory, 2 hrs; Clinical 6 hrs

HCA 1214. BODY STRUCTURE AND FUNCTION. This course includes study of the structure, function, common disorders, and normal aging-related changes of the integumentary, musculoskeletal, nervous, circulatory, respiratory, digestive, urinary, reproductive, endocrine, and sensory systems; stages of human growth and development; and nutritional needs through the life cycle.

Pre/Co requisites: HCA 1115, HCA 1125, HCA 1312

4 SCH hours: Lecture, 3 hrs; Laboratory, 2 hrs

HCA 1312. HOME HEALTH AIDE AND HOMEMAKER SERVICES. This course includes basic knowledge and skills required to care for the homebound client; and basic knowledge and skills required to provide homemaker services.

Pre/Co requisites: HCA 1115, HCA 1125, HCA 1214

2 SCH hours: Lecture 1 hr, laboratory 2 hrs

MEDICAL LABORATORY TECHNOLOGY (MLT)

MLT 1112. FUNDAMENTALS OF MEDICAL LABORATORY TECHNOLOGY/PHLEBOTOMY. Includes an overview of the field of Medical Laboratory Technology, familiarization with laboratory safety, microscopes, glassware, and equipment. Includes laboratory organization, medical ethics, and employment opportunities. Basic laboratory specimen collection techniques are introduced.

2 SCH hours: Lecture, 1 hour; Laboratory, 2 hrs

MLT 1212. URINALYSIS/BODY FLUIDS. Introduction to urinalysis and laboratory analysis of miscellaneous body fluids. Basic principles of routine and special urine tests, specimen examination through laboratory work. Theory and test profiles presented for miscellaneous body fluids with correlation to disease states.

2 SCH hours: Lecture, 1 hr; Laboratory, 2 hrs

MLT 1313. HEMATOLOGY I. A study of the function of blood, morphology, and maturation of normal cells, blood cell counts, differentials of white cells, and blood collection and handling.

2 SCH hours: Lecture, 2 hrs, Laboratory, 2 hrs

MLT 1324. HEMATOLOGY II. The study of abnormal cell morphology and diseases involving blood cells, test procedures used in laboratory diagnosis of hematological disease, normal and abnormal hemostasis, and diagnostic procedures for evaluation of bleeding abnormalities and anticoagulant therapy.

Prerequisites: Hematology (MLT 1313)

3 SCH hours: Lecture, 2 hrs; Laboratory, 4 hrs

MLT 1413. IMMUNOLOGY/SEROLOGY. The science of immunology and serology-the study of theories and processes related to natural body defenses. Included are basic antigen-antibody reactions, complement action, cellular response, humoral immune response, and the basic serological procedures used to aid in the detection of certain diseases. Throughout this course, special emphasis is place on correlation laboratory results with patient's probable condition.

3 SCH hours: Lecture, 2 hrs; Laboratory, 2 hrs

MLT 1515. CLINICAL CHEMISTRY. Study of human biochemistry as an aid in the diagnosis of disease processes. Chemistry procedures performed on body fluids for aiding in diagnosis of disease processes.
Prerequisite: Approved Chemistry Elective.
5 SCH hours: Lecture, 3 hours; Laboratory, 4 hrs

MLT 2424. IMMUNOHEMATOLOGY. Collection, processing, storage, and utilization of blood components. Study of immunological principles and procedures for blood typing, cross matching, antibody detection, identification, and investigation of hemolytic disease of the newborn.
Prerequisite: Immunology/Serology (MLT 1413).
4 SCH: Lecture, 2 hrs, Laboratory, 4 hrs

MLT 2512. PARASITOLOGY. This course covers the morphology, physiology, life cycles, and epidemiology of parasites of animals with emphasis on human pathogenic parasites. Identification of the parasites from human material is also included.
2 SCH hours: Lecture, 1 hr; Laboratory, 2 hrs

MLT 2614. PATHOGENIC MICROBIOLOGY. Basic skills, principles, and techniques for the staining, culturing, isolation, and identification of microorganisms of medical importance are emphasized in this course. Included are techniques used in determining the sensitivity of pathogenic bacteria to different antibiotic and other drugs.
4 SCH hours: Lecture, 2 hrs; Laboratory, 4 hrs

MLT 2723. CERTIFICATION FUNDAMENTALS FOR MEDICAL LABORATORY TECHNOLOGY.
This course is an in-depth study and review of material covered in the MLT curriculum. It is designed to prepare the student for the national registry/certification exam.
Prerequisite: MLT core courses
3 SCH hours: Lecture, 3 hrs

MLT 2916, MLT 2926, MLT 2936. CLINICAL PRACTICE I, II, III. This course includes clinical practice and didactic instruction in a clinical affiliate. Areas covered are hematology, clinical chemistry, immunohematology, urinalysis, microbiology, coagulation, and serology.
Prerequisites: Completion of all didactic MLT courses.
6 SCH hours: 18 hr clinical for each clinical practice.

PHLEBOTOMY TECHNICIAN

PBT 1113. PHLEBOTOMY. This course is designed to provide practical instruction in the proper techniques used in collection, processing and handling of blood and body fluid specimens for laboratory analysis. The course includes basic medical terminology, medical ethics, basic anatomy and physiology, and laboratory operations.
Prerequisite: Biology class within past 5 years (may be waived with documented and approved healthcare experience)
Co-requisite: PBT 1122
3 SCH hours: Lecture, 2 hrs; Laboratory, 1 hr

PBT 1122. PHLEBOTOMY PRACTICUM. This course provides a clinical practicum in an accredited laboratory affiliate. The practicum involves patient preparation, selection and preparation of puncture sites, collection of specimens, maintaining equipment, post-collection patient care and specimen processing. Requires a minimum performance of 100 successful unaided blood collections including venipuncture, and skin punctures.

Prerequisite: Biology class within past 5 years (may be waived with documented and approved healthcare experience)

Co-requisite: PBT 1113.

2 SCH hours: 120 clock hrs

PRACTICAL NURSING (PNV)

PNV 1213. BODY STRUCTURE AND FUNCTION. This course is a study of body structure and function essential to safe and effective nursing care. Each system of the body is covered with applications to nursing.

Concurrent Registration: PNV 1443

3 SCH hours: Lecture, hrs

PNV 1443. NURSING FUNDAMENTALS AND CLINICAL. This course provides the student with the basic knowledge and skills necessary to care for the individual in wellness and illness and is applicable across the life span, as well as demonstration and supervised practice of the fundamental skills related to practical nursing.

Prerequisites: A&P I (BIO 2513 & BIO 2511), A&P II (BIO 2523 & BIO 2521)

Concurrent Registration: PNV 1213

13 SCH hours: Lecture, 6 hrs; Laboratory, 10 hrs; Clinical, 6 hrs

PNV 1524 IV THERAPY AND PHARMACOLOGY. This course provides the student with principles of IV therapy and pharmacology. Principles covered in the course include the administration of medication, administration of IV fluids, and administration of IV medications included in the scope of practice for the practical nurse. The expanded role of IV therapy included in this course is in accordance with the Mississippi Nursing Practice Law and Administrative Code.

Prerequisites: All first semester courses

Concurrent Registration: PNV 1682

4 SCH hours: Lecture, 3 hrs; Laboratory, 2 hrs

PNV 1682. ADULT HEALTH NURSING CONCEPTS AND CLINICAL. This course is designed to provide the student with the basic theory and clinical experiences needed to provide safe, effective care to the adult client experiencing acute, chronic, or life-threatening physical health conditions in all body systems and the knowledge to prepare for the role transition from student to practical nurse.

Prerequisites: All first semester courses

Concurrent Registration: PNV 1524

12 SCH hours: Lecture, 8 hrs; Clinical, 12 hrs

PNV 1728 SPECIALTY AREAS IN NURSING. This course provides the student with basic knowledge and skills to promote and/or provide safe and effective care for clients and families during antepartum,

intrapartum, and postpartum periods as well as infancy through adolescence. It also provides the basic knowledge and skills to assist in the promotion of the emotional, mental, and social well-being of the client and family experiencing a mental health alteration.

Prerequisites: All first and second semester courses

Concurrent Registration: PNV 1914

8 SCH hours: Lecture, 7.33; Clinical, 2

PNV 1914. NURSING TRANSITION. This course prepares the student for role transition and the National Council Licensure Examination (NCLEX-PN).

Prerequisites: All first and second semester courses

Concurrent Registration: PNV 1728

4 SCH hours: Lecture, 3 hrs; Clinical, 3 hrs

RADIOLOGIC TECHNOLOGY (RADIOGRAPHY)

RGT 1114. CLINICAL EDUCATION I. This course includes clinical practice and instruction in a clinical affiliate. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures.

Prerequisite: Instructor approved

4 SCH hours: 12-hr clinical

RGT 1124. CLINICAL EDUCATION II. This course involves clinical practice and instruction in a clinical affiliate. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures.

Prerequisite: Instructor approved

4 SCH hours: 12-hr clinical

RGT 1139. CLINICAL EDUCATION III. This course is a clinical practice and instruction in a clinical affiliate. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures.

Prerequisite: Instructor approved

9 SCH hours: 27-hr clinical

RGT 1213. FUNDAMENTALS OF RADIOGRAPHY. This course is an introduction to Radiologic Technology including professional, departmental, and historical aspects. Included are terminology, medical ethics, and fundamental legal responsibilities.

Prerequisite: Instructor approved

3 SCH hours: Lecture 3 hrs

RGT 1223. PATIENT CARE IN RADIOGRAPHY. This course will provide the student with the basic concepts of patient care, including consideration for the physical and psychological needs of the patient and family. Routine and emergency patient care procedures will be described, as well as infection control procedures utilizing standard precautions. The role of the radiographer in patient education will be identified.

Prerequisite: Instructor approved
3 SCH hours: Lecture, 2 hrs; Laboratory, 2 hrs

RGT 1312. PRINCIPLES OF RADIATION PROTECTION. This course is designed to present an overview of the principles of radiation protection including the responsibilities of the radiographer for patients, personnel and the public. Radiation health and safety requirements of federal and state regulatory agencies, accreditation agencies, and health care organizations are incorporated.

Prerequisite: Instructor approved
2 SCH hours: Lecture, 2 hrs

RGT 1413. IMAGING PRINCIPLES. This course is a study of the principles involving manipulation of factors controlling and influencing exposure and radiographic quality. Included are the prime factors of radiographic exposure, beam limiting devices, filtration, production and control of scatter and secondary radiation, exposure systems, technical conversion, and problem solving. This course presents an introduction to film processing including darkroom design and equipment. Included are developing solutions, procedures of general maintenance, quality control, and silver recovery methods.

Prerequisite: Instructor approved
3 SCH hours: Lecture, 2 hrs; Laboratory, 2 hrs

RGT 1423. DIGITAL IMAGING. This course is designed to impart an understanding of the components, principles, and operation of digital imaging systems found in diagnostic radiology. Included are factors that impact image acquisition, display, archiving, and retrieval. In addition, principles of digital system quality assurance and maintenance are introduced along with guidelines for selecting exposure factors and evaluating images within a digital system to assist students to bridge between film-based and digital imaging systems.

Prerequisite: Instructor approved
3 SCH hours: Lecture, 2 hrs; Laboratory 2 hrs

RGT 1513. RADIOGRAPHIC PROCEDURES I. This course includes terminology, principles, and procedures involved in routine radiographic positioning for demonstration of the chest, abdomen, upper extremities, and digestive system. Included is a review of radiographic anatomy on each procedure.

Prerequisite: Instructor approved
3 SCH hours: Lecture, 2 hrs; Laboratory, 2 hrs

RGT 1523. RADIOGRAPHIC PROCEDURES II. This course includes principles and procedures involved in the radiographic positioning of the spinal column, pelvic girdle, lower extremities, bony thorax, and mobile and trauma radiographic procedures. Included is a review of radiographic anatomy on each procedure.

Prerequisite: Instructor approved
3 SCH hours: Lecture, 2 hrs; Laboratory, 2 hrs

RGT 1613. PHYSICS OF IMAGING EQUIPMENT. This course is designed to establish knowledge based in radiographic, fluoroscopic, mobile, and tomographic equipment requirements and design. The content will also provide a basic knowledge of quality control. Computer applications in the radiologic sciences related to image capture, display, storage, and distribution are presented.

Prerequisite: Instructor approved
3 SCH hours: Lecture, 3 hrs

RGT 2113 MAMMOGRAPHY. This course is designed to provide the professional community with a cognitive online base of entry-level education in the practice of Mammography.

Prerequisite: Instructor approved
3 SCH hours: Lecture, 3 hrs

RGT 2123 SECTIONAL ANATOMY. This course is designed to study human sectional anatomy, including location, structure, and function, as well as relationships among structures. Radiographs, Computed Tomography (CT) images, and Magnetic Resonance Imaging (MRI), Ultrasound and PET images may be used to demonstrate the characteristic appearance of anatomic structures.

Course Prerequisite Numbers: A&P I (BIO 2513 & BIO 2511), A&P II (BIO 2523 & BIO 2521)
3 SCH hours: Lecture, 3 hrs

RGT 2132. ETHICAL & LEGAL RESPONSIBILITIES. Legal terminology, concepts, and principles will be presented in this course. Topics include misconduct, malpractice, legal and professional standards, and the ASRT scope of practice. The importance of proper documentation and informed consent is emphasized. This course will prepare students to better understand their patient, the patient's families and professional peers through comparison of diverse populations based on their value system, cultural and ethnic influences, communication styles, socio-economic influences, health risks, and life stages.

Prerequisite: Instructor approved
2 SCH hours: Lecture, 2 hrs

RGT 2133 COMPUTED TOMOGRAPHY-- This course is designed to explore the technical principles of Computed Tomography (CT). A review of patient care, contrast media, and adverse reactions, common CT procedures and protocols, image characteristics, and image quality control methods are taught.

Course Prerequisite: Sectional Anatomy (RGT 2123)
3 SCH hours: Lecture, 3 hrs

RGT 2147. CLINICAL EDUCATION IV. This course is a clinical practice and instruction in a clinical affiliate. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures.

Prerequisite: Instructor approved
7 SCH hours: 21-hr clinical

RGT 2157. CLINICAL EDUCATION V. This course is a clinical practice and instruction in a clinical affiliate. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures.

Prerequisite: Instructor approved
7 SCH hours: 21-hr clinical

RGT 2532. RADIOGRAPHIC PROCEDURES III. This course includes principles and procedures involved in radiographic positioning of the entire cranium and facial bones. Included is a review of radiographic

anatomy on each procedure.

Prerequisite: Instructor approved

2 SCH hours: Lecture, 1 hr; Laboratory, 2 hrs

RGT 2542. RADIOGRAPHIC PROCEDURES IV. This course is a study of special radiographic procedures that utilizes sterile techniques and specialized equipment. It also includes basic concepts of pharmacology. In addition, it also includes principles and procedures involved in radiographic positioning of the reproductive system.

Prerequisite: Instructor approved

2 SCH hours: Lecture, 2 hrs

RGT 2911. RADIATION BIOLOGY. This course is a study of the biological effects of radiation upon living matter. It includes genetic and somatic effects.

Prerequisite: Instructor approved

1 SCH hour: Lecture, 1 hr

RGT 2921. RADIOGRAPHIC PATHOLOGY. This course is designed to introduce theories of disease causation and the pathophysiologic disorders that compromise healthy systems. Etiology, pathophysiologic responses, clinical manifestations, radiographic appearance, and management of alterations in body systems will be presented.

Prerequisite: Instructor approved

1 SCH hour: Lecture, 1 hr

RGT 2933. CERTIFICATION FUNDAMENTALS. This course is designed to correlate scientific components of radiography to entry-level knowledge required by the profession.

Prerequisite: Instructor approved

3 SCH hours: Lecture, 3 hrs

CHARLES W. CAPPS JR. TECHNOLOGY CENTER FOR WORKFORCE EDUCATION

The MDCC Charles W. Capps, Jr. Center for Workforce Education is located in Indianola, Mississippi on U.S. Highway 82 midway between Greenwood and Greenville.

Operated by Mississippi Delta Community College, this state-of-the-art facility is a 4.25 million dollar business and industrial training center with 30,000 square feet dedicated to classrooms, computer labs, high-bay industrial process labs, and meeting and catering facilities. The Capps Technology Center provides the Delta area with the newest and best technology training available.

The Capps Center is strategically located at the geographical center of the seven counties service area of Mississippi Delta Community College. Its primary purpose is to focus on the training, education, and skills improvement needs of business and industry within our service area. Our mission is to:

- Provide customized training on demand to new and existing businesses and industries
- Improve the quality of products being produced within these businesses
- Decrease production costs and increase efficiency
- Increase flexibility in manufacturing systems
- Respond rapidly to workforce changes
- Provide consistent and constant improvement of the workforce to increase profitability

Workforce Project Managers work closely with businesses to design and present specific training that is needed by the client. Training is presented only after extensive collaboration with the client to determine the exact needs of the business and the outcomes expected. A typical training scenario is presented that utilizes both lecture and hands-on work that is relevant to the training being conducted. Our training is conducted using personnel from the business requesting training, college personnel from both academic and vocational/ technical areas, and subject area experts from all parts of the country. We select the most qualified instructor that we can secure to present the training. The length of training varies and is dependent upon the scope. Training events are typically highly intense, short duration programs.

The Capps Center arranges and offers the following services for individuals needing training and retraining:

- Pre-employment training for those with no experience in the private enterprise system

- Career Readiness Certificate (CRC) testing – a nationally recognized credential and statewide initiative to document the skills of Mississippi’s workforce
- Short-term, intense skills training

For specific industries or firms within the district, we provide:

- Cost effective ways to assess and train new, incumbent, and future workers
- Development of specific long-range training plans
- Industry or firm-related pre-employment training
- Customized skills training
- Financial assistance for intra-company training
- For economic development, a local forum and resource for local industrial development groups to meet and promote regional economic development.

CUSTOMIZED TRAINING

Customized Training is used to describe training that is unique to a specific business/industry. Workforce Education provides training to meet a wide range of workforce development and/or continuous improvement needs of Delta businesses. Training can literally take any form and can be built around resources available from the business/industry, hardware/software vendors, the college, and/or other sources. Training is normally provided when there is a need to develop, to improve, and/or to enrich skills in order to enhance productivity or because of technological advances. Training can also be provided to prepare individuals for advancements in responsibility or changes in job classification.

Upgrade training and retraining covers a wide array of skill areas and is usually unique for each business. Instruction is designed and structured for delivery at any time, any day of the week, at almost any location. The majority of the customized, upgrade, and/or retraining coordinated by Workforce Project Managers takes place at the job site. However, classrooms, laboratories, and meeting facilities at the college and Capps Center are available to assist in developing cognitive and psychomotor skills in an academic environment. Apprenticeships and internships are normally accommodated with a combination of college-based and work-based experiences.

FUNDING FOR TRAINING

Training is on a cost-share basis. The cost of training for a business will depend upon the type and complexity of the training. Once training topics, mode of delivery, content, outcomes, and length of time are determined, the Project Manager will inform the business of the total cost of the training program. The Capps Technology Center’s primary funding source is the Mississippi Community College Board, formerly called the State Board for Community and Junior Colleges, along with other governmental entities. Consequently, the training is provided at a drastically reduced cost to the business.

The staff of MDCC’s Capps Technology Center appreciates the continued support of our governor,

the legislature, and the Mississippi Community College Board to provide funding for our training needs. The Capps Technology Center maintains a collaborative effort with external stakeholders to identify additional funding resources.

The Charles W. Capps, Jr. Technology Center provides customized training solutions. We invite you to visit us online at www.thecappscenter.com.

MDCC Law Enforcement Training Academy
(This is a certificate program)

The Mississippi Delta Community College Law Enforcement Training Academy (MDCC LETA) is a Class I State Accredited Academy by the Mississippi Board on Law Enforcement Officers' Standards and Training to offer all levels of training to law enforcement personnel through the Delta Region and throughout the State of Mississippi. Training at the academy began in 1998. The MDCC LETA provides areas of training for Basic (480 hours), Refresher (120 hours), in-service and advanced training. The 10 week Basic class is hosted on the MDCC main campus located on Highway 3, in Moorhead, Mississippi.

For an application, visit leta.msdelta.edu or for additional information, call the administrative assistance at 662.246.6436.

MS POST requirements:

21 years of age

CPR/First Aid Certified

Copy of High School diploma or GED diploma

ALUMNI ASSOCIATION

The Alumni Association, as a part of the MDCC Development Foundation, Inc., fosters a spirit of loyalty among its members and encourages a close relationship between former students and the college. The growth and development of the college can be attributed to the active leadership provided by members of the association. Graduates, former students, faculty, staff, and friends of the college are eligible for membership in the association. Annual dues are \$20. Life membership is \$250.

If you would like to become a member of the Alumni Association, complete the form found on the website and return it to the MDCC Alumni Association, P.O. Box 710, Moorhead, MS 38761. Checks should be made payable to the MDCC Foundation- Alumni Association.

COLLEGE DEVELOPMENT FOUNDATION, INC.

Mississippi Delta Community College Development Foundation, Inc., a nonprofit corporation, was established in 1989 to promote and support the educational performance of the college. The Development Foundation has qualified under United States Internal Revenue Department regulations for tax exempt status, thus making gifts deductible for income tax purposes.

Contributions, gifts, and bequests are solicited by the Foundation for the advancement of Mississippi Delta Community College as an institution of excellence.

Administrative Hearing Officer

The VP of Student Services selects a professional staff member to serve as the administrative hearing officer. The administrative hearing officer explains charges brought against a student and provides the student with the following options:

1. Acknowledge responsibility and accept sanction from the hearing officer; or
2. Do not accept responsibility, therefore sending the case to the faculty/staff hearing committee. (In minor cases, see definition below, the student may choose to accept sanction from the hearing officer without accepting responsibility)

Appeals Committee

Three faculty/staff members, appointed by the President, make up the appeals committee. The committee hears appeals that have already been tried by the faculty/staff hearing committee. The appeals committee's decision is conclusive and final.

Faculty/Staff Hearing Committee

The faculty/staff hearing committee consists of five faculty members and five staff members (appointed by the President of the College). At least three members of the committee are required to be present to hear any case. The President of the College will also appoint the chair of the committee. The Vice President of Student Services is a nonvoting ex-officio member of the faculty/staff hearing committee.

Instructional Grievance Committee

The instructional faculty grievance committee consists of seven-faculty members appointed by the Vice President of Instruction. At least five members of the committee are required to be present to hear any case. The Vice President of Instruction will serve as chairperson and a nonvoting member of this committee. The appeals committee decision is conclusive and final.

**INFORMATION NETWORK RESOURCES
STUDENT / PATRON USE AGREEMENT**

I hereby agree to the following conditions with regard to use of the college network resources. Specifically, I **will not**:

1. use the college network or any device connected to the college network for any purpose other than course related assignments and research. I will not use the network for illegal purposes, profit-making activities, political activities, or to harass anyone or any organization.
2. access sites which contain pornography and other sexually explicit material.
3. reveal my system password to anyone, or make it possible for anyone to access it by posting it or by the careless handling of it.
4. access, view, alter or attempt to access, view or alter college information except that which is permitted by my password.
5. allow or assist any unauthorized individual to access, view or alter college information, or share such information with them.
6. use a modem in a college networked computer to connect to any external site (for example, the Internet or an off-campus computer).
7. connect any electronic device to, remove any electronic device from, or alter any electronic device which is connected to the college network.
8. relocate or disturb any of the network infrastructure (including wiring, hubs, switches, connectors, etc.).
9. move a college network device (microcomputer, printer, etc.) from its assigned location.
10. load any file which has not been scanned for viruses to a networked computer.
11. install any software on a computer, and will not duplicate copyrighted or licensed software or other materials unless specifically permitted to do so by author or publisher agreement.
12. store on college media (disks, tape, etc.) any materials which violate sexual harassment or civil rights policy.
13. access Internet e-mail using network computers not designated for that purpose.

I understand my responsibility with respect to ensuring appropriate security, confidentiality, and use of the college network. I also understand that the college is not responsible for any consequences or legal actions that may result because of my misuse of the college network resources. I have read and do understand the above conditions. I realize that failure to comply with any of the above conditions can result in disciplinary action against me as described in the college's Student Handbook.
